The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876 :—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

	Without postage. Rs.	A.	P.	With postage. Rs.	A.	P.
For the Calcutta Series	10	0	0	2	8	0

REVENUE DEPARTMENT.

REVISED ADVERTISEMENT.

A Dictionary of the Economic Products of India

BY DR. GEO. WATT, C.I.E.

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets; &c. The work is arranged alphabetically

according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Vol. II embraces the letter C in 689 pages; Vol. III contains the letters D, E, F and half of G. Vol IV latter half of G to middle of L; and Vol. V contains the latter half of L to end of "O." The whole work will, it is expected, be completed in seven volumes during the current year; but an eighth volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a Glossary of the vernacular and European names of the plants, animals and minerals of India, and as such will be a work of reference, which, it is hoped, may prove of considerable value.

The period of registration of subscribers' names having expired on the 1st October, the price will in future be in India Rs. 45 and in England 3 guineas, payable in advance, for the complete set (exclusive of the Index, for which a separate charge will be made). An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England, at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately.

The Shargi Architecture of Jaunpur, with Note on Zafarabad, Sahet-Mahet, and other places in the N.W. P. and Oudh. By A. FUHRER, Ph. D. with drawings and architectural descriptions. Super royal 4to., cloth bound. Rs. 16 (£1. 1)

Notice.

Notice is hereby given that the terms for the purchase of publications from the Bengal Secretariat Press, except for Government offices or offices under the control of Government Officers are strictly cash, and on no other terms will any publication be applied, or advertisement, notice, &c., inserted in either of the Gazettes

In the case of insolvency notices, cash must be sent with such notices when forwarded by Mofussil courts or offices, and for those forwarded by the Official Assignee cash must be paid on presentation of memorandum of cost by the Accountant and Treasurer, Bengal Secretariat.

Remittances in postage stamps should be accompanied by an addition of one anna in the rupee on account of discount.

☞ Applications for Acts of the Bengal Legislative Council required on the public service should be addressed to the Registrar, Office of the Legislative Department, Government of Bengal.

Copies are available for purchase at Messrs. Thacker, Spink and Co., Government Place, Calcutta.

The List of Books available for sale at the Secretariat Press will in future be published once only in each month.

Spare copies of the List will, however, be kept in stock ready for issue on receipt of applications for them.

List of Books for sale at the Library of the Asiatic Society of Bengal, No. 57, Park Street, Calcutta, and obtainable from the Society's London Agents, Messrs. Trubner and Company, 57 and 59, Ludgate Hill, London, E. C.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 29th January, 1892, and is hereby promulgated for general information :—

ACT NO. II OF 1892.

An Act to validate certain marriages solemnized under Part VI of the Indian Christian Marriage Act, 1872.

WHEREAS provision is made in Part VI of the Indian Christian Marriage Act, 1872, for the solemnization of marriages between persons of whom both are Native Christians, but not of marriages between persons of whom one only is a Native Christian; XV of 1872.

And whereas persons licensed under section 9 of the said Act have in divers parts of British India, through ignorance of the law, permitted marriages to be solemnized in their presence under the said Part between persons of whom one is a Native Christian and the other is not a Native Christian;

And whereas it is expedient that such marriages, having been solemnized in good faith, should be validated;

It is hereby enacted as follows :—

Commencement.

1. This Act shall come into force at once.

Definition.

2. In this Act the expression "Native Christian" has the same meaning as in the Indian Christian Marriage Act, 1872. XV of 1872.

Validation of irregular marriages.

3. All marriages which have already been solemnized under Part VI of the Indian Christian Marriage Act, 1872, between persons of whom one only was a Native Christian, shall be as good and valid in law as if such marriages had been solemnized between persons of whom both were Native Christians: XV of 1872.

Provided that nothing in this section shall apply to any marriage which has been judicially declared to be null and void, or to any case where either of the parties has, since the solemnization of such marriage and prior to the commencement of this Act, contracted a valid marriage.

Validation of records of irregular marriages.

4. Certificates of marriages which are declared by the last foregoing section to be good and valid in law, and register-books, and certified copies of true and duly authenticated extracts therefrom, deposited in compliance with the law for the time being in force, in so far as the register-books and extracts relate to such marriages as aforesaid, shall be received as evidence of such marriages as if such marriages had been solemnized between persons of whom both were Native Christians.

Application of Act to marriages under Act V of 1865.

5. References in this Act to the Indian Christian Marriage Act, 1872, shall, so far as may be requisite, be construed as applying also to the corresponding portions of the Indian Marriage Act, 1865. XV of 1872. V of 1865.

Penalty for solemnizing irregular marriages.

6. If any person licensed under section 9 of the said Act to grant certificates of marriage between Native Christians shall at any time after the commencement of this Act solemnize or affect to solemnize any marriage under Part VI of the said Act or grant any such certificate as therein mentioned, knowing that one of the parties to such marriage or affected marriage was at the date of such solemnization not a Christian, he shall be liable to have his license cancelled, and in addition thereto he shall be deemed to have been guilty of an offence prohibited by section 73 of the said Act, and shall be punishable accordingly.

S. HARVEY JAMES,
Secretary to the Government of India.

INDIA—EAST—MADRAS COAST.

Exhibition of a new light from Gopalpur flagstaff.

THE Presidency Port Officer, Madras, has given notice, that on and after the 1st March 1893, a new light will be exhibited from the top of Gopalpur flagstaff in the place of the country lantern now displayed from the cross-trees at that port.

The new light is a fixed white dioptric port light, of the fourth order, visible between the bearings of N.-E. round by north and west to S.-W., visible in clear weather a distance of 12 miles.

BAY OF BENGAL—BURMA COAST.

Intended alteration of the character of Oyster Island light.

IT is intended, on or about the 20th May 1892, to exhibit the Oyster Island light from the new tower recently erected.

The light will be an occulting dioptric, of the first order, obscured two seconds once in every half minute, illuminating a *white* arc of 345° and a *red* arc of 15°, between the bearings of N. 35° W. and N. 50° W. (magnetic).

The light is elevated 180 feet above the level of the sea, and is visible in clear weather 17½ miles.

The light-house is built of iron, and will be painted in alternate bands of black and white.

The existing light-house will be removed, and the blue light discontinued, from the date of exhibition of the new light.

Approximate position: lat. 20° 12′ 30″ N.; long. 92° 33′ E.

AUSTRALIA, NORTH COAST—PORT DARWIN.

Regarding the White beacon on Point Charles.

THE Acting President, Marine Board, Port Adelaide, has given notice (No. 8 of 1891) that the White beacon, Point Charles (referred to in Notice to Mariners, No. 6 of 1882), has fallen down, and that only the *debris* remain to mark the site.

The locality, which may be easily distinguished by its being the highest land in the vicinity, should not be approached within a distance of three (3) miles.

As a light house is shortly to be erected near the same site (as already notified), it is not proposed to replace the beacon.

AUSTRALIA—TORRES STRAIT—INNER ROUTE.

Existence of a reef on the north-east coast of Queensland.

THE Portmaster, Brisbane, has given notice (No. 38 of 1891) that a reef which dries 3 feet in places at low water spring tides extends about three quarters of a mile N. E. by N. from Tern Island.

The outer extreme lies in the following position :—

Shadwell Peak, S. 65° W. ... ... $1\frac{9}{10}$ miles.
X Reef Beacon, N. 10° W. ... ... $5\frac{17}{10}$ „

By keeping the point marked on Chart No. 2354, "Remarkable Red Cliffs," near Left Hill, just open of No. II point S. by E., a vessel will pass nearly half a mile outside this danger.

Bearings are magnetic.

Decreased depth on Khandalla shoal.

THE British Admiralty has given notice (No. 601 of 1891) that a rock, with 13 feet over it at low water spring tides, has been found on the western edge of Khandalla shoal. Two fathoms has therefore been substituted for the 3 fathoms heretofore shown on the Admiralty Charts, as the least depth on the danger.

Approximate position, lat. 13° 25′ 55″ S., long. 143° 40′ 25″ E.

JAPAN—YEZO ISLAND.

Fixed lights on Daikoku sima and at Urakawa; and fixed red light at Horo izumi.

The British Admiralty has given notice (No. 602 of 1891), that on 1st November 1891 a light (named *Moro ran*) would be exhibited from a lighthouse erected on Daikoku sima, at the entrance to Sinmororan or Endermo harbour:—

Moro ran light is a *fixed white* light, visible through an arc of 304°, or from the bearing of N. 5° W., through east, to N. 61° W.; a sector of *red* light is shown from S. 45° E. to S. 31° E., covering the sunken rock at the entrance to the harbour, bearing S. 38° E., distant about 7 cables from the light, and on which there is a depth of 3½ fathoms at low water spring tides, not 5 fathoms as heretofore charted. The light is elevated 134 feet above the sea, and should be seen in clear weather from a distance of 6 miles.

The lighthouse, 16 feet high, constructed of wood and hexagonal in shape, is painted white, with a black horizontal band round the middle part of it.

Approximate position, lat. 42° 20′ 55″ N., long. 140° 55′ 45″ E.

Fixed light at Urakawa.

Also, that on 1st November 1891, a light would be exhibited from a lighthouse erected at Urakawa, eastern shore of Urakawa bay :—

Urakawa light is a *fixed white* light, visible through an arc of 153°, or from the bearing of N. 40° W., through east, to S. 67° E. It is elevated 128 feet above the sea, and should be seen in clear weather from a distance of 6 miles.

The lighthouse, 16 feet high, constructed of wood and square in shape, is painted white, with a black horizontal band round the middle part of it.

Approximate position, lat. 42° 11′ N., long. 142° 45′ E.

Fixed red light at Horo izumi.

Also, that on 1st November 1891, a light would be exhibited from a lighthouse erected at Horo izumi, situated about 6 miles north-west from cape Yerimo :—

Horo izumi light is a *fixed red* light, visible through an arc of 140°, or from the bearing of N. 11° W., through east, to S. 51° E. It is elevated 72 feet above the sea, and should be seen in clear weather from a distance of 6 miles.

The lighthouse, 16 feet high, is a square wooden tower, painted white.

Approximate position, lat. 42° 1′ N., long. 143° 11′ E.

JAPAN—SOUTH COAST—BUNGO CHANNEL.

Particulars of sunken rocks near Okinoso and Jinoso.

THE British Admiralty has given the following particulars (No. 607 of 1891) relative to the two undermentioned sunken rocks lying respectively near Okinoso and Jinoso, on the eastern shore of Bungo channel—the result of recent examination of the locality :—

1. With reference to Notice to Mariners, No. 485 of 1890 :—The sunken rock, originally reported as lying about 4 cables in a S.S.W. direction from Okinoso, is about one cable in extent, with a least depth of 6 feet on it at low water, and is situated with Okinoso bearing N. ¾ E distant 3 cables, and the south end of Jinoso E.N.E.

Approximate position : lat. 32° 53′ N ; long. 132° 27′ 20″ E.

2. A sunken rock, with 4 fathoms on it at low water, lies with the south end of Jinoso bearing E. by S. ½ S., distant 2½ cables, and Oji sima summit N.W. ¾ N.

Approximate position : lat. 32° 53′ 30″ N.; long. 132° 28′ 20″ E.

[Third Publication.]

AUSTRALIA—NORTH-WEST COAST.

Non-existence of certain reefs; and particulars of Baleine Bank and Walker rock.

THE following Notice to Mariners (No. 624 of 1891) issued by the British Admiralty is republished:—

The following information has been received from Commander W. U. Moore, H. M. surveying vessel *Penguin*, dated October 1891—the result of recent examination of the Several localities on the north-west coast of Australia:—

(1) *Non-existence of reef in lat.* 13° 35′ *S., long.* 125° 13′ *E.*

Search was made during three days, under favourable conditions of sea, for the reef charted as lying in about lat. 13° 35′ S., long. 125° 13′ E., and marked as "not seen in *Cushie Doe*, 1881;" an area extending about 10 miles around this position was sounded over, but

no trace of shoal water was observed. The depths obtained were 30 to 45 fathoms, over an even bottom, consisting generally of coral, sand, and shells.

Consequent on this unsuccessful search, the reef has been removed from the Admiralty Charts.

(2) *Non-existence of Expedition Island.*

Expedition island, originally reported by the Commander of the barque *Tien Tsin* in 1865, and charted as lying (the centre) in approximately lat. 15° 34′ S., long. 123° 46′ E. The *Penguin*, drawing 17 feet water, was anchored in the above position in 32 fathoms water; an examination for a radius of 3 to 5 miles showed that the bottom was uneven, and there were indications of shoal water 3 miles to the west and north-west of the vessel, but no land or sandbank was visible from aloft at low water neap tides. The *Penguin* approached the reported island on the bearing S. by W. distant 8 miles, and left it bearing N. by E. distant 30 miles, without seeing any danger. The description given of this island agrees fairly well with that of Adèle island lying in the same parallel of latitude, but about 33 miles westward.

Consequent on this examination, Expedition island has been removed from the Admiralty Charts.

NOTE.—Shoal water extends farther south of Adèle island than has heretofore been charted. The *Penguin* found very uneven bottom in lat. 15° 45½′ S., long. 123° 17′ E., the least depth being 8 fathoms over coral. Nothing, however, was seen to indicate danger, but the locality should be navigated with caution.

(3) *Particulars of Baleine Bank and Walker rock.*

1. Baleine bank, marked P. D. The western point of this bank lies in lat. 16° 46′ S., long. 121° 49′ E.; thence it was examined for a distance of 5 miles eastward, the general depths being 24 feet over coral, and the least water 18 feet. The bank appeared to extend some miles farther eastward.

NOTE.—The locality around the 7 fathoms struck in 1890, in lat. 16° 43′ S., long. 121° 37′ E., has been examined, but no danger was found; depths of 12 to 18 fathoms over coral exist between it and Baleine bank; the sea was much discoloured with patches of mud and lime, having the appearance of sunken rocks, but none were discovered.

2. Walker rock, a small coral patch with 24 feet water on it, is situated in lat. 16° 52½′ S., long. 121° 48½′ E.

NOTE.—The tides in the neighbourhood of Baleine bank are rotatory, with a velocity of one to 2½ knots an hour; the flood stream at first makes South, and works round eastward; at half flood it sets East; and at high water North; the ebb stream at first sets North, and works round westward; at half ebb its direction is West, and at low water South.

Variation 2° Easterly in 1891.

O. T. BARROW,

Accountant-General, Bengal.

THE EMBANKMENT REPORTS FOR 1890-91.

No. 158*I*.

GOVERNMENT OF BENGAL—PUBLIC WORKS DEPARTMENT.

Irrigation.

Dated Calcutta, the 2nd February 1892.

RESOLUTION

READ—

The Embankment Reports for 1890-91.

The public embankments in Bengal are of two classes—

First.—Those which are the property of Government and of which the cost of maintenance is a charge against Provincial revenues.

Second.—Those which are the property of the persons interested in the land protected and which are maintained by Government at their expense.

In the first class there are—

A.—The embankments in Orissa which are maintained under Act XXXII of 1855.

B.—Those enumerated in Schedule D of Act VI (B C.) of 1873. In this class are included those embankments the maintenance of which is incumbent on Government under the provisions of the Permanent Settlement, those of the Burdwan Raj Estate which were taken over in 1804, and some additional lengths which have at various times been added to the schedule under the provisions of section 43 of Act II (B.C.) of 1882.

Embankments of the second class are situated in several districts, the most important being those on the banks of the Gunduck in Chumparun, Mozufferpore and Sarun, and those in the Midnapore district. These again may be divided into two classes—C, those where the cost of maintenance is recovered by the payment of a fixed annual charge under a contract extending over a term of years: D, where it is recovered by an annual apportionment of the actual charges.

2. The present lengths of embankments in each class and the total charges of this year were as follows:—

	Miles.	Feet.	Actual cost of works and repairs.	Charges of the year (inclusive of Establishment and Tools and Plant).
			Rs.	Rs.
Government Embankments—				
A—In Orissa	838	4,795	96,991	1,35,787
B—Schedule D	1,135	1,199	1,82,276	2,55,186
Embankments not the property of Government—				
C—Maintained under contract	478	4,942	90,434	1,26,648
D— Ditto by annual apportionment of charges	76	2,887	14,551	17,475
			3,84,252	5,35,096

The distribution of the above by districts is given in the appended statement.

(A) Embankments of the first class, in Orissa.

3. In Orissa the length of the embankments was unaltered during the year. Compared with the previous year, the expenditure was moderate, the similar charges to those shown above having been Rs. 1,19,631 in 1889-90.

(B) Embankments of the first class, Schedule D.

4. The Schedule D embankments were added to during the year by a length of 2 miles in the Moorshedabad embankment.

The cost of actual maintenance decreased from Rs. 2,02,541 to Rs. 1,82,276.

The decrease was general in all districts, except Moorshedabad and Rajshahye. In the former district, owing to damage caused by high floods, the cost of repairs to protective works and of retired lines increased from Rs. 41,145

to Rs. 50,310. The flood levels of the Bhagiruthi river at Berhampore rose to 30 feet 11¾ inches in 1890 against 30 feet 4½ inches in 1889, which was the highest level hitherto recorded. The town of Berhampore was threatened, but was protected by throwing up dwarf banks as a temporary measure.

The Schedule D embankments which protect the Burdwan Raj Estate in the districts of Burdwan, Beerbhoom, Hooghly, and Midnapore were maintained during the year at a cost of Rs. 69,794 (works and repairs) against Rs. 1,53,835 in 1889-90. Government receives a contribution of Rs. 53,742 from the estate on account of these embankments.

5. The length of embankments maintained by Government under contract with the persons interested remained the same as in the previous year.

C. Embankments maintained by contract.

To ascertain the financial position of Government with respect to this class of embankment, it is necessary to compare the sums payable under the contracts with the outlay, including book charges for Establishment and Tools and Plant. The following table gives this information for the last ten years:—

Year.	Midnapore District.		Sarun District.		Chumparun District.		Mozufferpore District.		Total.	
	Maintenance charge.	Contract amount.	Maintenance charge.	Contract amount.	Maintenance charge.	Contract amount.	Maintenance charge.	Contract amount.	Maintenance charge.	Contract amount.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1881-82	53,309	55,000	4,114	23,900	.....	.....			57,423	78,900
1882-83	66,380	55,000	70,938	23,900	.	.		...	1,43,358	78,900
1883-84	48,198	55,000	64,971	23,900					1,13,369	78,900
1884-85 ..	36,168	55,000	32,059	23,900	36,039	13,000	52,987	10 415	1,57,253	1,02,315
1885-86	52,5 9	55,000	18,080	23,900	10,503	13,000	14,416	10,415	95,598	1,02,315
1886-87 ...	40,009	55,000	18,354	23,900	11,730	13,000	14,247	10,415	84,340	1,02,315
1887-88 ...	45,196	55,000	34,797	23,900	23,887	13,000	17,960	10,415	1,21,840	1,02,315
1888-89	48,121	55,000	27,449	23,900	35,507	13,000	18,719	10,415	1,29,796	1,02,315
1889-90 ...	41,475	55,000	33,757	23,900	57,544	13,000	18,891	10,415	1,51,667	1,02,315
1890-91 ..	24,165	55,000	17,348	23,900	68,540	13,000	16,595	10,415	1,26,648	1,02,315
Total	4,55,760	5,50,000	3,27,867	2,39,000	2,43,750	91,000	1,53,815	72,905	11,81,192	9,52,905

The total sum payable annually by the persons interested is Rs. 1,02,315, whilst the expenditure of the year amounted to Rs. 90,434 for works and repairs, and to Rs. 1,26,648 for all charges.

The cost of maintenance necessarily varies much in different years. So far on the whole Government has been a loser by the contracts, but this may be adjusted in the remaining years of the term.

In the Midnapore district the charges of the year were very low, less than in any previous year since the contract was entered into.

The floods of the Gunduck river were of an ordinary nature and did little damage to the embankments in the Sarun and Mozufferpore districts.

In the Chumparun district the river continued the attack on the left bank which was noticed in last year's resolution, necessitating the construction of further retired lines. The injury is caused by the erosive action of the water, not on the embankment itself, but on the friable soil on which the embankment stands.

6. There was a slight increase to the length of embankments maintained under the system of annual apportionment of the actual charges. The cost of maintenance was Rs. 14,551 for works and repairs, or, including all charges, Rs. 17,475 as compared with Rs. 22,205 in the previous year. The principal embankments maintained under the system of annual apportionment of the charges are the Turki main bund on the right bank of the Bagmati river, in the Mozufferpore district, and the Bazitpur and Monghyr embankments on the left bank of the Ganges. The Turki bund had to resist several high floods, and was cut on two occasions, owing to which the country ordinarily protected suffered considerable damage. As regards the remaining embankments of this class the year was uneventful.

D. Embankments maintained on re-payment of actual cost.

7. During the past year the question of the deterioration of drainage lines in embanked districts has not been forced upon the notice of Government so much as in previous years, as there was no heavy rainfall or excessive flooding; the matter has, however, continued to receive careful attention, and in the case of the Doab

Drainage.

between the Rupnarain and Damudar a scheme has been drawn out which necessitates the considerable retirement of some marginal embankments on the Rupnarain and the removal of additional lengths on the right-bank of the Damudar. The latter portion of the scheme has now been carried out, or almost so, and the former is under consideration by the Civil Revenue authorities with respect to the extent to which Government may be liable to compensate the persons interested in the lands which will be exposed to floods by the retirement of the embankments.

In the south of the Midnapore district the proposals made by the Chief Engineer involve many and varied interests, and His Honour the Lieutenant-Governor, while recognising the importance of the proposals and the difficulty about drainage which appears to be making itself felt over a steadily increasing area, has not been able to come to any definite conclusion on the subject. Further investigations are now being carried out under the more immediate superintendence of the Revenue Board, and it is hoped that some final decision will soon be arrived at. The question is a complicated one, and on the principle of action decided on, and the success of the arrangements made to carry it out, much will necessarily depend as to the treatment of other embanked districts in Bengal, in which the questions of disposal of drainage are becoming year by year more urgent.

By order of the Lieutenant-Governor of Bengal,

J. M. McNEILE, *Col.*, R.E.,

Secretary to the Government of Bengal.

List of embankments in Bengal, the property of Government and in charge of Government officers, showing their length, and the actual cost of maintenance (without charges for establishments) during the year 1890-91.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different districts of Bengal, as reported to Government, during the week ending the 30th January 1892.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL.			
BURDWAN DIVN. 1	**Burdwan** Jan. 30, '92	Nil	Weather—seasonable. Prospects of *rabi* crops and sugarcane fair, though rain is wanted. Water and fodder sufficient. Prices of common rice :—
	Culna ...	Nil	
	Catwa ...	Nil	
	Ranegunge ...	Nil	
			Srs.
			Sudder 12
			Culna ... ... 14 } per rupee.
			Cutwa 14
			Ranegunge 14
2	**Bankoora** ,, 30, '92	Nil	Weather—seasonable; sky slightly cloudy. Harvesting of *rabi* and pressing of sugarcane commenced. Condition of cattle fair. Fodder-supply hardly sufficient. Common rice selling at 17 seers per rupee at Bishenpur and 16 seers at Bankoora.
3	**Birbhum** ,, 30, '92	Nil	Weather—seasonable. *Rabi* greatly wants rain. Fodder and water plentiful. Condition of cattle normal. Rice sells at from 14 to 17 seers per rupee.
	Rampore Haut ...	Nil	
4	**Midnapore** ,, 30, '92	Nil	Weather—seasonable. Indigo doing well. Prospects of *rabi* crops not good. Fodder generally sufficient. No cattle-disease. Prices of common rice :—
			Srs.
			Sudder 16
			Contai ... ... 19 } per rupee.
			Tumluk 13
			Ghatal ... ... nearly 16
5	**Hooghly** 30 '92	Nil	Weather—seasonable. Threshing of *aman* completed; outturn about 8 annas. Pressing of sugarcane in active progress. Yield of *rabi* fair so far as harvested. No difficulty in obtaining water and fodder-supply. Prices of common rice :—
	Serampore ...	Nil	
	Jehanabad ...	Nil	
			Srs.
			Sudder 11
			Serampore ... . 13 } per rupee.
			Jehanabad 15
6	**Howrah** ,, 30, '92	Nil	Weather—fine. *Aman* crop harvested; outturn 14 to 15 annas of an average crop. Sugarcane good. Price of common rice 13 to 14 seers per rupee. Cattle are doing well. Fodder and water-supply sufficient.
	Uluberia ...	Nil	
PRESIDENCY DIVN. 7	**24-Perghs.** ,, 30, '92	Nil	Weather—seasonable. Harvesting of *aman* completed. Prospects of cold weather crops not so good as usual owing to want of rain. Sugarcane being pressed. Prices stationary. Condition of cattle good and supply of fodder and water sufficient.
8	**Nuddea** ,, 30, '92	Nil	Weather—seasonable. Prospects of *rabi* crops continue unsatisfactory. Common rice selling at from 11 seers 7 chittacks to 14 seers 8 chittacks per rupee. Condition of cattle good and supply of fodder and water sufficient.
	Kushtea ...	Nil	
	Meherpore ...	Nil	
	Chuadanga ...	Nil	
	Ranaghat ...	Nil	
9	**Khoolna** ,, 30, '92	Nil	Weather—seasonable. Harvesting of *aman* still going on. Prospects of *rabi* crops fair. Price of common rice varies from 13 to 16 seers per rupee. Fodder and water sufficient.
	Bagirhat ...	Nil	
	Satkhira ...	Nil	
10	**Jessore** ,, 30, '92	Nil	Weather—seasonable. *Aman* harvest still going on. State and prospects of winter crops not good for want of rain. Condition of cattle good and supply of fodder and water sufficient.
	Jhenidah ..	Nil	
	Magurah ...	Nil	
	Narail ...	Nil	
	Bongong ...	Nil	
11	**Murshedabad** ,, 30, '92	Nil	Weather—cloudy in the latter part of the week. Harvesting of winter rice completed. Outturn for the whole district below the average, but better than was expected. *Rabi* crops suffering for want of rain. Sufficient fodder for cattle.
CHITTAGONG DIVN. 12	**Chittagong** ,, 30, '92	Nil	Weather—seasonable. Light showers necessary to improve the state and prospects of *rabi* crops. Prices steady. Condition of cattle generally good. Fodder sufficient.
13	**Noakhally** ,, 30, '92	Nil	Weather—seasonable. State of *rabi* crops not good for want of rain. No cattle-disease. Fodder and water insufficient in Feny and Pashuram, but sufficient in Sudder subdivision. Price of common rice stationary.
14	**Tipperah** ,, 30, '92	Nil	Weather—seasonable. Prospects of crops fair. Price of rice rising in some parts of the district. No cattle-disease reported. Fodder sufficient.
15	**Chittagong Hill Tracts.** ,, 28, '92	Nil	Weather—seasonably cool with dense fogs in the morning; but there are indications of an approaching change. Mustard and *til* ripening. Tobacco, chillies and other vegetables and winter crops doing well. Sugarcane pressing continues. Cattle-disease prevailing in some places. Common rice being sold at 10½ seers per rupee.

No	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL—*concld.*			
DACCA DIVN. 16	Dacca Jan. 30, '92	Nil	Weather—seasonable. Sowing of *cheena*, *kaon*, and *til* in progress. Gathering of mustard, *mung*, and *mash kalai* progressing. Prospects good. Fodder available. Common rice selling at from 12 to 17 seers per rupee. Condition of cattle fairly good.
17	Furreedpore „ 30, '92	Nil	Weather—seasonable. State of *rabi* crops fair, but rain wanted. Sowing of *boro* and *jali* paddy still in progress. Rice selling at 14, 16 and 13 seers per rupee at Sudder, Madaripore, and Goalundo respectively. Condition of cattle good. Fodder available.
18	Backergunge „ 30, '92	Nil	Weather—seasonable. State and prospects of crops fair. Outturn of *aman* about 12 annas of an average crop. Ordinary rice selling at from 10 to 14 seers per rupee. Supply of fodder and water sufficient.
19	Mymensingh „ 30, '92	Nil	Weather—seasonably cold. Prospects of crops fair on the whole. Outturn of *aman* crop 14 annas in Kishoregunge and Netrokona. No report about outturn received from Sudder and other subdivisions as yet. Coarse rice selling at from 13½ to 17 seers per rupee. Condition of cattle good and supply of water and fodder sufficient.
RAJSHAHYE DIVN. 20	Dinagepore „ 30, '92	Nil	Weather—cool and seasonable. Sugarcane still being pressed. Land being prepared for *bhadoi* and jute. Rain much wanted. Price of rice both at Sudder and Thakurgaon stationary. Condition of cattle good. Supply of fodder and drinking water sufficient.
Thakurgaon ...		Nil	
21	Rajshahye „ 30, '92	Nil	Weather—cool and seasonable. Winter rice harvest nearly finished. Harvesting of *ganja* going on. Prospects of *rabi* crops still good, but rain is badly wanted. Price of rice varies from 13 to 15 seers per rupee. No cattle-disease reported. Fodder and water available.
Nattore ...		Nil	
Nowgong ...		Nil	
22	Rungpore „ 30, '92	Nil	Weather—seasonable. Prospects of cold-weather crops unchanged. Rain much wanted. Prices of common rice :—
Gaibanda ...		Nil	
Kurigram ...		Nil	
Nilphamari ...		Nil	

	Srs.	
Sudder	10 to 12	per rupee.
Nilphamari	13	
Kurigram	10 to 11	
Gaibanda	12 to 14	

There is no cattle-disease, and fodder is sufficient.

23	Bogra „ 30, '92	Nil	Weather—fine and cool. State and prospects of *rabi* crops good. Land being ploughed for *aus* rice, jute, &c., and some rain would do good. There is no present lack of fodder and water. Common rice selling on the average at 13½ seers a rupee.
Sherpur ...		Nil	
Nowkhilla ...		Nil	
24	Pubna „ 30, '92	Nil	Weather—seasonable. State of standing crops unchanged. Rain urgently needed. Price of jute has risen to Rs. 9-8 per maund. Condition of cattle good. Water-supply and fodder sufficient.
25	Darjeeling „ 30, '92	0·28	Weather—cold. Mustard is ripe in places for being harvested. Wheat and barley promising favourably. Potatoes are being harvested. Fodder-supply much diminished in the Terai for want of rain. Water-supply sufficient. No disease among cattle.
26	Julpigoree „ 30, '92	Nil	Weather—seasonable. *Rabi* crops suffering from want of rain. Common rice sells at 10 seers per rupee. No cattle-disease. Fodder and water-supply sufficient.
BEHAR.			
BHAGULPORE DIVN. 27	Monghyr „ 30, '92	Nil	Weather—seasonable. *Rabi* still doing well in the Sudder and Begusarai subdivisions. In Jamui prospects are unfavourable. Outturn of wheat, &c., is estimated at 6 annas and that of oil-seeds at 4 annas only. Rice selling at 13 seers per rupee in Begusarai, 13½ seers in Jamui, and 11 to 14 seers in Sudder subdivision.
Begusarai ...		Nil	
Jamui ...		Nil	
28	Bhagulpore „ 30, '92	Nil	Weather—seasonable. Harvesting of winter rice crop almost finished. Prospects of *rabi* not good. Rain badly wanted. Linseed will yield probably 7 annas. Fodder sufficient. Common rice—old 10 seers 11 chittacks, new 12 seers 10 chittacks per rupee.
29	Purneah „ 30, '92	Nil	Weather—foggy in the mornings; getting warmer day by day; no immediate prospect of rain. Harvesting of *aghani* completed everywhere. Mustard still being harvested; in Arrareah average outturn said to be 10 annas. Other *rabi* crops suffering for want of rain. Prices of common rice :—
Kishengunge ...		Nil	
Arrareah ...		Nil	

	Srs.	
Sudder	11 to 13	per rupee.
Kishengunge	11	
Arrareah	12 to 13	

No want of fodder and water for cattle. No cattle-disease.

30	Maldah „ 30, '92	Nil	Weather—mornings occasionally cloudy; warm in the daytime. Gathering of *kalai* and mustard not finished. Prospects of *rabi* crops reported to be unfavourable for want of rain. Transplantation of *boro* paddy in progress. Lands being prepared for *bhadoi* paddy. Fodder and water-supply sufficient. Common rice selling at an average of 12½ seers per rupee.
Chanchal ...		Nil	
Shibgunge ...		Nil	
Gajole ...		Nil	
31	Sonthal Pergha. „ 30, 92	Nil	Weather—warm for the season. *Rabi* suffering for want of rain. Prospects poor. Tanks reported to be dry in Deoghur. Elsewhere the water-supply is sufficient. Rice selling at 14 to 16 seers per rupee.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BEHAR—*concld.*			
PATNA DIVISION. 32	Patna Jan. 30, '92	0·06	Weather—cold and sometimes cloudy. Threshing and winnowing of paddy going on. Poppy flowering. Mustard being harvested. Gram, wheat, peas, and barley in ears. Sugarcane being pressed. Common rice selling at 13 seers per rupee.
	Barh ...	Nil	
	Behar ...	Nil	
	Dinapore ...	0·6	
33	Gya ,, 30, '92	0·12	Weather—cold and cloudy. Harvesting of paddy crop about to be completed. Condition of *rabi* crops has not improved, although there was a slight rainfall during the week. Poppy reported to be backward for want of rain. Prices rising gradually. Supply of fodder and water sufficient.
	Aurungabad ...	0·37	
	Jehanabad ...	Nil	
	Nawada ...	Nil	
34	Shahabad ,, 30, '92	0·09	Rainfall has caused a sensible lowering of the temperature. Clouds have gathered and more rain appears likely. Rainfall came in nick of time to save *rabi* from total failure in west of district. Prospects all round improved. Peas and pulse being got in. Wheat and barley in ear. Prices have a downward tendency.
	Buxar ...	0·06	
	Bhabuah ...	0·43	
	Sasseram ...	0·06	
35	Durbhunga ,, 30, '92	0·03	Weather—clear and occasionally cloudy. No material change in prospect of *rabi*. Rain wanted for barley and wheat, &c. *Rahar* in flower. Common rice selling at 12 to 13 seers per rupee. Fodder and water sufficient.
36	Muzaffarpore ,, 30, '92	Nil	Weather—cold and occasionally cloudy. *Rabi* on uplands has withered; that on low and moist lands doing fairly. Rainfall was confined to Hajipur and Mohua thanas. *Rahar*, mustard and tobacco are good crops in most places. Poppy on irrigated tracts doing fairly well, but complaints of want of water in the wells are increasing. Prices slightly rising. Cattle in good condition. Fodder and water-supply for cattle sufficient. No distress as yet reported.
	Hajipore ...	0·08	
	Sitamarhi ...	Nil	
37	Saran ,, 30, '92	Nil	Weather—generally cloudy. *Rabi* fair. Sugarcane pressing continues. Condition and prospects of poppy good. Water and fodder for cattle sufficient. Prices of common rice :— Chupra ... ... Srs. 13 Ch. 2 } per rupee. Gopalgunge ... ... 13 2 }
38	Chumparun ,, 30, '92	Nil	Weather—cool and occasionally cloudy. Rain urgently wanted for standing crops. *Rabi* being irrigated where water available. Prices of food-grains rising. Fodder and water for cattle sufficient.
ORISSA.			
ORISSA DIVN. 39	Cuttack ,, 30, '92	Nil	Weather—seasonable. *Guru sarad* being threshed. *Rabi* crops and mustard being gathered. *Dalua* paddy growing well. Fodder-supply sufficient. Common rice sells at 12 seers 8 chittacks per rupee.
40	Pooree ,, 28, '92	Nil	Weather—seasonable. Harvesting of *sarad* almost over. *Dalua* paddy growing well. Miscellaneous crops thriving. Common rice sells at from 18 to 21 seers per rupee. Cattle-disease reported from Khurda station.
41	Balasore ,, 30, '92	Nil	Weather—normal. Outturn of winter rice, *biri* and *mung*, about 13 annas, and of mustard 14½ annas. Rice selling at 15—16 seers at Balasore and 19 seers at Bhadrak.
CHOTA NAGPORE.			
South-West Frontier Agency.			
CHOTA NAGPORE DIVN. 42	Hazaribagh Jan. 30, '92	Nil	Weather—seasonable and cloudy at intervals. Some rain wanted. Common rice selling at from 12 to 16 seers per rupee. Water and fodder-supply sufficient. Cattle-disease reported from certain parts of the district.
	Giridih ...	Nil	
43	Lohardugga ,, 30, '92	Nil	Weather—a little cloudy. Rain badly wanted for ploughing land for upland paddy. Common rice selling at 14 seers per rupee. Fodder and water plentiful.
44	Palamow ,, 26, '92	Nil	Weather—cloudy in the morning and becoming hot. Rain wanted for *rabi* crops. One shower will do much good. Fodder and water-supply sufficient. Common rice selling at 15 seers per rupee.
45	Singbhoom ,, 30, '92	Nil	Weather—seasonable. Standing *rabi* crop doing well. Oil-seeds, *rahar*, and cotton being harvested. Price of rice stationary from 16 to 24 seers per rupee. Fodder and water still sufficient.
46	Manbhoom ,, 30, '92	Nil	Weather—seasonable and slightly cloudy. Sugarcane pressing still going on. Coarse rice selling at 16 seers per rupee. Fodder getting scarce. Water-supply not yet insufficient. There is cattle-pox in some of the villages.
	Govindpore ...	Nil

* Mean of 6 days. | † Mean of 5 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical averages or means of the reading during the same period for the last ... The *humidity* of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers ... are the *numerical means or* averages of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 30th of January 1892.

Average humidity at 8 A.M.	Average cloud amount at 8 A.M. for week.	Rainfall of week at observing station.	DISTRICT OBSERVATIONS. RAINFALL. Of week. Mean for district.	Of week. Normal mean.	Since 1st of month. Mean for district.	Since 1st of month. Normal mean.	Since 1st of month. Variation.	Since 16th October 1891. Mean for district.	Since 16th October 1891. Normal mean.	Since 16th October 1891. Variation.	Of week. Average number of rainy days.	Of week. Normal number of rainy days.	Representative station.	District.	Meteorological Division.

Explanation.— .... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the stations are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 2nd February* 1892.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 30TH OF JANUARY 1892.

DURING the previous week a feeble barometric depression had advanced in a south-easterly direction, and on the 23rd its centre was apparently near Amraoti, but the depression was exceedingly slight and it was evidently filling up. The depression had, however, been sufficiently influential to cause the sky to cloud over considerably in Behar and Bengal, and on the 23rd a few light rain showers were reported in South Behar. On the 24th, or the first day of the present week, the barometer had fallen in North and Central Bengal, but it was rising in the west and south of the Province, and pressure became relatively low in North Bengal, though there was no evidence of any distinct depression existing. Conditions were, however, slightly disturbed, and southerly and south-easterly winds prevailed in East and North Bengal, and on this day rather numerous but very light showers were reported from the Shahabad and Gya districts, and also one or two showers from the Patna and Lohardugga districts. Temperature also continued exceptionally high in Bengal on the 24th, the excess above the normal ranging from about 2° or 3° to nearly 8°. On the 25th, there was a general but very slight fall of pressure over the whole Province, while temperature also remained exceptionally high, but wind directions generally became more normal and conditions were less disturbed. On the 26th, a decidedly rapid fall of pressure had taken place over the Province, the fall being largest in North Bengal and Behar, and pressure became below the normal over part of North Bengal, while it was above it elsewhere. The winds over the northern part of the Province also showed the effect of the disturbance, and south-westerly winds were reported at many of the central and northern stations in the Province, and rain fell at several stations in the Darjeeling district, which was reported on the morning of the 27th. The disturbance was, however, exceedingly slight, for pressure had risen on the 27th, and had become above the normal in all districts, and at this time also temperature commenced generally to fall. The rise of pressure continued on the 28th, while temperature also decreased at many stations, and winds also became generally north-westerly or of the normal cold weather direction. The increase of pressure had ceased on the 29th and there had been a slight fall, and on the 30th pressure was rising very slowly at some stations and falling at others, and pressure generally was about 0·05" to 0·08" in excess of the normal. The fall of temperature had continued slight, and on the 30th temperature was generally from about 2° to 6° or 7° in excess of the normal. The other conditions of wind direction, cloud proportion and humidity were, however, fairly normal at the close of the week.

Pressure.—The mean pressure for the week has been in excess of the normal over the whole Province, the amount of excess generally ranging from 0·06" to 0·1". This excess has, however, been generally smallest at the stations in South, East and North Bengal, while it has been largest in Chutia Nagpur and Behar.

Temperature.—The mean temperature of the Province for the week has been no less than four degrees in excess of the normal. This abnormally high temperature has been fairly equally spread over the whole Province, but the excess was largest in the first half of the week and decidedly smaller during the second half.

The variation of temperature is, however, most clearly seen in the table below, where the average maximum, minimum and mean temperatures for the week at nine typical stations in different districts of the Province are compared with the normal values for the same period. It will be seen from this table that the excess has been almost equal both during the day and the night.

Table showing the excess or defect of the actual mean temperature from the normal for the week ending 30th January 1892.

	Normal mean maximum temperature for the week ending 30th January.	Actual mean maximum temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 30th January.	Actual mean minimum temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 30th January.	Actual mean daily temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.

Explanation — .... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 2nd February* 1892.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 30TH OF JANUARY 1892.

During the previous week a feeble barometric depression had advanced in a south-easterly direction, and on the 23rd its centre was apparently near Amraoti, but the depression was exceedingly slight and it was evidently filling up. The depression had, however, been sufficiently influential to cause the sky to cloud over considerably in Behar and Bengal, and on the 23rd a few light rain showers were reported in South Behar. On the 24th, or the first day of the present week, the barometer had fallen in North and Central Bengal, but it was rising in the west and south of the Province, and pressure became relatively low in North Bengal, though there was no evidence of any distinct depression existing. Conditions were, however, slightly disturbed, and southerly and south-easterly winds prevailed in East and North Bengal, and on this day rather numerous but very light showers were reported from the Shahabad and Gya districts, and also one or two showers from the Patna and Lohardugga districts. Temperature also continued exceptionally high in Bengal on the 24th, the excess above the normal ranging from about 2° or 3° to nearly 8°. On the 25th, there was a general but very slight fall of pressure over the whole Province, while temperature also remained exceptionally high, but wind directions generally became more normal and conditions were less disturbed. On the 26th, a decidedly rapid fall of pressure had taken place over the Province, the fall being largest in North Bengal and Behar, and pressure became below the normal over part of North Bengal, while it was above it elsewhere. The winds over the northern part of the Province also showed the effect of the disturbance, and south-westerly winds were reported at many of the central and northern stations in the Province, and rain fell at several stations in the Darjeeling district, which was reported on the morning of the 27th. The disturbance was, however, exceedingly slight, for pressure had risen on the 27th, and had become above the normal in all districts, and at this time also temperature commenced generally to fall. The rise of pressure continued on the 28th, while temperature also decreased at many stations, and winds also became generally north-westerly or of the normal cold weather direction. The increase of pressure had ceased on the 29th and there had been a slight fall, and on the 30th pressure was rising very slowly at some stations and falling at others, and pressure generally was about 0·05″ to 0·08″ in excess of the normal. The fall of temperature had continued slight, and on the 30th temperature was generally from about 2° to 6° or 7° in excess of the normal. The other conditions of wind direction, cloud proportion and humidity were, however, fairly normal at the close of the week.

Pressure.—The mean pressure for the week has been in excess of the normal over the whole Province, the amount of excess generally ranging from 0·05″ to 0·1″. This excess has, however, been generally smallest at the stations in South, East and North Bengal, while it has been largest in Chutia Nagpur and Behar.

Temperature.—The mean temperature of the Province for the week has been no less than four degrees in excess of the normal. This abnormally high temperature has been fairly equally spread over the whole Province, but the excess was largest in the first half of the week and decidedly smaller during the second half.

The variation of temperature is, however, most clearly seen in the table below, where the average maximum, minimum and mean temperatures for the week at nine typical stations in different districts of the Province are compared with the normal values for the same period. It will be seen from this table that the excess has been almost equal both during the day and the night.

Table showing the excess or defect of the actual mean temperature from the normal for the week ending 30th January 1892.

	Normal mean maximum temperature for the week ending 30th January.	Actual mean maximum temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 30th January.	Actual mean minimum temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 30th January.	Actual mean daily temperature for the week ending 30th January 1892.	Variation of actual mean from the normal.
Cuttack	86·0	94·7	+8·7	60·3	69 8	+9·5	73 1	74 7	+1·6

Purnea	74·8	80 4	+5·6	48·2	49 3	+1 1	61 5	64 9	+3·4
Hazaribagh	73 3	77 4	+4·1	51·9	55 9	+4 0	62 1	66 1	+4 0
Darjeeling	45 3	49·6	+3·3	33 4	38 7	+5·3	39·4	43 8	+4 4

Rainfall.—Light and fairly general rain has fallen in the Darjeeling and Shahabad districts during the week, while showers also are reported from the Gya, Patna, Lohardugga,

Durbhunga and Mozufferpur districts; but as a rule the amounts recorded at the individual stations are decidedly less than a tenth of an inch. The only moderately heavy falls have been Buxa 0·74 inch, Hosseinabad 0·50 inch, Aurangabad 0·37 inch, Darjeeling 0·28 inch, Manahorpur 0·28 inch, Rammagor 0·27 inch, Bassawan 0·19 inch, Bhubooah 0·18 inch, Ageaon 0·13 inch, Gya 0·12 inch, and Garwa 0·10 inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 30th of January 1892 :—

Meteorological Divisions.	Temperatures.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th Oct. 1891.	
			Of highest of each day.	Of lowest of each day.	Of means for each day.		Average.	Normal average.	Variation.	Average number in week.	Normal average number in week.	Variation.	Average.	Normal average.	Average.	Normal average.

The total fall from 1st to 30th January 1892		Nil
The average fall of the corresponding period for 24 years, S.-G.'s Office ...		0·30

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

O, overcast; ≏, dew; =, fog.

C. LITTLE,

CALCUTTA,
The 25th January 1892.

J. W. CURRIE, *Capt.*,
Private Secretary.

No. 113A.

GENERAL.—*The 30th November* 1891—Mr. F. E. Pargiter, Officiating District and Sessions Judge, Rajshahye, is allowed furlough for nine months, under article 340 (*b*) of the Civil Service Regulations, with effect from the 15th March 1892, or such subsequent date as he may avail himself of it.

The 5th February 1892.—The services of Mr. F. J. Monahan, Joint-Magistrate and Deputy Collector, Kissengunge, Purneah, are placed at the disposal of the Government of India in the Home Department.

In supersession of the order dated the 1st instant, the services of Babu Nobin Krishna Banerjee, Deputy Magistrate and Deputy Collector, on leave, are placed temporarily at the disposal of the Board of Revenue for employment under the Collector of Stamp Revenue, Superintendent of Excise Revenue, and Deputy Collector of Land Revenue, Calcutta.

The services of Babu Bangshi Dhar Banerjee, Deputy Collector, Calcutta, are placed temporarily at the disposal of the Financial Department of this Government.

The 6th February 1892.—Babu Poorna Chunder Roy, Deputy Magistrate and Deputy Collector, Jehanabad, Hooghly, is allowed leave for eighteen months, under article 372 of the Civil Service Regulations, with effect from the 21st January 1892.

The 8th February 1892.—Babu Kedar Nath Banerjee, Sub-Deputy Collector, Presidency Division, is posted to the head-quarters station of the district of Moorshedabad.

Babu Kedar Nath Banerjee, Probationer in training for employment as Sub-Deputy Collector, Backergunge, is appointed to be a substantive *pro tempore* Sub-Deputy Collector of the fourth grade, and is posted to Tipperah.

The 9th February 1892.—Mr. H. Thompson, Deputy Magistrate and Deputy Collector, Goalundo, Furreedpore, is allowed leave for three months, under article 291 of the Civil Service Regulations, with effect from the date on which he may be relieved.

Mr. Basanta Kumar Mullick, Officiating Joint-Magistrate and Deputy Collector, Chittagong, is appointed to have charge of the Goalundo sub-division in the district of Furreedpore, during the absence, on leave, of Mr. H. Thompson, or until further orders.

Mr. B. B. Newbould, Officiating Joint-Magistrate and Deputy Collector, Lohardugga, on leave, is transferred to the head-quarters station of the Midnapore district.

The services of Mr. R. F. Rampini, Additional District and Sessions Judge, 24-Pergunnahs and Hooghly, are placed temporarily at the disposal of the Government of India in the Home Department.

Babu Charu Chandra Mittra, substantive *pro tempore* Sub-Deputy Collector, in charge of the Gya distillery, is allowed leave for two months, under article 273 (*a*) of the Civil Service Regulations, with effect from the date on which he availed himself of it.

ECCLESIASTICAL.—*The 9th February* 1892.—The Revd. Samuel J. Jones, an ordained Minister of the Baptist Church at Dinapore, Patna, is authorized, under section 6, Act XV of 1872, to solemnize marriages between persons one or both of whom is a Christian or are Christians.

The Revd. S. J. Jones is also appointed to be a Registrar of Births and Deaths under Act VI of 1886.

JAILS.—*The 8th February* 1892.—Mr. G. A. Davis is appointed to be Deputy Superintendent of the Buxar Central Jail, *vice* Mr. G. H. Young, deceased.

REGISTRATION.—*The 6th February* 1892.—Thakur Sarat Chandra Sinha is appointed to be Joint Sub-Registrar of Brahmanbaria at Nasirnagar in the district of Tipperah.

EDUCATION.—*The 9th February* 1892.—Mr. A. Macdonell, Professor, Civil Engineering College, Seebpore, is promoted to class III of the Bengal Educational Service, with effect from the 17th October 1891, *vice* Mr. M. Mowat, retired.

Mr. H. M. Percival, Professor, Presidency College, acted in class III of the Bengal Educational Service from the forenoon of the 13th to the afternoon of the 26th November 1891, *vice* Mr. J. Mann, on furlough, and from the 27th idem to the afternoon of the 21st December 1891, *vice* Mohamahopadhyaya Mohesh Chandra Nyayaratna, C.I.E., on privilege leave.

The following notifications are republished from the *Assam Gazette*:—

No. 829*G.*—*The 28th January* 1892.—The services of Mr. A. A. Wace, Indian Civil Service, are replaced at the disposal of the Government of India, Home Department, with effect from the date on which he is relieved of his duties as Officiating Judge and Commissioner of the Assam Valley Districts.

No. 307*J.*—*The 22nd January* 1892.—Babu Annanda Kisor Datta Ray, B.L., is appointed to officiate as a Munsif in the district of Sylhet, to be ordinarily stationed at Maulvi Bazar, in the place of Baboo Revati Kanta Nag, who has applied for leave.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

ERRATUM.

The 9th February, 1892.—In the notification of this Department, dated the 23rd January, 1892, published at page 90, Part I of the *Calcutta Gazette* of the 27th idem, vesting, under section 4 of the Bengal Survey Act of 1875, certain officers of the Survey Department with certain powers, *for* T. M. McHatton, Surveyor, *read* J. McHatton, Surveyor.

C. E. BUCKLAND,
Secretary to the Government of Bengal.

TRANSLITERATION OF VERNACULAR NAMES, &c.

REVENUE DEPARTMENT,—MISCELLANEOUS.

Calcutta, the 9th February, 1892.

RESOLUTON No. 526Mis.

READ again—

The Resolution of the Government of Bengal, dated the 6th March, 1874.
The Notification of the Government of Bengal, dated the 29th May, 1876.
The Notification of the Government of Bengal, dated the 10th December, 1877.

Read also—

The letter No. 3926Mis., dated the 29th December, 1891, of the Government of Bengal, to the Government of India in the Home Department.
The letter No. 119, dated the 21st January, 1892, from the Government of India, in the Home Department, to the Government of Bengal.

THE transliteration at present authorised of the names of well-known places rivers, &c., in Bengal, of vernacular terms frequently used in official correspondence, and of the names of religious festivals, having been re-considered by the Lieutenant-Governor, the following revised lists, which have been approved by the Government of India, are published for general information and adoption in supersession of the lists published, with the Bengal Government Resolution of 6th March, 1874, at pages 530-32, Part I of the *Calcutta Gazette* of the 11th idem. The lists now published are also intended to supersede so much of the Notifications of 29th May 1876, and 10th December 1877, published, respectively, at pages 535-605, Part I of the *Calcutta Gazette* of 31st May 1876, and page 1686, Part I of the *Calcutta Gazette* of 12th December 1877, as is affected by them.

2. The only names of places of which it is thought desirable to retain, on historical grounds, the accepted spelling, are those in the first list. All other names of places and all technical vernacular terms, which it may be found necessary to use in official letters, should be transliterated on the scientific system. The names of many of the most important places in Bengal will be found in the second list, and the spelling here adopted should be carefully followed in official correspondence. The proper spelling of other less important places will be found in the Civil List, Part XXIXA, and in any other case where doubt may arise, the spelling adopted in Sir W. W. Hunter's "Statistical Account of Bengal" should be followed.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,
Secretary to the Government of Bengal.

REVENUE DEPARTMENT,—FORESTS.

NOTIFICATION No. , For.

The 9th February, 1892.—The Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is hereby pleased to declare, under section 26 of the Indian Forest Act, (VII of 1878), that the area within the boundaries specified below, which in the notification of the 17th June, 1881, published at page 629, Part I of the *Calcutta Gazette* of the 22nd June, 1881, was declared to be reserved forest and forms a portion of the reserved forest then so declared under the name of the Teesta Chel Forest, ceased to be reserved forest with effect from the 1st December, 1891.

A piece of land on the east boundary of the Pugo block of Teesta Chel Forest, measuring about 2 acres and bounded as follows :—

North, West and South.—A demarcated line separating the piece of land to be excluded from the rest of the Pugo block reserved forest.

East.—The previously existing boundary line which separated the piece of land, now excluded, from Mr. Durnford's Phagoo Tea estate.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 8th February 1892.—Under section 4 of Act V (B.C.) of 1875, Messrs. G. Vanderbeck and G. Campbell are appointed to be Assistant Superintendents of Survey for the purpose of carrying out the survey in Orissa.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

DECLARATION.

The 6th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the extension of the Lebong cantonment land on the Lebong spur, in the Darjeeling Municipality, district Darjeeling, it is hereby declared that for the above purpose a piece of land, measuring more or less 17 acres, 1 rood and 14 poles of standard measurement, known as the Boscabel or Rosabel Location, bounded on the north by the present Lebong cantonment land, east by the east Lebong road, south by Mackintyre's Hill location, west by the western Lebong road, is required on the aforesaid Lebong spur.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

The plan of the land may be inspected in the office of the Deputy Commissioner of Darjeeling.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 6th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the extension of the Lebong Cantonment land, on the Lebong Spur in the Darjeeling Municipality in the district of Darjeeling, it is hereby declared that for the above purpose a piece of land measuring, more or less, 26 acres 3 roods and 15 poles of standard measurement, comprising the locations known as "Mackintyre's Hill," "Fern Hill," "Appletree Hill" and "Orchard," and bounded on the north by Boscabel Location, east by the East Lebong road, south by Bhutia Basti land, and west by the Western Lebong road, is required on the aforesaid Lebong Spur.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

The plan of the land may be inspected in the office of the Deputy Commissioner of Darjeeling.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

MEDICAL DEPARTMENT.

The 6th February 1892.—Assistant Surgeon Upendra Narayan Roy, attached to the Pooree Charitable Dispensary, held medical charge of the civil station of Pooree, in addition to his own duties, from the 23rd December 1891 to the 3rd January 1892, both days inclusive, during the absence of the Civil Surgeon on inspection tour.

The 9th February 1892.—Assistant Surgeon Abinash Chandra Bandyapadhyay, in charge of the Barisal Charitable Dispensary, is appointed temporarily to the medical charge of the Civil station of Backergunge in addition to his own duties.

The 9th February 1892.—Surgeon-Major J. O'Brien, Civil Surgeon of Darjeeling, is appointed to be Civil Surgeon of Dacca.

The 9th February 1892.—Surgeon-Major F. C. Nicholson, Civil Surgeon of Dacca, is appointed to be Civil Surgeon of Patna.

The 9th February 1892.—Surgeon-Major E. G. Russell, Civil Surgeon of Patna, is appointed to be Civil Surgeon of Darjeeling.

The 9th February 1892.—The services of Surgeon E. H. Brown, Resident Surgeon, Medical College Hospital, Calcutta, are placed at the disposal of the Cooch Behar State.

The 9th February 1892.—Surgeon D. M. Moir, Officiating Civil Surgeon of Chittagong, is appointed to be Resident Surgeon, Medical College Hospital, Calcutta, *vice* Surgeon E. H. Brown, on deputation to Cooch Behar.

The 9th February 1892.—Apothecary J. G. Fleming, Deputy Superintendent, Dullunda Lunatic Asylum, is appointed to have medical charge of the civil station and district of Chittagong, during the absence, on furlough, of Surgeon-Major W. F. Murray, or until further orders.

The 9th February 1892.—Surgeon-Major R. L. Dutt is appointed to officiate as Civil Surgeon of Midnapore with effect from the afternoon of the 5th November 1891.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 113A.

The 8th February 1892.—Munshi Delwar Ali Khan is appointed to be an Honorary Magistrate of the Shazadpore Independent Bench in the district of Pubna, and is vested with the powers of a Magistrate of the third class.

Syed Hossein Jan is appointed to be an Honorary Magistrate of the Serajgunge Independent Bench in the district of Pubna, and is vested with the powers of a Magistrate of the third class.

The 9th February 1892.—Under the authority vested in him by the final clause of section 357 of the Code of Criminal Procedure, Act X of 1882, the Lieutenant-Governor empowers Babu Pratap Narayan Singh, an Honorary Magistrate of Bankoora, to take down evidence in criminal cases in the English language.

Under the authority conferred on him by section 185A, sub-section 1 of the Code of Civil Procedure, the Lieutenant-Governor directs that evidence in cases in which an appeal lies shall be taken down by Babu Dwarka Nath Bhattacharjee, Munsif of Madhepura, in the district of Bhagulpore, with his own hand in the English language.

The Lieutenant-Governor accepts the resignation tendered by Baboo Amirta Nanda Das of his appointment as an Honorary Magistrate of the Independent Bench at Manickgunge in the district of Dacca.

GRANT OF LEAVE TO MUNSIFS.—*The 26th January* 1892.—Babu Gobind Chunder Bysack, Munsif of Behar, in the district of Patna, is allowed leave for one month, under article 306(*b*) of the Civil Service Regulations, with effect from the 7th February 1892, or from the date on which he is relieved.

Babu Jogendra Nath Mookerjee, Munsif of Anwara, in the district of Chittagong, is allowed leave for three months, under article 306(*b*) of the Civil Service Regulations, with effect from the date on which he is relieved.

The 30th January 1892.—Babu Amar Chundra Mookerjee, Munsif of Palamow, in the district of Chota Nagpore, is allowed leave for two months and twenty-eight days, viz. one month under article 307 of the Civil Service Regulations, and the remaining period under article 306(*b*) of the same Regulations, with effect from the 5th February 1892, or from the date on which he is relieved.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 6th February 1892.—Under the provision of section 7 of the Indian Registration Act III of 1877, the Lieutenant-Governor sanctions the opening, as an experimental measure for one year, of an office of Joint Sub-Registrar at Nasirnagar, having concurrent jurisdiction with the Sub-Registrar of Brahmanbaria, in the sub-division of Brahmanbaria, in the district of Tipperah.

This notification will take effect on and from the 1st March 1892.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th February 1892.—It is hereby notified, under the provisions of section 15 of Act V of 1861, that the villages of Bamna, Chechang, Amtali, Talser, Dewatala, Kalagachia, Safipur, Kachichera, Choto Safipur, Katakhali, Daskhali, Bukabania, Kalikabari, Jaynagar, Nizkati, Sanberia, Jafrukalia, Kalikabari II, Gazipur, Bebaziakhali, Bara-Talesoar, Karaitala, Kushinchira, Bhaizara, Khulpatna, Barahowla, Ajudia, Patakhali, Ruhitia, and Dhona, in the Perozepur sub-division, in the district of Backergunge, being still in a disturbed and dangerous state, owing to the existence of disputes regarding the possession of lands and collection of rents, the Lieutenant-Governor has sanctioned the retention, for a further period of one year, commencing from the 15th February 1892, of a special police force of one Sub-Inspector, two Head-Constables, and 19 Constables to be quartered in the above-mentioned 30 villages for the purpose of keeping the peace between the Bamna Chowdhuries and their ryots.

2. The total cost of the force noted below will be assessed on, and levied from, the inhabitants of the villages in proportion to their respective means :—

	Rs.	A.	P.
One Sub-Inspector, fourth grade	50	0	0
One Head-Constable, first grade	25	0	0
Ditto ditto second grade	20	0	0

Repairs of barracks	50	0	0
Grand Total for one year ...	4,176	8	0

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th February 1892.—Under section 3, Act I (B.C.) of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces), the Lieutenant-Governor has been pleased to grant a license to Moulvi Abdul Karim, authorizing him to register Mahomedan marriages and divorces, and to exercise the other functions of a Mahomedan Registrar within thana Krishnaghur in the district of Nuddea.

2. Under section 2, Act XII of 1880 (an Act for the appointment of persons as Qazis), the Lieutenant-Governor has also been pleased to grant a sanad (license) to Moulvi Abdul Karim, appointing him Qazi of the said thanna for the celebration of marriages and the performance of other rites and ceremonies when application is made to him to perform any such functions.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

DECLARATION.

The 9th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a new site for the Sunhat outpost in the village of Mahamadpur, pergunnah Sunhat, zillah Balasore, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 rood 33 poles 6 yards 2 feet and 101 inches of standard measurement, bounded on the east by the Baniha tank in estate Mahamadpur, on the south by the Purana Balasore road, on the west by the lakhiraj lands of Munshi Peezurullah, and on the north by the road leading to the workshop and the Burabalong river, is required within the aforesaid village of Mahamadpur.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

DECLARATION.

The 9th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purposed viz., for the construction of the Hemtabad police-station, in the villages of Hemtabad and Gidisa, pergunnah Mahaso, zillah Dinajpur, it is hereby declared that for the above purpose a piece of land measuring, more or less, 31 bighas 18 cottas and 13 chittaks of standard measurement, bounded on the north by Gadru Mistry's jote land and the Raiganj-Pirganj road, on the west and south by the Kaliaganj-Hemtabad road, and on the east by mal patit and Gadru Mistry's jote land, is required within the aforesaid villages of Hemtabad and Gidisa.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

ESTABLISHMENT.

The 9th February 1892.

No. 51.—The following Notification issued by the Government of India in the Public Works Department is republished for information :—

No. 37, *dated 2nd February* 1892.—The undermentioned passed students of the Seebpore Civil Engineering College are appointed to the Department as Assistant Engineers, 3rd grade, and posted as follows :—

Mr. F. F. Bion to Burma. | Babu Mohendro Nath Dutt to Bengal.

No. 53.—Mr. C. H. DeMello, Assistant Engineer, attached to the office of the Superintending Engineer, South-Western Circle, is transferred in the interests of the public service to the Buxar Division of the Sone Circle, which he joined on the forenoon of the 30th January 1892.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

IRRIGATION.

The 9th February 1892.

REVISED WATER-RATE RULES FOR THE ORISSA CANALS.

No. 56.—*Notification.*—In exercise of the powers conferred on him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following revised rules for the Orissa Canals, in supersession of those passed in the Notifications marginally quoted.

No. 105, dated 26th July 1880.
" 442, " 9th December 1889.
" 330, " 15th September 1890.

J. M. MCNEILL, *Col.*, R.E.,
Secretary to the Government of Bengal.

General conditions.

Compensation under section 76 (c).

(1) The Collector, before awarding compensation under section 16 or section 76 (*c*), or making a reference under section 17 of the Irrigation Act [Act III (B.C.) of 1876] shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

No appeal from order of Canal Officer.

(2) Except as provided in the Irrigation Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Sub divisional and Divisional Canal Officers shall modify any order passed by them on the receipt of definite instruction to that effect from the Divisional or Superintending Canal Officers respectively.

Appeals to Collector.

(3) Appeals to the Collector under section 91 of the Irrigation Act, other than those specially provided for in Rule 49, will ordinarily be against an order passed by the Divisional Canal Officer. When the order passed has reference to the alignment of a village channel, or, to the refusal of the Divisional Canal Officer to grant a lease under schedule I, II or III, the Collector may require the Superintending Canal Officer to state his opinion in writing, and this opinion shall form part of the record of the proceedings in the case.

On village channels.

Canal Officer to assist.

(4) Canal Officers shall give every assistance to applicant in aligning and laying out any village channels which they may desire to construct.

Register of village channels.

(5) A register of all village channels shall be maintained by the Divisional Canal Officer in such form as the Superintending Canal Officer may direct.

On the free irrigation of chaukidars' jaghirs.

Chaukidars' Jaghirs.

(6) The chaukidar of any village in which lands are leased under schedule I, II, III or IV shall be entitled to a remission of the water-rates chargeable on account of lands included in his jaghir and in any leased area on the condition that he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

(*a*) In the preparation of applications for leases.
(*b*) In the measurements of irrigated lands.
(*c*) In giving the names of the occupiers of the various fields.
(*d*) By receiving the demand statement, making it over to one of the principal raiyats in the village, and informing the cultivators that he has done so.
(*e*) By receiving "tippas" from the Canal Officers and distributing them.
(*f*) By reporting cases of unauthorized irrigation which may come to his notice.
(*g*) By being present when any local inquiry is made by a Canal Officer and by giving information concerning the matter under investigation.
(*h*) By reporting to the Collector any mutations in the holdings of persons who have signed a lease under schedule I or II that may come to his knowledge.

On the "lease unit" system.

Distributary lease units.

(7) The area commanded by each distributary which is not fully provided with village channels shall be portioned out by the Divisional Canal Officer into any convenient number of tracts, or group of villages to be called "lease units." The boundary of each of these "lease units" shall be so determined that the land lying within it can be conveniently irrigated from the same outlet or from any convenient group of outlets. The "lease units" shall be approved by the Superintending Canal Officer.

Classification of villages in "lease units."

(8) The area in each "lease unit" shall be divided by the Canal Officer into three classes.

(*a*) Lands which, being situated in immediate contact with a canal or distributary, can be irrigated by direct flow from outlets in it.
(*b*) Lands which are provided with village channels properly constructed and maintained in good order by the owners of the channels.
(*c*) Lands which, not being provided with proper village channels, and being remote from the canal or distributary, can only be irrigated by flow through fields intervening between them and the distributary.

(9) The Canal Officer shall keep in his office a plan showing the "lease units" of each distributary. Each "lease unit" shall be separately numbered and registered in a book which shall show:—

Record of "lease units."

Its area;
The number and size of outlets provided for it;
The names of the villages in it;
The class (*a*, *b*, or *c*,) of each area;
The date when the leases in it terminate.

(10) The boundaries of, or the classification of the tracts in any "lease unit" may at any time be amended by the Divisional Canal Officer with the previous sanction of the Superintending Canal Officer. On receipt of such sanction the Divisional Canal Officer shall amend his plans and registers.

Amendment of "lease units."

(11) The lease first granted in any "lease unit" must be for five years.

(12) No lease shall be granted to any class (*c*) village until all the class (*a*) villages in the "lease unit" have been leased, and until the villages lying between it and the class (*a*) villages of that "lease unit" (if any) have also been leased.

Leases of class (*c*) villages.

(13) Leases granted for a term of years to any or all of the villages situated in the same "lease unit" shall terminate at the same time as the lease first granted in that "lease unit."

Leases to terminate simultaneously.

(14) Provided that, for four years after the date of these rules, the lessees of lands in any "lease unit" in which the class (*a*) villages have been leased for five years, shall, when their leases expire, be offered the opportunity of extending them for such a term of years as will cause them to expire simultaneously with those of the class (*a*) villages of that "lease unit" and they may be extended at the rate of Re. 1-8 per acre. If, however, the lessees decline to renew them on these conditions, within one month of their expiry, they shall not be permitted to renew them subsequently except at the rates given in schedule II.

Exceptions with reference to present leases.

(15) Class (*a*) and class (*b*) villages shall be eligible to obtain leases under all the five schedules attached to these rules. Class (*c*) villages shall only be eligible for leases under schedules II and III.

Schedule of Rates.

On applications for the supply of water during the kharif season.

(16) Applications for the supply of water in the kharif season will be granted:—

Kharif applications of three kinds.

(1) For a term of years (schedules I and II).
(2) For one season only (schedule III).
(3) After the 1st of September from an outlet of a defined size (schedule VI).

(17) Applications for the supply of water for a term of years shall be subject to the following conditions:—

I. Notice in the attached form (Appendix I) must ordinarily be given to the Subdivisional Canal Officer by the cultivators of a village not later than the 1st April if they require water for irrigation for a term of years to have effect from the 15th of June following. Applications presented after the 1st April will be accepted so far as may be possible, having regard to the measurements, &c., which are necessary before the grant of permits. Those presented between 1st April and 1st May will, if accepted, be liable, at the discretion of the Divisional Canal Officer, to an additional rate of 4 annas per acre for the first year of the lease, and those presented between the 1st May and 1st June will be similarly liable to an additional rate of 8 annas per acre. In either case the additional rate shall be payable at the same time as the first instalment of the ordinary rates due on the lease. On presentation of this notice the Canal Officer shall inspect the block which it is proposed to lease, and, if he approves of it, shall proceed to prepare the final application (Appendix III).

Notice that lease is required.

II. The application shall not be entertained unless it refers to a distinct block of land of which the boundaries are defined. The block must (in all but very exceptional cases) include all the irrigable lands of a village which are, or have been, cultivated with rice. If the block of land offered for lease has included within its boundaries:—

Applications to include all rice lands in village.

(*a*) High lands not irrigable by flow, or—
(*b*) "Beali" lands for which canal water is not ordinarily required, or—
(*c*) "Low lands" which cannot ordinarily benefit by canal water,

these lands may be excluded from the final application. But water cannot in that case be supplied to such lands during the currency of the lease except on an application for an annual lease (schedule III).

III. The application must be in the form attached to these rules (Appendix III), which states that water-rates will be paid on all lands contained in the block for which the application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields of the block to be leased, and give due notice to the Canal Officer of any changes in their holdings.

Payment to be made for area leased.

IV. The lands contained within the defined boundaries must be measured (or the area ascertained from the cadastral survey map) by the Canal Officer or his subordinates, and the application must be completely signed by all the cultivators holding lands in the block, or the applicants must bind themselves to be jointly responsible for the water-rates due on such block before a permit for the supply of water shall ordinarily be granted. Provided that if water is required to be supplied before this can be done, a preliminary application in the form Appendix II must be submitted before the 1st of September instead of the notice referred to in Rule I. This form binds the applicants to pay at the rate of Rs. 3 for each acre of their holdings if they fail to complete the lease for a term of years before the 30th of November of the year in which water is required. The Superintending Canal Officer may, if special circumstances appear to him to justify it, alter this date to the 1st of February next following. A permit which has been granted on this preliminary application will be cancelled as soon as the final application (Appendix III) has been completely signed by all the cultivators holding lands in the block. A permit for a term of years will then be issued.

Lease must be complete before water is supplied.

If not, annual lease must be executed.

No leases granted after 1st of September.

V. When under the "lease unit" system described in Rules 7 to 15 inclusive, a portion of a village falls in one "lease unit" and the remainder in another "unit" a separate application must be signed for each portion of the village.

VI. No additions to the area covered by a lease duly executed for a term of years shall, as a rule, be permitted. But when the irrigable area which is under rice cultivation in a village is increased (owing to improvements in distribution or to the actual extension of cultivation or to any other cause), an application may be made for a separate lease for a term of years for such increased area. If the application is approved by the Canal Officer, a permit shall be granted for a term of years such that the lease will terminate at the same time as the one previously granted in the same village. The water-rates chargeable on such a lease shall be those defined in schedule II.

No extension of lease during its currency.

(18) Applications for water for one kharif season only shall be subject to the following conditions:—

I. The application must be for a block of land having well-defined boundaries, and so situated that adjoining or intervening lands will not ordinarily or probably be irrigated by water supplied for the land included in the application. The block must be situated either—

Annual leases.

(1) In immediate contact with a canal or distributary, so that it can be irrigated without a village channel by direct flow therefrom, or
(2) it must be provided with a proper village channel, or
(3) it must be situated in immediate contact with a village leased under schedules I and II, so that it can obtain a supply through the fields of that village.

II. The application must be in the form (Appendix IV) attached to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields in the block which they desire to irrigate.

III. Applications for leases under schedule III must be submitted before the 1st of September.

No leases granted after 1st September.

(19) Applications for the supply of water after the 1st of September from an outlet of a defined size shall be subject to the following conditions:—

Water supplied after 1st September.

I. Outlets in a canal or distributary bank may, at the discretion of the Subdivisional Canal Officer, be leased from the 1st September until the 15th November at the rates enumerated in schedule VI, care being taken not to lease any outlet unless a head of not less than six inches on the outlet is available.

Outlets leased.

II. Persons occupying lands not under lease may apply for water to be delivered to them after the 1st of September for the current kharif season in the form (Appendix V) attached to these rules. The application shall not be entertained unless it is accompanied by a sum in cash equal to half the amount chargeable for the size of the outlet at the rates defined in schedule VI, and by an agreement executed by substantial persons in the form attached to Appendix V binding themselves to pay the remainder.

III. The person to whom a permit for the use of an outlet is granted shall be allowed the free use of all the water he can obtain from that outlet without reference to the area irrigated.

Lessee of outlet allowed free use of water.

On applications for the supply of water during the rabi and hot-weather seasons.

(20) Applications for the supply of water in the rabi season (15th November to 30th April) and in the hot-weather season (1st May to 15th June) will be subject to the following conditions:—

I. The approximate area of land for which water is required must be stated in the application, which must be signed by all the occupiers of the land. The application must be in the form (Appendix VI) attached, which states that water-rates will be paid on the area actually irrigated.

Water-rates paid in area watered.

II. That water cannot be supplied during the hot-weather season when the canals are closed. Notice of the duration of such closures will be given before the commencement of the season.

Canal closures.

(21) It shall be the duty of the patrol to enter in his shudkar every field which is irrigated in the rabi and hot-weather seasons.

(22) Water for filling tanks may be supplied at the discretion of the Canal Officer at the rates given in schedule VII. The charge for the water shall be paid in advance for such a quantity of water as the Canal Officer may consider necessary to fill the tank. The Canal Officer shall see that the outlet is opened for a sufficient time to give the quantity which is paid for.

Water of tanks.

On permits.

(23) A permit shall not be issued when, in the opinion of the Canal Officer—

Grounds for refusing permit.

(i) waste is likely to occur.

(In the order refusing a permit on this ground the Canal Officer shall state in writing the manner in which he apprehends that waste will occur.)

(ii) The area for which water is required cannot be irrigated without passing canal water through, over or into, unleased areas.

(24) All permits for the use of water shall be subject to the following conditions:—

I. That where there are no village channels the applicants will make their own arrangements for the transit of the water from the canal or distributary to the leased area.

Lessees to arrange for distribution.

II. That the water will be supplied at the level at which it is ordinarily maintained in the distributary, and that no earthen bunds or other works will be used to raise the level of the water in the distributary.

No bunds allowed.

III. That the regulation of the discharge of the outlets will be entirely in the hands of the Canal Officer and his subordinates.

Canal Officer to regulate.

IV. That water-rates are paid when due.

Regular payment.

V. That the applicants will not permit waste of water.

Waste to be prevented.

VI. That water supplied for the irrigation of a leased block of land in a village shall not be applied to any other lands in that village.

Water restricted to leased area.

VII. That land to be irrigated on kharif leases (schedules I, II and III) must form a compact block defined by well-marked boundaries of such a nature as clearly to separate the leased lands from the neighbouring unleased ones. The boundaries must be mentioned in the application.

Leased block to be distinct.

VIII. That when high lands, "beali" lands, or low lands, which cannot ordinarily benefit by canal water, are, under Rule 17, II, excluded from a lease for a term of years, a schedule of such lands shall be attached to the application, the numbers of the fields on the cadastral map being stated in the schedule; or if there is not a cadastral survey map of the village, the Canal Officer shall attach a rough map to the lease showing the excluded area.

Excluded lands.

(25) If all the persons who have signed a lease under schedule I or II submit an application for the lease to be cancelled, the superintending Canal Officer may cancel it if he considers the reasons given are sufficient.

Power to cancel lease.

(26) Permits for irrigation for a single kharif season under schedule III (annual leases) shall be subject to the same general conditions; the essential difference being in the duration of the lease and in the fact that a permit may be issued for any well-defined block and not necessarily for the whole irrigable land in the village which is cultivated with rice. "Beali" lands and low-lying lands cannot be excluded from annual leases if they are situated within the boundaries defined in the application.

Annual permits.

Rabi permits.

(27) Permits for irrigation in the rabi or in the hot weather under schedules IV and V shall be issued on the following conditions:—

I.—That the applicants will give notice to the Canal Officer, or his subordinates, as soon as the area requiring irrigation has received a sufficient supply of water.

II.—That the applicants will undertake, as far as is practicable, to prevent water being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated and not on those specified in the application.

On penalties and the cancelling of leases.

(28) At the request of the Collector of the district, the Superintending Canal Officer shall direct the Divisional Canal Officer to—

Irrigation to be stopped where water-rates are not paid.

I. Decline to renew leases (*i.e.*, to issue permits) for the irrigation of land in villages where there have been constant difficulties in realising water-rates. In such cases permits shall not be again issued until all the arrears of water-rates due are paid up; and also, if specially required, by the Collector not unless half the amount due for the first ensuing season is paid up in advance. An order under this rule (unless the Collector in the meantime apply for its being rescinded or modified) shall be in force for the time stated therein, which shall not exceed three years.

Lease may be cancelled where water-rates are not paid.

II. Cancel any lease under schedule I or II, if, on the 1st of June of any year, the water-rates due on such lease are in arrear by more than half a year's demand.

Lease to be cancelled when water misused.

(29) The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease under schedule I or II if water is habitually misused or wasted. Such an order shall have effect from the 15th June next ensuing, and at least two months' notice must be given to the cultivators.

Interests of others to be considered in cancelling leases.

(30) The Superintending Canal Officer in issuing orders under Rules 28 and 29 shall bear in mind the circumstances affecting "lease units" as described in Rules 7 to 15, and shall not cancel a lease if it is necessary that it should remain in force in order that water may be supplied to other leased areas.

On Unauthorised Irrigation and Waste of Water.

Rate for unauthorised irrigation.

(31) Water-rates for unauthorised irrigation shall be assessed by the Canal Officer under section 78 of the Irrigation Act at rates not exceeding Rs. 5 an acre.

Two classes of unauthorised irrigation.

(32) Unauthorised irrigation during the kharif season consists of two classes—

(i) Unauthorised irrigation within the boundaries of a leased area.

(ii) Unauthorised irrigation effected with water taken either from a leased area or from a canal, distributary or village channel.

(i) Within a leased block.

(33) Unauthorised irrigation of the first class shall, during the kharif season, only be assessed when the land irrigated has been entered in the schedule of lands excluded from the lease; and then only when:—

(*a*) The irrigation has been recorded in the patrol's shudkar.

(*b*) The patrol and sectional officer report that there are signs that the water has been deliberately taken and that the crops have benefited.

(*c*) The reports of the patrol and sectional officer have been received by the Sub-divisional Canal Officer within 10 days after the date on which the illicit irrigation was detected.

(ii) Beyond a leased block.

(34) Unauthorised irrigation in the kharif season of the second class shall only be assessed when the same three conditions (*a*), (*b*) and (*c*) have been complied with, and further—

(*d*) When the assessment of the area irrigated has been authorised by the Divisional Canal Officer.

(35) It shall be the duty of the Subdivisional Canal Officer to deal promptly with cases of unauthorised irrigation. He shall personally inspect as many cases as he can, and shall not make any assessment himself, nor ask the Divisional Canal Officer to sanction any assessment, unless the evidence has been recorded and he considers it quite satisfactory.

Notice of assessment to be sent.

(36) When in the first case, the Subdivisional Canal Officer has determined that an assessment of unauthorised irrigation in the kharif season shall be made; or when the Divisional Canal Officer has authorised such an assessment, the Canal Officer shall *at once* send, by post or otherwise, a slip *(a tippa) to each cultivator, informing him of the fact and quoting the approximate area, as detailed in the patrol's shudkar, which has been recorded as irrigated. At the same time he shall send an amin to measure the fields which have been irrigated and to prepare the demand statement therefor.

Demand statements to be promptly issued.

(37) Demand statements of unauthorised irrigation during the kharif season should be served in the village immediately they are prepared, and in no case later than the 30th November.

Unauthorised irrigation in rabi season.

(38) Unauthorised irrigation in the rabi season or in the hot-weather season shall be assessed by the Canal Officer on the evidence of the patrol and sectional officer. The Canal Officer should personally inspect as many cases as he can. A notice that an assessment will be made should be served on the cultivators as soon as an assessment is ordered, as provided in Rule 36, the procedure of which should be generally followed (*mutatis mutandis*).

Waste of water.

(39) Charges for waste of water under section 80 of the Irrigation Act shall be at the rates fixed in Rule 31, and be subject to the same conditions as the assessments of unauthorised irrigation which are stated in the foregoing rules. When a tank or piece of low ground has been deliberately filled, a charge of Rs. 5 per thousand cubic yards may, at the discretion of the Canal Officer, be imposed instead of an acreage rate.

On demand statements.

Demand statements.

(40) Statements showing the amounts due on account of water-rates shall be prepared in such form as may be sanctioned from time to time by the Lieutenant-Governor, under the supervision of the Subdivisional Canal Officer, and shall be signed by him and by the Divisional Canal Officer. They shall then be forwarded to the Collector for the realisation of the demands.

For long leases prepared once for all. A copy sent to chaukidar.

(41) The demand statement showing the water-rates due on any lease given under schedules I and II shall be prepared at the same time as the application. A copy of it shall be given to the patwari or to the chaukidar of the village for the general information of the villagers. A separate statement or tippa signed and sealed by the zilladar may also, if the Collector so direct, be prepared in the name of each person who has signed the lease, showing the annual sum which is due from him. These tippas may be given to the patwari or chaukidar to distribute or may be sent by post. No further notice of demand shall be given during the currency of the lease.

And tippas to each ryot.

Similar procedure for annual kharif leases.

(42) A demand statement showing the water-rates under a lease for a single kharif season (schedule III) shall be prepared as soon as possible after the lease is granted and not later than two months after the issue of the permit. The statement shall show the amount due from each person who has signed the lease, whether irrigation has been effected or not. A copy of it shall be given to the patwari or to the chaukidar of the village for public information, and separate tippas showing the demands against each individual may also be sent as in the previous rule. No further notice of demand shall be given.

Demand statements for rabi and hot weather shall be for

(43) The assessments and issue of demands on account of lands irrigated in the rabi season or in the hot-weather season shall be made under the following procedure:—

The area actually irrigated.

I. The area which is actually irrigated in any village shall be measured, or ascertained by means of the cadastral map, by an amin with the assistance of the patrol. The khasrah, which shall be in a printed form, shall be signed by the amin and by at least two respectable cultivators. If any of the lessees desire to have a copy of the khasrah, he shall be allowed to copy it.

Demand statement sent to chaukidar. Tippas to cultivators.

II. When the measurement is completed, the khasrah shall be forwarded to the Subdivisional Canal Officer, who shall prepare a demand statement with all reasonable despatch. A copy of this statement shall be sent to the patwari or to the chaukidar for public information in the village, and a tippa may be sent as in rules 41 and 42 above to each person whose fields have been irrigated.

Demand for unauthorised irrigation. Payable at sight.

(44) Demand statements on account of unauthorised irrigation shall be dealt with generally in the same manner as those of the rabi season, but with greater promptness. The demand statement in such cases shall be printed on red paper to draw attention to the fact that the demand is payable at sight. The demand statements sent to the patwari or to the chaukidar and the tippas sent to the cultivators shall also be on red paper.

* A "tippa" is the same thing as the "percha" of the Sone Canal Rules.

(45) Persons who may wish to raise any objections to the demands made against them must present a written statement of their case to the Subdivisional Canal Officer, who, after such local or other enquiry as he may think necessary, shall pass orders on the matter. A copy of the order if not passed in his presence and hearing shall be delivered by post or otherwise to the person who raised the objection.

Objections to demands to be made to Canal Officer.

(46) All objections to demands on account of water-rates which relate to the supply of water and the assessment of water-rates and are addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

Objections made to Collector to be referred to Canal Officer.

(47) Objections to the demand statements must be presented within thirty days of the date on which the demand statement was given to the patwari or to the chaukidar of the village, or of the date on which the tippa was delivered to the person objecting. This period may be extended when reasonable cause for delay can be established.

Objections to be made within thirty days.

(48) The objection should ordinarily be stated in a form which will be sold for one pice at all Canal Offices, giving instructions as to the particulars required to admit of the objection being readily investigated; but any form may be accepted at the discretion of the Collector or canal officer provided it clearly states the name or names of the persons objecting, the crop and the year for which the charge is made, the demand from each cultivator to which objection is taken, and the name of the village in which the land is situated. *Provided* that no objection shall be received which refers to more than one "lease-unit," and that all or any of the raiyats in one "lease-unit" may join in one objection.

Prescribed form for objections.

(49) Any person who is not satisfied with the order passed by the Subdivisional Canal Officer under Rule 45 may file an application of appeal to the Collector under section 91 of the Irrigation Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and may meanwhile suspend collections by a written order if he thinks proper to do so.

Appeals to lie to the Collector.

(50) The Collector may, by a special order passed in each case, refer applications under rule 49 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred, within thirty days, by either the applicant or the Divisional Canal Officer.

Appeal against order of Deputy Collector.

(51) When any person appeals to the Collector against an order passed by a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained by him for the purpose of making further enquiries, but the Collector may, on the suggestion of the Divisional Canal Officer, or of his own motion, direct that such enquiries shall be made.

Procedure when an appeal is made to the Collector.

(52) Reports of, and applications for mutations of names in leases under schedules I and II shall be made to the Collector or to any officer authorized by him to receive and dispose of them. If addressed to any Canal Officer, they shall be referred to the Collector for disposal.

Mutations of names.

on the payment of water-rates.

(53) Water-rates assessed under sections 78, 79, and 80 of the Irrigation Act shall be due on the following dates:—

I. Leases for the kharif season for a term of years (schedules I and II)—
In one instalment, on the ... ... 1st March.

Note.—The demand statements will be sent to the Collector as soon as the lease is complete as provided in Rule 41. Annual demand statements are not necessary.

II. Annual leases.

(*a*) Leases for a single kharif season (schedule III)—

In one instalment on the ... ... 1st March.

Note.—The demand statements for the water-rates due on these leases shall be submitted to the Collector as soon as the application is complete (see Rule 42).

(*b*) Leases during the rabi season (schedule IV)—In one instalment on the 1st August (except for sugarcane).

(*c*) Leases during the hot-weather season (schedule V) for sugarcane. The demand for the irrigation of sugarcane for both the rabi and hot-weather seasons shall be paid in one insalment on the 1st of April after the crop is cut.

Note.—The demand statements for these two classes of leases shall be submitted to the Collector fifteen days, if possible, before the water-rates are due, but accuracy in the charges is of more importance than a rigid adherence to dates.

III. For water supplied for kharif crops after the 1st of September to lands which are not under lease (schedule VI)—

First moiety	...	Before the outlet is opened.
Second ,,	...	1st March.

Note.—The first moiety shall be paid to the Subdivisional Canal Officer, the second to the Collector A demand statement shall be forwarded to the Collector as soon as the lease has been granted.

IV. Water supplied for filling tanks (schedule VII)—Shall be paid to the Subdivisional Canal Officer in one instalment—before the outlet is opened.

V. Unauthorised irrigation and waste.

Assessments under sections 79 and 80 of the Irrigation Act.	On receipt of the demand statement by the Collector.

(54) The water-rates shall be paid on or before the dates when they fall due as detailed in the previous paragraph.

Contractor for water-rates.

(55) At the joint written request of all the cultivators signing the application and of a person who shall be termed the contractor, a lease for a term of years may be granted under which the said contractor shall collect and pay to Government the entire sum due annually on the said application. In such a case the form of application shall be altered as prescribed in the footnote of Appendix III. A contractor shall be entitled to receive a commission of 15 per cent. on the amount paid to the Collector.

To be approved by Collector.

(56) No person shall be accepted as contractor under rule 54 except with the written consent of the Collector to his nomination. The Collector may require the contractor to give security for the execution of the agreement. The contractor must be either the zamindar or the farmer of the *entire* village. No person who is the zemindar or farmer of only a portion of the village, less than sixteen annas, shall be accepted as contractor.

Powers of contractors to collect.

(57) Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included therein, at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every sum due from a cultivator to a contractor on account of water-rates under rule 54 shall be deemed to be a sum due to Government under sections 82 and 85 of the Irrigation Act.

Contractor's payments when due.

(58) The sum due from the contractor shall be paid to the Collector, either by instalments or in one sum, before the 31st of March.

Resignation of contractor.

(59) A contractor may resign his interest in a lease on giving to the Collector, before the 1st of October, a written notice of his intention to do so.

Canal Officer may appoint approved contractor.

(60) If, after the completion of a lease under schedule I or II a contractor, as described in rule 55, comes forward, and is willing to undertake to collect the entire sum due from any village on account of water-rates, the Canal Officer, subject to the approval of the Collector, may appoint him to the office under a proper agreement under section 82 of the Act.

Any person paying entire demand may claim 15 per cent.

(61) If, at any time, the cultivators of a village under lease pay to the Collector through any one person nominated by themselves, the entire sum due on their lease, on or before the date on which the water-rates are due, a refund of 15 per cent. of the amount so paid shall be made at the time of payment to such person.

On Remission.

Gauge of discharges.

(62) The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

Remission for failure of supply.

(63) Claims to remission of water-rates under section 76 (*b*) shall be made to the Subdivisional Canal Officer. Such claims shall only be admitted on proof of actual loss caused by failure or stoppage of supply. On proof of such loss, due to such failure or stoppage as described in section 76 (*b*), the Divisional Canal Officer shall remit the whole or any part of the rates. All Applications for remission of water-rates shall be made in the manner provided in rule 45 within 15 days after the occurrence of such failure or stoppage.

Compensation.

(64) Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

Remissions by Superintending Canal Officer.

(65) The Collector or the Superintending Canal Officer, acting under the general instructions which he may from time to time receive from Government, may, in special cases, remit the whole or part of the water-rates due to Government. Such remissions shall be classed as "extraordinary" and shall be a matter of grace only. Remissions under this head

will ordinarily be made on the representation of Collectors or of Divisional Canal Officers only No person shall be entitled to receive an order on an application for remissions contemplated by this rule.

(66) A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

Authority for remission.

On collections and alteration of Demand Statements.

(67) Collections of all water-rates shall be made by the Collector in accordance with the demand statements furnished to him by the Divisional Canal Officer.

Collections.

(68) The Collector may make any alterations in a demand statement provided that the total sum due is not altered or provided that an error in account only is corrected. When such alterations are made in a demand statement referring to a lease under schedule I or II, a memorandum of the alteration shall be sent to the Divisional Canal Officer.

Alterations in demand.

(69) In cases when water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which cannot be recovered may be written off as irrecoverable on the authority of the Collector. A detailed list of sums written off under this rule shall be sent to the Divisional Canal Officer.

Power of Collector to write off.

(70) In all cases other than those stated, the sanction of the Commissioner of the Division must be obtained before any sum can be written off as irrecoverable.

Power of Commissioner.

On the supply of water.

(71) The Subdivisional Canal Officer shall, as a rule, sign all permits himself. He may, however, authorise any fit person to sign them if he considers it necessary. No water shall be supplied until a permit has been signed and issued.

Permits.

(72) The Canal Officer shall be responsible that the supply given through any outlet or group of outlets is in accordance with the permits and suitable to the area and nature of the soil which is under lease.

Outlets suitable to leased area.

(73) It shall be the duty of the patrol to :—

Patrol's duties.

(i) Report immediately all cases in which he finds that canal water is flowing beyond the limits of a block leased for irrigation in the kharif season, unless the water is passing into another leased block.

(ii) Inspect the lands (entered in schedule B,) which have been excluded from a lease under schedule I or II, and to shudkar the fields if they have been irrigated without authority.

Shudkar of unauthorised irrigation.

Note.—The patrol shall not shudkar ordinary irrigation in the kharif season. He has only to do with "Beali" or "Low-lying" fields or unauthorised irrigation beyond the leased area.

(iii) Shudkar unauthorised irrigation and make an immediate report to the Sectional Officer and zilladar.

Report to zilladar.

(iv) Shudkar all fields irrigated in the rabi or in the hot-weather seasons.

Shudkar of rabi and hot-weather.

(74) The Divisional Canal Officer may close outlets in rotation as he may consider necessary. But if the lessees require water, such closure shall not, in the kharif season, exceed five days after ten days of consecutive supply.

Tatesl of outlets

(75) The Subdivisional Canal Officer shall have authority to :—

(i) Stop the supply of water to any canal or distributary in a case of pressing emergency.

Stoppage of supply.

Note.—But, if the supply is stopped, the fact shall be at once reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, the report shall be forwarded to the Superintending Canal Officer.

(ii) Stop the supply to any village channel under section 76 (*a*) of the Irrigation Act, when he is satisfied that the channel is not maintained in proper repair. A record shall be kept of all orders passed under this rule.

Stoppage of supply to village channel.

(76) No person shall be entitled to be supplied with water through a village channel, unless the channel has been put into a proper state of repair in accordance with the directions of the Subdivisional Canal Officer.

Repair of channel.

(77) A Canal Officer or any of his subordinates may temporarily close any outlet supplying a village channel or any leased area when unauthorised irrigation is, at the time, being carried on from the village channel or from the area under lease which is supplied from the outlet.

Outlet to be closed when unauthorised irrigation is in progress.

Miscellaneous.

(78) No officer employed on the canals, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold or leased in connection with them, either in his own name or in the name of another, or jointly, or in shares with others.

Interest in canal water.

(79) Tanks may, at the discretion of the Canal Officer, be filled with canal water without charge, and without reference to the area irrigated in any village wherever water can be made available without injury to the cultivation dependent on any canal, provided that no irrigation is practised from the tank, and that the water is required for domestic purposes or for watering cattle only.

Filling tanks.

(80) Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by rules 28, 52, 56, 58, 59, 60, 61, 67 and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

Powers of Deputy Collector.

SCHEDULE No. I.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages where proper village channels exist or which can be irrigated direct from a distributary without a village channel.	Flow or lift. Rate per acre for each season.
For leases for five years for all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0

SCHEDULE No. II.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages irrigated without village channels which lie in "lease units" as defined in rules 7 to 15.		Flow or lift. Rate per acre for each season.
For leases for five years ...	For all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0
„ four „ ...		1 12 0
„ three „ ...		2 0 0
„ two „ ...		2 4 0
„ one year ...		2 8 0

SCHEDULE No. III.

Leases for a single Kharif season for suitable blocks of any area.

For water supplied between the 15th of June and the 15th of November for defined blocks of land.	Flow or lift. Rate per acre for each season.
For all description of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 3 0 0

SCHEDULE No. IV.

Leases for cold-weather crops.

For water supplied between the 15th of November and the 30th April.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For all descriptions of crops including (sugarcane) included in blocks of land leased under schedules I, II and III.	1 0 0	0 10 0
For all descriptions of crops (including sugarcane) not included in blocks leased under schedules I, II and III.	2 0 0	1 8 0

SCHEDULE No. V.

Leases for hot-weather crops.

For water supplied between the 1st May and 15th of June.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For sugarcane	3 8 0	2 0 0

SCHEDULE No. VI.

For water supplied for kharif crops after the 1st September to lands which are not under lease.

Size of pipe.	Rate for the use of the outlet.
	Rs.
4″ circular	60
5″ ,,	90
6″ ,,	130
7″ ,,	170
8″ ,,	200
9″ ,,	230
	330
9″ × 12″ rectangular	380
12″ × 12″ ,,	600

The person to whom the outlet is leased will be permitted to use the water in any way he pleases. He will only be entitled to the use of the outlet for ten days out of every fifteen days. No definite quantity of water is guaranteed, but the Canal Officer will endeavour to keep a minimum head of six inches on the outlet.

SCHEDULE No. VII.

Water will be supplied for filling tanks at the rate of Re. 1 per 10,000 cubic feet of water used calculated at the outlet.

APPENDIX I.

This form of notice will not ordinarily be accepted later than the 1st April for any lease which it is proposed to make in the year then current.

Form of notice that a permit for a term of years is required.

Mouzah , pergunnah , distributary .

We, whose names are attached, give notice that we wish to apply for a lease for a term of years for a block of land containing all the irrigable rice lands in our village. We request that the block may be inspected; that the necessary measurements may be made; and that the form of application, which has to be signed by all the cultivators of the block, may be prepared. We have ascertained that all the cultivators in the block are willing to enter into the lease.

Signatures of five or six principal cultivators ...

Note.—No permit will be granted on this notice.

APPENDIX II.

Note.—No application in this form will be received after the 1st of September for any lease which it is proposed to make in the year then current.

Preliminary application for a lease for a term of years.

Mouzah , pergunnah , distributary .

1. We, whose names are attached, hereby apply for water to be supplied from the above-mentioned distributary for the irrigation of our rice-fields from the 15th of June until the 15th of November in each of the following years:—

*189	corresponding to 129
189	129
189	129
189	129
189	129

We are aware that the rate applicable to this term of years is Rs.———for each acre leased.

2. The area to be irrigated by each of us is approximately stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North.—
South.—
East.—
West.—

All the cultivators of this block desire to conclude a lease for the period named above.

3. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of a suitable channel or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

4. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

5. We request that the areas of our holdings may be checked and the lease for the term of years specified above may be prepared. We agree to sign the lease for the entire block defined above as soon as it is presented to us.

6. We make this application under section 74 of Act III (B.C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the Act.

7. Should the lease for which we now apply not be completely signed by all the cultivators in the block before the 30th of November next, or should the lease not be accepted by the Canal Officer, we agree to pay at the rate of Rs. 3 for each acre of our holdings within the block as found by actual measurement. *Provided* that if the delay in the completion of the lease be due to any cause beyond our control, the rate to be charged shall be that specified in clause 1 of this application. We agree to pay the sum due from each of us whether we require water during the season or not.

8. We agree to pay the water-rates due on this application in one instalment on or before the 1st of February.

Name of cultivator.	Area to be irrigated.	Signature of cultivator.	REMARKS.

Note.—A permit may be granted on this application by the Subdivisional Officer only.

APPENDIX III.

Form of final application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the distributary for the irrigation of our block of rice-fields from the 15th June until the 15th November in each of the following years :—

* 189 corresponding to 129
189 129
189 129
189 129
189 129

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

The area to be irrigated has the following boundaries :—

North.—
South.—
East.—
West.—

2. The area to be irrigated by each of us is stated in the schedule following, marked A. Each of us agrees to pay water-rates on the area recorded against his name at the rate of Rs.— per acre. We will pay the sums due from us independently of our requiring water in any particular year or not.

3. We desire that the lands entered in the schedule marked B, lying within the boundaries of the block (which are either unirrigable lands, "Beali" lands, or low-lying lands, which will not ordinarily benefit by canal water) may be excluded from irrigation and assessment. Should we require irrigation for such lands, we agree to make a separate application for the particular season when we require the water.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of suitable channels or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the above Act.

7. We agree to pay the water-rates due from us in one instalment on or before the 1st of February, and to give due notice to the Canal Officer of any changes in the holdings included in this application.

8. We are aware that if a permit is granted to us it is liable to be cancelled under rules 28 and 29—

(i) If on the 1st of June of any year, more than one-half of the aggregate water-rates ue on this application are unpaid.

(ii) If water supplied for irrigating the block of land included in the application is habitually wasted or misused.

9. (If all the applicants have not signed.) We who have signed this application further bind ourselves to be jointly responsible for the payment of the water-rates due on the block from those who have not yet signed this application, should they fail to do so in due time, as required by the rules.

SCHEDULE A.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

SCHEDULE B.

Name of cultivator.	Number of fields.	Class of land.	Area of land to be excluded from irrigation and assessment.	Signature.

Note.—A permit will not be granted for any lease for a term of years until an application in this form has been signed by all the occupiers of the land included in the block. If this application is not complete by the 15th June, an application either in Form Appendix II or Form Appendix IV must be submitted if water is required during the year then current.

Note.—When a contractor undertakes the collection of all the water-rates due on this application the following shall be inserted above schedule A :—

"9. We desire under rule ——— that ——————— ——— shall be appointed contractor. We agree to pay water-rates to him as they become due so long as he is authorised by proper authority to collect them. Should the contractor resign or be removed, we engage to pay water-rates to the Collector or to any person authorised by him to receive the amounts due from us."

The contractor shall sign the following agreement which shall be added to the lease :—

"I agree to become contractor under rules ——— ——— for the collection of the entire sum due under this application in consideration of being permitted to deduct Rs. 15 per centum from the total amount due on the lease. I undertake to pay to the Collector the whole amount due to Government on or before the 15th of March following the dates when the water-rates are due from the cultivators; should I default the Collector shall be at liberty to realise from me the said amount in terms of Section 85 of Act III (B.C.) of 1876. I will myself take the risk of any default in payment by the cultivators."

Note.—The agreement with a contractor needs an eight-anna court-fee stamp.

APPENDIX IV.

Note.—No application in this form will be received after the 1st September for water to be supplied during the season then current.

Application for a lease during a single kharif season.

Mouzah pergunnah distributary .

1. We, whose names are attached, apply for water to be supplied from the * 15th June to the 15th of November for the irrigation of the block of land formed by our holdings.

2. The area to be irrigated by each of us is stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North:—
South:—
East:—
West:—

3. Each of us agrees to pay water-rates at the rate of Rs. 3 an acre on the area in his occupation as found by actual measurement. We will pay the sums due from us independently of our requiring water during the season or not.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 18, 26, 61, 62, 70, 73, 74. We agree to abide by them and by all rules passed under the Act.

7. We agree to pay the water-rates due from us in one instalment on the 1st of February.

SCHEDULE.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* If this application is submitted after the 15th June, this date should be altered.

Note.—The block leased on this application may be of any area, but all the irrigable lands included in it must be assessed and paid for. "Beali" lands cannot (if lying within the block) be excluded from assessment.

APPENDIX V.

Application for the lease of a Distributary outlet from the 1st September to the end of the Kharif Season.

I, , of mouzah pergunnah , apply for water to be supplied to me through outlet, No. of the distributary of inches in diameter for use in the irrigation of rice crops. I herewith tender Rs. , being half the sum of Rs. which is the rent of a inch outlet for the remainder of the season. I agree to pay the remaining sum of Rs. by the 31st of December next.

I am aware that the Canal Officer does not guarantee that any definite quantity of water will be delivered by the outlet. I am also aware that I shall only be entitled to the discharge of the outlet for ten days out of every fifteen days.

Witness:— Signature.

We, the undersigned residents of mouzah , pergunnah , agree to be jointly and severally liable for any portion of the above-mentioned sum of Rs. which may be left unpaid by on the 31st of December next.

Witness:— Signature of two substantial persons

APPENDIX VI.

Form of application for a lease during the rabi season or hot-weather season.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the * to the for the irrigation of the areas mentioned below.

2. The approximate area to be irrigated by each applicant is stated in the schedule following, but each of us agrees to pay water-rates at Rs. per acre on the actual area in our occupation as found by measurement, with the proviso that only areas actually irrigated will be assessed.

3. We agree, as far as is possible, to prevent water supplied being wasted or used in an unauthorised manner.

4. This application is made under the rules passed under Act III (B.C.) of 1876, more especially rules 20, 27, 70, 71, 73, 74. We agree to abide by these and by all the rules passed under the Act.

5. We agree to pay the water-rates due on this application on the

Name of cultivator.	Description of crop.	Areas more or less to be irrigated in bigahs and cottas.	Signature of cultivator.	Remarks.

Establishment.

The 9th February 1892.

No. 52.—With reference to Government of India, Public Works Department, Notification, No. 37, dated the 2nd February 1892, Babu Mohendra Nath Dutt, Assistant Engineer, 3rd grade, is posted to the Chota Nagpore Division.

Railway.

The 9th February 1892.

No. 54.—*Declaration.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a transhipment yard at the Mokama Ghat Station of the Tirhoot State Railway, in the villages of Outa Chandravan, Outa Raghuram, and Outa Lakhan Chand, pergunnah Gyaspur, zillah Patna, it is hereby declared that for the above purpose the undernoted plots of land, measuring more or less 135 bigahs, 11 cottahs of standard measurement, equivalent to 44·81 acres, are required within the aforesaid villages of Outa Chandravan, Outa Raghuram, and Outa Lakhan Chand:—

	Approximate area in Acres. A class.	B class.	Total.
Plot A ...	1·54	.....	1·54
„ B ...	9·21	.....	9·21
„ C ...	15·15	.....	15·15
„ D ...	14·25	1·06	15·31
„ E ...	3·60	...	3·60
Total ...	43·75	1·06	44·81

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

COMMUNICATIONS.

The 9th February 1892.

No. 55.—*Declaration.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of the Ranchi-Purulia road in the village of Lagam, pergunnah Silli, zilla Lohardugga, it is hereby declared that for the above purpose a piece of land measuring more or less 14 bigahs and 13 cottahs of standard measurement, bounded on the north by the Ranchi-Purulia road, on the east by tar and paddy land and the Subornarekha river, on the south by paddy and tar land, and on the west by paddy and tar land, is required within the aforesaid village of Lagam.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

[Second Publication.]

The 2nd February 1892.

No. 14*Marine.*—In accordance with the provisions of section 126, clause (4) of the Calcutta Port Act, 1890, the Lieutenant-Governor directs the publication of the following bye-laws for regulating, landing and shipping of goods on inland vessels' wharves, which have been proposed by the Commissioners of the Port of Calcutta:—

Landing and Shipping on Inland Wharves.

BYE-LAWS.

1. With the exceptions hereinafter noted, no vessels, not being sea-going vessels, shall land or ship any goods at any wharf on the east bank of the river Hooghly between the northern boundary of the port and the Government Dockyard at Kidderpore, except at the wharves duly notified by the Commissioners under section 97 of Act III (B.C.) of 1890.

Goods to be landed at authorised wharves only.

2. The foregoing rule shall not apply to inland steamers or flats, or to boats laden with vegetables, fruits, meat, and market produce; such goods can be landed at the public ghats under any rules or restrictions at present or hereafter in force thereat.

Exceptions.

3. By the term "market produce" shall be meant such perishable commodities as are imported for the bazars for immediate and daily consumption, but on such vegetables as potatoes, red gourds, or pumpkins, and the like, which are imported and stored, the toll shall be levied.

Definition of market "produce."

4. No goods, liable under Schedule C for payment of toll, on which toll has not been paid, shall be either landed from, or shipped into, boats or vessels using the inland vessels' wharves.

Goods not to be landed or shipped until toll has been paid.

5. Goods landed from, or shipped into, boats or vessels without payment of the toll, shall be detained by the Commissioners, at the risk and expense of the consignees, until the toll has been paid.

Goods landed or shipped without payment of toll to be detained.

6. If goods shipped have to be re-landed, or goods landed have to be re-shipped, such goods having already paid toll for shipping or landing, shall be exempted from further payment for re-landing or re-shipping, provided such re-landing or re-shipping takes place on the same day as the landing or shipping.

Re landing or re-shipping.

7. Persons in charge of steam-ferries or passenger-boats plying from any public ghat, shall not permit the landing or shipping from, or upon, their vessels of any goods liable under Schedule C for payment of toll, unless such goods are protected by passes.

Steam-ferries and passenger-boats not to take goods unprotected by pass.

8. Except for the purpose of enabling masters of vessels to take measurements or weighments of goods to be shipped on board their vessels, no goods shall be permitted to be stacked on the wharves beyond the time actually necessary to convey them away.

Goods not to be stacked on the wharves.

9. During the time it is actually necessary for goods in course of landing or shipping, to remain on the wharves, such goods shall be piled in places assigned for the purpose by the Superintendents of the wharves, or their subordinates.

Goods awaiting shipment to be under control.

10. Boats shall not be moored or anchored at the wharves, in order that the owners of the goods brought in them may sell or barter.

Boats not to moor or anchor for purposes of sale or barter.

11. Empty boats waiting to be hired, or having discharged goods, shall anchor in the stream, at least 150 feet off the wharves.

Empty boats to lie in the stream.

12. No person shall float timber, rafts, or any obstructive articles in the stream within 150 feet of the bank, so as to impede the movement of boats and vessels at the inland vessels' wharves.

Timber not to be floated to detriment of the wharves.

13. No person shall prevent the Superintendents of the wharves, or other persons deputed by them, from boarding any boat or vessel within 150 feet of the wharves, for the purpose of examining or ascertaining the quantities of the goods in them, or of detaining them for payment of tolls or other charges, or of giving effect to any of the bye-laws and rules passed by the Commissioners.

Commissioners' servants at liberty to board boats or vessels.

14. The hours for landing and shipping goods at the inland vessels' wharves shall be from 6 A.M. to 6 P.M. on all days, except Sundays and holidays authorized by the Commissioners; and no business shall be transacted on the wharves during the hours intervening between 6 P.M. and 6 A.M., nor on such Sundays and authorized holidays, except on payment of overtime or extra fees respectively.

Hours for landing and shipping goods.

15. When goods are to be landed or shipped inward or outward, authenticated challans showing the descriptions and exact quantities of the goods, shall be tendered to the cashier by applicants for the passes. On the data furnished in these challans the passes will be drawn up and the tolls levied. In the absence of such challans, or where reasonable doubts exist with regard to their genuineness or correctness, the calculation for levying the toll shall be based on the registered tonnage of the boats or vessels from which the goods are to be landed, or on which they are to be shipped.

Challans to be filled up.

16. Any person committing an infringement of any of the foregoing bye-laws shall be liable for the first offence to a fine not exceeding Rs. 100, and for a continuance of that offence, after notice shall have been given him by the Commissioners of his having committed the offence, to a further fine of Rs. 50 per diem.

Penalty for non-observance of bye-laws.

J. M. MCNEILL, *Col.*, R.E.,
Secretary to the Govt. of Bengal.

JAIL DEPARTMENT.

No. 1339 —*The 5th February* 1892.—Assistant Surgeon Bejoy Govind Chondhury made over charge of the Palamow Intermediate Jail to Assistant Surgeon Kunja Lal Sanyal on the afternoon of the 24th January 1892.

A. D. LARYMORE,
For Inspector-General of Jails, Bengal.

CIVIL MEDICAL DEPARTMENT, BENGAL.

NOTIFICATION.

No. 1140, *dated 9th February* 1892.—Assistant Surgeon Purna Chunder Dass is appointed to have temporary medical charge of the Dehree Irrigation Hospital in the Shahabad district, with effect from the forenoon of the 24th January 1892.

A. HILSON, M.D.,
Inspr.-Genl. of Civil Hospitals, Bengal.

Sheriff's Office, the 10th February 1892.

Notice is hereby given that the First Criminal Sessions of the year 1892 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Twenty-second day of February instant, at 11 o'clock in the forenoon, and so on from day to day, until the said Sessions be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be present then and there to prosecute.

J. L. MACKAY, *Sheriff.*

A. CROFT, *Director of Public Instruction.*

Drawing in High Schools.

THE following correspondence regarding the introduction of drawing into High Schools as a subject for the Junior Scholarship Examination is published for general information. Separate intimation will be given as to the time when and the manner in which effect will be given to the orders of Government.

A. CROFT,
Director of Public Instruction.

CALCUTTA, *the 7th February*, 1892.

No. 6456, dated Calcutta, the 14th November, 1891.

From—A. CROFT, Esq., Director of Public Instruction, Bengal,
To—The Secretary to the Government of Bengal, General Department.

IN reference to your letter No. 440, dated the 4th August 1891, approving of the general introduction of drawing into high schools, I have the honour to recommend for the favourable consideration of Government the following suggestion, which I owe to Mr. Tawney, Principal of the Presidency College.

2. It is known to you that the University examiners candidates for matriculation in drawing as an optional subject, but that a candidate's success or failure in that subject does not help or hinder his passing the examination. Mr. Tawney's suggestion is that, for the purpose of awarding the Government junior scholarships, the marks gained in drawing by each candidate who takes it up should be added to his total. The advantage of taking up drawing would thus be so great that the subject would virtually become a compulsory one for all students who regarded themselves as possible candidates for scholarships, and the practical result would be that where the students of our drawing classes are now counted by tens, they would then number hundreds or more. A further advantage would be that drawing would be practised by all the best boys, not in any perfunctory or half-hearted way, but with a genuine desire to acquire an art that paid so well. The learning of drawing would, I am confident, become so common that there would be little risk of a student gaining a scholarship by drawing alone, while his attainments in other subjects were not up to the scholarship level. Marks should be assigned to drawing on such a scale as would give it its due weight and no more, while offering a tangible advantage to those who took it up. On that ground I prefer the present proposal to another which might possibly be put forward, namely, to award the scholarships on the University results, as at present, but to confine them to those candidates who passed in drawing. I think it better not to disqualify any candidate for backwardness in drawing, provided he is good enough all round to be able to make up his lee-way in other subjects.

3. If the scheme be accepted in principle, it will then be incumbent on Government to provide drawing masters in all Government high schools. The cost will be from Rs. 55 to Rs. 65 a month in each case, as explained in paragraph 8 of my No. 3834, dated the 1st July 1891, besides initial outlay amounting to Rs. 200. In some cases the expenditure, or part of it, can be met from the surplus income of the schools; and in all, the fees paid by students of the drawing-class will go some way to reduce the cost. The fee-rate has been fixed at 4 annas a month in the three high schools in which classes have been opened; but I would now recommend that when the ordinary schooling-fee exceeds Rs. 3 a month, no extra fee should be charged for drawing. The fee-receipts will be further enhanced by the admission of pupils from neighbouring high schools, the managers of which may not wish to entertain a drawing master of their own. The fee for such students should be fixed at 8 annas a month. In Calcutta, out-students should be admissible, not only to the existing drawing-class of the Hare School, so far as the accommodation may permit, but also to special classes to be opened in the School of Art, which may be expected abundantly to pay their way.

4. A further part of Mr. Tawney's scheme is that while drawing should remain optional in the three highest classes, it should be declared compulsory in the lower classes, from the fourth to the sixth or seventh. The suggestion is well worth consideration; and the accompanying copy of a letter No. 245, dated the 5th October 1891, from Mr. E. F. Mondy, late Officiating Principal of the Dacca College, shows that the experiment has been attended in that institution with very fair promise of success. If I do not press for its adoption now, it is chiefly because I should prefer to wait a little and see the results of the other measure which I am advocating. It is quite possible that the hope of becoming proficient in drawing at the Entrance examination will lead students to join the class voluntarily at the earliest possible stage. If otherwise, the subject can hereafter be made compulsory whenever the occasion may arise. It will be observed that if drawing is made compulsory at any stage, no fees can be levied in the corresponding classes; and we should thus forego some slight pecuniary advantage.

5. The date from which the first proposal, if approved, should have effect, would depend on the time within which the School of Art would be able to supply the large number of teachers that the scheme requires.

No. 245, dated Dacca, the 5th October 1891.

From—E. F. MONDY, Esq., Offg. Principal, Dacca College,
To—The Director of Public Instruction, Bengal.

YOUR circular 4T—119, with its accompanying correspondence, on the subject of the teaching of drawing in schools, prompts me to offer the following remarks in anticipation of the regular report on the success of the plan adopted here.

In my letter No. 1, dated 1st April 1891, I reported having arranged to have drawing taught to the 4th, 5th, 6th and 7th classes of the collegiate school, partly in the school hours and partly by extending them an hour every day. This has been in force for over three months, and there is every reason to be entirely satisfied with the result. Both the head master and the drawing master have assured me from time to time that the boys were taking very kindly to the work, the latter stating that all but about three or four of the boys in each class exhibited a liking for it. From reports by both masters sent to me at my request, the same appears. The head master writes: "I am glad to state that the boys evince great interest in drawing. I am therefore of opinion that the present arrangements be continued for another year." In reading this tentative approval, it must be borne in mind that the head master has a fear, as hinted at in my letter above quoted, that the introduction of drawing will, by taking time from other subjects, tend to lower the position the school has held among the schools in Bengal. This feeling is excusable, and though it is not likely to carry any undue weight here, there can be little doubt it may become such a factor of passive resistance to the introduction of drawing into many schools that it must not be lost sight of when estimating the results. That the boys *do* evince great interest in the work is encouraging.

The drawing master reports that he has a "total of 272 boys under instruction, one only being a voluntary student; 90 per cent. of the boys are eagerly prosecuting their studies in this branch, and are eager to show their talents at the annual examinations." He also showed me some drawings that had been executed "by the 4th class in little more or less than an hour without any correction from me," and many were very well done considering the short time the boys have been working at the subject. As at present there is no regular examination for these boys in this subject, I would recommend that a simple examination by the drawing master be conducted, and as a stimulus, seeing that the subject counts nothing towards class promotion, a few inexpensive prizes be offered to each class. As a further evidence of the way in which the boys are taking to the subject, I may add that in one of my recent visits to the hostel I found some boys copying drawings from a copy-book instead of studying at other subjects which count so much more in their school work.

The experience gained by this short trial tends to show that the too generally received notion that the Bengali student has a special inability for drawing is a mistake. That he is inapt is true, but I think experience will prove this to be the result of want of opportunity and incentive. Indeed if any proof of this is necessary, we have it in the survey school, where lads of very ordinary abilities are admitted, while a large number turn out very fair draughtsmen. Drawing here is compulsory, and is pursued with the same interest as other subjects.

Like results will, I feel convinced, follow its introduction here, when I hope it will be more generally extended. My intention was to carry the subject up to the second class in two years, leaving it, for obvious reasons, a voluntary subject for the Entrance class, at least until the University attach greater value to it. This must, however, be left for the report on the subject at the end of a year's trial.

No. 605, dated Calcutta, the 31st December 1891.

From—W. MAUDE, ESQ., C.S., Under-Secy. to the Govt. of Bengal, General Dept.,
To—The Director of Public Instruction, Bengal.

I AM directed to acknowledge the receipt of your letter No. 6456, dated the 14th November last, and in reply to say that the Lieutenant-Governor cordially approves the proposal contained in paragraph 2 thereof, that for the purpose of awarding the Government junior scholarships the marks gained in drawing by each candidate who takes it up at the Entrance Examination of the Calcutta University should be added to his total. His Honour will sanction from provincial revenues the expenditure necessary for the appointment of a drawing master in each high school which has not a surplus income after the deduction of fees. The suggestion made in paragraph 3 of your letter, that drawing should be a compulsory subject in the classes from the 4th to the 6th or 7th of these schools, seems to Sir Charles Elliott to be an excellent one, and His Honour will be ready to sanction it whenever you think the time has come for introducing it.

2. In connection with the policy of closing Government high school whenever there is a thoroughly good aided or unaided school to take its place, I am to observe that it may be arranged that, if the school of the latter class has no drawing master, the master employed at the Government high school to be closed should be transferred on loan to the high school which takes its place.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 112B.

NOTICE is hereby given that the Third Sale of Opium, the Provision of 1889-90, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 2nd March 1892, at 11 A.M., and will comprise 4,500 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory consisting of	...	2,150
Ditto ditto at the Ghazeepore Factory consisting of	...	2,350
Total	...	4,500

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 24th November 1891, and published in the "*Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 7th and 17th March 1892 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 7th March 1892, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Thursday, the 17th March 1892.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazeepore Factories will be brought to sale up to December next about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so :—

DATES.	Manufactured at the Patna Factory. About chests.	Manufactured at the Ghazeepore Factory. About chests.	Total, about chests.
On or about Monday, 4th April 1892 ...	2,150	2,350	4,500
On or about Monday, 2nd May 1892 ...	2,150	2,350	4,500
On or about Friday, 3rd June 1892 ...	2,150	2,350	4,500
On or about Monday, 4th July 1892 ...	2,150	2,350	4,500
On or about Wednesday, 3rd August 1892 ...	2,150	2,350	4,500
On or about Thursday, 1st September 1892 ...	2,150	2,350	4,500
On or about Monday, 10th October 1892 ...	2,150	2,350	4,500
On or about Wednesday, 2nd November 1892 ...	2,150	2,350	4,500
On or about Thursday, 1st December 1892 ...	2,150	2,350	4,500
Total ...	19,350	21,150	40,500

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th February 1892.—It is hereby notified that, under section 27, Act III (B.C.) of 1884, the Lieutenant-Governor is pleased to appoint Babu Rameswar Chackravarti to be a Commissioner of the Serajgunge Municipality in the district of Pubna, *vice* Mr. J. C. Robertson, deceased.

H. H RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th February 1892.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the power vested in the Local Government by section 221 of Act III (B.C.) of 1884, and in accordance with the recommendation of the Commissioners of the Kishnagar Municipality, made at a meeting, to extend the provisions of Part IX of the said Act to Wards Nos. III, IV and V of the above Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the Municipality.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 6th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Dacca Municipality for a public purpose, viz., for widening a portion of Chawk road opposite the Chhota Katra in the town of Dacca, station Sudder, zillah Dacca, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1½ dhoors of standard measurement, is required. The land is bounded on the North by Mowla Bux Bepari's holding and a narrow lane, and on the South, East and West by the main road.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY.
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 9th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Municipal Commissioners of Dacca for a public purpose, viz., for the erection of a female ward and dispensary in the town of Dacca, station Sadar, zillah Dacca, it is hereby declared that for the above purpose a piece of land measuring, more or less, 16 cottahs of standard measurement, is required. The land is bounded as follows:—

Plot No. 1.—On the North by a lane on the south of Syamakant Banerjee's house; on the East by the road leading to the river Boorigunga; on the South by the land of Ranu Baboo's house; and on the West by the house of Ranu Baboo.

Plot No. II.—On the North by the house of Syamakant Banerjee; on the East by Gakul Munshi's house and the road; on the South by the compound wall and the compound of the female medical ward of the Mitford Hospital; and on the West by the compound of the Dacca Mitford Hospital.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 9th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Dacca Municipality for a public purpose, viz., for a new diversion road in Mirata's Lane in the town of Dacca, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 cottah 13 dhurs and 28 square feet of standard measurement, is required. The land is bounded on the North by Mirata's Lane and the land south of the Maszid; on the South by Mirata's Lane and the land of Ram Chandra Guha; on the East by the land of Babu Chandra Kumar Banerjee and others; and on the West by Mirata's Lane and the land east of Maazid.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

The Calcutta Gazette.

WEDNESDAY, FEBRUARY 10, 1892.

PART II.

Advertisements.

[N. B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

LAND SALE NOTICES.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates, or shares of estates, in the district of Dinagepore, will be put up for sale at the Collector's Office of that district on the 7th March 1892, for arrears of revenue and other demands which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue.

When in columns 5, 7, and 9 of the appended statement it is stated that only a share is to be sold, a separate account is kept for such share, and the other share or shares in the estate are excluded from the sale.

DWARKA NATH DUTT, Chairman, Barisaul Municipality.
Barisaul Municipal Office, the 5th February 1892.
(1039—2)

Ramghur Company, Limited.

THE Ordinary General Meeting of the Shareholders of this Company will be held in the Company's Registered Office, No. 16, Strand, on Saturday, the 20th February, at noon.

(1034—1) MACKINNON, MACKENZIE & Co.

THE Partnerships formerly subsisting between us the undersigned Richard Harris Ramsay, William Samuel Wakefield, and Lewis Richards, carrying on business at Calcutta and Simla in the Empire of India, under the style or firm of Francis, Ramsay and Company, as Family and Furnishing Drapers and kindred branches of trade, and at Calcutta aforesaid under the style or firm of Ramsay, Wakefield and Company, as General Outfitters, was, as on and from the 1st day of April 1887, dissolved by mutual consent, so far as regards the said Lewis Richards alone, who then retired from both the said firms. As witness our respective hands this sixth day of February 1892.

R. H. RAMSAY by his Attorney W S. WAKEFIELD.
W. S. WAKEFIELD.
(1039—1) L. RICHARDS.

Estate Frank St.Clair Grimwood, deceased.

NOTICE is hereby given that all creditors and other persons having any claims or demands upon or against the estate of Frank St.Clair Grimwood, late of the Bengal Civil Service, and Political Resident at the Native State of Manipur in Assam, deceased, who died on the 24th day of March 1891, and Letters of Administration (with contents of Will annexed) of whose property and credits were on the 7th day of September 1891 granted by the High Court of Judicature at Fort William in Bengal in its Testamentary and Intestate Jurisdiction, to John Gregory Apear, of No. 44, Chowringhee Road, in the town of Calcutta, the constituted Attorney of Ethel Grimwood, the Executrix appointed by the said Will, are hereby required to send in writing the particulars of their claims or demands to the undersigned, the attorneys for the said Administrator, at No 4, Strand Road in Calcutta aforesaid, on or before the 15th day of April next; and notice is hereby also given that after that day the said John Gregory Apear will proceed to distribute the assets of the said Frank St. Clair Grimwood, deceased, amongst the parties entitled thereto, having regard only to the claims of which he shall then have had notice, and that he will not be liable for the assets so distributed, or any part thereof, to any person of whose claim he shall not then have had notice.

Dated this 8th day of February 1892.

DIGNAM, ROBINSON AND SPARKES,
Attorneys for the said Administrator.
4, Strand, Calcutta. (1044—1)

Road Cess Notification.

DISTRICT 24-PERGUNNAHS.

IT is hereby notified that under section 46, Act III (B.C.) of 1885, the District Board, 24-Pergunnahs, have, at a meeting held on the 29th January 1892, determined to levy road cess during the ensuing year 1892-93 at the maximum rate, viz., at the rate of one-half anna on each rupee of the annual value of lands in the district.

RAJENDRA NATH MITRA, for Chairman.
ALIPUR, the 8th February 1892.

INSOLVENT NOTICES.

In the Court for the Relief of Insolvent Debtors at Calcutta.

In the matter of MONOHUR DASS, an insolvent.

On Monday, the 1st day of February instant, it was ordered that the matters of the petition of the said insolvent be heard on Saturday, the 5th day of March next, and that the said insolvent do then attend to be examined before the said Court.

Gillanders and Son, Attorneys. (1040—2)

In the matter of MONOHUR DASS, of No. 24, Okil Mitter's Lane, Champatollah, in the town of Calcutta, formerly a dealer in miscellaneous goods and lately in the service of Hury Churn Kurmokar as sircar, but at present a prisoner for debt in the Presidency Civil Jail, an insolvent.

Notice that the petition of the said insolvent seeking the benefit of the Act XI Vic., Chapter XXI, was filed in the Office of the Chief Clerk on Monday, the 1st day of February instant, and by an order of the same date the estate and effects of the said insolvent were vested in the Official Assignee.

Gillanders and Son, Attorneys. (1041—1)

In the matter of NEMYE CHURN CHOWDRY, SHOSEE BHUSON CHOWDRY and ISSUR CHUNDER CHOWDRY of Khooroot, in the zillah of Hooghly, lately carrying on business at No. 42, Strand Road, known as Koolpighat in Calcutta, as arutdars under the name and style of Issur Ram Chund Chowdry, Nemye Churn Chowdry, and at No. 34, Moirahatta Street in Burra Bazar in Calcutta, as merchants under the name and style of Nemye Churn Chowdry, insolvents.

Notice that the petition of the said insolvents seeking the benefit of the Act XI Vic., Chapter XXI, was filed in the Office of the Chief Clerk on Tuesday, the 2nd day of February instant, and by an order of the same date the estate and effects of the said insolvents were vested in the Official Assignee.

R. Rutter, Attorney. (1042—1)

In the matter of JOHN HENRY ROSE HARLEY, an insolvent.

On Monday, the 11th day of January last, it was ordered that, subject to payment to Albert Birmingham Miller, Esq., the Official Assignee of this Court and the Assignee of the estate and effects of the said insolvent, of his usual commission and all costs and charges lawfully due, the petition filed by the said insolvent seeking for relief under the provisions of the said Act be withdrawn and the Vesting Order made thereon be discharged, provided always that all acts or things done by the said Assignee or other person acting under his authority prior to this order shall be good and valid, and shall not be annulled or in any wise affected thereby, and upon payment of his commission and all costs, charges and expenses lawfully incurred by him as aforesaid, the said Assignee do deliver over to the said insolvent, or to his Attorney upon his receipt, all the estate and effects, moneys, goods, books and papers now remaining in the hands of the said Assignee belonging to the estate of the said insolvent.

N. C. BURRAL, Attorney. (1043—1)

Chief Clerks Office, the 9th day of February 1892.

In the Court for the Relief of Insolvent Debtors at Calcutta.

In the matter of ANNE GALLWAY, of No. 4, Mirzapore Lane, in the Town of Calcutta, an insolvent.

NOTICE is hereby given that on the 5th day of March 1892, at the hour of 11 o'clock in the forenoon, an application will be made to the Presiding Commissioner of the Court for the relief of insolvent debtors at Calcutta, for an order that the petition of insolvency filed by the insolvent on the 14th June 1881 be withdrawn and that the vesting order made on the same date be discharged on the ground that she has settled with all her creditors.

S. J. LESLIE, Attorney for the Insolvent.
Dated the 9th day of February 1892.

Casual advertisements, 4 annas per line.

Notice.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

The List of Books available for sale at the Secretariat Press will in future be published once only in each month.

Spare copies of the List will, however, be kept in stock ready for issue on receipt of applications for them.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, FEBRUARY 10, 1892.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 24.

[First Publication.]

BAY OF BENGAL—ORISSA COAST.

The wreck off False Point.

THE wreck reported in the Notice to Mariners, No. 22 of the 30th January, issued by this office, now appears to be a sunken vessel in 10 fathoms reduced, with two masts standing up between 12 to 18 feet above the water, in Lat. 20° 30′ 30″ N: Long. 87° 07′ 30″ E. As this wreck lies directly in the track of vessels going between Calcutta and False Point, and *vice versâ*, navigators are warned to be cautious.

Arrangements are now being made to remove the wreckage with the least possible delay.

EATON W. PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B. BESTIC,
Under-Secretary, Marine Department.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 26.

[First Publication.]

CHINA—EAST COAST—YANG TSE KIANG ENTRANCE.

Temporary alteration in light vessel—Tungsha banks.

THE British Admiralty has given notice (No. 643 of 1892) that on or about 7th January 1892, Tungsha light vessel (*Tungsha*) will be withdrawn from her station at Yang tse kiang entrance, for repairs; and will be temporarily replaced by the light vessel *Newchwang*:—

The *Newchwang* will show a *fixed white* light, visible in clear weather from a distance of 11 miles; a riding light will also be exhibited from the forestay, 6 feet above the rail. The

vessel is painted red, has there masts (black ball at the main), with *Newchwang* in white letters on her sides.

During thick or foggy weather a steam fog-horn on board this light vessel will be sounded at intervals of *ten seconds*.

Approximate position: lat. 31° 8′ N., long. 122° 0′ E.

The *Tungsha* will be replaced in position as soon as the repairs have been completed.

EATON W. PETLEY,
Port Officer of Calcutta.

INDIA—EAST—MADRAS COAST.

Exhibition of a new light from Gopalpur flagstaff.

THE Presidency Port Officer, Madras, has given notice, that on and after the 1st March 1892, a new light will be exhibited from the top of Gopalpur flagstaff in the place of the country lantern now displayed from the cross-trees at that port.

The new light is a fixed white dioptric port light, of the fourth order, visible between the bearings of N.-E. round by north and west to S.-W., visible in clear weather a distance of 12 miles.

[Third Publication.]

BAY OF BENGAL—BURMA COAST.

Intended alteration of the character of Oyster Island light.

IT is intended, on or about the 20th May 1892, to exhibit the Oyster Island light from the new tower recently erected.

The light will be an occulting dioptric, of the first order, obscured two seconds once in every half minute, illuminating a *white* arc of 345° and a *red* arc of 15°, between the bearings of N. 85° W. and N. 50° W. (magnetic).

The light is elevated 130 feet above the level of the sea, and is visible in clear weather 17½ miles.

The light-house is built of iron, and will be painted in alternate bands of black and white.

The existing light-house will be removed, and the blue light discontinued, from the date of exhibition of the new light.

Approximate position: lat. 20° 12′ 30″ N.; long. 92° 33′ E.

[Third Publication.]

AUSTRALIA, NORTH COAST—PORT DARWIN.

Regarding the White beacon on Point Charles.

THE Acting President, Marine Board, Port Adelaide, has given notice (No. 8 of 1891) that the White beacon, Point Charles (referred to in Notice to Mariners, No. 6 of 1882), has fallen down, and that only the *debris* remain to mark the site.

The locality, which may be easily distinguished by its being the highest land in the vicinity, should not be approached within a distance of three (3) miles.

As a light house is shortly to be erected near the same site (as already notified), it is not proposed to replace the beacon.

LIBERALITY OF RAJA BAIKUNTHA NATH DE, BAHADUR, OF BALASORE, AND OF HIS BROTHER.

No. 333, dated Calcutta, the 9th February 1892.

From—H. H. RISLEY, Esq., Offg. Secy. to the Govt. of Bengal, Financial and Municipal Departments,

To—The Commissioner of the Orissa Division.

I AM directed to acknowledge the receipt of your memorandum No. 26L.F., dated 29th January 1892, and enclosures, on the subject of an offer made by Raja Baikuntha Nath De, Bahadur, of Balasore, and his brother Babu Satyendra Nath De—

(*a*) To provide a permanent endowment of Rs. 300 for the charitable dispensary recently established by them at Soorah,

(*b*) to establish a dispensary at Jelasore on the Jagannath Road, to be called the "Albert Victor Charitable Dispensary," and provide an endowment for the dispensary of Rs. 240 a year, and

(*c*) to establish a female ward to be called the "Rani Sreemati Charitable Female Dispensary" attached to the Raja Syamanund De Dispensary at Balasore, together with quarters for a lady doctor, and to permanently endow the institution with Rs. 600 a year.

2. In reply, I am directed to say that the Lieutenant-Governor has much pleasure in accepting the liberal offer of Raja Baikuntha Nath De, Bahadur, and Babu Satyendra Nath De, and I am to request that His Honour's thanks may be conveyed to the donors for this further proof of their munificence and public spirit. The Magistrate of Balasore has been informed by telegram that, in compliance with the request of the Raja and his brother, His Honour has consented to lay the foundation-stone of the female hospital during his forthcoming visit to Balasore.

4. This letter will be published in the *Calcutta Gazette*.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different districts of Bengal, as reported to Government, during the week ending the 6th February 1892.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL.			
Burdwan Divn. 1	Burdwan Feb. 6, '92	Nil	Weather—seasonable. Prospects of *rabi* crops and sugarcane fair, but rain wanted. Reaping of sugarcane commenced. Supply of fodder and water sufficient. Prices of rice:— Srs. Sudder ... ... 13; Culna ... ... 14; Cutwa ... ... 14 — per rupee.
	Culna ...	Nil	
	Cutwa ...	Nil	
2	Bankoora „ 6, '92	Nil	Weather—getting warm. Harvesting of *rabi* and pressing of sugarcane going on. Condition of cattle fair. Fodder and water hardly sufficient. Coarse rice selling at 16½ seers per rupee at Bishenpur and 16 seers at Bankoora.
3	Birbhum „ 6, '92	Nil	Weather—growing warm. Wheat and *kalai* have suffered from want of rain. Fodder and water plentiful. Condition of cattle normal. Price of rice from 13½ to 17 seers per rupee.
	Rampore Haut ...	Nil	
4	Midnapore „ 6, '92	Nil	Weather—becoming hotter. Indigo doing well, but prospects of *rabi* not good. Large exportation of food-grains from Ghatal. Fodder sufficient except in parts of Sudder subdivision. Prices of common rice:— Srs. Sudder ... ... 15; Contai ... ... 18; Tamluk ... ... 13; Ghatal ... ... nearly 15 — per rupee.
5	Hooghly „ 6, '92	Nil	Weather—hot for the time of year. *Rabi* less extensively planted this year. Sugarcane is a remarkably fine crop. Other crops fair. No difficulty in obtaining water and fodder-supply. Prices of common rice:— Srs. Sudder ... ... 11; Serampore ... ... 13; Jehanabad ... ... 16 — per rupee.
	Serampore ...	Nil	
	Jehanabad ...	Nil	
6	Howrah „ 6, '92	Nil	Weather—warm. *Rabi* crops require rain. Sugarcane crop good. Price of common rice 13 to 14 seers per rupee. Fodder and water-supply sufficient.
	Uluberia ...	Nil	
Presidency Divn. 7	24-Pergha. „ 6, '92	Nil	Heat increasing. Harvesting of *aman* over. Prospects of *rabi* crops not good owing to want of rain. Pressing of sugarcane continues. Price of common rice 12½ to 15 seers per rupee. Supply of fodder and water sufficient. Cattle-disease reported from one village in thana Harowa.
8	Nuddea „ 6, '92	Nil	Weather—warm. Prospects of *rabi* crops continue bad for want of rain. Sugarcane doing well. Common rice selling at from 11 seers 7 chittacks to 14 seers 8 chittacks per rupee. Condition of cattle good except in Chuadanga, where cattle-pox is reported in a few villages. Supply of fodder and water sufficient.
	Kushtea ...	Nil	
	Meherpore ...	Nil	
	Ranaghat ...	Nil	
9	Khoolna „ 6, '92	Nil	Weather—seasonable. *Aman* harvest reported from different parts of the district as varying from 10 to 14 annas. *Boro* suffering in Bagirhat for want of rain. Prospects of winter crops fair in Bagirhat, but not good in Satkhira. Price of common rice varies from 13 to 16 seers per rupee. Fodder and water for cattle sufficient.
	Bagirhat ...	Nil	
	Satkhira ...	Nil	
10	Jessore „ 6, '92	Nil	Weather—days rather hot. Harvesting of *aman* nearly over. *Rabi* crops want rain to thrive. Supply of fodder and water for cattle sufficient.
	Jhenidah ...	Nil	
	Magurah ...	Nil	
	Narail ...	Nil	
	Bongong ...	Nil	
11	Murshedabad „ 6, '92	Nil	Weather—days hot, nights cool. Prospects of *rabi* crops not favourable. Rain badly wanted. Fodder and water sufficient for cattle.
Chittagong Divn. 12	Chittagong „ 6, '92	Nil	Weather—seasonable; latterly foggy and getting hotter. State of *rabi* crops fair. Prices steady. Condition of cattle generally good. Supply of fodder sufficient.
13	Noakhally „ 6, '92	Nil	Foggy mornings. Days rather warm. State of *rabi* crops not good. Rain much wanted. Condition of cattle good. Fodder and water sufficient in Sudder subdivision, but insufficient in some parts of Feuny and Parshuram. Price of rice stationary.
14	Tipperah „ 6, '92	Nil	Weather—seasonable. Prospects of crops fair. No cattle-disease reported. Fodder sufficient.
15	Chittagong Hill Tracts. „ 4, '92	Nil	Weather—seasonably cool, but a little cloudy in the mornings. Mustard and sesamum (*til*) ripening, and being reaped in some places. Vegetables and other spring crops progressing, but wanting rain. Fields being prepared for *bhadoi*. Cutting and pressing of sugarcane still going on. Cattle-disease in hoof reported in some places. Common rice selling at 11 seers 1 chittack per rupee.

No	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL—*concld.*			
Dacca Divn.			
16	Dacca — Feb. 6, '92	Nil	Weather—seasonable. Ploughing for early rice going on. State of *rabi* crops fair, but rain wanted. Sowings of *chæna*, *kaon*, and *til* going on. Common rice selling at from 12 to 16 seers per rupee. Fodder available. Condition of cattle generally good.
17	Furreedpore — „ 6, '92	Nil	Weather—cool; foggy in the morning. Cultivation and sowing of *boro* and *jali* paddy still in progress. Rice selling at 14, 14, and 16 seers per rupee at Sudder, Goalundo, and Madaripore respectively. Condition of cattle good. Fodder available.
18	Backergunge — „ 6, '92	Nil	Weather—rather too hot for the time of year, with foggy mornings and occasional clouds. State and prospects of crops fair. Ordinary rice selling at from 10 to 14 seers per rupee. Supply of fodder and water sufficient.
19	Mymensingh — „ 6, '92	Nil	Weather—seasonable. Outturn of late rice good. Condition of cattle good. Supply of water and fodder sufficient. Common rice sells at from 12 to 17 seers per rupee.
Rajshahye Divn.			
20	Dinagepore — „ 6, '92	Nil	Weather—getting hot. Cultivation of *bhadoi* crops going on. Sugarcane still being pressed. Outturn of mustard expected to be 12 annas. Rain wanted. Price of rice at Thakurgaon stationary, at Sudder 13 seers per rupee. Condition of cattle good. Supply of fodder fair and water sufficient.
	Thakurgaon ...	Nil	
21	Rajshahye — „ 6, '92	Nil	Rain much wanted. Cold-weather crops giving a fair outturn where they grow. Fodder and water-supply sufficient. No cattle-disease. Price of rice ranges from 12 to 15 seers per rupee.
	Nattore ..	Nil	
	Nowgong ...	Nil	
22	Rungpore — „ 6, '92	Nil	Weather—seasonable. Prospects of standing crops favourable. Potatoes and sugarcane are being harvested. Ploughing for *aus* is going on. Rain urgently needed. Prices of common rice:—
	Gaibanda ...	Nil	
	Kurigram ...	Nil	
	Nilphamari ...	Nil	

	Srs.	
Sudder	12 to 14	per rupee.
Nilphamari	13	
Kurigram	10 to 11	
Gaibanda	12 to 14	

Fodder sufficient. There is no cattle-disease.

23	Bogra — „ 6, '92	Nil	Weather—fine and dry. Mustard is being cut, and 12 annas outturn is expected. The produce of sugarcane is about 18 annas, and the manufacture of *goor* is going on briskly. The other *rabi* crops are doing well, but rain is wanted for them; also for helping the ploughing for *aus* paddy and jute, and for the grass. There is no serious lack of fodder and water, but straw is scarce in some places. The cattle have not suffered. Common rice is selling at an average of 13½ seers a rupee.
	Sherpur ...	Nil	
	Nowkhilla ...	Nil	
24	Pubna — „ 6, 03	Nil	Weather—seasonable. State of standing crops getting bad for want of rain. Outturn of *aman* paddy reported from Serajgunge to be 7 annas. Price of rice varies in places, being 12 to 15 seers per rupee; that of jute remains unchanged. Fodder and water-supply sufficient.
25	Darjeeling — „ 6, '92	0·31	Weather—cold. Potatoes are nearly all harvested. Sugarcane and mustard doing well. Rain needed for wheat crop and for ploughing. Fodder for cattle running short in the Terai, but water is sufficient. No disease among cattle.
26	Julpigoree — „ 6, '92	Nil	Weather—rather hot. *Rabi* crops suffering from want of rain. Mustard has yielded a 12-anna crop. Land is being prepared for *bhadoi* sowings. Common rice sells at 10 seers per rupee at Sudder and 8 seers at Alipur. No cattle-disease. Fodder and water-supply sufficient.
BEHAR.			
Bhagulpore Divn.			
27	Monghyr — „ 6, '92	Nil	Weather—dry and seasonable. Prospects of *rabi* not good; outturn estimated at 8 annas in the Sudder and Begusarai subdivisions and 6 annas in Jamui. Common rice selling at from 11 to 14 seers per rupee in the Sudder subdivision, 13 seers in Begusarai, and 13½ seers in Jamui. Cattle-disease (small-pox) reported from Jamui thana.
	Begusarai ...	Nil	
	Jamui ...	Nil	
28	Bhagulpore — „ 6, '92	Nil	Weather—getting warmer. Prospects of *rabi* in the south of the district are fair. In the north they are in most places very unfavourable. Outturn of linseed estimated at six annas. Common rice—old 10 seers 11 chittacks per rupee, new 12 seers 10 chittacks per rupee.
29	Purneah — „ 6, '92	Nil	Weather—foggy in the morning, hot during the day time. No immediate prospect of rain. Harvesting of *aghani* finished; average of outturn at Sudder 4 to 6 annas. Harvesting of mustard almost over at Kishengunge and Arrareah; outturn at Arrareah estimated at 10 annas. Harvesting of tobacco and planting of sugarcane in progress at Arrareah. Other *rabi* crops suffering everywhere for want of rain. Fodder and water for cattle plentiful. No cattle-disease. Prices of common rice:—
	Kishengunge ...	Nil	
	Arrareah ...	Nil	

	Srs.	
Sudder	11 to 13	per rupee.
Arrareah	12 to 13	
Kishengunge	11	

30	Maldah — „ 6, '92	Nil	Weather—mornings foggy, days getting hot. Gathering of *kalai* and mustard finished except in one or two places. Outturn estimated to be from 6 to 12 annas. Transplantation of *boro* paddy not finished. *Bhadoi* sowings going on. Rain urgently wanted for *rabi* crops. Water and fodder sufficient. Common rice selling at an average of 13½ seers per rupee.
	Chanchal ...	Nil	
	Shibgunge ...	Nil	
	Gajole ...	Nil	
31	Santhal Pergha. — „ 6, 92	Nil	Weather—slightly cloudy and warm during the day. Rain wanted for standing crops. Price of rice has risen slightly since the last report. Common rice now selling at from 12 to 15 seers per rupee. Fodder and water-supply sufficient, except in Deoghur where tanks are reported to be drying up.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BEHAR—*concld.*			
Patna Division. 32	Patna, Feb. 6, '92	Nil	Weather—becoming less cold. Threshing and winnowing of paddy nearly finished. Poppy flowering; there are, however, signs of blight to a small extent in a few fields. Mustard is being harvested. Gram, wheat, barley and peas in ear. Tobacco and *rahar* doing well. Prices of food-grains rising. Common rice selling at from 12½ to 14 seers per rupee.
	Barh ...	Nil	
	Behar ...	Nil	
33	Gya, ,, 6, '92	Nil	Weather—cold and fair. Harvesting of paddy finished. Prospects of *rabi* gloomy. Harvesting of gram and peas commenced in some places. Poppy backward. Prices of food-grains rising gradually. Supply of fodder and water for cattle sufficient.
	Nawada ...	Nil	
	Aurungabad ...	Nil	
	Jehanabad ...	Nil	
34	Shahabad, ,, 6, '92	Nil	Weather—warmer. Prospects of *rabi* generally fair. The crop is beginning to be harvested. Water for cattle reported to be scarce in parts of Sasseram and Bhabuah. Prices falling in Sasseram, but rising in Bhabuah.
	Sasseram ..	Nil	
	Buxar ...	Nil	
	Bhabuah ...	Nil	
35	Durbhunga, ,, 6, '92	Nil	Weather—days getting somewhat warm towards the close of the week with west wind prevailing. *Rahar* doing well. Other *rabi* crops getting on as can be expected. Tobacco cutting in progress. Mango commenced to blossom. Price of common rice varies from 12 to 13½ seers per rupee. Fodder and water plentiful.
36	Muzafferpore, ,, 6, '92	Nil	Weather—seasonable. No change in prospects. No sign of rain. Probable outturn of *rabi* 4 to 6 annas. Prices slightly tightening.
	Sitamarhi ...	Nil	
37	Saran, ,, 6, '92	Nil	Weather—much hotter than last week. *Rabi* and poppy doing well. Sugarcane pressing goes on and mustard is being harvested. Water and fodder for cattle sufficient. Prices of common rice:— Chupra ... ... Srs. 13 Ch. 2; Sewan ... ... 13 12; Gopalgunge ... ... 13 2; per rupee.
38	Champaran, ,, 6, '92	Nil	Weather—seasonable. Rain wanted for *rabi* crop. *Rabi* is being irrigated where water is available. Fodder and water sufficient.
ORISSA.			
Orissa Div. 39	Cuttack, ,, 6, '92	Nil	Weather—seasonable. *Gura sarad* is being threshed. Sugarcane is being pressed. *Biri, mung, kolthi*, and mustard are now harvested. Condition of cattle good and fodder-supply ample. Price of common rice ranges from 12½ seers to 18 seers per rupee.
40	Pooree, ,, 4, '92	Nil	Weather—seasonable. Harvesting of *sarad* paddy almost over. *Dalua* paddy growing well. Miscellaneous crops thriving. Common rice sells at from 13 to 21 seers per rupee. Cattle-disease reported from Khoorda and Banpur.
41	Balasore, ,, 6, '92	Nil	Weather—getting warmer. Paddy being threshed. *Rabi* crops harvested. Rice sells at 19 seers per rupee at Bhadrak and 15 seers at Balasore.
CHOTA NAGPORE.			
South-West Frontier Agency.			
Chota Nagpore Div. 42	Hazaribagh, Feb. 6, '92	Nil	Weather—seasonable. Some rain wanted. Common rice selling at from 12 to 16 seers per rupee. Cattle-disease reported from certain parts of the district. Fodder and water-supply sufficient.
	Giridih ...	Nil	
43	Lohardugga, ,, 6, '92	Nil	Weather—getting hot. Reaping of oil-seeds commenced. Rain is badly wanted for ploughing land for up land rice. Common rice selling at 14 seers per rupee. Fodder and water sufficient.
44	Palamow, ,, 5, '92	Nil	Weather—cloudy during the first three days, sometimes accompanied with a slight drizzling. Afterwards clear sunshine. For want of rain *rabi* crops, especially wheat and barley, are suffering a great deal. Rice selling at 14½ seers per rupee. Fodder and water-supply continues to be sufficient.
45	Singbhoom, ,, 5, '92	Nil	Weather—seasonable; signs of rain. Standing crops estimated to yield from 12 to 14 annas outturn. Mustard, *rahar*, sugarcane and *jaratisi* being harvested. Common rice selling at from 14 to 20 seers per rupee. Fodder and water sufficient.
46	Manbhoom, ,, 6, '92	Nil	Weather—seasonable. Some rain urgently wanted. Rice selling at 16 seers per rupee. Fodder and water-supply becoming scarce.
	Govindpore ...	Nil

* Mean of 6 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last [illegible]. The *humidity* of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional stations for the period in question during the past [illegible] in the district sending in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 6th of February 1892.

Average humidity at 8 A.M.	Average cloud amount at 8 A.M. for week.	Rainfall of week at observing station.	Of week.		District observations. Rainfall. Since 1st of month.			Since 16th October 1891.			Of week.		Representative station.	District.	Meteorological Division.
			Mean for district.	Normal mean.	Mean for district.	Normal mean.	Variation.	Mean for district.	Normal mean.	Variation.	Average number of rainy days.	Normal number of rainy days.

Explanation.—... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 9th February* 1892.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY THE 6TH OF FEBRUARY 1892.

At the close of the previous week the meteorological conditions were fairly normal, except that temperature was unusually high for the season. On the 31st of January, or the first day of the present week, pressure remained fairly steady, though at many stations there was a slight decrease, while temperature on the whole was falling slowly; light north-westerly winds were blowing at almost all stations, and conditions on the whole were nearly normal except in the case of temperature, which was from about 2° to 6° in excess. A slight shower of rain was reported from Darjeeling on this day. A very distinct fall of pressure was reported on the 1st of February, but still pressure remained above the normal by small amounts; temperature also fell slowly, but the mean temperature was still largely in excess. On the 2nd instant winds had become distinctly more westerly, and at a few stations south-westerly winds were reported; pressure had also fallen rather rapidly, usually by more than a twentieth of an inch and had become almost normal, while temperature had risen moderately to rapidly and averaged about 5° to 7° above the normal over the whole province. On the 3rd instant a further rapid fall of pressure took place which at some stations exceeded a tenth of an inch, and a very feeble area of low pressure formed over Bengal, the centre of which appeared to be near Krishnagore, and there was a slight but distinct tendency for winds to circulate cyclonically round the same centre. Temperature also again rose rather rapidly in Bengal, the increase averaging about 2°. A few drops of rain were also reported at Bhogotpore on the 3rd. On the 4th, pressure was almost steady in Bengal, but the area of lowest pressure had been removed to Saugor Island and Calcutta, and to the west of this feeble low pressure winds were north-westerly and to the east of it south-easterly. The changes of temperature were a little variable, but at most stations there had been an increase. On the 5th, pressure began to rise slowly, but it was still largely below the normal, and temperature also continued generally from about 5° to 8° above the normal of the day; winds, however, generally became a little more normal, though at a good many stations winds were more or less southerly. On the 6th, pressure again rose slowly, but was still from about a twentieth to a tenth of an inch below the normal, and again temperature remained exceptionally high, for the mean of the day was from about 6° to 9° in excess. Winds also on this day had became southerly at almost all stations, and altogether conditions were very abnormal for the beginning of February; but probably these abnormal conditions were to a great extent connected with the existence of a shallow depression which had been reported on the 5th to be travelling in a south-easterly direction along the North-West Himalayas.

Pressure.—The mean pressure of the province for the week has been in defect of the normal by amounts usually equalling 0·02" to 0·04," and this defect has been fairly equal in all districts except in the extreme west of the province, where pressure has been more nearly normal.

Temperature—Has been exceptionally high throughout the week, and in most divisions (except Orissa) there has been an excess of about five or six degrees. The excess has been smaller in Orissa, where it only equals 2 5,° but the average excess in the mean temperature for the whole province has been the very large amount of five degrees.

The variation of temperature is, however, most clearly seen in the table below, where the average maximum, minimum and mean temperatures for the week at nine typical stations in different districts of the province are compared with the normal values for the s ameperiod Both day and night temperatures have been almost equally in excess :—

Table showing the excess or defect of the actual mean temperature from the normal for the week ending 6th February 1892.

	Normal mean maximum temperature for the week ending 6th February.	Actual mean maximum temperature for the week ending 6th February 1892.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 6th February.	Actual mean minimum temperature for the week ending 6th February 1892.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 6th February.	Actual mean daily temperature for the week ending 6th Feb ruary 1892.	Variation of actual mean from the normal.

Rainfall.—Except for light showers at Darjeeling and Bhogotpore, the whole province has been rainless throughout the week.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 6th of February 1892 :—

Meteorological Divisions.	Temperature.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th Oct. 1891.	
			Of highest of each day.	Of lowest of each day.	Of mean for each day.		Average.	Normal average.	Variation.	Average number in week.	Normal average number in week.	Variation.	Average.	Normal average.	Average.	Normal average.

Meteorological Office, Bengal,
The 9th February 1892.

A. Pedler,
Meteorological Reporter to the Govt. of Bengal.

Abstract of the results of Meteorological Observations taken at the Alipore Observatory in the month of January 1892.

	Inches.	Date.	Hour.
The mean pressure of the month	30·020		
The average pressure of January from 24 years' registers ...	30·014		
The highest pressure in the month	30·197	24th	10
The lowest pressure in the month	29·826	14th	16
The range of pressure	0·371		
	Hours.		
The total number of hours of bright sunshine during the month	269·7		
The maximum possible number of hours of sunshine ...	337·3		
	⊖		
The mean temperature of the month	66·3		
The average temperature of January from 24 years' registers	67·7		
The highest temperature in the month	85·5	14th	
The lowest temperature in the month	49·5	21st	
The range of temperature during the month	36·0		
The mean daily range of temperature	25·0		
The greatest range of temperature in one day	29·0	21st	
	Per cent.		
The mean humidity of the month	69		
The average humidity of January from 24 years' registers ...	71		
	Inches.		
The mean vapour tension of the month	0·431		
The average vapour tension of January from 9 years' registers	0·467		
The mean cloud proportion of the month	0·74		
The average cloud proportion of January from 15 years' registers	1·34		
The total rainfall of the month	Nil.		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	Nil.		
The average fall of January from 48 years' registers ...	0·43		
The greatest fall in 24 hours	Nil.		
	Days.		
The number of rainy days in the month	Nil.		
The average number of rainy days in January from 24 years' registers	2		
The mean maximum equilibrium temperature of solar radiation during the month	⊖ 131·9		
The mean difference of sun and air temperatures	52·1		
The greatest sun temperature	137·8	14th	
The greatest excess of sun over air temperature	57·6	20th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	47·3		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	8·1		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	9·5	5th	
	Miles.		
The mean movement of the wind per day	57·5		
The greatest movement of the wind in one day	117·0	11th	
The greatest movement of the wind in one hour	11·0	11th, noon to 1 P.M.	

The number of hours with winds from each of the 8 points—

N. 171, N.E. 33, E. 23, S.E. 16, S. 30, S.W. 90, W. 109, N.W. 150, Calm 122.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·5° lower; and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

C. LITTLE,

For Meteorological Reporter to the Govt. of India.

METEOROLOGICAL OFFICE, INDIA;
Calcutta, the 8th February 1892.

Abstract of the Results of the Barometric and Thermometric Observations taken at 10 a.m. at the Meteorological Office, Chowringhee, in the month of January 1892.

The total fall from 1st January to 6th February 1892	Nil
The average fall of the corresponding period for 24 years, S.-G.'s Office ...	0·61

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏, dew; =, fog.

C. LITTLE,
For Meteorological Reporter to the Govt. of India.

METEOROLOGICAL OFFICE, GOVT. OF INDIA;
Calcutta, the 8th February 1892.

Statement showing the Results of the Registration of Births and Deaths in the principal Municipalities in Bengal during the week ending with Saturday, the 16th January 1892.

Babu Srinath Pal, Munsif of Barisal, in the district of Backerganj, is allowed leave for twenty-one days, under article 306 (*b*) of the Civil Service Regulations, with effect from the 25th February 1892, or from the date on which he is relieved.

The 10th February 1892.—Babu Issur Chunder Chatterjee, Munsif of Krishnagar, in the district of Nadia, is allowed leave for two months, under article 369 of the Civil Service Regulations, in extension of the leave granted to him on the 7th January 1892.

Babu Kali Pado Mukerjee, Munsif of Chapra, in the district of Saran, is allowed leave for one month, under article 369 of the Civil Service Regulations, in extension of the leave granted to him on the 1st December 1891.

The 11th February 1892.—Babu Protap Chunder Mazumdar, Munsif of Bishenpur, in the district of Bankura, is allowed leave for thirty days, under article 306 (*b*) of the Civil Service Regulations, with effect from the 16th February 1892, or from the date on which he is relieved.

The 13th February 1892.—Babu Tarak Chandra Das, Munsif of Basirhat, in the district of the 24-Parganas, is allowed leave for one month, under article 306 (*b*) of the Civil Service Regulations, in extension of the leave granted to him on the 6th January 1892.

Babu Nil Madhub Roy, Munsif of Phulbari, in the district of Dinajpur, is allowed leave for five months, under article 369 of the Civil Service Regulations, with effect from the 4th November 1891, in supersession of the leave granted to him on the 16th December 1891

Babu Lal Singh, Munsif of Gopalganj, in the district of Saran, is allowed leave for three weeks, under article 306 (*b*) of the Civil Service Regulations, with effect from the 16th February 1891, or from the date on which he is relieved.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—It is hereby notified for general information that as pergunnah Tori, which hitherto formed part of the Sadar sub-division of the district of Lohardugga, has become a portion of the district of Palamow, the Munsif of Palamow is appointed to be Munsif with jurisdiction over the whole of the district of Palamow. The Munsif will henceforth cease to exercise the powers of a Magistrate with which he is at present vested.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—It is hereby notified, under the provisions of section 15, Act V of 1861, that the villages of Bhadahar, Mehidipore, Mundilwa and their tolas, in the Dhaka police station of the Motihari sub-division of the Chumparun district, being still in a disturbed and dangerous state, owing to the villagers showing a determination to prevent the arrest of an absconding proclaimed offender, and, when he was arrested, turning out in force and assaulting the police and rescuing their prisoner, the Lieutenant-Governor has sanctioned the retention, from the 25th January 1892 up to the 31st March 1892, of a special police force of one head-constable and four constables, to be quartered in the above-mentioned villages and tolas for the purpose of keeping the peace there.

2. The total cost of the force noted below will be assessed on, and levied from, the inhabitants of the villages in proportion to their respective means :—

			Rs.
1	Head Constable, 2nd grade, at Rs. 20 per mensem ...	...	20
1	Constable, 2nd grade, at Rs. 8 per mensem ...	...	8
1	Ditto, 3rd „ at „ 7 „ „ ...	...	7
2	Ditto, 4th „ at „ 6 „ „ ...	...	12
	Monthly cost ...	...	47

	Rs.	A.	P.
For two months and seven days	105	0	0
Pensionary charges at 2 annas per rupee	13	2	0
Contingencies at 10 per cent.	10	8	0
Clothing allowance for one quarter	6	4	0
Total ...	134	14	0

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—It is notified for general information that, with the previous sanction of His Excellency the Governor-General in Council and of the Right Hon'ble the Secretary of State for India, the district of the Chittagong Hill Tracts has been reduced to the status of a sub-division, with effect from the 16th November 1891, and is placed in the immediate charge of an Assistant Commissioner under the supervision of the Commissioner of the Chittagong Division.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—Under section 3, Act I (B.C) of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces), the Lieutenant-Governor has been pleased to grant a license to Maulvie Abdur Rohim, authorizing him to register Mahomedan marriages and divorces, and to exercise the other functions of a Mahomedan Registrar within thana Dinajpur, in the district of Dinajpur.

2. Under section 2, Act XII of 1880 (an Act for the appointment of persons as Qazis), the Lieutenant-Governor has also been pleased to grant a sanad (license) to Maulvie Abdur Rohim, appointing him Qazi of the said thana for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

DECLARATION.

The 5th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of a new range for target practice for the Special Reserve and District Police, in the village of Kurua, sub-division Dumka, district Sonthal Pargenas, it is hereby declared that for the above purpose a piece of land measuring, more or less, 12 bighas and 10 cottahs of standard measurement, bounded on the north by the Rampurhat road, on the south by the waste land and a hill, on the east by Beharbak village, and on the west by the Asansol road, is required within the aforesaid village of Kurua.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

ESTABLISHMENT.

The 15th February 1892.

No. 58.—The services of Mr. W. B. Beatie, Under-Secretary to the Government of Bengal, are placed at the disposal of the Government of India, Finance and Commerce Department.

No. 59.—Mr. K. H. Stephen, Executive Engineer, on privilege leave, is posted to the Office of the Secretary to the Government of Bengal on special duty.

The 16th February 1892.

No. 60.—The following notification, issued by the Government of India in the Public Works Department, is republished for information :—

No. 43, *dated the 9th February* 1892.—Mr. W. A. Inglis, Executive Engineer, 1st grade, *sub. pro tem.* Bengal, is appointed to officiate as a Superintending Engineer during the absence of Mr. C. W. Odling on deputation, or until further orders.

IRRIGATION.

The 16th February 1892.

No. 61.—*Notification.*—Referring to the Notification No. 326, dated the 22nd September 1891, of the Government of Bengal, Public Works Department, Irrigation, published at page 856, Part I of the *Calcutta Gazette* of the 23rd September 1891, notice is hereby given that the Eastern Main Series of the Sone Canals will be closed from the 28th March to the 1st of May 1892, and the Western Main Series from the 6th to the 17th of May 1892. The Arrah Canal below Dunwar (mile 26) will remain closed until the 15th June 1892.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 16th February 1892.

No. 62.—*Notification.*—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or o a ryot in whose favour a provisional requisition has been issued, as provided for in Rule 21 below. Such application may be made verbally or in writing to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition shall be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The canal officers of the Public Works Department, in consultation with the Deputy Revenue Superintendent, shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determined that the whole block shall be irrigable from one outlet, or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Public Works officers and by the Deputy Revenue Superintendent. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 14, for definite parts of a block, under the following conditions :—

I.—The lease may be for the lands of one or more villages, but ordinarily the whole irrigable area of any village, so far as situated within the block must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Public Works officers in consultation with the Deputy Revenue Superintendent, so that one-fifth of the total area usually irrigated may fall out of lease in each year.

Explanation.

A	blocks	commence	1892	...	...	...	Expire 1897.
B	,,	,,	1893	...	...	...	,, 1898.
C	,,	,,	1894	...	...	...	,, 1899.
D	,,	,,	1895	...	...	...	,, 1900.
E	,,	,,	1896	...	...	...	,, 1901.

Then, should a lease in a B block expire in 1892, a lease for one year must be given. Similarly, a lease in a B block expiring in 1894 must be renewed for four years only. It may, however, be possible in cases like the latter to arrange by mutual consent to cancel the existing and unexpired leases in B blocks in 1893, and then to renew for the full term of five years.

8. The rates to be charged for water supplied between June and November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Rs. 1-8 per acre for each season.

Provided that the leases, whether new or renewals, required for shorter terms in order to develop the system of blocks as explained above shall, on the first occasion, be offered at the above rate.

Subject to the above provision, the rates shall be—

	Rs.	A	P.	
For a term of four years	1	12	0	per acre per season.
,, ,, of three ,, ...	2	0	0	,, ,,
,, ,, of two ,, ...	2	4	0	,, ,,
For one season	2	8	0	,, ,,

Explanation.

An existing lease in a D block expires in 1892. The lessees will be offered a renewal for three years at Rs. 1-8 per acre per season. They decline this, and do not renew till 1893. They can then only get a lease for two years at Rs. 2-4 per acre per season. Similarly, an application for a new lease in a C block is received in 1892. A lease for two years

at Rs. 1-8 per acre may be given; but should an application for a new lease in a C block be received in 1895, a lease for four years at Rs. 1-12 per acre will be granted.

9. For the supply of water, when available, for winter crops, a rate of Rs. 1-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be fixed by the Collector, shall be charged.

11. Applications for water-leases under section 74 of the Act should be presented to the zilladar of the division in which the applicant's land lies, and, subject to Rules 12, 13, 14, 15, and 16 below, zilladars are authorized to grant such leases.

12. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts including several villages.

13. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

14. No application for a water-lease shall be entertained when the supply of water must of necessity be delivered across an unleased area, unless a village-channel exists, which, in the opinion of the Executive Engineer, will deliver water without waste across the unleased area.

15. Without the permission of the Collector, no application shall include lands belonging to more than one village, but *khalsa* or other lands lying within the village boundary at the time of survey may be included.

16. Without special orders in writing from the Deputy Revenue Superintendent, no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

17. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act.

18. On the issue of a "permit" as above, of which the zilladar shall keep a duplicate, he shall forward a copy of the *kabuliyat* to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the officers of the Public Works Department till January 1st next following, and shall then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st, each year, till the lease expires.

19. When application for a lease is received from a village not previously leased, the zilladar, before granting a lease, shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record, the application should be sent through the Deputy Superintendent to the Collector. The zilladar should also satisfy himself that the Executive Engineer's consent, as required by Rule 12, has been obtained.

20. When application is made for the renewal of an expired lease, the zilladar, before granting a new lease, shall satisfy himself by comparison with his register of *kabuliyats* that the particulars given in the application are correct.

21. Pending the result of the enquiries provided for in the last rules, the zilladar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

22. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

23. On receipt of such a notice, the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

24. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Deputy Revenue Superintendent, on the application of the Executive Engineer, and with the approval of the Collector, to cancel the lease.

25. The rates for water supplied from June to November shall, in each season, fall due on the 1st February following. The rates for water supplied for winter crops shall fall due on the 1st April following.

26. Water-rates imposed under Rule 10, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

27. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Collector for—

1.—Injury to the crop on a leased area caused by deficient supply of water.

2.—Errors in the assessment of rates.

28. The Collector may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

29. The Collector may commute rates charged under Rule 10 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

30. Remissions on other grounds than the above require the sanction of Government.

31. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector.

32. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

33. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed 6 pies in the rupee on the total water-rates collected during the year. If the payments thus made to *mookhyas* do not amount to 6 pies in the rupee on the total water-rates of any year, the Collector may expend the balance in paying extra collecting establishment.

34. Registers shall be kept in the Deputy Superintendent's and zilladar's offices in forms sanctioned by Government.

35. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

No. 63.—*Notification.*—It is hereby notified for general information that the undernoted canals in the Orissa Circle will be closed for annual repairs from and to the inclusive dates specified against each.

It is also notified that during the closure of the canals the steamer traffic between Cuttack and Alba, Cuttack and False Point, and Cuttack and Bhudruck, will be stopped during the periods specified hereunder.

Steamer Companies and others engaged in the Orissa trade are requested to note that the Taldundah Canal, which has been opened to traffic up to Paradeep on the tidal reach of the Mahanadi River, will remain open while the Kendrapara Canal is closed for repairs:—

Kendrapara Canal from Jugutpore to Marsaghai and Gobri Canal with its extension to Alba.	From 10th April 1892 to 30th April 1892.
Kendrapara Extension	From 10th April 1892 to 30th April 1892.
Pattamoondy Canal	From 10th April 1892 to 30th April 1892.
High Level Canal, Ranges I, II, III ...	From 10th April 1892 to 15th May 1892.
Branch Canal to Bhudruck	From 10th April 1892 to 15th May 1892.
Jajpore Canal	From 10th April 1892 to 15th May 1892.
Taldundah and Machgong Canals ...	From 1st May to 15th June 1892.

J. M. McNEILL, *Col.*, R.E.,
Secretary to the Govt of Bengal.

[Second Publication.]

IRRIGATION.

REVISED WATER-RATE RULES FOR THE ORISSA CANALS.

Notification No. 56, dated the 9th February 1892.

IN exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Orissa Canals. These rules and rates will supersede those now in force.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

General conditions.

Compensation under section 76 (c).

(1) The Collector, before awarding compensation under section 16 or section 76 (*c*), or making a reference under section 17 of the Irrigation Act [Act III (B.C.) of 1876] shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

No appeal from order of Canal Officer.

(2) Except as provided in the Irrigation Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Sub divisional and Divisional Canal Officers shall modify any order passed by them on the receipt of definite instruction to that effect from the Divisional or Superintending Canal Officers respectively.

Appeals to Collector.

(3) Appeals to the Collector under section 91 of the Irrigation Act, other than those specially provided for in Rule 49, will ordinarily be against an order passed by the Divisional Canal Officer. When the order passed has reference to the alignment of a village channel, or, to the refusal of the Divisional Canal Officer to grant a lease under schedule I, II or III, the Collector may require the Superintending Canal Officer to state his opinion in writing, and this opinion shall form part of the record of the proceedings in the case.

On village channels.

Canal Officer to assist.

(4) Canal Officers shall give every assistance to applicant in aligning and laying out any village channels which they may desire to construct.

Register of village channels.

(5) A register of all village channels shall be maintained by the Divisional Canal Officer in such form as the Superintending Canal Officer may direct.

On the free irrigation of chaukidars' jaghirs.

Chaukidars' jaghirs.

(6) The chaukidar of any village in which lands are leased under schedule I, II, III or IV shall be entitled to a remission of the water-rates chargeable on account of lands included in his jaghir and in any leased area on the condition that he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

(*a*) In the preparation of applications for leases.
(*b*) In the measurements of irrigated lands.
(*c*) In giving the names of the occupiers of the various fields.
(*d*) By receiving the demand statement, making it over to one of the principal raiyats in the village, and informing the cultivators that he has done so.
(*e*) By receiving "tippas" from the Canal Officers and distributing them.
(*f*) By reporting cases of unauthorized irrigation which may come to his notice.
(*g*) By being present when any local inquiry is made by a Canal Officer and by giving information concerning the matter under investigation.
(*h*) By reporting to the Collector any mutations in the holdings of persons who have signed a lease under schedule I or II that may come to his knowledge.

On the "lease unit" system.

Distributary lease units.

(7) The area commanded by each distributary which is not fully provided with village channels shall be portioned out by the Divisional Canal Officer into any convenient number of tracts, or group of villages to be called "lease units." The boundary of each of those "lease units" shall be so determined that the land lying within it can be conveniently irrigated from the same outlet or from any convenient group of outlets. The "lease units" shall be approved by the Superintending Canal Officer.

Classification of villages in "lease units."

(8) The area in each "lease unit" shall be divided by the Canal Officer into three classes.

(*a*) Lands which, being situated in immediate contact with a canal or distributary, can be irrigated by direct flow from outlets in it.
(*b*) Lands which are provided with village channels properly constructed and maintained in good order by the owners of the channels.
(*c*) Lands which, not being provided with proper village channels, and being remote from the canal or distributary, can only be irrigated by flow through fields intervening between them and the distributary.

(9) The Canal Officer shall keep in his office a plan showing the "lease units" of each distributary. Each "lease unit" shall be separately numbered and registered in a book which shall show:—

Record of "lease units."

Its area;
The number and size of outlets provided for it;
The names of the villages in it;
The class (*a*, *b*, or *c*,) of each area;
The date when the leases in it terminate.

(10) The boundaries of, or the classification of the tracts in any "lease unit" may at any time be amended by the Divisional Canal Officer with the previous sanction of the Superintending Canal Officer. On receipt of such sanction the Divisional Canal Officer shall amend his plans and registers.

Amendment of "lease units."

(11) The lease first granted in any "lease unit" must be for five years.

(12) No lease shall be granted to any class (*c*) village until all the class (*a*) villages in the "lease unit" have been leased, and until the villages lying between it and the class (*a*) villages of that "lease unit" (if any) have also been leased.

Leases of class (*c*) villages.

(13) Leases granted for a term of years to any or all of the villages situated in the same "lease unit" shall terminate at the same time as the lease first granted in that "lease unit."

Leases to terminate simultaneously.

(14) Provided that, for four years after the date of these rules, the lessees of lands in any "lease unit" in which the class (*a*) villages have been leased for five years, shall, when their leases expire, be offered the opportunity of extending them for such a term of years as will cause them to expire simultaneously with those of the class (*a*) villages of that "lease unit" and they may be extended at the rate of Re. 1-8 per acre. If, however, the lessees decline to renew them on these conditions, within one month of their expiry, they shall not be permitted to renew them subsequently except at the rates given in schedule II.

Exceptions with reference to present leases.

(15) Class (*a*) and class (*b*) villages shall be eligible to obtain leases under all the five schedules attached to these rules. Class (*c*) villages shall only be eligible for leases under schedules II and III.

Schedule of Rates.

On applications for the supply of water during the kharif season.

(16) Applications for the supply of water in the kharif season will be granted:—

Kharif applications of three kinds.

(1) For a term of years (schedules I and II).
(2) For one season only (schedule III).
(3) After the 1st of September from an outlet of a defined size (schedule VI).

(17) Applications for the supply of water for a term of years shall be subject to the following conditions:—

I. Notice in the attached form (Appendix I) must ordinarily be given to the Sub-divisional Canal Officer by the cultivators of a village not later than the 1st April if they require water for irrigation for a term of years to have effect from the 15th of June following. Applications presented after the 1st April will be accepted so far as may be possible, having regard to the measurements, &c., which are necessary before the grant of permits. Those presented between 1st April and 1st May will, if accepted, be liable, at the discretion of the Divisional Canal Officer, to an additional rate of 4 annas per acre for the first year of the lease, and those presented between the 1st May and 1st June will be similarly liable to an additional rate of 8 annas per acre. In either case the additional rate shall be payable at the same time as the first instalment of the ordinary rates due on the lease. On presentation of this notice the Canal Officer shall inspect the block which it is proposed to lease, and, if he approves of it, shall proceed to prepare the final application (Appendix III).

Notice that lease is required.

II. The application shall not be entertained unless it refers to a distinct block of land of which the boundaries are defined. The block must (in all but very exceptional cases) include all the irrigable lands of a village which are, or have been, cultivated with rice. If the block of land offered for lease has included within its boundaries:—

Applications to include all rice lands in village.

(*a*) High lands not irrigable by flow, or—
(*b*) "Beali" lands for which canal water is not ordinarily required, or—
(*c*) "Low lands" which cannot ordinarily benefit by canal water,

these lands may be excluded from the final application. But water cannot in that case be supplied to such lands during the currency of the lease except on an application for an annual lease (schedule III).

III. The application must be in the form attached to these rules (Appendix III), which states that water-rates will be paid on all lands contained in the block for which the application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields of the block to be leased, and give due notice to the Canal Officer of any changes in their holdings.

Payment to be made for area leased.

IV. The lands contained within the defined boundaries must be measured (or the area ascertained from the cadastral survey map) by the Canal Officer or his subordinates, and the application must be completely signed by all the cultivators holding lands in the block, or the applicants must bind themselves to be jointly responsible for the water-rates due on such block before a permit for the supply of water shall ordinarily be granted. Provided that if water is required to be supplied before this can be done, a preliminary application in the form Appendix II must be submitted before the 1st of September instead of the notice referred to in Rule I. This form binds the applicants to pay at the rate of Rs. 3 for each acre of their holdings if they fail to complete the lease for a term of years before the 30th of November of the year in which water is required. The Superintending Canal Officer may, if special circumstances appear to him to justify it, alter this date to the 1st of February next following. A permit which has been granted on this preliminary application will be cancelled as soon as the final application (Appendix III) has been completely signed by all the cultivators holding lands in the block. A permit for a term of years will then be issued.

Lease must be complete before water is supplied.

If not, annual lease must be executed.

No leases granted after 1st of September.

V. When under the "lease unit" system described in Rules 7 to 15 inclusive, a portion of a village falls in one "lease unit" and the remainder in another "unit" a separate application must be signed for each portion of the village.

VI. No additions to the area covered by a lease duly executed for a term of years shall, as a rule, be permitted. But when the irrigable area which is under rice cultivation in a village is increased (owing to improvements in distribution or to the actual extension of cultivation or to any other cause), an application may be made for a separate lease for a term of years for such increased area. If the application is approved by the Canal Officer, a permit shall be granted for a term of years such that the lease will terminate at the same time as the one previously granted in the same village. The water-rates chargeable on such a lease shall be those defined in schedule II.

No extension of lease during its currency.

(18) Applications for water for one kharif season only shall be subject to the following conditions:—

I. The application must be for a block of land having well-defined boundaries, and so situated that adjoining or intervening lands will not ordinarily or probably be irrigated by water supplied for the land included in the application. The block must be situated either—

Annual leases.

(1) In immediate contact with a canal or distributary, so that it can be irrigated without a village channel by direct flow therefrom, or
(2) it must be provided with a proper village channel, or
(3) it must be situated in immediate contact with a village leased under schedules I and II, so that it can obtain a supply through the fields of that village.

II. The application must be in the form (Appendix IV) attached to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields in the block which they desire to irrigate.

III. Applications for leases under schedule III must be submitted before the 1st of September.

No leases granted after 1st September.

(19) Applications for the supply of water after the 1st of September from an outlet of a defined size shall be subject to the following conditions:—

Water supplied after 1st September.

I. Outlets in a canal or distributary bank may, at the discretion of the Subdivisional Canal Officer, be leased from the 1st September until the 15th November at the rates enumerated in schedule VI, care being taken not to lease any outlet unless a head of not less than six inches on the outlet is available.

Outlets leased.

II. Persons occupying lands not under lease may apply for water to be delivered to them after the 1st of September for the current kharif season in the form (Appendix V) attached to these rules. The application shall not be entertained unless it is accompanied by a sum in cash equal to half the amount chargeable for the size of the outlet at the rates defined in schedule VI, and by an agreement executed by substantial persons in the form attached to Appendix V binding themselves to pay the remainder.

III. The person to whom a permit for the use of an outlet is granted shall be allowed the free use of all the water he can obtain from that outlet without reference to the area irrigated.

Lessee of outlet allowed free use of water.

On applications for the supply of water during the rabi and hot-weather seasons.

(20) Applications for the supply of water in the rabi season (15th November to 30th April) and in the hot-weather season (1st May to 15th June) will be subject to the following conditions:—

I. The approximate area of land for which water is required must be stated in the application, which must be signed by all the occupiers of the land. The application must be in the form (Appendix VI) attached, which states that water-rates will be paid on the area actually irrigated.

Water-rates paid in area watered.

II. That water cannot be supplied during the hot-weather season when the canals are closed. Notice of the duration of such closures will be given before the commencement of the season.

Canal closures.

(21) It shall be the duty of the patrol to enter in his shudkar every field which is irrigated in the rabi and hot-weather seasons.

(22) Water for filling tanks may be supplied at the discretion of the Canal Officer at the rates given in schedule VII. The charge for the water shall be paid in advance for such a quantity of water as the Canal Officer may consider necessary to fill the tank. The Canal Officer shall see that the outlet is opened for a sufficient time to give the quantity which is paid for.

Water of tanks.

On permits.

(23) A permit shall not be issued when, in the opinion of the Canal Officer—

Grounds for refusing permit.

(i) waste is likely to occur.

(In the order refusing a permit on this ground the Canal Officer shall state in writing the manner in which he apprehends that waste will occur.)

(ii) The area for which water is required cannot be irrigated without passing canal water through, over or into, unleased areas.

(24) All permits for the use of water shall be subject to the following conditions:—

I. That where there are no village channels the applicants will make their own arrangements for the transit of the water from the canal or distributary to the leased area.

Lessees to arrange for distribution.

II. That the water will be supplied at the level at which it is ordinarily maintained in the distributary, and that no earthen bunds or other works will be used to raise the level of the water in the distributary.

No bunds allowed.

III. That the regulation of the discharge of the outlets will be entirely in the hands of the Canal Officer and his subordinates.

Canal Officer to regulate.

IV. That water-rates are paid when due.

Regular payment.

V. That the applicants will not permit waste of water.

Waste to be prevented.

VI. That water supplied for the irrigation of a leased block of land in a village shall not be applied to any other lands in that village.

Water restricted to leased area.

VII. That land to be irrigated on kharif leases (schedules I, II and III) must form a compact block defined by well-marked boundaries of such a nature as clearly to separate the leased lands from the neighbouring unleased ones. The boundaries must be mentioned in the application.

Leased block to be distinct.

VIII. That when high lands, "beali" lands, or low lands, which cannot ordinarily benefit by canal water, are, under Rule 17, II, excluded from a lease for a term of years, a schedule of such lands shall be attached to the application, the numbers of the fields on the cadastral map being stated in the schedule; or if there is not a cadastral survey map of the village, the Canal Officer shall attach a rough map to the lease showing the excluded area.

Excluded lands.

(25) If all the persons who have signed a lease under schedule I or II submit an application for the lease to be cancelled, the superintending Canal Officer may cancel it if he considers the reasons given are sufficient.

Power to cancel lease.

(26) Permits for irrigation for a single kharif season under schedule III (annual leases) shall be subject to the same general conditions; the essential difference being in the duration of the lease and in the fact that a permit may be issued for any well-defined block and not necessarily for the whole irrigable land in the village which is cultivated with rice. "Beali" lands and low-lying lands cannot be excluded from annual leases if they are situated within the boundaries defined in the application.

Annual permits.

Rabi permits.

(27) Permits for irrigation in the rabi or in the hot weather under schedules IV and V shall be issued on the following conditions:—

I.—That the applicants will give notice to the Canal Officer, or his subordinates, as soon as the area requiring irrigation has received a sufficient supply of water.

II.—That the applicants will undertake, as far as is practicable, to prevent water being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated and not on those specified in the application.

On penalties and the cancelling of leases.

(28) At the request of the Collector of the district, the Superintending Canal Officer shall direct the Divisional Canal Officer to—

Irrigation to be stopped where water-rates are not paid.

I. Decline to renew leases (*i.e.*, to issue permits) for the irrigation of land in villages where there have been constant difficulties in realising water-rates. In such cases permits shall not be again issued until all the arrears of water-rates due are paid up; and also, if specially required, by the Collector not unless half the amount due for the first ensuing season is paid up in advance. An order under this rule (unless the Collector in the meantime apply for its being rescinded or modified) shall be in force for the time stated therein, which shall not exceed three years.

Lease may be cancelled where water-rates are not paid.

II. Cancel any lease under schedule I or II, if, on the 1st of June of any year, the water-rates due on such lease are in arrear by more than half a year's demand.

(29) The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease under schedule I or II if water is habitually misused or wasted. Such an order shall have effect from the 15th June next ensuing, and at least two months' notice must be given to the cultivators.

Lease to be cancelled when water misused.

(30) The Superintending Canal Officer in issuing orders under Rules 28 and 29 shall bear in mind the circumstances affecting "lease units" as described in Rules 7 to 15, and shall not cancel a lease if it is necessary that it should remain in force in order that water may be supplied to other leased areas.

Interests of others to be considered in cancelling leases.

On Unauthorised Irrigation and Waste of Water.

(31) Water-rates for unauthorised irrigation shall be assessed by the Canal Officer under section 78 of the Irrigation Act at rates not exceeding Rs. 5 an acre.

Rate for unauthorised irrigation.

(32) Unauthorised irrigation during the kharif season consists of two classes—

Two classes of unauthorised irrigation.

(i) Unauthorised irrigation within the boundaries of a leased area.

(ii) Unauthorised irrigation effected with water taken either from a leased area or from a canal, distributary or village channel.

(33) Unauthorised irrigation of the first class shall, during the kharif season, only be assessed when the land irrigated has been entered in the schedule of lands excluded from the lease; and then only when:—

(i) Within a leased block.

(*a*) The irrigation has been recorded in the patrol's shudkar.

(*b*) The patrol and sectional officer report that there are signs that the water has been deliberately taken and that the crops have benefited.

(*c*) The reports of the patrol and sectional officer have been received by the Subdivisional Canal Officer within 10 days after the date on which the illicit irrigation was detected.

(34) Unauthorised irrigation in the kharif season of the second class shall only be assessed when the same three conditions (*a*), (*b*) and (*c*) have been complied with, and further—

(ii) Beyond a leased block.

(*d*) When the assessment of the area irrigated has been authorised by the Divisional Canal Officer.

(35) It shall be the duty of the Subdivisional Canal Officer to deal promptly with cases of unauthorised irrigation. He shall personally inspect as many cases as he can, and shall not make any assessment himself, nor ask the Divisional Canal Officer to sanction any assessment, unless the evidence has been recorded and he considers it quite satisfactory.

Notice of assessment to be sent.

(36) When in the first case, the Subdivisional Canal Officer has determined that an assessment of unauthorised irrigation in the kharif season shall be made; or when the Divisional Canal Officer has authorised such an assessment, the Canal Officer shall *at once* send, by post or otherwise, a slip *(a tippa) to each cultivator, informing him of the fact and quoting the approximate area, as detailed in the patrol's shudkar, which has been recorded as irrigated. At the same time he shall send an amin to measure the fields which have been irrigated and to prepare the demand statement therefor.

Demand statements to be promptly issued.

(37) Demand statements of unauthorised irrigation during the kharif season should be served in the village immediately they are prepared, and in no case later than the 30th November.

Unauthorised irrigation in rabi season.

(38) Unauthorised irrigation in the rabi season or in the hot-weather season shall be assessed by the Canal Officer on the evidence of the patrol and sectional officer. The Canal Officer should personally inspect as many cases as he can. A notice that an assessment will be made should be served on the cultivators as soon as an assessment is ordered, as provided in Rule 36, the procedure of which should be generally followed (*mutatis mutandis*).

Waste of water.

(39) Charges for waste of water under section 80 of the Irrigation Act shall be at the rates fixed in Rule 31, and be subject to the same conditions as the assessments of unauthorised irrigation which are stated in the foregoing rules. When a tank or piece of low ground has been deliberately filled, a charge of Rs. 5 per thousand cubic yards may, at the discretion of the Canal Officer, be imposed instead of an acreage rate.

On demand statements.

Demand statements.

(40) Statements showing the amounts due on account of water-rates shall be prepared in such form as may be sanctioned from time to time by the Lieutenant-Governor, under the supervision of the Subdivisional Canal Officer, and shall be signed by him and by the Divisional Canal Officer. They shall then be forwarded to the Collector for the realisation of the demands.

For long leases prepared once for all. A copy sent to chaukidar.

(41) The demand statement showing the water-rates due on any lease given under schedules I and II shall be prepared at the same time as the application. A copy of it shall be given to the patwari or to the chaukidar of the village for the general information of the villagers. A separate statement or tippa signed and sealed by the zilladar may also, if the Collector so direct, be prepared in the name of each person who has signed the lease, showing the annual sum which is due from him. These tippas may be given to the patwari or chaukidar to distribute or may be sent by post. No further notice of demand shall be given during the currency of the lease.

And tippas to each ryot.

Similar procedure for annual kharif leases.

(42) A demand statement showing the water-rates under a lease for a single kharif season (schedule III) shall be prepared as soon as possible after the lease is granted and not later than two months after the issue of the permit. The statement shall show the amount due from each person who has signed the lease, whether irrigation has been effected or not. A copy of it shall be given to the patwari or to the chaukidar of the village for public information, and separate tippas showing the demands against each individual may also be sent as in the previous rule. No further notice of demand shall be given.

Demand statements for rabi and hot weather shall be for

(43) The assessments and issue of demands on account of lands irrigated in the rabi season or in the hot-weather season shall be made under the following procedure:—

The area actually irrigated.

I. The area which is actually irrigated in any village shall be measured, or ascertained by means of the cadastral map, by an amin with the assistance of the patrol. The khasrah, which shall be in a printed form, shall be signed by the amin and by at least two respectable cultivators. If any of the lessees desire to have a copy of the khasrah, he shall be allowed to copy it.

Demand statement sent to chaukidar. Tippas to cultivators.

II. When the measurement is completed, the khasrah shall be forwarded to the Subdivisional Canal Officer, who shall prepare a demand statement with all reasonable despatch. A copy of this statement shall be sent to the patwari or to the chaukidar for public information in the village, and a tippa may be sent as in rules 41 and 42 above to each person whose fields have been irrigated.

Demand for unauthorised irrigation. Payable at sight.

(44) Demand statements on account of unauthorised irrigation shall be dealt with generally in the same manner as those of the rabi season, but with greater promptness. The demand statement in such cases shall be printed on red paper to draw attention to the fact that the demand is payable at sight. The demand statements sent to the patwari or to the chaukidar and the tippas sent to the cultivators shall also be on red paper.

* A "tippa" is the same thing as the "percha" of the Sone Canal Rules.

(45) Persons who may wish to raise any objections to the demands made against them must present a written statement of their case to the Subdivisional Canal Officer, who, after such local or other enquiry as he may think necessary, shall pass orders on the matter. A copy of the order if not passed in his presence and hearing shall be delivered by post or otherwise to the person who raised the objection.

Objections to demands to be made to Canal Officer.

(46) All objections to demands on account of water-rates which relate to the supply of water and the assessment of water-rates and are addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

Objections made to Collector to be referred to Canal Officer.

(47) Objections to the demand statements must be presented within thirty days of the date on which the demand statement was given to the patwari or to the chaukidar of the village, or of the date on which the tippa was delivered to the person objecting. This period may be extended when reasonable cause for delay can be established.

Objections to be made within thirty days.

(48) The objection should ordinarily be stated in a form which will be sold for one pice at all Canal Offices, giving instructions as to the particulars required to admit of the objection being readily investigated; but any form may be accepted at the discretion of the Collector or canal officer provided it clearly states the name or names of the persons objecting, the crop and the year for which the charge is made, the demand from each cultivator to which objection is taken, and the name of the village in which the land is situated. *Provided* that no objection shall be received which refers to more than one "lease-unit," and that all or any of the raiyats in one "lease-unit" may join in one objection.

Prescribed form for objections.

(49) Any person who is not satisfied with the order passed by the Subdivisional Canal Officer under Rule 45 may file an application of appeal to the Collector under section 91 of the Irrigation Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and may meanwhile suspend collections by a written order if he thinks proper to do so.

Appeals to lie to the Collector.

(50) The Collector may, by a special order passed in each case, refer applications under rule 49 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred, within thirty days, by either the applicant or the Divisional Canal Officer.

Appeal against order of Deputy Collector.

(51) When any person appeals to the Collector against an order passed by a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained by him for the purpose of making further enquiries, but the Collector may, on the suggestion of the Divisional Canal Officer, or of his own motion, direct that such enquiries shall be made.

Procedure when an appeal is made to the Collector.

(52) Reports of, and applications for mutations of names in leases under schedules I and II shall be made to the Collector or to any officer authorized by him to receive and dispose of them. If addressed to any Canal Officer, they shall be referred to the Collector for disposal.

Mutations of names.

on the payment of water-rates.

(53) Water-rates assessed under sections 78, 79, and 80 of the Irrigation Act shall be due on the following dates:—

I. Leases for the kharif season for a term of years (schedules I and II)—
In one instalment on the ... ... 1st March.

Note.—The demand statements will be sent to the Collector as soon as the lease is complete as provided in Rule 41. Annual demand statements are not necessary.

II. Annual leases.

(*a*) Leases for a single kharif season (schedule III)—

In one instalment on the ... ... 1st March.

Note.—The demand statements for the water-rates due on these leases shall be submitted to the Collector as soon as the application is complete (see Rule 42).

(*b*) Leases during the rabi season (schedule IV)—In one instalment on the 1st August (except for sugarcane).

(*c*) Leases during the hot-weather season (schedule V) for sugarcane. The demand for the irrigation of sugarcane for both the rabi and hot-weather seasons shall be paid in one instalment on the 1st of April after the crop is cut.

Note.—The demand statements for these two classes of leases shall be submitted to the Collector fifteen days, if possible, before the water-rates are due, but accuracy in the charges is of more importance than a rigid adherence to dates.

III. For water supplied for kharif crops after the 1st of September to lands which are not under lease (schedule VI)—

First moiety	...	Before the outlet is opened.
Second ,,	...	1st March.

Note.—The first moiety shall be paid to the Subdivisional Canal Officer, the second to the Collector A demand statement shall be forwarded to the Collector as soon as the lease has been granted.

IV. Water supplied for filling tanks (schedule VII)—Shall be paid to the Subdivisional Canal Officer in one instalment—before the outlet is opened.

V. Unauthorised irrigation and waste.

Assessments under sections 79 and 80 of the Irrigation Act.	On receipt of the demand statement by the Collector.

(54) The water-rates shall be paid on or before the dates when they fall due as detailed in the previous paragraph.

Contractor for water-rates.

(55) At the joint written request of all the cultivators signing the application and of a person who shall be termed the contractor, a lease for a term of years may be granted under which the said contractor shall collect and pay to Government the entire sum due annually on the said application. In such a case the form of application shall be altered as prescribed in the footnote of Appendix III. A contractor shall be entitled to receive a commission of 15 per cent. on the amount paid to the Collector.

To be approved by Collector.

(56) No person shall be accepted as contractor under rule 54 except with the written consent of the Collector to his nomination. The Collector may require the contractor to give security for the execution of the agreement. The contractor must be either the zamindar or the farmer of the *entire* village. No person who is the zemindar or farmer of only a portion of the village, less than sixteen annas, shall be accepted as contractor.

Powers of contractors to collect.

(57) Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included therein, at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every sum due from a cultivator to a contractor on account of water-rates under rule 54 shall be deemed to be a sum due to Government under sections 82 and 85 of the Irrigation Act.

Contractor's payments when due.

(58) The sum due from the contractor shall be paid to the Collector, either by instalments or in one sum, before the 31st of March.

Resignation of contractor.

(59) A contractor may resign his interest in a lease on giving to the Collector, before the 1st of October, a written notice of his intention to do so.

Canal Officer may appoint approved contractor.

(60) If, after the completion of a lease under schedule I or II a contractor, as described in rule 55, comes forward, and is willing to undertake to collect the entire sum due from any village on account of water-rates, the Canal Officer, subject to the approval of the Collector, may appoint him to the office under a proper agreement under section 82 of the Act.

Any person paying entire demand may claim 15 per cent.

(61) If, at any time, the cultivators of a village under lease pay to the Collector through any one person nominated by themselves, the entire sum due on their lease, on or before the date on which the water-rates are due, a refund of 15 per cent. of the amount so paid shall be made at the time of payment to such person.

On Remission.

Gauge of discharges.

(62) The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

Remission for failure of supply.

(63) Claims to remission of water-rates under section 76 (*b*) shall be made to the Subdivisional Canal Officer. Such claims shall only be admitted on proof of actual loss caused by failure or stoppage of supply. On proof of such loss, due to such failure or stoppage as described in section 76 (*b*), the Divisional Canal Officer shall remit the whole or any part of the rates. All Applications for remission of water-rates shall be made in the manner provided in rule 45 within 15 days after the occurrence of such failure or stoppage.

Compensation.

(64) Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

Remissions by Superintending Canal Officer.

(65) The Collector or the Superintending Canal Officer, acting under the general instructions which he may from time to time receive from Government, may, in special cases, remit the whole or part of the water-rates due to Government. Such remissions shall be classed as "extraordinary" and shall be a matter of grace only. Remissions under this head

will ordinarily be made on the representation of Collectors or of Divisional Canal Officers only No person shall be entitled to receive an order on an application for remissions contemplated by this rule.

(66) A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

Authority for remission.

On collections and alteration of Demand Statements.

(67) Collections of all water-rates shall be made by the Collector in accordance with the demand statements furnished to him by the Divisional Canal Officer.

Collections.

(68) The Collector may make any alterations in a demand statement provided that the total sum due is not altered or provided that an error in account only is corrected. When such alterations are made in a demand statement referring to a lease under schedule I or II, a memorandum of the alteration shall be sent to the Divisional Canal Officer.

Alterations in demand.

(69) In cases when water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which cannot be recovered may be written off as irrecoverable on the authority of the Collector. A detailed list of sums written off under this rule shall be sent to the Divisional Canal Officer.

Power of Collector to write off.

(70) In all cases other than those stated, the sanction of the Commissioner of the Division must be obtained before any sum can be written off as irrecoverable.

Power of Commissioner.

On the supply of water.

(71) The Subdivisional Canal Officer shall, as a rule, sign all permits himself. He may, however, authorise any fit person to sign them if he considers it necessary. No water shall be supplied until a permit has been signed and issued.

Permits.

(72) The Canal Officer shall be responsible that the supply given through any outlet or group of outlets is in accordance with the permits and suitable to the area and nature of the soil which is under lease.

Outlets suitable to leased area.

(73) It shall be the duty of the patrol to :—

Patrol's duties.

(i) Report immediately all cases in which he finds that canal water is flowing beyond the limits of a block leased for irrigation in the kharif season, unless the water is passing into another leased block.

(ii) Inspect the lands (entered in schedule B,) which have been excluded from a lease under schedule I or II, and to shudkar the fields if they have been irrigated without authority.

Shudkar of unauthorised irrigation.

Note.—The patrol shall not shudkar ordinary irrigation in the kharif season. He has only to do with "Beali" or "Low-lying" fields or unauthorised irrigation beyond the leased area.

(iii) Shudkar unauthorised irrigation and make an immediate report to the Sectional Officer and zilladar.

Report to zilladar.

(iv) Shudkar all fields irrigated in the rabi or in the hot-weather seasons.

Shudkar of rabi and hot-weather.

(74) The Divisional Canal Officer may close outlets in rotation as he may consider necessary. But if the lessees require water, such closure shall not, in the kharif season, exceed five days after ten days of consecutive supply.

Tatsil of outlets.

(75) The Subdivisional Canal Officer shall have authority to :—

Stoppage of supply.

(i) Stop the supply of water to any canal or distributary in a case of pressing emergency.

Note.—But, if the supply is stopped, the fact shall be at once reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, the report shall be forwarded to the Superintending Canal Officer.

(ii) Stop the supply to any village channel under section 76 (*a*) of the Irrigation Act, when he is satisfied that the channel is not maintained in proper repair. A record shall be kept of all orders passed under this rule.

Stoppage of supply to village channel.

(76) No person shall be entitled to be supplied with water through a village channel, unless the channel has been put into a proper state of repair in accordance with the directions of the Subdivisional Canal Officer.

Repair of channel.

(77) A Canal Officer or any of his subordinates may temporarily close any ... ing a village channel or any leased area when u... irrigation is, at the time, being carried on from th... channel or from the area under lease which is supplie... a term the outlet.

Outlet to be closed when unauthorised irrigation is in progress.

Miscellaneous.

We ...le;

(78) No officer employed on the canals, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold or leased in connection with them, either in his own name or in the name of another, or jointly, or in shares with others.

Interest in canal water.

(79) Tanks may, at the discretion of the Canal Officer, be filled with canal water without charge, and without reference to the area irrigated in any village wherever water can be made available without injury to the cultivation dependent on any canal, provided that no irrigation is practised from the tank, and that the water is required for domestic purposes or for watering cattle only.

Filling tanks.

(80) Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by rules 28, 52, 56, 58, 59, 60, 61, 67 and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

Powers of Deputy Collector.

SCHEDULE No. I.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

	Flow or lift. Rate per acre for each season.
For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages where proper village channels exist or which can be irrigated direct from a distributary without a village channel.	
For leases for five years for all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0

SCHEDULE No. II.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

		Flow or lift. Rate per acre for each season.
For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages irrigated without village channels which lie in "lease units" as defined in rules 7 to 15.		
For leases for five years ...	For all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0
,, four ,, ...		1 12 0
,, three ,, ...		2 0 0
,, two ,, ...		2 4 0
,, one year ...		2 8 0

SCHEDULE No. III.

Leases for a single Kharif season for suitable blocks of any area.

	Flow or lift. Rate per acre for each season.
For water supplied between the 15th of June and the 15th of November for defined blocks of land.	
For all description of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 3 0 0

SCHEDULE No. IV.

Leases for cold-weather crops.

For water supplied between the 15th of November and the 30th April.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For all descriptions of crops including (sugarcane) included in blocks of land leased under schedules I, II and III.	1 0 0	0 10 0
For all descriptions of crops (including sugarcane) not included in blocks leased under schedules I, II and III.	2 0 0	1 8 0

SCHEDULE No. V.

	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For sugarcane	3 8 0	2 0 0

SCHEDULE No. VI.

For water supplied for kharif crops after the 1st September to lands which are not under lease.

Size of pipe.	Rate for the use of the outlet.
	Rs.
4" circular	60
5" "	90
6" "	130
7" "	170
8" "	200
9" "	230
	330
9" × 12" rectangular	380
12" × 12" "	600

The person to whom the outlet is leased will be permitted to use the water in any way he pleases. He will only be entitled to the use of the outlet for ten days out of every fifteen days. No definite quantity of water is guaranteed, but the Canal Officer will endeavour to keep a minimum head of six inches on the outlet.

SCHEDULE No. VII.

Water will be supplied for filling tanks at the rate of Re. 1 per 10,000 cubic feet of water used calculated at the outlet.

APPENDIX I.

This form of notice will not ordinarily be accepted later than the 1st April for any lease which it is proposed to make in the year then current.

Form of notice that a permit for a term of years is required.

Mouzah , pergunnah , distributary

We, whose names are attached, give notice that we wish to apply for a lease for a term of years for a block of land containing all the irrigable rice lands in our village. We request that the block may be inspected; that the necessary measurements may be made; and that the form of application, which has to be signed by all the cultivators of the block, may be prepared. We have ascertained that all the cultivators in the block are willing to enter into the lease.

Signatures of five or six principal cultivators ...

Note.—No permit will be granted on this notice.

APPENDIX II.

Note.—No application in this form will be received after the 1st of September for any lease which it is proposed to make in the year then current.

Preliminary application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, hereby apply for water to be supplied from the above-mentioned distributary for the irrigation of our rice-fields from the 15th of June until the 15th of November in each of the following years:—

*189	corresponding to	129
189	.....	129
189	.....	129
189	.....	129
189	.....	129

We are aware that the rate applicable to this term of years is Rs.———for each acre leased.

2. The area to be irrigated by each of us is approximately stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North.—
South.—
East.—
West.—

All the cultivators of this block desire to conclude a lease for the period named above.

3. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of a suitable channel or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

4. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

5. We request that the areas of our holdings may be checked and the lease for the term of years specified above may be prepared. We agree to sign the lease for the entire block defined above as soon as it is presented to us.

6. We make this application under section 74 of Act III (B.C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the Act.

7. Should the lease for which we now apply not be completely signed by all the cultivators in the block before the 30th of November next, or should the lease not be accepted by the Canal Officer, we agree to pay at the rate of Rs. 3 for each acre of our holdings within the block as found by actual measurement. *Provided* that if the delay in the completion of the lease be due to any cause beyond our control, the rate to be charged shall be that specified in clause 1 of this application. We agree to pay the sum due from each of us whether we require water during the season or not.

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

8. We agree to pay the water-rates due on this application in one instalment on or before the 1st of February.

Name of cultivator.	Area to be irrigated.	Signature of cultivator.	REMARKS.

Note.—A permit may be granted on this application by the Subdivisional Officer only

APPENDIX III.

Form of final application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the distributary for the irrigation of our block of rice-fields from the 15th June until the 15th November in each of the following years:—

* 189 corresponding to 129
189 129
189 129
189 129
189 129

The area to be irrigated has the following boundaries:—

North.—
South.—
East.—
West.—

2. The area to be irrigated by each of us is stated in the schedule following, marked A Each of us agrees to pay water-rates on the area recorded against his name at the rate of Rs — per acre. We will pay the sums due from us independently of our requiring water in any particular year or not.

3. We desire that the lands entered in the schedule marked B, lying within the boundaries of the block (which are either unirrigable lands, "Beali" lands, or low-lying lands, which will not ordinarily benefit by canal water) may be excluded from irrigation and assessment. Should we require irrigation for such lands, we agree to make a separate application for the particular season when we require the water.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of suitable channels or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of wate -rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the above Act.

7. We agree to pay the water-rates due from us in one instalment on or before the 1st of February, and to give due notice to the Canal Officer of any changes in the holdings included in this application.

8. We are aware that if a permit is granted to us it is liable to be cancelled under rules 28 and 29—

(i) If on the 1st of June of any year, more than one-half of the aggregate water-rates on this application are unpaid.

(ii) If water supplied for irrigating the block of land included in the application is habitually wasted or misused.

9. (If all the applicants have not signed.) We who have signed this application further bind ourselves to be jointly responsible for the payment of the water-rates due on the block from those who have not yet signed this application, should they fail to do so in due time, as required by the rules.

SCHEDULE A.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

SCHEDULE B.

Name of cultivator.	Number of fields.	Class of land.	Area of land to be excluded from irrigation and assessment.	Signature.

Note.—A permit will not be granted for any lease for a term of years until an application in this form has been signed by all the occupiers of the land included in the block. If this application is not complete by the 15th June, an application either in Form Appendix II or Form Appendix IV must be submitted if water is required during the year then current.

Note.—When a contractor undertakes the collection of all the water-rates due on this application the following shall be inserted above schedule A :—

"9. We desire under rule ——— that ——————————— shall be appointed contractor. We agree to pay water-rates to him as they become due so long as he is authorised by proper authority to collect them. Should the contractor resign or be removed, we engage to pay water-rates to the Collector or to any person authorised by him to receive the amounts due from us."

The contractor shall sign the following agreement which shall be added to the lease :—

"I agree to become contractor under rules ——————— for the collection of the entire sum due under this application in consideration of being permitted to deduct Rs. 15 per centum from the total amount due on the lease. I undertake to pay to the Collector the whole amount due to Government on or before the 15th of March following the dates when the water-rates are due from the cultivators; should I default the Collector shall be at liberty to realise from me the said amount in terms of Section 85 of Act III (B.C.) of 1876. I will myself take the risk of any default in payment by the cultivators."

Note.—The agreement with a contractor needs an eight-anna court-fee stamp.

APPENDIX IV.

Note.—No application in this form will be received after the 1st September for water to be supplied during the season then current.

Application for a lease during a single kharif season.

Mouzah pergunnah distributary .

1. We, whose names are attached, apply for water to be supplied from the * 15th June to the 15th of November for the irrigation of the block of land formed by our holdings.

2. The area to be irrigated by each of us is stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North:—
South:—
East:—
West:—

3. Each of us agrees to pay water-rates at the rate of Rs. 3 an acre on the area in his occupation as found by actual measurement. We will pay the sums due from us independently of our requiring water during the season or not.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 18, 26, 61, 62, 70, 73, 74. We agree to abide by them and by all rules passed under the Act.

7. We agree to pay the water-rates due from us in one instalment on the 1st of February.

SCHEDULE.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* If this application is submitted after the 15th June, this date should be altered.

Note.—The block leased on this application may be of any area, but all the irrigable lands included in it must be assessed and paid for. "Beali" lands cannot (if lying within the block) be excluded from assessment.

APPENDIX V.

Application for the lease of a Distributary outlet from the 1st September to the end of the Kharif Season.

I, , of mouzah pergunnah , apply for water to be supplied to me through outlet, No. of the distributary of inches in diameter for use in the irrigation of rice crops. I herewith tender Rs. , being half the sum of Rs. which is the rent of a inch outlet for the remainder of the season. I agree to pay the remaining sum of Rs. by the 31st of December next.

I am aware that the Canal Officer does not guarantee that any definite quantity of water will be delivered by the outlet. I am also aware that I shall only be entitled to the discharge of the outlet for ten days out of every fifteen days.

Witness:— Signature.

We, the undersigned residents of mouzah , pergunnah , agree to be jointly and severally liable for any portion of the above-mentioned sum of Rs. which may be left unpaid by on the 31st of December next.

Witness:— Signature of two substantial persons.

APPENDIX VI.

Form of application for a lease during the rabi season or hot-weather season.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the * to the for the irrigation of the areas mentioned below.

2. The approximate area to be irrigated by each applicant is stated in the schedule following, but each of us agrees to pay water-rates at Rs. per acre on the actual area in our occupation as found by measurement, with the proviso that only areas actually irrigated will be assessed.

3. We agree, as far as is possible, to prevent water supplied being wasted or used in an unauthorised manner.

4. This application is made under the rules passed under Act III (B.C.) of 1876, more especially rules 20, 27, 70, 71, 73, 74. We agree to abide by these and by all the rules passed under the Act.

5. We agree to pay the water-rates due on this application on the*

Name of cultivator.	Description of crop.	Areas more or less to be irrigated in bigahs and cottas.	Signature of cultivator.	Remarks.

Establishment.

The 16th February 1892.

No. 64.—Rai Prosunna Coomar Daneary Bahadur, Executive Engineer, Dacca Division, is granted one year's furlough on medical certificate, under article 371(B) of the Civil Service Regulations, with effect from such date as he may avail himself of it.

No. 65.—Mr. Sorabjee Shavaksha, Assistant Engineer, Darjeeling Division, is transferred to the Dacca Division to assume temporary charge of the division until further orders.

No. 66.—Mr. W. Nicholson, Superintendent of Way and Works, Eastern Bengal State Railway, is granted privilege leave for three months, with effect from the 12th of April 1892, or any subsequent date.

F. J. Johnstone,
Joint-Secy. to the Govt. of Bengal.

* Date to be filled in according to the season from the dates fixed in rule 62.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

[Third Publication.]

The 2nd February 1892.

No. 14*Marine.*—In accordance with the provisions of section 126, clause (4) of the Calcutta Port Act, 1890, the Lieutenant-Governor directs the publication of the following bye-laws for regulating, landing and shipping of goods on inland vessels' wharves, which have been proposed by the Commissioners of the Port of Calcutta:—

Landing and Shipping on Inland Wharves.

BYE-LAWS.

Goods to be landed at authorised wharves only.

1. With the exceptions hereinafter noted, no vessels, not being sea-going vessels, shall land or ship any goods at any wharf on the east bank of the river Hooghly between the northern boundary of the port and the Government Dockyard at Kidderpore, except at the wharves duly notified by the Commissioners under section 97 of Act III (B.C.) of 1890.

Exceptions.

2. The foregoing rule shall not apply to inland steamers or flats, or to boats laden with vegetables, fruits, meat, and market produce; such goods can be landed at the public ghats under any rules or restrictions at present or hereafter in force thereat.

Definition of market "produce."

3. By the term "market produce" shall be meant such perishable commodities as are imported for the bazars for immediate and daily consumption, but on such vegetables as potatoes, red gourds, or pumpkins, and the like, which are imported and stored, the toll shall be levied.

Goods not to be landed or shipped until toll has been paid.

4. No goods, liable under Schedule C for payment of toll, on which toll has not been paid, shall be either landed from, or shipped into, boats or vessels using the inland vessels' wharves.

Goods landed or shipped without payment of toll to be detained.

5. Goods landed from, or shipped into, boats or vessels without payment of the toll, shall be detained by the Commissioners, at the risk and expense of the consignees, until the toll has been paid.

Re-landing or re-shipping.

6. If goods shipped have to be re-landed, or goods landed have to be re-shipped, such goods having already paid toll for shipping or landing, shall be exempted from further payment for re-landing or re-shipping, provided such re-landing or re-shipping takes place on the same day as the landing or shipping.

Steam-ferries and passenger-boats not to take goods unprotected by pass.

7. Persons in charge of steam-ferries or passenger-boats plying from any public ghat, shall not permit the landing or shipping from, or upon, their vessels of any goods liable under Schedule C for payment of toll, unless such goods are protected by passes.

Goods not to be stacked on the wharves.

8. Except for the purpose of enabling masters of vessels to take measurements or weighments of goods to be shipped on board their vessels, no goods shall be permitted to be stacked on the wharves beyond the time actually necessary to convey them away.

Goods awaiting shipment to be under control.

9. During the time it is actually necessary for goods in course of landing or shipping, to remain on the wharves, such goods shall be piled in places assigned for the purpose by the Superintendents of the wharves, or their subordinates.

Boats not to moor or anchor for purposes of sale or barter.

10. Boats shall not be moored or anchored at the wharves, in order that the owners of the goods brought in them may sell or barter.

Empty boats to lie in the stream.

11. Empty boats waiting to be hired, or having discharged goods, shall anchor in the stream, at least 150 feet off the wharves.

Timber not to be floated to detriment of the wharves.

12. No person shall float timber, rafts, or any obstructive articles in the stream within 150 feet of the bank, so as to impede the movement of boats and vessels at the inland vessels' wharves.

Commissioners' servants at liberty to board boats or vessels.

13. No person shall prevent the Superintendents of the wharves, or other persons deputed by them, from boarding any boat or vessel within 150 feet of the wharves, for the purpose of examining or ascertaining the quantities of the goods in them, or of detaining them for payment of tolls or other charges, or of giving effect to any of the bye-laws and rules passed by the Commissioners.

Hours for landing and shipping goods.

14. The hours for landing and shipping goods at the inland vessels' wharves shall be from 6 A.M. to 6 P.M. on all days, except Sundays and holidays authorized by the Commissioners; and no business shall be transacted on the wharves during the hours intervening between 6 P.M. and 6 A.M., nor on such Sundays and authorized holidays, except on payment of overtime or extra fees respectively.

15. When goods are to be landed or shipped inward or outward, authenticated challans showing the descriptions and exact quantities of the goods, shall be tendered to the cashier by applicants for the passes. On the data furnished in these challans the passes will be drawn up and the tolls levied. In the absence of such challans, or where reasonable doubts exist with regard to their genuineness or correctness, the calculation for levying the toll shall be based on the registered tonnage of the boats or vessels from which the goods are to be landed, or on which they are to be shipped.

Challans to be filled up.

16. Any person committing an infringement of any of the foregoing bye-laws shall be liable for the first offence to a fine not exceeding Rs. 100, and for a continuance of that offence, after notice shall have been given him by the Commissioners of his having committed the offence, to a further fine of Rs. 50 per diem.

Penalty for non-observance of bye-laws.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Govt. of Bengal.

JAIL DEPARTMENT.

No. 1482, *dated the* 11*th February* 1892.—Assistant Surgeon Moti Lal Mukerjee made over charge of the Balasore Jail to Surgeon G. Shewan on the forenoon of the 23rd January 1892.

BABU BRAJAMOHAN DUTT'S PRIZE-ESSAY FOR NATIVE LADIES.

No essay of sufficient merit having been sent in for Babu Brajamohan Dutt's prize in the years 1889-90 and 1890-91, it has been decided to award three prizes of Rs. 40 each for the year 1891-92, the subject selected being "Domestic Arts as practised by Bengali women."

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1892, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Circle, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize-Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

A. CROFT,
Director of Public Instruction.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

The following orders, issued by the Government of India in the Home Department, are republished for general information.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

PUBLIC.

Calcutta, the 10th February 1892.

No. 427.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Governor-General in Council is pleased to add the following rule to the rules to regulate the transport and importation of explosives, published in Home Department Notification No. 1417, dated the 24th June 1887 :—

15A. Explosives, other than those referred to in rule 11, which have already undergone the test prescribed by rules 14 and 15 at the Port of Calcutta, Madras, Bombay, Rangoon, Calicut, Karachi or Aden, may be re-imported by sea into any other of those ports under a license granted under rule 13 without re-testing, but subject, in the case of such explosives as are mentioned in rule 6, clause IX, to the production of the certificate prescribed in that clause.

Such certificate shall be valid for six months after date, if the examination has been made between the 15th October and 31st March ; but in the case of dynamite, a fresh certificate may be demanded if the consignment is imported between the 1st Apri and 15th October (both inclusive).

ESTABLISHMENTS.

The 11th February 1892.

No. 95.—The services of Mr. A. A. Wace, Indian Civil Service, are replaced at the disposal of the Government of Bengal, with effect from the date on which he was relieved of his duties as Officiating Judge and Commissioner of the Assam Valley Districts.

The 12th February 1892.

No. 98.—The services of Mr. F. J. Monahan, Indian Civil Service, Joint-Magistrate and Deputy Collector, Kissengunge, Purneah, are placed at the disposal of the Chief Commissioner of Assam.

JUDICIAL.

The 8th February 1892.

No. 165.—The Hon'ble L. R. Tottenham, a Judge of the High Court of Judicature at Fort William in Bengal, has obtained furlough for six months on urgent private affairs, with effect from the 1st March 1892, or the subsequent date on which he may avail himself of it, together with the necessary subsidiary leave.

J. P. HEWETT,
Offg. Secy. to the Government of India.

The following order, issued by the Government of India in the Finance and Commerce Department, is republished for general information.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

SEPARATE REVENUE.

POST OFFICE.

The 9th February 1892.

No. 540.—In exercise of the powers conferred by section 63 of the Indian Post Office Act XIV of 1866, the Governor-General in Council is pleased, with reference to the rules published with the Notification of the Government of India in the Finance Department, No. 1446, dated the 28th February 1873, to prescribe the following rule regarding the manner of prepaying the postage in official parcels posted on and after the 1st April 1892, at any Indian Post Office:—

In the case of official parcels on which the postage is to be prepaid, the service postage stamps should be affixed by the senders to the receipts handed in at the Post Office with the parcels, and not to the parcels themselves.

J. F. FINLAY,
Secretary to the Government of India.

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 12th February 1892.—It is hereby notified that the Lieutenant-Governor is pleased, in the exercise of the power conferred on him by section 35 of the Bengal Ferries Act I (B.C.) of 1885, to direct that the ferry named Kachikata-Balashia over the river Megna, in the district of Dacca, shall be managed by the Dacca District Board, and that all the proceeds of the ferry, and all the fines levied and compensation received under the said Act in respect thereof, shall be paid into the District Fund with effect from the date of the notification.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 13th February 1892.—It is hereby notified for general information that the Lieutenant-Governor is pleased to amend Rule 28 of Appendix A to the Rules issued under section 82 of Act III (B.C.) of 1884 for keeping the accounts of municipalities, which relates to the printing of the municipal house-rate bill forms, as follows :—

Rule 28.—An estimate shall be made of the number of forms likely to be required for a year's consumption, and the complete year's supply shall be consecutively numbered and stitched in books, each containing 100 forms. Arrangements may be made with the Superintendent of Government Printing at Calcutta to supply the bill forms printed in English or in the vernacular, or in both languages.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the power conferred on him by section 1 of the Bengal Vaccination Act V (B.C.) of 1880, to extend the provisions of the said Act to the Lohardaga Municipality, in the district of Lohardaga, unless good reasons are shown to the contrary within six weeks from the date of the publication of this notification within the said Municipality.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the power vested in the Local Government by section 1 of the Bengal Vaccination Act V (B.C.) of 1880, and in accordance with the recommendation of the Commissioners of the Jhaldah Municipality, in the district of Manbhum, made at a meeting, to extend the provisions of the said Act to the above Municipality, unless good reasons are shown to the contrary within six weeks from the date of the publication of this notification within the Municipality.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—In the exercise of the power vested in him by section 2 of Act IV (B.C.) of 1871 (the Puri Lodging-house Act), as amended by Act II (B.C.) of 1879 and Act I (B.C.) of 1884, the Lieutenant-Governor is pleased to appoint Babu Nanda Gopal Mukerjea, a Vernacular Licentiate in Medicine and Surgery, to be Health Officer under the Act for the town of Nadia.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—It is hereby notified that, under section 27, Act III (B. C.) of 1884, the Lieutenant-Governor is pleased to appoint Mr. J. W. Bell to be a Commissioner of the Rampur-Beauleah Municipality in the district of Rajshahi, *vice* Mr. G. Hardie, resigned.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 15th February 1892.—It is hereby notified for general information that, in exercise of the power vested in him by clause 2 of section 139 of Act III (B.C.) of 1885, the Lieutenant-Governor confirms the bye-laws set forth below, which have been framed by the Patna District Board under clause 1 of the said section, in supersession of those previously framed by the Board, and published at page 93, Part IB of the *Calcutta Gazette* of 1st May 1889, under notification, dated 25th April 1889:—

Bye-laws.

"Road" in these rules means any road under the control of the District Board or any Local Board, and includes its slope, berm, and side-drains, and all land, bridges, and culverts being the property of the said Board attached to it.

2. Whoever commits any of the following offences, namely—

(1) steeps jute, hemp or any other offensive matter in any roadside drain under the control and administration of the District Board;

(2) makes any encroachment or causes obstruction on any road;

(3) throws or lays down dirt, filth or rubbish, or stacks straw, stone or building materials on any road or into any drain;

(4) forces his way or drives any animal or vehicle over any road, bridge or culvert while in course of construction or repair, and closed for traffic, when a passage is provided through another part of the road or otherwise;

(5) keeps any horse, cattle, cart or other conveyance standing longer on any road than is required for the purpose of loading or unloading or taking up or setting down passengers, or leaves any animal or conveyance, or does any other act in such a manner as to cause danger, inconvenience or obstruction to the public;

(6) exposes any goods for sale, or slaughters or tethers any animal on any road;

(7) removes soil or turf from any road or drain, or uproots grass on any road, or plucks leaves, fruits or branches of any tree planted by the side of a road which is the property of the District Board;

(8) refuses to prune or trim any tree, bamboo or hedge (in his possession or under his control) overhanging on any road on a requisition signed by the Chairman of the District or a Local Board;

(9) eases himself on any road or in any drain;

(10) washes or bathes in any tank or at any well set apart for drinking or culinary purposes under section 90 of the Local Self-Government Act III (B. C.) of 1885, or fouls the water of any such tank or well;

(11) fails to observe the rule of the road by not keeping on the left while riding or driving, or fails to carry conspicuous light when driving on a dark night,

shall, on conviction, be liable to a fine not exceeding Rs. 10, and to a further penalty not exceeding Rs. 2 each day after the imposition of the fine for the continuance of the obstruction or nuisance mentioned in clauses (1), (2), (4) and (8).

3. Any person making a channel or conveying water by a channel across a public road, except in such manner as may be prescribed by the Chairman, shall be liable to a fine not exceeding Rs. 10.

4. Any person who shall have been permitted by the Chairman to cut a channel across a road, and neglects to cover or refill the channel so as to restore the road to its former condition, and any person who has the prescriptive right of keeping a channel open for carrying water and fails to keep it in proper order, thereby causing danger or inconvenience to the public, shall be liable to a fine not exceeding Rs. 10.

5. Any person obstructing a waterway adjoining a road so as to injure or tend to injure such road shall be liable to a fine not exceeding Rs. 50.

6. Any person hereafter causing the rainfall off the roof to be discharged by means of spout or other thing intended for the conveyance of water on a public road, without the permission of the Chairman, shall be liable to a fine not exceeding Rs 5.

7. Any person owning or possessing a tree, house, wall or other erection, which has fallen, or part of which has fallen on to a road, may be required by a notice from the Board to remove the tree, house, wall, erection or such part of it as has fallen on to the road; and if he neglect to comply with such notice shall be liable to a fine not exceeding Rs. 20.

8. Any person driving a bullock-cart without springs on any part of a road except the *like*, so long as the latter exist and are in good order, shall be liable to a fine not exceeding Rs. 10.

9. Any person carrying bamboos or *bullahs* on a cart in such a manner as to scrape the road, or cause injury, annoyance or risk of injury to other travellers, shall be liable to a fine not exceeding Rs. 5.

10. Every elephant or camel proceeding on a road shall be provided with a bell; and any person owning, riding, driving or in charge of an elephant or camel on a road shall, if he is not so provided, be liable to a fine not exceeding Rs. 20.

11. The driver or person in charge of every elephant or camel on a road shall, on the approach of a carriage, cart, or horse, remove the elephant or camel to such a distance from the road as to avoid all risk of accident, and if he fail to do this shall be liable to a fine not exceeding Rs. 20.

12. Any person driving an elephant over a bridge or culvert shall be liable to a fine not exceeding Rs. 50.

13. Any person riding or driving an elephant on a newly constructed road or in wet weather on any road so as to injure it shall be liable to a fine not exceeding Rs. 50.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—It is hereby notified that the members of the Sewan Local Board, in the district of Sarun, having at a meeting requested the Local Government to appoint a Chairman, the Lieutenant-Governor is pleased to appoint, under sections 25 and 29 of Act III (B.C.) of 1885, Mr. N. Bonham Carter, Sub-divisional Officer, to be the Chairman of that Local Board, *vice* Mr. H. J. McIntosh.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—Whereas a notification, dated the 21st August 1891, announcing the intention of the Lieutenant-Governor to declare the town of Patuakhally, in the district of Backergunge, to be a municipality, was published in the *Calcutta Gazette* of the 26th idem, and whereas no valid objections have been raised to the proposal within six weeks from the date of the publication of the said notification within the said town, it is hereby notified for general information that, in the exercise of the power conferred on the Local Government by section 8, Act III (B.C.) of 1884, the Lieutenant-Governor extends the provisions of the said Act to the said town of Patuakhally with effect from the 1st April 1892.

The boundaries of the said town of Patuakhally shall be as follows :—

On the North—The Lohalia and the Patuakhally rivers.

On the South—The Fultala, the Mandarbunia, and the Guzar khals.

On the East—The Chandanbaria khal.

On the West—The Durgapur khal.

2. The new Municipality shall be included in both the First and Second Schedules of the said Act, and the number of Commissioners to be appointed to the Municipal Committee shall be nine.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—It is hereby notified that, under section 23, Act III (B. C.) of 1884, the Lieutenant-Governor is pleased to appoint Babu Atul Chunder Chatterjee, Sub-divisional Officer, to be the Chairman of the Patuakhally Municipality in the district of Backergunge.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—It is hereby notified that, under section 17, Act III (B.C.) of 1884, the Lieutenant-Governor is pleased to appoint the following gentlemen to be Commissioners of the Patuakhaly Municipality in the district of Backergunge :—

Babu Brindabon Chandra Bose.
„ Annonda Chundra Sen.
„ Jogobondhu Dutta.
„ Hira Lal Sau.
Babu Gopal Gobinda Ker.
Moulvi Mahomed Akteruddin.
Babu Koylash Chunora Sen.
„ Grish Chundra Sen.
Babu Shoshi Mohon Sha

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 16th February 1892.—Whereas it appears to the Lieutenant-Governor of Benga that land is required to be taken up by Government at the expense of the Naihaty Municipality for a public purpose, viz., for a burning ghât for the use of the people of Narainpur in the village of Bhatpara, pergunnah Habilishahar, zillah 24-Pergunnahs, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 katas of standard measurement, is required. The land is situated within the village of Bhatpara, and is bounded on the North by land in occupation of Noni Mistry; on the East by land belonging to Babu Annada Prosad Banerjee; on the South by land in occupation of Ahadali Sheik and two others; and on the West by the river Hooghly.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 57.

Dated the 11th February 1892.

THE subjoined annual accounts and reports of the Road Cess Committees of the districts of Hazaribagh, Lohardugga, Manbhoom, and Singbhoom for the year 1890-91, together with the remarks thereon of the Commissioner of the Chota Nagpore Division, are published for general information.

F. J. JOHNSTONE,
Joint-Secy. to the Govt. of Bengal.

No. 41D.R., dated Hazaribagh, the 29th May 1891.

From—C. J. S. FAULDEN, Esq., C.S., Chairman, District Road Cess Committee, Hazaribagh,

To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit the following report on the administration of the District Road Fund, together with a detailed account of receipts and expenditure for the year ending 31st March 1891.

2. The District Committee held three meetings during the year, in all of which quorum was obtained, the average attendance being 7·6. The members residing in and about the town of Hazaribagh took more interest in the working of the Act than those living in the interior of the district.

3. The term of five years since their last appointment of many of the members having expired, the Committee was reconstituted during the year.

4. The following is a summary of the business transacted by the Committee during the year under report:—

(1) Preparation of the budget estimates of receipts and expenditure for the year 1891-92.
(2) Passing of estimates of different works to be executed in 1891-92.
(3) Passing of annual account and report for 1889-90.
(4) Consideration of the District Engineer's application for increase of travelling allowance.
(5) Revision of the list of members.

5. The accounts were as usual audited by a Sub-Committee appointed under section 174 of the Act.

6. *Branch Committee.*—There is only one Branch Committee in the district at Giridih, which held five meetings during the year, in which the average attendance was 4·8. The Committee consists of 14 members, of whom 5 are Europeans. The Sub-divisional Officer reports that most of the members who attended the meetings were native gentlemen, and that the European members, with the exception of one, took no interest in the working of the Act.

7. Rs. 4,544 were made over to the Branch Committee for the repairs of the roads under it, and all but Re. 0-2-9 were spent—Rs. 567-0-11 departmentally by the Vice-

Chairman, Rs. 760-6-9 by five native and one European member, and the rest by contract. Rs. 289-6-9 were spent on original works of a petty nature, Rs. 197-12 on establishments, and the rest on repairs. A Sub-Overseer of the District Committee received allowance of Rs. 5 for inspecting the work of the Branch Committee, but the arrangement was not satisfactory. The Branch Committee has to spend a very large part of its income on the roads immediately round Giridih, which is a large and rising town, where there ought to be a municipality paying for its own roads, and the roads of the interior have to be neglected in consequence; at the same time they might be better than they are. The Branch Committee has 232 miles of roads on its hands: the average sum available per mile is thus Rs. 24-6. The Branch Committee complains that at this figure it cannot keep the roads up. My own experience is that with Rs. 24-6 per mile a very great deal can be done for fair-weather roads. Rs. 10, or even Rs. 5, have, I have found, been sufficient to keep such roads in good order, and it certainly should be possible with Rs. 24-6. The work of the Branch Committee in past year has no doubt been badly done, too much being left to uninstructed and unsupervised contractors. Mr. Rattray towards the end of his tour noted that he had not come across a single Branch Committee's road in good order. He himself takes interest in the work, and may, I hope, effect an improvement. The Vice-Chairman, Babu Burmeshor Prosad, also takes great interest in the work.

8. The road cess in the district continued to be levied at the maximum rates prescribed by law.

9. The demand on account of cess on lands and mines during the year was Rs. 46,173 against Rs. 46,170 in the previous year. The annual valuation of mines brought about an increase of Rs. 15 in the demand, but on the other hand there has been a decrease of Rs. 12 in the demand of road cess collected in the Gya district owing to revaluation operations of that district; hence the net increase was Rs. 3 only.

10. The year commenced with an arrear balance of Rs. 1,289. This, together with Rs. 46,173, the demand for the year, less the sum of Rs. 1,535 paid in advance in previous years, gave a total of Rs 45,927 for collection within the year under report. Of this sum Rs. 36,471 were realised, the balance outstanding at close of the year being Rs. 9,456. In addition to the above, a sum of Rs. 1,635 was collected as advance for future years. The percentage of collections on current demand is Rs. 82·5. Most of the arrears due at close of the year was due from revenue-paying estates in which the last kist fell due on the 28th March, or three days before the close of the year. The accrual of heavy balance is chiefly due to the failure of the proprietor of the Ramgurh Estate to pay in Rs. 8,798 out of the sum payable by him on account of kist of 28th March last. Most of the arrears, namely Rs. 8,701, have since been realised.

11. From fees, fines, *&c.*, chiefly for non-submission of revaluation returns, Rs. 6,929 were realised in the year.

12. Including a few small miscellaneous receipts and an opening balance of Rs. 29,134-4-3, the income available for expenditure in the year was Rs. 82,674-10.

13. *Original works.*—The only original works taken up during the year under review were the gravelling of the road from Golah to Dakagurha *vid* Dimra towards Jhalda *en route* to Purulia, a distance of about 12 miles, and the construction of a third class inspection bungalow at Murkutcho. The bungalow (Rs. 433-0-9) and a little more than 6 miles of the road (Rs. 3,000) have been completed during the year. Owing to the limited funds at the disposal of the Committee no other work could be undertaken during the year.

14. *Repairs.*—Thirty-four miles of the metalled and 47 miles of gravelled roads have been maintained at a cost, respectively, of Rs. 6,301-10-8 and Rs. 3,566-12-5, and are in fair condition.

15. Nineteen fair-weather roads, aggregating to about 300 miles, have been kept up in fair condition at a cost of Rs. 12,822-0-5 and are fit for cart traffic. The steep gradients are gradually being improved and the approaches down to beds of unbridged rivers and nallahs eased for wheeled traffic.

16. Village roads, aggregating to about 357 miles, have been repaired and made feasible for cart traffic. The roads of this class in the head-quarters were under the supervision of the District Engineer, and were kept up at a cost of Rs. 2,639-1-11, and those in the Giridih subdivision were under the supervision of the Branch Committee.

17. *Arboriculture.*—No new trees were planted during the year; the existing trees, about 14,000 in number have been maintained at a cost of Rs. 1,562-1-6, and are generally in a flourishing state. Many of the avenues are incomplete owing to want of proper protection, and the completion of these avenues must be the care of the Committee before fresh avenue planting can be undertaken. The proposal of clump planting or planting of topes of trees along every 5 or 6 miles of the road has since been approved by the Commissioner, and will be adopted in future in place of avenue planting as funds permit. The expenditure on replanting trees and protecting them during the year under report was Rs. 1,562-1-6.

18. *Nursery.* There is only one nursery garden in the Road Cess Office compound containing about 900 plants.

19. *Staging Bungalows and Serais.*—There is only one staging bungalow at Ramgurh. It yielded Rs. 55-8 during the year, and its maintenance cost Rs. 257-3-9. Since the opening of the Bengal-Nagpur Railway the dâk bungalow is rarely used, and the income is therefore reduced.

20. The only cart serai in the district, namely at Bogodhur on the Grand Trunk Road, yielded Rs. 103, and its maintenance cost Rs. 36-5-3.

H. C. MITTER,
Vice-Chairman.

Explanatory memorandum attached to the District Road Fund Account for the year 1890-91.

THE receipts on account of fines for non-submission of revaluation returns during 1889-90 and 1890-91 having been much larger than what had been estimated for, the closing balance at the end of the year exceeded the limit prescribed in paragraph 9 of the Government Resolution No. 4228R.C., of the 18th December 1885. Provisions have, however, been made for the disposal of the excess balance in the budget for the current year.

The transfer of allotments noted in antigue figures in column 2 of Part II of the account has been sanctioned by the Committee; the Commissioner's sanction to the same is being applied for.

H C. MITTER,
Vice-Chairman,

No. 95D.R., dated Ranchi, the 18th June 1891.

From—COLONEL E. G. LILLINGSTON, Deputy Commissioner and Chairman, District Road Cess Committee, Lohardugga.

To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit herewith the annual accounts and report on the working of the Road Cess Act, IX (B.C.) of 1880, for the year ending 31st March 1891.

* * * * * * * *

3. * * * * The attendance of the non-official members of the District Road Cess Committee during the year under report was unsatisfactory, for out of nine non-officials three attended only two meetings, and two failed to attend any meetings of the Committee during 1890-91. Regarding Palamow Branch Road Cess Committee * * * also the attendance of the non-official members was unsatisfactory.

4. The following is the summary of business transacted at the meetings of the District Road Cess Committee held during the year under report :—

(*a*) Passing the budget estimate.
(*b*) Fixing the rate of road cess to be levied during the year.
(*c*) Passing the annual accounts for 1889-90.
(*d*) Passing estimates submitted by the District Engineer for the repairs of different roads during 1890-91.
(*e*) Appointing contractors for the construction and repairs of different roads for 1890-91.
(*f*) Disposing of other miscellaneous business.

5. P. H. O'Brien, Esq., C.S., Joint-Magistrate, held the office of Vice-Chairman from July to December 1890, and Assistant Magistrate B. B. Newbould, Esq., C.S., from January to March 1891. On account of there being no covenanted assistant from April to June 1890, the office of the Vice-Chairman was under my direct supervision. The cheques were signed by Debendra Lal Bose, one of the members of the Committee in place of the Vice-Chairman, under the sanction of the Commissioner of the Division under clause 2, section 129 of Act IX (B.C.) of 1880.

6. The demand on account of cess on lands and mines during the year, including arrears of last year, amounted to Rs. 65,433. Of this Rs. 544 was collected in advance during the previous year, and Rs. 61,044 has been collected within the year under report, thus leaving a balance outstanding on 31st March 1891, Rs. 3,845. In addition to the above, a sum of Rs. 505 was collected in advance on account of the ensuing year 1891-92.

7. The cess was levied at the maximum rate. There was no difficulty in collecting it at head-quarters. In the Palamow sub-division, however, some difficulty was experienced in collecting the cesses from the estates which are held by numerous sharo-holders either by purchase or by inheritance. The recognised and recorded proprietors of these estates are but proprietors in name. A separate report on this subject will be submitted.

8. The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Vice-Chairman and two other English-knowing members.

9. *Original Works.—Ranchi-Lohardugga road.*—A masonry arched bridge, 16 feet span, was constructed in the 46th mile, and the diversions at Karrak, Bara, and Baratpore bridges, which had been taken in hand in the previous year, were also completed, and the approaches of these bridges were metalled with gravel over a layer of soling.

10. Survey was taken of Ranchi-Gola and Daltongunge Sherghotty roads and plans prepared. Drawings were prepared of Ranchi-Chandil, Ranchi-Palkote, Bundu-Jhalda, and Kuru to Orenga stream roads.

11. *Repairs.—Lalpore to Hazaribagh road.*—Gravel was put over metalling in half a mile of the length and petty repairs undertaken.

12. *Ranchi-Booti road.*—Gravelling was renewed here and there and the road maintained in good order.

13. *Ranchi and Lohardugga road.*—About 5 miles of the road were gravelled, and gravel collection was made in 7 miles. Petty repairs, including renewal of gravelling here and there, were executed throughout the length of the road. The timber roadway of a culvert on the 13th mile was reconstructed.

14. *Anandi-Gola road.*—Surface repairs were undertaken and the road maintained in fair order.

15. *Lohardugga and Chattra road.*—Timber roadways in two bridges, 15 feet span each, were thoroughly renewed and timber railings constructed on one bridge. Much earthwork was executed in thoroughly repairing the road from 26th mile to Baloomath, and petty repairs, including renewal of some temporary bridges, were undertaken throughout the entire length of the road.

16. *Ranchi-Chandil road.*—The new diversion from Subornarekha bridge on Public Works Department road to Purulia, about a mile and a half in length, was gravelled and a rubble masonry and flag stone culvert constructed on it. Several temporary bridges were reconstructed and the road maintained in good order.

17. *Ranchi and Palma road.*—A timber bridge was rebuilt in Nagri Done, gravelling was executed at places and petty repairs undertaken.

18. *Ranchi-Pithoria road.*—About a mile and a half of the road was gravelled. A diversion was constructed near Pithoria and patch repairs undertaken.

19. *Ranchi and Palkote road.*—About a mile of the road was gravelled. The entire length of the old road from Kulhutoo to Muruchkel, 22 miles in length, which had been abandoned in favour of a diversion 5 miles longer, was again resumed for public convenience and was almost thoroughly reconstructed, including rebuilding several temporary bridges; petty repairs were undertaken.

20. *Khunti and Kamdera road.*—Road was maintained in fair order and some temporary bridges rebuilt and repaired.

21. *Palma-Lohardugga* viâ *Bhandra road.*—Road was maintained in fair order and some temporary bridges rebuilt and repaired.

22. *Lohardugga-Sumbulpore road.*—Five miles of the road thoroughly reconstructed. About 100 running feet of temporary bridges were constructed; petty repairs were undertaken.

23. *Kuru to Orenga stream.*—The bridge over Senha stream was completed and the earthwork in diversion at this bridge was in progress. Surface repairs were executed and some temporary bridges rebuilt.

24. *Orenga stream to Daltongunge road*—Surface maintained in good order and several temporary bridges renewed.

25. *Daltongunge-Mohurajgunge road.*—About a mile of the road was gravelled, some temporary bridges were reconstructed and the road kept in fair order.

26. *Daltongunge and Garwa road.*—The road maintained in fair order.

27. *Garwa-Majiwan and Garwa-Untari roads.*—About 2 miles of each of the roads were reconstructed and petty repairs undertaken.

28 *Majiwan-Jupla road.*—About 4 miles of the road were reconstructed, surface repairs undertaken and some temporary bridges renewed.

29. *Daltongunge Sherghotty road.*—Three miles of the road in the ghât requiring heavy earthwork in cutting and filling were thoroughly reconstructed and some temporary bridges rebuilt; petty repairs were also undertaken.

30. *Daltongunge-Patan road.*—About 2 miles of the road reconstructed.

31. *Petty roads near Sudder station.*—They were maintained in good order.

32. *Village roads.*—In the head-quarters sub-division 24 miles of roads were newly constructed, about 20 miles which had been taken in hand in previous year were completed, and some 120 miles maintained in passable order. A bridge 20 feet span with rubble masonry abutments and wing walls on sâl timber roadway was constructed on Palkote-Gomla road. In Palamow sub-division some 15 miles of roads were constructed and about 25 miles maintained in fair order.

33. *Arboriculture.*—About 350 seedlings brought from Shibpur Botanical Gardens, and some 400 taken from nurseries at Ranchi, Lohardugga, and Daltongunge were planted along the roadside. Plants along 75 miles of roads taken altogether were maintained, and several new gabions supplied to them.

34. *Staging Bungalows.*—Two staging huts, one on Ranchi-Gola road, and another on the Daltongunge and Garwa road, were completed this year. The bungalow at Balamath

was much improved with additions and alterations, renewal of the tiled roof with all best and bullahs, and providing light terrace roofings in the rooms. All the bungalows and h were kept in fair order.

35. *Tools and Plant.*—One stone road-roller for consolidation of gravels was c structed, and several other tools were purchased and repaired.

36. Generally it may be said that more attention has been paid to securing good lasting work rather than quantity. Drainage is being specially looked after and care ta that the bad portions of roads are completed before work is done on the better pa A system has been introduced to finish off such portions of roads as are to be put in o first, and until these are completed the contractors and subordinates employed under District Engineer are not given credit for any other work executed.

37. *Accounts.*—The monthly accounts of the Road Fund and of the District Engine office were examined by the Vice-Chairman, and two other English-knowing member the Committee who were appointed for the purpose.

38. The Local Auditor inspected this and the District Engineer's office on the 2 November 1890, and the result was very satisfactory.

39. The establishments entertained under the Road Cess Act are—

(*a*) Establishment for collection of revenue.
(*b*) Committee's office establishment.
(*c*) Engineering establishment.

40. The establishment for collection of revenue at head-quarters consists of head-clerk and accountant, one assistant clerk, one mohurir, and one peon. Th officers also do the works connected with the Committee's office, for which there is separate establishment. The establishment under the Sub-divisional Officer of Palar consists of one clerk and one peon.

* * * * * * * * *

43. The roads, bridges, and culverts mentioned in the budget estimate for 189 (sanctioned by Government) are the works proposed to be taken in hand during ensuing year 1891-92.

44. The works have all been executed by contract during the year under report, the small sums advanced to the contractors have been adjusted.

E. G. LILLINGSTON, *Colonel.*
Chairman, District Road Cess Committee,
Lohardugga.

N. L CHATTERJEE, *Accountant.* D. C. BOSE, *Member.* B. B. NEWBOULD, *Vice-Chairman.*

No. 25 D. R., dated Purulia, the 7th July 1891.

From—C. A. S. BEDFORD, Esq. Chairman, District Road Committee, Manbhoom,
To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit the following brief annual report of the operations of the Cess Act, IX (B.C.) of 1880, and of the working of the District Road Committee of Manbhoom during the year 1890-91.

2. *Working of the Cess Act, IX (B.C.) of* 1880.—The demands, collections, and arrears on Road and Public Works cesses, and interest on lands, mines, quarries, and jungles for the year 1890-91, are shown in statement.

The arrears due for 1889-90 were Rs. 8,795, including Rs. 35 on account of a *Digwari* estate which had escaped assessment, and the demand for the year was Rs. 86,305 against

Rs. 27,465 and Rs. 87,492, respectively, for the two preceding years. There was a decrease of Rs. 1,187 in the demand owing to reduction in assessments on some mines, quarries, and jungles. The collection of the year was Rs. 76,149 against Rs. 1,03,951 in the preceding year, showing an outstanding balance of Rs. 18,950 at the end of the year against Rs. 8,760 in the preceding year. This is chiefly owing to the non-realisation of Rs. 14,064 (since realised) due from the Pachet estate for the kist ending 28th March 1891. The percentage of collections on net demand was Rs. 80,073. Out of the net balance (Rs. 18,950) outstanding at the end of the year. Rs. 17,836 have since been realised, and steps are being taken to recover the amount in arrear. As has often been noticed, cesses were not paid regularly during the year under report in many cases. There is a general tendency to put off payment until certificates are enforced. Of the revenue-paying estates, Jaipur, Katras, and Pachet are the most irregular in their payments. The practice of intimating to owners of mines, quarries, and jungles the amount of their indebtedness by means of post-cards was continued and was found to work satisfactorily.

3. *Working of the Committee.*—During the year under report the Committee held 12 meetings for the transaction of business, and in all of them a sufficient number of members was present to form a quorum. * * * *

The following is a summary of the business transacted by the Committee during the year:—

(1) Passing monthly accounts of the District Road Fund audited by a Standing Sub-Committee.
(2) Passing annual account and report for the year 1889-90.
(3) Discussing District Engineer's report regarding reduction of cost of maintaining cart serais, the income from falling off on account of the Bengal-Nagpore Railway.
(4) Discussing proposal submitted by the Barrabhum Estate Manager, of Messrs. R. Watson and Company regarding the construction of a bridge over the Nangahai nullah below Barrabazar.
(5) Considering a petition from the Bagmundi zemindar for the construction of a road from the Bolorampore Railway station to Bagmundi.
(6) Sanctioning acting allowance to District Engineer's clerk for the performance of District Road Committee's Accountant's duties during latter's privilege leave.
(7) Sanctioning annual budget estimate of the Committee's receipts and expenditure for the year 1891-92.

4. *Working of the Branch Road Committee at Govindpore.*—Babu Mohendronath Mukerjee, Sub-divisional Officer of Govindpore, was Chairman of the Branch Committee. No meetings were held and no business transacted.

5. *Working establishment.*—There has been no material change in the executive establishment of the Committee during the year under report. Two of the sub-overseers were absent on leave for short periods, and temporary arrangements had to be made to carry on their work.

* * * * *

6. *Works done during the year.*—Appendix B gives the abstract of all the works done during the year and the expenditure on them.

(a) *Sudder sub-division—Original Works.*—The following original works were executed during the year under report:—

(1) Approach road to the Anara Railway station
(2) Approach road to the Adra Railway station.

These approach roads connect the Purulia-Burrakur road with the adjacent railway stations, the necessity of which was much felt soon after the opening of the Bengal-Nagpore Railway. Earthwork, turfing, and bridgework were entirely completed and the roads opened to public traffic during the year under report. A valuable strip of land had to be acquired for the approach road to the Adra Railway station at some expense. In addition to the above, a road from Chirkunda on the Grand Trunk Road to Patlabari was budgetted for, but the project was afterwards abandoned owing to the Bengal Coal Company's making a free gift of a road which was their private property and which was found would meet our requirements.

Repair Works.—The works under this head consisted of the usual maintenance of the district roads, and were generally much the same as in previous years. All the roads were kept up in fair condition generally. The following improvements however, deserve notice:—

(1) All the railway level-crossings on the Purulia-Chybassa road, which were left in a more or less unfinished condition by the Railway Company, were attended to and were properly completed at the expense of the Railway Company.
(2) About 2 miles more of the Purulia station roads were stone-metalled to meet the requirements of increased wheel traffic in the vicinity of the Railway station.
(3) Minor improvements, such as easing steep gradients, adjusting alignments, construction of temporary stone culverts, &c., were effected.

The inspection and staging bungalows and bridges and culverts on all the roads were kept up in good condition.

Village roads.—Besides the annual petty repairs to the several existing village roads, the following are the principal additions and improvements under this head:—

(1) A surface road was constructed from the Adra Railway station to Kashipore for Rs. 500 only. It was very much wanted, especially as Kashipore, which is a big village of some importance, had no outlet in the direction of the Railway line. It is our intention to improve this road very shortly.

(2) The Barrabazar-Manbazar road was extended a mile further on towards Manbazar.

(3) The Jeypore-Begoonkoodar road was completed, and it is now thoroughly fit for wheel traffic.

Cart serais.—The serais on the Purulia-Ranchi road and Purulia-Bankura road were maintained and are in good condition. The compound of the Jeypore serai was improved by metalling. The incomes from the serais on the other roads, especially from those on the Purulia-Burrakur and Purulia-Chybassa roads, fell off very much during the year, and in anticipation of the abolition of some of them and reduction of others, no money was expended on them except what was absolutely necessary for petty repairs.

Arboriculture.—The work under this head consisted merely of the maintenance of young trees and plants along the Purulia station roads, as nothing more could be done for want of funds.

(*b*) *Govindpore sub-division.*—There was no original work done in this sub-division.

Repair works.—The works under this head consisted of the usual maintenance repairs in this sub-division. Besides the above seven miles of the Govindpore-Giridih and two of 3rd and 4th sections of the Jhapra-Govindpore road were improved by gravelling.

The bridges and culverts on all the roads in the sub-division and the bungalows at Govindpore and Rajgunj were kept in proper repair.

Village roads.—The only road under this head on which work was done is the one from Rajgunj to Nowagurh. This road was very much improved and extended towards the Ranchi road close to the Damuda river.

Cart serais.—The serais along the Grand Trunk Road were repaired and are in good condition.

STATEMENT A.

Statement showing the demands, collections, and arrears of Road and Public Works cesses for the year ending 31st March 1891.

H. W. Hill,
Vice-Chairman.

Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1890-91, and they have been duly scrutinized by the Sub-Committe.

Also that the treasury officer's abstract of the account of the Committee for the year has been duly received and checked with the cash and pass books, and found to agree therewith, except in respect of the amount of imprest in the hands of the Accountant which has been duly noted in the cash-book.

That the vouchers for the payments of the year have been cancelled that none but duly sanctioned expenditure has been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimates, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

Ram Doyal Mozumdar, Jadu Nath Bhuttacharge } Members of S. A. C.

H. W. Hill,
Vice-Chairman.

* Road Cess Office—(1) Cash-book; (2) Cash abstract book; (3) Register of monthly receipts and expenditure; (4) Account of deposits; (5) Account of advances.
District Engineer's Office—(I) Accounts, viz.—(1) Files of contract certificates; (2) Files of bills for purchases or purchase lists; (3) Files of day-books; (4) Files of establishment bills; (5) Files of aquittance rolls: (II) Books, viz.—(2) Register of bills passed; (3) Register of works and repairs; (4) Register of tools and plant; (6) Account of advances; (7) Account of deposits.

Explanatory Note.

1. The excess expenditure of Rs. 182-13-4 under head "Establishment and Contingencies of Office of Collection" is on account of the head-clerk's salary for March 1891, viz. Rs. 70 having been paid to him in advance owing to his leaving on privilege leave for three months, and the balance, (Rs. 112-13-4) is on account of cost of service of notices, &c., not recoverable under sections 72, 78, and 81 of the Cess Act IX (B.C.) of 1880.

2. The excess expenditure of Rs. 124-3-7 under head of "Percentage cost of establishment, &c.," is owing to payment made during the year for the year previous.

3. The excess expenditure in some of the items of "Repair works" is apparent, but not actual, as the budget provision is for the year under report, whereas the expenditure includes payment for works provided for in the previous year.

4. The contingent expenditure incurred by the District Engineer from April to December 1890 has been charged under head "Administration" according to the old practice, as there was no such provision in the budget under head "Public Works Establishment and Contingencies." In the revised budget, however, a sum of Rs. 43 was provided to meet the contingent expenditure of the District Engineer's office for January, February, and March 1891, but no expenditure for the purpose was incurred during the three months of the year.

H. W. Hill,
Vice-Chairman.

Remarks by the Chairman.

I inspected the whole length of this road. The repair works were on the whole fairly well executed.

R. H. Renny,

The 16th April 1891.

Annual Report on the Road Cess Operations for the year 1890-91.

1. *Chybassa-Bend road.*—A second class road, 73 miles in length, extends from Chybassa to Kopun nullah near Bend. In addition to repairs of a petty nature to the surface of the road and to the bridges and culverts, the low portions of the road near Bend have been raised. The dilapidated timber platform of the bridge about two miles to the west of Ghatsilla has been

I inspected the whole length of this road and found it in fair order.

R. H. RENNY,

The 16th April 1891.

I inspected nearly the whole length of this road and found it in good order.

R. H. RENNY,

The 16th April 1891.

I inspected the road. The portion up to the level crossing over the railway is in good order, but that from the crossing to Khursowan is nearly obliterated. A road from the crossing to the Amda Railway station is badly needed.

R. H. RENNY,

The 16th April 1891.

I inspected the road as far as Goilkera about 24 miles; it was in fair order.

R. H. RENNY,

The 16th April 1891.

I inspected the whole of this road and found it in good order.

R. H. RENNY,

The 16th April 1891.

I inspected the whole of this road and found it in good condition.

R. H. RENNY,

Chairman, D. R. C. C., Singhbhoom.

The 16th April 1891.

replaced by brick arches. Almost all portions up to Nursingurh that get very miry during the rains have been gravelled, the aggregate length of such gravelling being about 5 miles. There are two big streams, the Kharkai and the Subornarekha, which have been crossed by this road, and there are private ferries for passage of traffic across during the rains. The Gorura nullah crossings, of which there are two, have got no ferries, and during floods the traffic is discontinued. There are seven other minor unbridged steams in the 9th, 14th, 17th, 21st, 22nd, and 51st miles, and for want of funds the bridging of these could not be taken up.

Nursingurh-Bhairagora road.—This is a fifth class road which branches off from Nursingurh on the 56th mile of the Chybassa-Bond road and extends up to Bhairagora, a distance of 31 miles. The surface of the road and the timber culverts have been maintained. About a mile in length of road near Kokpara has been gravelled; very narrow places of the old road have been widened; jungle cutting and drain clearing have been done in many places.

Chybassa-Subornarekha River road—A third class road, 31 miles long, extends from Chybassa to the Subornarekha river. This road leads to Purulia. The road and the culverts have been maintained. The steep approaches to the Sunjoy river in the 20th mile have been eased. The portions that get miry during the rains have been gravelled, the aggregate length of such gravelling being over 4 miles.

The Subornarekha ghât improvement.—The more important and difficult portion of the work, namely rock cutting, has nearly been finished. The ghât on the south of the hill has been completed and is being used for traffic.

Chybassa-Khursowan road.—A fourth class road from Chybassa to Khursowan, a distance of 17 miles, of which the first 12 miles being in Kolhan is annually maintained from the Road Cess fund. In addition to maintaining the surface of the road and the culverts, clayey portions of the road of an aggregate length of about a mile have been gravelled. Since the opening of the Bengal-Nagpore Railway the road has became more important than before as it serves as a feeder road to the Amda station.

Chakradharpore-Koksinga road—Is a fourth class road, from Chakradharpore to Koksinga, a distance of 51 miles only, the first 18 miles of which is annually maintained. Low portions in the beginning of the road were raised, and rain damage repairs done in the beginning of the cold season.

Chybassa-Jyntgurh road—Is a second class road from Chybassa to Jyntgurh, a distance of 36 miles. The surface of the road has been maintained and the dilapidated timber culverts have been renewed. Heavy portions have mostly been gravelled, the total length of these being about 2 miles.

Village roads.—Of the village roads, the one from Chybassa to Katbari, a distance of 20 miles, has been improved. The surface has been repaired, and the clayey portions that become impassable for carts during the rains have been gravelled. The timber platforms of a few culverts have been replaced by brick arches.

A. CHATTERJEE,

District Engineer, Singhbhoom.

No 6—Part I.

Balance of deposit of the District Road Cess account of Singbhoom outstanding on the 31*st March* 1891.

Nil.

S. J. MASOOK,
Vice-Chairman.

R. H. RENNY,
Chairman, District Road Cess Committee, Singbhoom.

EXPLANATION.

OF the amounts, Rs. 281-8-6 and Rs. 304-10, shown against head "Miscellaneous" both in the receipt and expenditure side in Part I of the annual accounts, Rs. 268, represents the sum received from one Sona Prodhan of Goilmoora for raising a portion of Chakradharpur-Kosinga road No. 6. The work, however, was subsequently ordered to be executed by the said Prodhan himself, and the amount thus received and credited in favour of the District Road Fund under head "Miscellaneous" in the cash-book was refunded to the said Sona Prodhan, debiting the same under the same head.

R. H. RENNY,
Chairman, District Road Cess Committee, Singbhoom.

No. 192R.C., dated Ranchi, the 30th September 1891.

From—COLONEL E. G. LILLINGSTON, Offg. Commissioner of the Chota Nagpore Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit the accounts and reports of the several District Road Committees of this division for the year ending 31st March 1891 with the following remarks.

2 The number of meetings held by the District Road Committees varied from a minimum of three in Hazaribagh to a maximum of twelve in Manbhoom. In all districts except Lohardugga there were sufficient members present at each meeting to form a quorum. In Lohardugga alone in two meetings of the District Road Committee and in one of the Palamow Branch Committee there was no quorum. As in previous years the members residing in and about the head-quarters stations were more regular in their attendance than those living in the interior of the districts. The attendance of members was generally satisfactory, except in Lohardugga, where out of nine non-official members three attended only two meetings and two altogether failed to attend any meetings of the Committee.

In the Giridih Branch Committee out of five European members only one is reported to have taken any interest in the Committee's proceedings. This is much to be regretted.

3. During the past year the cess was levied in all the districts at the maximum rate. The opening balances, receipts, charges and closing balances of the several Road Committees during the past year are shown below—

	Hazaribagh.	Lohardugga.	Singbhoom.	Manbhoom.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
Opening balance	29,134	14,864	6,270	23,461	73,729
Receipts	53,540	70,658	15,353	36,839	1,76,390
Total	82,674	85,522	21,623	60,300	2,50,119
Charges	62,971	61,098	17,742	49,497	1,91,308
Closing balances	19,703	24,424	3,881	10,803	58 811

It is satisfactory to observe that the closing balances are smaller than the opening balances in Hazaribagh, Manbhoom, and Singbhoom. In Lohardugga, however, they are larger than the closing balances of the previous year. The Road Committee of the last named district will be asked to see that these balances are reduced at the end of the current year to a quarter's demand of the year.

4. As might be expected owing to the extensive areas of the districts and the insufficiency of the funds at the disposal of the several Committees very little could be done under the head of Original Works, the bulk of the expenditure incurred being devoted to repairs and maintenance of the existing roads. In Hazaribagh the only original works undertaken during the year were the gravelling of the road between Gola and Dakagurha *vid* Dimra and the construction of a third class inspection bungalow at Murkatcho. In Lohardugga a masonry arched bridge of 16 feet span at the 46th mile of the Ranchi-Lohardugga road was constructed during the year, while the diversions at the Karak, Bora, and Baratpur bridges, which had been taken in hand in the previous year, were completed during the year.

In Manbhoom two short roads connecting the Purulia-Burrakur road with the stations of Adra and Anara on the Bengal-Nagpore Railway were constructed during the year.

In Singbhoom the only original works undertaken during the past five years consisted of the metalling of the heavy portions of the six roads noted on the margin and the improving of the Subornorekha ghât. The total expenditure incurred on original works in the several districts amounted to Rs. 18,843 against Rs. 1,00,396 spent on repairs, and Rs. 2,871 on petty construction and repairs. The following statement shows the amounts spent in the several districts on original works, repairs, and petty construction and repairs, the total cost of the engineering staff entertained and the percentage of this cost on the total amounts spent on works:—

1. Chybassa-Bend road.
2. Narsinghurh-Bhairagora road.
3. Chybassa-Subornorekha road.
4. Chybassa-Kursowan road.
5. Chybassa-Jaintighur road.
6. Chybassa-Katbari road

District.	Amount spent on original works.	Amount spent on repairs.	Amount spent on petty construction and repairs.	Total amount spent on works.	Total cost of Public Works establishment entertained.	Percentage of cost of establishment on the amounts spent on works.
	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh	4,442	34 031	160	38,633	7,691	19·9
Lohardugga	3,713	31,265	1,089	36,047	9,218	25·5
Singbhoom	5,287	4,483	236	10,556	3,133	29·7
Manbhoom	4,851	30,617	1,406	36 874	7,263	19·7
Total ...	18,843	1,00,396	2,871	1,22,110	27,3·6	22·6

Considering the amount spent on works, the cost of the establishments entertained in Singbhoom and Lohardugga is very high, being about 29·7 and 25·5 per cent, respectively, of the amounts actually spent on works. The Road Committees of these two districts will be called on to see that much larger amounts are spent by them on works during the current year.

LAND SALE NOTICES.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates, or shares of estates, in the district of Dinagepore, will be put up for sale at the Collector's Office of that district on the 7th March 1892, for arrears of revenue and other demands which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue.

When in columns 5, 7, and 9 of the appended statement it is stated that only a share is to be sold, a separate account is kept for such share, and the other share or shares in the estate are excluded from the sale.

Port Commissioners' Office, Calcutta, the 17th February 1892.

C. H. WINDLE, Traffic Manager.

(1061—1)

Oudh Forest Department.

BAHRAMGHAT DEPOT.

ON THE OUDH AND ROHILKHAND RAILWAY.

FROM this date the prices of sál beams and scantlings supplied from this depôt will be as follows :—

BEAMS.—21 feet length, at Rs. 2-10 per cubic foot.
22 " " 2-12 "
23 " " 2-14 "
24 " " 3 "

Above the length given two annas per foot run will be charged. Any inches over the foot will be charged as a foot.

SCANTLINGS— From 12 to 20 feet, at Rs. 2-8 per c. ft.
Under 12 and over 7 " 2-4 "
Under 7 feet " 2 "

The above prices are for ordinary building purpose For *Planking Sleepers*, &c., special rates will be fixed by agreement.

The Department will still take orders for buildings all over at Rs. 2-4 per cubic foot, provided the scantlings are taken in fair proportion.

Second and Third Class Timber will be sold and price fixed by agreement.

Auction Sales will be held from time to time to clear off stock.

For further particulars apply to the Officer in charge.

By order of the Conservator of Forests, N. W. P. and Oudh, Oudh Circle.

KANHYA LAL,
Sub-Assistant Conservator of Forests.
Bahramghat Division.

Bahramghat, the 1st April 1886

Reduction in the Price of the Pure Sulphate of Quinine.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

ON and after 1st April 1891 the price of this quinine will be as follows :—

1 Pound tin Rs. 16, or, post free, Rs. 16-12.
½ " " " 8 " " " " 8-8.
¼ " " " 4 " " " " 4-8.

Analysis shows this quinine to be of the purest manufacture, and it is guaranteed to be free from wilful mixture with the inferior alkaloids, Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the Superintendent, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

Reduction in price of Cinchona Febrifuge.

FROM 1st April 1891, and until further orders Cinchona Febrifuge can be purchased by all Government officers and by any one taking *ten pounds* at a time, from the Superintendent, Botanic Garden, Calcutta, at the following rates. Four ounce tin Rs. 2-8; eight ounce tin Rs. 5; one pound tin Rs. 10. The general public can be supplied by the Superintendent, Botanic Garden, *for cash only* at the undernoted rates :—Per four ounce tin Rs. 3; per eight ounce tin Rs. 6; per pound tin Rs. 12. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage four annas per 4 ounce tin, eight annas per 8 ounce tin, and twelve annas per pound tin, in addition to the foregoing rates.

On Monday, the 1st day of February instant, it was ordered that the matters of the petition of the said insolvent be heard on Saturday, the 5th day of March next, and that the said insolvent do then attend to be examined before the said Court.

Gillanders and Son, Attorneys. (1040—2)

Chief Clerks Office, the 9th day of February 1892.

In the matter of RAM OGRAH PROSAD CHOWDRY, an insolvent.

Notice that an application for an *ad interim* protection order has been this day made by the said insolvent, and that such application will be heard and disposed of by the Acting Commissioner of the Insolvent Court on Monday, the 29th day of February instant, at the hour of half-past 10 o'clock in the forenoon.

☞ Any creditor of the said insolvent desirous of opposing such application must appear before the said Court at the time and place aforesaid.

Gillanders and Son, Attorneys. (1070—1)

In the matter of DENONATH DUTT of No 26, Tayreeputty, Burra Bazar in the Town of Calcutta, formerly carrying on business under the style of Okhoy Coomar Dutt, Monomotho Dutt, and lately carrying on trade and business there under the name, style and firm of Okhoy Coomar Dutt, Denonath Dutt, an insolvent.

On Friday, the 5th day of February instant, it was, on the petition of Lall Chand Daga, of No. 11, Pugayaputty, Burra Bazar in the town of Calcutta, trader, a creditor of the said insolvent, adjudged that the said Denonath Dutt hath committed an act of insolvency under the provisions of the Act XI Vic., Chapter XXI, and by another order of the same date the estate and effects of the said insolvent were vested in the Official Assignee.

C. F. Pittar, Attorney. (1071—2)

In the matter of SREE KISHTO KISHORE GHOSE, of No. 86, Wellesly Street in the Town of Calcutta, late shop-keeper of provison and miscellaneous goods, &c., at present without work, an insolvent.

Notice that the petition of the said insolvent seeking the benefit of the Act XI Vic., Chapter XXI, was filled in the Office of the Chief Clerk on Monday, the 8th day of February instant, and by an order of the same date the estate and effects of the said insolvent were vested in the Official Assignee.

Insolvent in person. (1072—1)

In the matter of ADAM AHMAD, an insolvent,

On Saturday, the 6th day of February instant, it was ordered that the Assignee do pay and divide the sum of Rs 1,875 7-4 to and amongst all the creditors upon the estate of the said insolvent as a dividend at the rate of Rs. 2-8 per cent. upon such of the debts as are admitted in the schedule of the said insolvent, and such claims as shall be proved or substantiated to the satisfaction of the said Assignee in proportion to their several debts, with leave to the Official Assignee to apply to this Court from time to time for directions respecting any debts, or any other matter or thing relating thereto.

A. B. Miller, Official Assignee. (1073—1)

In the matter of E. H. SOLOMON, an insolvent.

On Saturday, the 6th day of February instant, it was ordered that the Assignee do pay and divide the sum of Rs. 48,233-12-7 to and amongst all the creditors upon the estate of the said insolvent as a dividend at the rate of Rs. 3-8 per cent upon such of the debts as are admitted in the schedule of the said insolvent, and such claims as shall be proved or substantiated to the satisfaction of the said Assignee in proportion to their several debts, with leave to the Official Assignee to apply to this Court from time to time for directions respecting any debts, or any other matter or thing relating thereto.

A. B. Miller, Official Assignee. (1074—1)

In the matter of CLARENCE ANSELM RODRIGUES, an insolvent.

On Saturday, the 6th day of February instant, an account of the receipts and disbursements of the Official Assignee, from the 7th day of March 1891 to the 30th day of January last, was filed in the Office of the Chief Clerk, and it was ordered that Saturday, the 5th day of March next, be appointed for the further hearing of this matter for the purpose of making a dividend.

☞ Any creditor or other person interested, who may intend to establish or oppose any claim upon the estate of the said insolvent, may attend and be heard, having given notice to the Chief Clerk three clear days before the day of hearing.

A. B. Miller, Official Assignee. (1075—1)

In the matter of LEONANDER and RAOUL QUELLET, insolvents.

On Saturday, the 6th day of February instant, an account of the receipts and disbursements of the Official Assignee, from the 22nd day of October 1889 to the 30th day of January last, was filed in the Office of the Chief Clerk, and it was ordered that Saturday, the 5th day of March next, be appointed for the further hearing of this matter for the purpose of making a dividend.

☞ Any creditor or other person interested, who may intend to establish or oppose any claim upon the estate of the said insolvents, may attend and be heard, having given notice to the Chief Clerk three clear days before the day of hearing.

A. B. Miller, Official Assignee. (1076—1)

In the matter of CHARLES STUART, an insolvent.

On Saturday, the 13th day of February instant, it was ordered that the matters of the petition of the said insolvent be heard on Saturday, the 2nd day of April next, and that the said insolvent do then attend to be examined before the said Court.

Dignam & Co., Attorneys, (1077—2)

In the matter of SREE KISHTO KISHORE GHOSE, an insolvent.

On Monday, the 8th day of February instant, it was ordered that the matters of the petition of the said insolvent be heard on Saturday, the 2nd day of April next, and that the said insolvent do then attend to be examined before the said Court.

Insolvent in person. —— (1078—2)

In the matter of JAMES WINTERSCALE, an insolvent.

On Saturday, the 6th day of February instant, it was ordered that the matters of the petition of the said insolvent be heard on Saturday, the 2nd day of April next, and that the said insolvent do then attend to be examined before the said Court.

M. Camell, Attorney. —— (1079—2)

In the matter of TIRUTHRAM, an insolvent.

On Thursday, the 28th day of January last, it was ordered that Saturday, the 2nd day of April next, be appointed for the further hearing of this matter, and that, unless cause be shown to the contrary on that day, the said insolvent be discharged personally as well as to his after-acquired property from all liabilities for debts, claims and demands of and against the said insolvent at the time of the filing of his petition for relief.

N. L. Bose, Attorney. —— (1080—2)

In the matter of KALLYPODO NUNDY, an insolvent.

On Saturday, the 5th day of December last, by an order of this Court, the said insolvent was adjudged entitled to his personal discharge under the Act XI Vic., Chapter XXI, as to all persons named in his schedule as creditors or claiming to be creditors respectively.

O. C. Gangooly, Insolvent's Attorney.
Sowton and Sen, Adjudicating Creditors' Attorneys.

Chief Clerk's Office, the 16th day of February 1892.
(1081—1)

In the Court for the Relief of Insolvent Debtors at Calcutta.

In the matter of ANNE GALLOWAY, of No. 4, Mirzapore Lane, in the Town of Calcutta, an insolvent.

NOTICE is hereby given that on the 5th day of March 1892, at the hour of 11 o'clock in the forenoon, an application will be made to the Presiding Commissioner of the Court for the Relief of Insolvent Debtors at Calcutta for an order that the petition of insolvency filed by the insolvent on the 14th June 1881 be withdrawn, and that the vesting order made on the same date be discharged on the ground that she has settled with all her creditors.

Dated the 10th day of February 1892.

S. J. LESLIE, Attorney for the Insolvent.
(1068—2)

In the matter of FREDERICK ALFRED BARKER, of No. 27, Scoterkin's Lane, in the Town of Calcutta, an Assistant in the Traffic Department of the Calcutta Tramways Company, "Limited," an insolvent, and in the matter of Frederick Alfred Barker, of No. 3, British Indian Street, in the Town of Calcutta, lately in the employ of the Calcutta Tramways Company, "Limited," but at present out of employ for the last 18 months, an Insolvent.

NOTICE is hereby given that on the 5th day of March next an application will be made to the Court for the Relief of Insolvent Debtors at Calcutta for an order that on the Official Assignee of the said Court paying to the several creditors of the insolvent the various sums to which they are entitled under the composition made by the insolvent with them in satisfaction of their claims, and retaining the debt due to Netay Dhobee, who has not joined in such composition, the petitions of insolvency filed by the insolvent on the 14th day of July 1888 and the 31st day of August 1891 be withdrawn, and the vesting orders made thereon be set aside, and the said Assignee do pay to the insolvent or his assigns the surplus of the moneys in his hands after the payments aforesaid.

Dated this 12th day of February 1892.

(1060 2) S. J. LESLIE & SON, Insolvent's Attorneys.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 12th February, 1892 :—

No. 3 OF 1892.

A Bill to provide for the levy of a rate on private estates under the management of Government to meet the cost of superior supervision and management.

WHEREAS it is expedient to provide for the levy of a rate on private estates under the management of Government to cover the cost of all Government establishments in so far as they are employed in the supervision and management of such estates, other than establishments specially entertained for any particular estate or group of estates, and to meet all contingent expenditure incurred by Government in connection with such supervision and management; It is hereby enacted as follows :—

Title, extent and commencement.

1. (*1*) This Act may be called the Government Management of Private Estates Act, 1892.

(*2*) It extends to the whole of British India; and

(*3*) It shall come into force on the passing thereof.

Definitions.

2. In this Act, unless there is something repugnant in the subject or context,—

(*1*) "immovable property" includes land, buildings, hereditary allowances, rights to ways, lights, ferries, fisheries or any other benefit to arise out of land, and things attached to the earth or permanently fastened to anything which is attached to the earth, but not standing timber, growing crops or grass :

(*2*) "gross income" includes all receipts of every kind in produce or cash, except recoveries of principal and the sale-proceeds of immovable property :

(*3*) "private estates under Government management" include—

(*a*) estates under the Court of Wards;

(*b*) encumbered estates under Government management;

(*c*) estates attached for default of payment of Government revenue;

(*d*) minors' estates placed under the guardianship of an officer of Government by a Civil Court;

(*e*) estates managed by a Collector under section 323 or section 504, Civil Procedure Code; and XIV of 1882.

(*f*) all other estates made over to or taken under the management of an officer of Government as such, under any law for the time being in force or in virtue of any special agreement.

Power to levy rate.

3. It shall be lawful for the Local Government—

(*1*) to levy on all private estates under Government management a rate, not exceeding four per cent. on the gross income, calculated, as nearly as may be possible, to cover—

(*a*) the cost of all Government establishments in so far as they may be employed in the supervision or management of such estates, other

than establishments specially entertained for the supervision or management of any particular estate or group of estates, and

(*b*) all contingent expenditure incurred in consequence of such supervision or management;

(*2*) from time to time to vary such rate; and

(*3*) to reduce or remit such rate in any special case or cases as may be equitable.

Power to levy special fees.

4. It shall be lawful for the Local Government —

(*1*) to prescribe and levy, irrespective of the said rate, on all or any of the said estates, special fees for legal advice and for the audit of accounts, when such advice is given or such audit is made by an officer or department of Government; or

(*2*) include the charges for such advice or audit in the said rate.

Saving of special establishments, &c.

5. Nothing in this Act shall apply to the cost of establishments specially entertained or to expenditure of any description specially incurred in respect of any particular estate or estates.

Validation of levy of past rates.

6. All rates for general supervision or management levied by any Local Government before the commencement of this Act shall be deemed to have been levied under this Act.

Power to make rules.

7. The Local Government may make any rules and issue any orders which may be necessary for carrying this Act into effect.

Exemption from jurisdiction of Civil Courts.

8. Where any Government establishment is employed in such supervision as aforesaid, the Local Government shall be the sole judge of the cost attributable to such employment, and its decision thereon shall not be questioned in any Court of law or otherwise. [Cf. Act XV of 1887, s. 58.]

STATEMENT OF OBJECTS AND REASONS.

IN several provinces a general rate is already levied on estates under the Court of Wards, and is credited to Government to meet the estimated cost of supervision and management by Government officers. It is desirable to place the legality of these rates beyond doubt, and at the same time to limit their amount. It has been decided that other Local Governments should be empowered to levy similar rates, and that the rates should be leviable on all estates under Government management, and not merely on those under the Court of Wards.

Power has been given to the Local Governments to reduce or remit the rate in special cases. This provision is designed especially to meet cases in which Government officials are relieved of the supervision and management by the employment of special general managers.

Under section 4 of the Bill it is open to Local Governments either to charge special fees for legal advice and audit of accounts, where these services are rendered by Government officials, or to debit the contribution for these services to the general rate.

PHIL. P. HUTCHINS.

The 6th February, 1892.

S. HARVEY JAMES,
Secretary to the Government of India.

NOTICE TO MARINERS—No. 28.

[First Publication.]

BAY OF BENGAL—BURMA COAST.

F. L. V. "Krishna" in position.

In continuation of Notice to Mariners No. 192, dated 20th October, and No. 228 of the 19th December 1891, the Officiating Port Officer, Rangoon, has given notice that the floating light-vessel "*Krishna*" has resumed her station off the Krishna shoal in latitude 15° 36′ 15″ N., longitude 95° 34′ 30″ E. in 5¾ fathoms reduced.

Owing to the non-arrival of the new lantern, there has been no alteration in the character of this light.

EATON W. PETLEY,
Port Officer of Calcutta.

[First Publication.]

AUSTRALIA—POLLARD CHANNEL—CAPE BOWLING GREEN.

What the channel approach and shoal off the cape are composed of.

THE Port Master, Brisbane, has given notice (No. 1 of 1892) that the "Erlangen Patch" in the Pollard Channel consists of coral and is about 550 yards in diameter. It rises abruptly from deep water and can be seen a short distance off when the sun is in a favourable position.

The least water found on it is 9 feet at low-water springs.

It lies in following position :—

Summit N.E. Cookburn Island	...	...	...	N. 28° W.
Summit North Home Island		...	...	S. 64° W.
Summit N. Sir Charles Hardy Island			...	N. 78° E.
Latitude	...	...	...	11° 55½′ S.
Longitude	...	...	...	143° 19′ E.

The same officer reports that the shoal off Cape Bowling Green is 1½ miles long, lying in a N. W. and S. E. direction, and about 1½ cables wide. The shoal is composed of sand and is steep to. The depth over it at low-water springs is 3 fathoms with from 9 to 11 fathoms close to.

Vessels should not approach Cape Bowling Green within a distance of 5 miles.

From its N.W. end Cape Bowling Green Light-house bears S. 69° W , distant 3$\frac{4}{10}$ miles.

From its S. E. end Cape Bowling Green Light-house bears S. 89° W., distant 4$\frac{3}{10}$ miles.

All bearings are magn. tic.

CHINA SEA—BORNEO NORTH-WEST COAST.

Foul ground in channel between Labuan and Kuraman.

WITH reference to Notice to Mariners No. 64, dated 6th April 1891, issued by this office, the British Admiralty has given further notice (No. 1 of 1892) that an examination of the channel between Labuan and Kuraman has recently been made by Commander A. M. Field H.M. Surveying vessel *Egeria*, with the result that the rocks and foul ground southward of Kiamaan point have been found to extend about a quarter of a mile further into the channel than previously charted; also, that shoal water was found upwards of 3 cables from the north-eastern point of Kuraman.

Mariners are therefore warned that the channel between Labuan and Kuraman should not be used, pending a thorough survey of the locality.

JAPAN—YEZO ISLAND—WEST COAST.

Flashing light on Gomiga saki Okusiri.

THE British Admiralty has given notice (No. 4 of 1892) that on 1st December 1891 a light would be exhibited from a light-house recently erected on Gomiga saki, the northern point of Okusiri:—

Gomiga saki light is a *flashing white* light, showing a flash *every fifteen seconds*, visible through an arc of 266°, or between the bearings of N. 83° E. through south, and N. 6° W. It is elevated 150 feet above the sea, and should be seen in clear weather from a distance of 18 miles.

The illuminating apparatus is of the third order.

The light-house, 60 feet in height, is an iron framework structure, with a circular shaft in the middle, painted black and white in horizontal bands.

Approximate position: lat. 42° 14′ 40″ N., long. 139° 33′ 10″ E.

NOTICE TO MARINERS—No. 35.

[First Publication.]

AUSTRALIA—NORTH COAST.

TORRES STRAIT—PRINCE OF WALES CHANNEL.

Reported sunken reef in western approach.

THE British Admiralty has given notice (No. 5 of 1892) that Mr. F. Jardine reports having passed over a reef of small extent, with apparently a depth of not more than 6 feet on it, at low water, lying in a position estimated to be about 5 miles W. by N. from Quoin point, Goode island, Prince of Wales channel.

Approximate position to be considered doubtful, lat. 10° 33′ S., long. 142 4½′ E.

NOTE.—Soon after passing the reef, the course steered being southerly, the Government Residency on Thursday island was seen to open southward of Quoin point. Mariners are therefore warned that, when in the vicinity of this danger, the Residency on Thursday island should be kept well open southward of Quoin point, and that great caution should be exercised.

AUSTRALIA—TERN ISLET.

Reef extending north-east of the islet.

THE British Admiralty has given notice (No. 13 of 1892) that a reef, which dries 3 feet in places at low water spring tides, extends about three quarters of a mile N.E. by N. from Tern islet. The outer extreme of the reef lies with Shadwell peak bearing S. 65° W., distant 2 miles, and X reef beacon N. 10° W.

Approximate position: lat. 10° 59′ S.; long. 142° 46½′ E.

NOTE.—By keeping Remarkable Red cliffs point (near Deft hill) just open of No. II point, bearing S. by E., a vessel will pass about half a mile seaward of Tern islet reef.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different districts of Bengal, as reported to Government, during the week ending the 13th February 1892.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL.			
Burdwan Divs. 1	Burdwan Feb. 13, '92	0·01	Weather—cloudy with a few drops of rain. Potato and *rabi* crops being harvested. Sugarcane pressing begun in places. Rather a scarcity of water in places. Prices of common rice:— Sadar ... ... 13 Kalna ... ... 14 Katwa ... ... 14 Raniganj ... ... 14 } per rupee.
	Kalna ...	0·02	
	Katwa ...	Nil	
	Raniganj ...	Nil	
2	Bankura ,, 13, '92	Nil	Weather—cool and cloudy. Sugarcane is being pressed. *Rabi* and cotton plants doing well. Condition of cattle fair. Fodder and water-supply hardly sufficient. Common rice selling at 16 seers 12 chitaks per rupee at Vishunpur and 16 seers 6 chitaks at Bankura market.
3	Birbhum ,, 13, '92	0·17	Weather—seasonable. *Rabi* crops (which are not very important in this district) have suffered for want of rain. Fodder and water plentiful. Condition of cattle normal. Price of rice 13½ to 17 seers per rupee.
	Rampur Hât ...	Nil	
4	Midnapore ,, 13, '92	Nil	Weather—seasonable and at times cloudy. Rain expected. *Rabi* prospects not good. Indigo doing well. Fodder generally plentiful. No cattle-disease. Prices of common rice:— Sadar ... ... 14 Contai ... ... 18 Tamluk ... ... 13 Ghatál ... ... nearly 16 } per rupee.
5	Hooghly ,, 13, '92	Nil	*Rabi* being harvested. Pressing of sugarcane continues with good yield. No difficulty in obtaining water and fodder-supply. Prices of common rice:— Sadar ... ... 11 Serampore ... ... 11 Jehanabad ... ... 16 } per rupee.
	Serampore ..	Nil	
	Jehanabad .	Nil	
Presidency Divs. 6	Howrah ,, 13, '92	Nil	Weather—cloudy and warm. *Rabi* crops require rain. Sugarcane crop doing well. Price of common rice 13 seers per rupee. Health of cattle good. Fodder and water-supply sufficient.
	Ulubaria ...	Nil	
7	24-Parganas ,, 13, '92	Nil	Weather—seasonable and cloudy towards the end of the week. State and prospects of cold-weather crops not good for want of rain. Slight rain has fallen in Barasat and Dum-Dum sub-divisions. Sugarcane pressing still going on. Prices stationary. Cattle-disease reported from one village in thána Haroa. There is no present lack of fodder or water.
8	Nadia ,, 13, '92	0·03	Weather—cool and cloudy. The little rain which fell during the week has not improved the state of crops on the ground. Common rice selling at from 12 seers 8 chitaks to 13 seers 14 chitaks per rupee. Condition of cattle good except in Chuadanga subdivision, where cattle-pox is still prevalent in a few villages. Supply of fodder and water sufficient.
	Kushtia ...	0·10	
	Meherpore ...	Nil	
	Ranaghat ...	Nil	
9	Khulna ,, 13 92	Nil	Weather—cloudy. *Aman* harvest fair. Rain for *boro* much wanted. Mustard and tobacco promise well. Common rice selling at from 13 to 16 seers per rupee. Fodder and water for cattle sufficient.
	Bágerhat ...	Nil	
	Satkhira ...	Nil	
10	Jessore ,, 13, '92	0·03	Weather—mornings foggy and days growing hot. *Aman* harvest over. Linseed and pulse being harvested. Rain wanted for grass and for tillage. Prices stationary.
	Jhenidah ..	0·08	
	Magura ...	0·22	
	Nárail ...	Nil	
	Bangaon ..	Nil	
11	Murshidabad ,, 13, '92	0·03	Weather—cloudy in the latter part of the week. *Rabi* crops will be poor unless rain falls soon. Mustard is being harvested. No want of fodder.
Chittagong Divs. 12	Chittagong ,, 16, '92	Nil	Weather—dry and warmer; cloudy at times. Rain wanted for spring crops. Prices steady.
13	Noakhali ,, 13, '92	Nil	Weather—cloudy; days warm. State of *rabi* crops bad for want of rain. No cattle-disease. Fodder and water not sufficient in some parts of Feuny subdivision, but sufficient in Sadar subdivision. Price of rice has risen slightly.
14	Tippera ,, 13, '92	Nil	Weather—seasonable. Prospect of crops fair. No cattle-disease. Fodder sufficient.
15	Chittagong Hill Tracts. ,, 11, '92	Nil	Weather—cloudy and less cool than in last week. State of winter crops not good for want of rain. Gathering of oil-seeds continues. Crushing of sugarcane and manufacture of *goor* finished. Fields being ploughed for next rice crop and sugarcane plantation. Cattle-disease in hoof and mouth continues in some places. Common rice being sold at 11 seers 6½ chitaks per rupee.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL—*concld.*			
DACCA DIVN. 16	Dacca Feb. 13, '92	1·00	Weather—seasonable. Prospects of *rabi* crops fair. Recent rain has done much good to them. *China, kaon, khesari*, and *masuri* thriving. *Boro* paddy doing well. Fodder available. Common rice selling at from 12 to 16 seers per rupee. Condition of cattle generally good.
17	Faridpur ,, 13, '92	1·24	Weather—seasonable. Harvesting of mustard is not yet completed. Land is being prepared for jute and *aus* paddy. State of *rabi* crops fair. The late rain in the Sadar and Goalundo subdivisions has done good to the standing crops. Common rice is selling at 14 seers, 13 to 13 seers, and 15 seers per rupee at the Sadar, Goalundo and Madaripur subdivisions respectively. Fodder and water available. Condition of cattle good.
18	Backergunge ,, 13, '92	Nil	Weather—rather too hot for the time of the year. State and prospects of crops good, but rain is much wanted. Ordinary rice selling at from 10 to 14 seers per rupee. Supply of fodder and water sufficient.
19	Mymensingh ,, 13, '92	1·30	Weather—variable; sometimes rainy and cloudy. Prospects of crops on the whole good. Condition of cattle good. Supply of fodder and water sufficient. Coarse rice sells at from 12 to 17 seers per rupee.
RAJSHAHYE DIVN. 20	Dinajpur ,, 13, '92	Nil	Weather—cool and cloudy at times. Cultivation of lands for *bhadoi* and jute in progress. Sugarcane still being pressed. Rain much wanted. Price of rice both at Sadar and Thakurgaon stationary, but has a tendency to rise at the latter place. Condition of cattle good. Supply of fodder fair. Water sufficient.
	Thakurgaon ...	Nil	
21	Rajshahi ,, 13, '92	Nil	Weather—cloudy. Ploughing for early rice going on. State of *rabi* crops fair, but rain much wanted. Condition of cattle generally good. Fodder and water-supply sufficient. Price of rice 11 to 15 seers per rupee.
	Nator ..	Nil	
	Nowgong ...	Nil	
22	Rangpur ,, 13, '92	Nil	Weather—cloudy with cold mornings and nights. Rain urgently required for cold-weather crops and early rice. Sowings of *aus* paddy have been commenced and lands are ready. Sugarcane and tobacco promising. Other cold-weather crops depend upon rainfall. Price of rice varies from 14 seers at Gaibanda to 10 seers at Kurigaon. Fodder and water sufficient.
	Gaibanda ...	Nil	
	Kurigaon ...	Nil	
	Nilphamari ...	0·06	
23	Bogra ,, 13, '92	Nil	Weather—generally fine and dry; occasionally cloudy. *Rabi* crops doing well, except vegetables, for which rain is wanted: also for helping the ploughing which is going on for *aus* paddy, jute, &c. Common rice selling on the average at 13½ seers per rupee. There is no present lack of fodder or of water.
	Sherpur ...	Nil	
	Naukhida ...	Nil	
24	Pabna ,, 13, 92	0·14	Weather—cloudy. Has rained well in places. More rain wanted and expected. Rain which fell has done good in places. Sugarcane pressing in progress; outturn 12 annas. Fodder and water plentiful.
25	Darjeeling ,, 13, 92	0·22	Weather—cold. Barley and wheat getting on favourably. Lands being prepared for *bhutta*. Harvesting of potatoes going on; that of mustard has begun. Tobacco and the little wheat sown in the Terai require rain. Ploughing for *aus* paddy has been started. Fodder growing scarce; water sufficient. No disease among cattle.
26	Jalpaiguri ,, 13, '92	0·04	Weather—hot and cloudy at times. Ploughing of land for *bhadoi* crop continues. Potato is expected to yield 14 annas outturn and tobacco 9 annas. Common rice sells at from 8 to 10 seers per rupee. No cattle-disease. Fodder and water-supply sufficient.
BEHAR.			
BHAGALPORE DIVN. 27	Monghyr ,, 13, '92	Nil	Weather—early part of the week fair; latter part cloudy. Prospects of *rabi* not favourable. Some lack of fodder in Jamui owing to continued drought. *Rabi*, mustard and indigo in Begusarai doing well. Common rice selling on an average between 12 and 13 seers a rupee.
	Begusarai ...	Nil	
	Jamui ..	Nil	
28	Bhágalpur ,, 13, '92	Nil	Weather—getting warmer; cloudy during part of the week. Prospects of *rabi* in the north of the district have not improved. In the south prospects are fair, but rain is needed. Outturn of mustard is estimated at five annas. There is sufficient fodder. Common rice—old 11 seers 11 chitaks, new 12 seers 10 chitaks per rupee.
29	Purnea ,, 13, '92	Nil	Weather—cloudy at intervals. Harvesting of *tori* almost finished. Harvesting of tobacco going on. Planting of sugarcane commenced at Araria. Wheat and other *rabi* crops suffering for want of rain. Fodder and water plentiful. No cattle-disease. Prices of common rice:—
	Kishanganj ...	0·21	
	Araria ...	0·02	
			Srs.
			Sadar ... ... 11 to 13
			Kishanganj ... ... 11 per rupee.
			Araria ... ... 12 to 13
30	Malda ,, 13, '92	Nil	Weather—earlier part of week warm; a few drops of rain fell yesterday (12th) and cloudy since. *Boro* still being transplanted, and those sown early growing well. *Rabi* crops doing fairly. Fodder and water-supply sufficient. Common rice selling at an average of 12 seers 2 chitaks per rupee.
	Chanchal ...	Nil	
	Shibganj ...	Nil	
	Gajol ...	Nil	
31	Santhal Parganas ,, 13, 92	0·09	There will probably be more rain. Weather much cooler. Sugarcane being cut. The little rain there has been has hardly laid the dust and will not be of much good. Tanks drying up. Fodder good. Rice selling at 14 to 15 seers per rupee everywhere except Rajmahal, where it is 10½ seers.

No.	District and date of return.	Rainfall at Sudder station in inches	Character of the weather and state and prospects of the crops.
BEHAR—*concld.*			
PATNA DIVISION. 32	Patna, Feb. 13, '92	0·02	Weather—getting less cold: mornings occasionally cloudy. Threshing and winnowing of paddy almost finished. Mustard being reaped in places. *Rabi* doing well in places where irrigation was possible; in unirrigated area it is suffering. Prices of food-grains rising; rice selling at 12 to 13½ seers per rupee. Poppy doing well. Lancing has commenced in some villages, and leaf making will soon be general.
	Barh ...	Nil	
	Dinapur ...	Nil	
33	Gaya ,, 13, '92	0·45	Weather—cold and cloudy. Recent rain will do some good to the *rabi* crops sown late, but at the same time is calculated to do some damage to the poppy, mango and *mahua* crops, and also to such *rabi* crops which are ready to be cut. Prices rising. Supply of fodder and water sufficient.
34	Shahabad ,, 13, '92	0·12	Heat increasing. Nights still fairly cool. Early *rabi* harvest progressing. Opium being collected from early sowings. A moderate *rabi* crop all over the district is expected, and will be reaped unless hail falls before the harvest. Prices are slowly rising nearly everywhere. A storm passed over Arrah last night (12th), which must benefit crops where it gave rain. Scarcity of water reported from Sasarám and Buxar.
	Sasarám ...	0·16	
	Buxar ...	0·02	
	Bhabhua ...	Nil	
35	Darbhanga ,, 13, '92	0·04	Weather—latter part of the week cloudy. Slight drizzling on Monday (8th) has not benefited any standing crop. *Rabi* continues favourable where there is moisture. Sugarcane is being pressed. Common rice selling at 12 to 13 seers per rupee. Fodder and water sufficient.
36	Muzaffarpur ,, 13, '92	0·14	Weather—seasonable. Latterly cloudy. *Rabi* on low and moist lands, and where it is irrigated, is doing fairly and is in flower. The favourable prospects of poppy crop on irrigated lands continue unchanged. Collection of the drug is progressing, and the yield is fairly satisfactory. Prices rising. No distress as yet reported. Supply of fodder and water for cattle sufficient. Cattle in good condition.
	Hajipur ...	Nil	
	Sitamarhi ...	Nil	
37	Saran ,, 13, '92	0·17	Weather—mostly cloudy with a little rain. *Rabi* and poppy doing well. The slight rain in Siwán and Chapra will do some good to *rabi*, which will be ready for harvest in about a month. Fodder and water for cattle sufficient. Prices of common rice:—
	Siwán ...	0·09	
	Gopalganj ...	0·03	

	Srs. Ch.	
Chapra	13 0	per rupee.
Siwán	13 8	
Gopalganj	13 13	

38	Champaran ,, 13, '92	0·11	Weather seasonable. *Rabi* crops ripening. For want of rain the outturn is estimated at about 6 annas in Sadar and 8 to 10 annas in Bettiah. Fields are being prepared for *bhadoi* and *aghani* in Bettiah subdivision. Prices have slightly fallen. Water and fodder sufficient.
	Bettiah ...	0·04	
ORISSA.			
ORISSA DIVN. 39	Cuttack ,, 13, '92	Nil	Weather—seasonable. Average outturn of *gura sarad* estimated at 8 annas and that of *mung* at 6 annas. Other *rabi* crops being harvested. Price of common rice ranges from 11 seers 13 chittaks to 22 seers per rupee. Condition of cattle good. Fodder supply ample.
40	Puri ,, 11, '92	Nil	Weather—seasonable. Harvesting of *sarad* over. Land being ploughed in some places for next *sarad* crop. *Dalua* paddy growing well. Miscellaneous crops thriving. Common rice sells at from 12½ to 21 seers per rupee.
41	Balasore ,, 13, '92	Nil	Weather—getting hotter. Paddy being threshed. *Rabi* harvested. Rice sells at 17 seers per rupee at Balasore and 13 seers at Bhadrak.
CHOTA NAGPUR.			
	South-West Frontier Agency.		
CHOTA NAGPUR DIVN. 42	Hazaribagh Feb. 13, '92	0·04	Weather—seasonable and cloudy at intervals. *Rabi* has been damaged to some extent for want of rain in previous month. Prospects of poppy favourable. Common rice sells at from 11 to 16 seers per rupee. Cattle-disease reported from certain stations. Fodder and water-supply sufficient.
	Giridih ...	Nil	
43	Lohardaga ,, 13, '92	0·27	Weather—cloudy. More rain wanted for ploughing land for upland rice. Reaping of oil-seeds completed. Common rice selling at 14 seers per rupee. Fodder and water sufficient.
44	Palámau ,, 5, '92	Nil	Report not received.
45	Singhbhum ,, 13, '92	Nil	Weather—cloudy during the week, but no rain fell: clear to day (13th). Standing crops doing well. Castor seed being collected with an 8-anna outturn. Price of rice stationary. Fodder and water sufficient.
46	Manbhum ,, 13, '92	Nil	Weather—cold and cloudy. There is evidently rain falling in the district. This will do much good. Common rice selling at 15 seers per rupee.
	Gobindpur ...	Nil

SUMMARY OF THE RAINFALL AND METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF JANUARY 1892.

1. The most noticeable feature of the weather during the past month has been the absence of rainfall in all districts; the only falls occurring in Behar and the Darjeeling Hill Tracts, where, however, they rarely exceeded a tenth of an inch—a small fraction of what is usually received in January.

2. In consequence of the continued absence of cloudy weather, temperature has been above the normal, especially during the third week, when both night and day readings were about 5° in excess. In the early part of the month minimum readings were generally a little below the normal in the northern districts, and about 3° below in Orissa and South-West Bengal, and again there was a similar arrangement after the period of warm weather about the middle of the month.

3. Humidity differed very little from the normal, as taken from the 8 A.M. readings, but cloud proportion is low in all districts.

4. These abnormal conditions as to rainfall and temperature have not been due to the absence of barometric depressions, as three of these approached the province during the month, but though pressure was considerably in defect at the time, their influence in the higher reaches of the atmosphere seems to have been much less than usual.

At the end of December a rather rapid fall of pressure set in at the western stations, and continuing for about two days caused defect of more than a tenth of an inch in the western districts. Southerly winds began in Lower Bengal, but the effect of the disturbance which disappeared before the centre reached Bengal, was apparent only in the wind circulation and increasing temperature. On the 1st of January pressure was again rising, and by the 2nd, northerly winds recommenced. After this ordinary cold weather conditions prevailed till the 9th, with small oscillations of pressure, but on the 9th another disturbance in North-Western India began to affect the pressure and temperature distribution in Bengal, the former falling by a tenth of an inch and the latter rising several degrees. As before, fine clear weather continued with increasing humidity and a tendency to southerly winds. The depression was, however, not so short-lived as the previous one, and moving in an easterly direction reached Bengal about the 11th, when passing near Berhampore it moved slowly over the province, the recovery of pressure not occurring till the 14th. While southerly winds were blowing, the air near the surface of the earth was warm and moist, but the sky continued almost cloudless, and no rain was reported except a few drops at Kalimpong. On the 14th pressure was below the normal by amounts varying from ·15 inch to ·2 inch. The depression then began to fill up, the rise on the 15th being moderate in the southern districts, and continuing more rapidly on the following day. From this date winds became northerly, temperature fell rapidly, and ordinary cold weather prevailed for some days. From the 16th to the 19th, northerly or north-westerly winds prevailed, humidity and temperature were both low, and the sky absolutely cloudless. On the 20th the third depression of the month began to affect weather in Bengal, but it was then far to the north-west, and as happened in the beginning of the month, it filled up before it reached the western districts of the province. It was only on the 23rd and 24th that its influence was marked, in the cloudy sky and light rainfall, in Behar; but from the 22nd temperature and humidity rose, and wind directions were east or south-east. The districts where light rain fell were Shahabad, Gya, and Patna on both the 23rd and 24th. On the latter of these two days pressure was falling in North and Central Bengal, but though temperature and humidity continued high, there was no apparent depression, and no more rain fell except a few showers in the Darjeeling Hills on the 29th. Pressure then began to rise, and continued till the 29th, the resulting distribution being between a twentieth and a tenth of an inch above the normal. Temperature, however, continued high, and excess in some places amounted to 7°. During the last week, North Behar received on an average about a tenth of the normal rainfall, and South Behar about a third, while the average excess of temperature for the whole province was very little under 4°.

Pressure—Differed very little from the normal during the first ten days of January, the average for this period being a few thousandths of an inch above the normal, except in the extreme north where there was a very slight defect. During the following week readings were generally a tenth of an inch below, and the largest average defect was ·126 inch at Dinagepore and ·118 inch at Berhampore, while at some of the eastern and southern stations defect was little over ·05 inch. After the filling up of the depression about the middle of the month, there was a rapid rise resulting in a moderate excess for the week ending on the 23rd and this excess continued or slowly increased to about a tenth of an inch till the end of the month.

Temperature—Has been high during the greater part of the month, especially during the day. In the first part of the month minimum readings were generally one or two degrees below the normal, but as there was a considerable excess during the day, the means were only slightly in defect, except in Orissa. During the second week unusually warm weather prevailed, and means were in some cases more than 5° above the normal. After the depression filled up, night readings were again below the normal, but towards the end of the month there was again a large excess, especially in the hill districts where previously there had been comparatively low temperatures. The means for the whole month are above the normal by amounts varying between 1·3° in Assam and about 3° in Chutia Nagpur and South Behar.

The actual oscillations and variations of temperature from the normal for the month are given in the following table, where the variations from the normal of the average maximum, minimum and mean temperatures at nine typical stations in different districts are given :—

Stations.	Week ending 2nd January 1892.			Week ending 9th January 1892.			Week ending 16th January 1892.			Week ending 23rd January 1892.			Week ending 30th January 1892.

* Mean of 6 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last [illegible] atmosphere is expressed as percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers [illegible] numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional station for the period in question during the [illegible] stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 13th of February 1892.

Explanation.—.... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 16th February* 1892.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 13TH OF FEBRUARY 1892.

At the close of the previous week the meteorological conditions in Bengal were particularly abnormal. The mean temperature of February 5th reported on the morning of the 6th had been no less than from 6° to 9° above the normal of the day, humidity was also very high on the 6th, pressure was below the normal by amounts varying from a twentieth to a tenth of an inch, and more or less southerly winds had set in at almost all stations On the 7th there had been a brisk fall of pressure over the whole province, and pressure had become below the normal by amounts varying up to about a sixth of an inch. Temperature, on the other hand, had risen moderately, and southerly winds continued to be reported at practically all stations. On the 8th pressure was rising slowly, and temperature also again rose at the majority of stations. The distribution of pressure on this day was, however, decidedly irregular, and the barometer was distinctly low over Central and North Bengal; north-westerly winds set in at the western stations, while southerly and south-easterly winds were blowing over the eastern half of the province. Considerable interaction was therefore taking place, and this resulted in the formation of a series of small local storms usually accompanied by rain, and on the morning of the 9th a large proportion of the stations in East and North Bengal and a few stations in North Behar reported light to moderate rain. These disturbed conditions, however, quickly passed away from Bengal, and pressure had increased on the morning of the 9th, while a brisk fall of temperature had occurred, though again the majority of stations reported southerly winds. On the 10th both pressure and temperature had fallen slowly in Bengal, but more important meteorological changes had taken place in North-Western India, where a barometric depression had appeared over the western desert. On the 11th this depression had become more marked, and was apparently travelling in an easterly direction, and in advance of the depression moderate general rain commenced to fall, but on the 11th only a few light showers were reported, principally in Chutia Nagpur, though a few other local showers occurred elsewhere. On the 11th the pressure changes in Bengal were exceedingly small, but temperature had again commenced to rise rather rapidly in front of the advancing depression, and was again from about 7° to 10° above the normal. On the 12th pressure was rising slowly over the greater part of Bengal, though at the extreme western stations in Chutia Nagpur it had commenced to fall, apparently being influenced by the advancing depression, which was reported on this date to have developed very considerably in intensity. Wind directions in the western districts of the province also appeared to form the eastern part of a cyclonic circulation, though in the eastern half of the province winds were north-westerly. Fairly general rain commenced in Chutia Nagpur on the 12th, and rain also was reported on this day in Sonthal Pergunnahs, Shahabad, and Gya. On the 13th the barometric depression had advanced in an easterly direction, and its centre was near Agra and Jhansi, and it was still a considerable storm. In Bengal pressure fell moderately in connection with the advancing depression, and temperature was generally rising slowly, while rainfall had on this day extended over a considerable part of Behar, though it was very light and perhaps not very general. Conditions therefore at the close of the week were entirely dependent on the depression in the North Western Provinces.

Pressure.—The mean pressure for the week has been below the normal in all districts, but the variations have been decidedly irregular, pointing to the existence of disturbed conditions generally. The largest defects have been about 0·06" at some of the central stations of the province, such as at Berhampore, Bankura, &c., while on the other hand at the stations in the south of Chutia Nagpur pressure has been almost normal.

Temperature.—Has again been exceptionally high throughout the week, and the mean temperature has been more than six degrees in excess of the normal. This excess has been fairly equally distributed (except in Orissa where it is only 3°), though in Behar and North Bengal it exceeds 7°.

The variation of temperature is, however, most clearly seen in the table below, where the average maximum, minimum and mean temperatures for the week at nine typical stations in different districts of the province are compared with the normal values for the same period. The excess, it will be seen, has been even larger in the night than it has been in the day temperatures:—

Table showing the excess or defect of the actual mean temperature from the normal for the week ending 13th February 1892.

	Normal mean maximum temperature for the week ending 13th February.	Actual mean maximum temperature for the week ending 13th February 1892.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 13th February.	Actual mean minimum temperature for the week ending 13th February 1892.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 13th February.	Actual mean daily temperature for the week ending 13th February 1892.	Variation of actual mean from the normal.

Darjeeling	43·8	45·6	+1·8	32·1	37·6	+5·5	37·9	41·6	+3·7

Rainfall.—The heaviest falls during the week have taken place in East Bengal, where an average amount of 0·50 inch has been recorded, while Chutia Nagpur also averages 0·44 inch. In South Behar an average fall of 0·15 inch has been registered, but in all other divisions the average falls have been less than a tenth of an inch. The districts which have received the largest falls have been Dacca 0·83 inch, Furreedpore 0·76 inch, Commillah 0·36 inch, Gya 0·35 inch, Shahabad 0·33 inch, Mymensingh 0·78 inch, Lohardugga 0·49 inch, Darjeeling and Manbhoom 0·15 inch, Chumparun 0·13 inch, Julpiguri and Cooch Behar 0·12 inch, and Sarun 0·11 inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 13th of February 1892 :—

Meteorological Divisions.	Temperatures.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th Oct. 1891.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏, dew; –, fog; o, overcast.

C. Little,

Total	1,969	747	879	343	2,716	1,222	99	1,593

Increase.

	Tons.
Grains—	
(4) Others	13
Due to greater import of rohur, khesaree and barbatty, owing to high market rate.	
Provisions—	
(3) Others	40
Due to import of potatoes.	
Sugar—	
(1) Drained	11
There being no traffic under this head last year.	

Decrease.

	Tons.
Coal	797
Due to no brick-burning coal imported this year in the month of December 1891.	
Grains—	
(2) Rice	257
Due to less export owing to short crops this year.	
(3) Gram	21
Exported by steamer plying between Jeaganj and Calcutta.	
Jute—	
(1) Raw	150
Owing to less demand.	
Oil-seeds—	
(2) Mustard and rape	48
Owing to less demand.	
Railway plant and rolling-stock	50
Due to renewals of permanent-way materials being stopped.	
Salt	16
Less imported into intermediate stations.	
Silk, raw—	
(2) Indian	37
This is due partly to failure of cocoons this year, and partly to despatch of silk by steamer plying between Jeaganj and Calcutta.	
Sugar—	
(2) Undrained	37
Due to less demand.	

R. G. Mookerjee,

Manager, Nalhati State Railway.

CALCUTTA,
The 25th January 1892.

No. 116A.

GENERAL.—*The 29th December* 1891.—Mr. F. B. Taylor, District and Sessions Judge, Purnea, is allowed furlough for eighteen months, under article 340 (*b*) of the Civil Service Regulations, with effect from the 28th March 1892, or such date as he may avail himself of it.

The 18th February 1892.—Mr. Romesh Chunder Dutt, Magistrate and Collector, Midnapur, is allowed leave for two months, under article 291 of the Civil Service Regulations, with effect from the 12th March 1892.

Mr. B. B. Newbould, Officiating Joint-Magistrate and Deputy Collector, Midnapur, is appointed to act as Magistrate and Collector of that district, during the absence, on leave, of Mr. Romesh Chunder Dutt, or until further orders.

Mr. H. F. J. T. Maguire, Joint-Magistrate and Deputy Collector, is posted temporarily to the head-quarters station of the district of Bhagalpur, on being relieved of his present appointment as Officiating Magistrate and Collector of that district.

Babu Dina Nath De, Deputy Magistrate and Deputy Collector, Rangpur, is allowed leave for three weeks, under article 291 of the Civil Service Regulations, in extension of the leave granted to him under the order of the 13th January 1892.

Mr. Brojendra Cumar Seal, District and Sessions Judge, Bankura, is allowed leave for two months, under article 308 of the Civil Service Regulations, with effect from the 8th March 1892, or such subsequent date as he may be relieved.

Mr. A. H. Collins, Joint-Magistrate and Deputy Collector, on leave, is appointed to act as District and Sessions Judge of Bankura, during the absence, on leave, of Mr. Brojendra Cumar Seal, or until further orders.

Mr. A. F. Steinberg, Officiating Joint-Magistrate and Deputy Collector, Rangpur, is appointed to act temporarily as District and Sessions Judge of Rajshahi.

Mr. Arthur Goodeve Chuckerbutty, C.S., has been granted by Her Majesty's Secretary of State for India an extension of furlough for six months on medical certificate.

Mr. Percy Ross is appointed substantively *pro tempore* to be a Deputy Magistrate and Deputy Collector of the seventh grade. The services of Mr. Ross are placed at the disposal of the Revenue Department of this Government.

The 19th February 1892.—In supersession of previous orders, it is notified that Babu Hari Mohon Chandra, Personal Assistant to the Commissioner of Rajshahi, was on leave, under article 369 of the Civil Service Regulations, from the 22nd November 1887 to the 14th April 1889.

Maulvi Abdul Jubber, Deputy Magistrate and Deputy Collector, 24-Parganas, is allowed leave for three months, under article 291 of the Civil Service Regulations, with effect from the date on which he may avail himself of it.

The 20th February 1892.— Mr. R. H. Anderson, Officiating District and Sessions Judge, Chittagong, is allowed furlough for eight months, under article 340 (*b*) of the Civil Service Regulations, with effect from the 10th March 1892.

Mr. C. P. Caspersz, Joint-Magistrate and Deputy Collector, Chittagong, is appointed to act, until further orders, as District and Sessions Judge of that district.

The 22nd February 1892.—Babu Khetra Gopal Ray, Deputy Magistrate and Deputy Collector, is allowed leave for six months, under article 372 of the Civil Service Regulations, with effect from the 14th November 1891.

Mr. L. Hare, Magistrate and Collector, Dacca, is allowed furlough for seven months, under article 340(*b*) of the Civil Service Regulations, with effect from the 1st April 1892, or such subsequent date as he may avail himself of it.

Mr. T. L. L. Jenkins, Officiating Magistrate and Collector, Faridpur, is appointed to act as Magistrate and Collector of Dacca, during the absence, on furlough, of Mr. L. Hare, or until further orders.

Mr. E. F. Growse, Joint-Magistrate and Deputy Collector, Dacca, is appointed to act as Magistrate and Collector of Faridpur, during the absence, on deputation, of Mr. G. J. B. T. Dalton, or until further orders.

Mr. C. A. Wilkins, District and Sessions Judge, Bhagalpur, on leave, is appointed to act as Additional District and Sessions Judge, 24-Parganas and Hooghly, during the absence, on deputation, of Mr. R. F. Rampini, or until further orders.

Mr. F. W. Badcock, District and Sessions Judge, Burdwan, is appointed to act as District and Sessions Judge of Bhagalpur, during the absence, on leave, of Mr. C. A. Wilkins, or until further orders.

Mr. J. Kelleher, District and Sessions Judge, is appointed to act as District and Sessions Judge of Burdwan, during the absence, on deputation, of Mr. F. W. Badcock, or until further orders.

POLICE.—*The 22nd February* 1892.—Mr. W. W. Daly, C.I.E., District Superintendent of Police, has been granted by Her Majesty's Secretary of State for India an extension of leave for six months on medical certificate.

ECCLESIASTICAL.—*The 23rd February* 1892.—The Rev. Philo M. Buck, Pastor of the Methodist Episcopal Church of Calcutta, is authorized, under section 6, Act XV of 1872, to solemnise marriages between persons one or both of whom is a Christian or are Christians.

The Rev. Philo M. Buck is also appointed to be a Registrar of Births and Deaths under Act VI of 1886.

REGISTRATION.—*The 23rd February* 1892.—Munshi Ali Miyan, Rural Sub-Registrar of Bhatiyari, in the district of Chittagong, is appointed to be Joint Sub-Registrar of Satkania in that district.

The following notification is republished from the *Assam Gazette* :—

No. 1092G.—*The 9th February* 1892.—Mr. A. L. Medlicott, C.S., Assistant Commissioner, Gauhati, is transferred to Sibsagar.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 20th February 1892.—It is hereby notified for general information that the First Half-yearly Departmental Examinations of 1892 of Assistant and Deputy Magistrates in the Regulation and Non-Regulation Districts, of Cantonment Magistrates, and of Officers in the Police, Jail, Medical, Public Works and Forest Departments, will be held on Monday, the 2nd May 1892, and following two days.

Secretary to the Govt. of Bengal.

DECLARATION.

The 17th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for compensating Behari Hari, chowkidar of Karjona, whose land was previously acquired for a road to the north approach of the Victoria Bridge in the village of Karjona, pergunnah Burdwan, zillah Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 6 cottahs and 4½ chittacks of standard measurement, bounded on the—

Plot No. 1 ... *North*—By the land of Madhu Gorai,
East—By the land of Sheik Abdul Latif,
South and West—By the chakran land of Emdad Sheik,

Plot No. 2 ... *North*—By the chakran lands of Emdad Sheik,
East—By the lands of Kangali Gope,
South—By the lands of Hari Mandle,
West—By the chakran land of Emdad Sheik,

is required within the aforesaid village of Karjona.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

DECLARATION.

The 17th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for compensating Emdad Sheik, Paik of Karjona, whose land was previously acquired for a road to the north approach of the Victoria Bridge in the village of Karjona, pergunnah Burdwan, zillah Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 6 cottahs and 4½ chittacks of standard measurement, bounded on the—

Plot No. 1 ... *North*—By the lands of Madhu Gorai,
East—By the chakran lands of Behari Hari,
South—By Emdad Sheik's chakran land,
West—By the land of Sheik Shona,

Plot No. 2. ... *North*—By Emdad Sheik's chakran land,
East—By Behari Hari's chakran land,
South and West—By Hari Mandle's lands,

is required within the aforesaid village of Karjona.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 16th February 1892.—Babu Joggo Mohun Bhattacharjee, Deputy Collector, is appointed Deputy Collector of Income-tax, in the district of Monghyr, *vice* Babu Nabin Chandra Dass, transferred, and under section 40 of Act II of 1886 is vested with the powers of a Collector under the Act.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

MEDICAL DEPARTMENT.

The 16th February 1892.—Surgeon-Major Kali Pada Gupta, Civil Surgeon of Noakhali, is appointed to officiate as Civil Surgeon of Backergunge.

The 22nd February 1892.—The appointment of Surgeon J. R. Adie as Civil Surgeon of Backergunge, notified in Government notification, dated 12th December 1891, has effect from the 8th April 1891.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 117A.

The 18th February 1892.—Mr. H. F. J. T. Maguire, Joint-Magistrate and Deputy Collector, Bhagalpur, is vested with the powers of a Magistrate of the first class, and under sections 110, 133, 143, 144, 174, 186, 191, and 524 of the Code of Criminal Procedure. He is also vested with the power to try summarily the offences mentioned in section 260 of the Code.

Babu Nilmony Dass, Subordinate Judge of Saran, is allowed furlough for five months, under article 371 of the Civil Service Regulations, with effect from the 1st proximo, or from such subsequent date as he may be relieved.

Babu Anunt Ram Ghosh, Additional Munsif of Munshiganj, in the district of Dacca, is appointed to act as Subordinate Judge of Saran, during the absence, on furlough, of Babu Nilmony Dass, or until further orders.

The 22nd February 1892.—Babu Kali Kumar Sarkar, B.L., is appointed to act as a Munsif in the district of Chota Nagpur, to be ordinarily stationed at Barabazar, during the absence, on leave, of Babu Monmotho Nath Chatterjee, or until further orders.

Babu Tarak Nath Biswas is appointed to be an Honorary Magistrate of the Independent Bench at Pirojpur, in the district of Backergunge, and is vested with the powers of a Magistrate of the third class.

Babu Nara Narain Roy Chowdhury, an Honorary Magistrate, attached to the Independent Bench at Pirojpur, in the district of Backergunge, is vested with the powers of a Magistrate of the second class.

The Lieutenant-Governor accepts the resignation tendered by Mr. C. J. L. Fordyce of his appointment as an Honorary Magistrate of the Municipal Bench at Howrah.

The Lieutenant-Governor accepts the resignation tendered by Babu Moheswar Chackravarti of his appointment as an Honorary Magistrate of the Jamalpur Independent Bench, in the district of Mymensingh.

Babu Ishan Chandra Nag is appointed to be an Honorary Magistrate of the Independent Bench at Jamalpur, in the district of Mymensingh, and is vested with the powers of a Magistrate of the third class.

Babu Medni Pershad Sinha, Deputy Magistrate and Deputy Collector, Shahabad, is vested with the power to try summarily the offences mentioned in section 260 of the Code of Criminal Procedure.

The 23rd February 1892.—Babu Trailokya Nath Sen, Deputy Magistrate and Deputy Collector, Dinajpur, is vested with powers under section 524 of the Code of Criminal Procedure.

Babu Nagendra Chundra Mitter, substantive *pro tempore* Munsif of Dubrajpur, in the district of Birbhum, is vested with the powers of a Judge of a Court of Small Causes for the trial of suits cognizable by such a Court up to the value of Rs. 50 within the local limits of the Dubrajpur Munsifi.

Babu Joy Gopal Sinha, Officiating Additional Subordinate Judge of Pabna, is allowed leave for two months, under article 306 (*b*) of the Civil Service Regulations, with effect from the 16th instant, or such subsequent date as he may be relieved.

Mr. A. P. Handley, Barrister-at-Law, who has, under the order of the 19th January 1892, been appointed substantively *pro tempore* Chief Presidency Magistrate, Calcutta, is vested with powers under section 144 of the Code of Criminal Procedure.

Mr. Arthur Trevors Devon is appointed to be an Honorary Magistrate of the Jamalpur Municipal Bench, in the district of Monghyr, and is vested with the powers of a Magistrate of the third class.

Babu Chundra Narain Gupta, Deputy Magistrate and Deputy Collector, Dumka, in the district of the Sonthal Parganas, is vested with powers under section 110 of the Code of Criminal Procedure.

In the exercise of the power conferred by section 26, sub-section (1) of Act VII of 1889 (the Succession Certificate Act), the Lieutenant-Governor invests the undermentioned Munsifs, in the district of Burdwan, with the functions of a District Court under that Act, within the local limits of their respective jurisdictions—

Babu Janoki Nath Dutt,
„ Akhoy Kumar Mittra, } Burdwan.

Mr. Thomas Keelan, an Honorary Magistrate of the Independent Bench at Asansol, in the district of Burdwan, is vested with the powers of a Magistrate of the second class.

GRANT OF LEAVE TO MUNSIFS.—*The 17th February* 1892.—Babu Manmotho Nath Chatterjee, Munsif of Barabazar, in the district of Chota Nagpur, is allowed leave for sixty days, under article 306 (*b*) of the Civil Service Regulations, with effect from the 10th March 1892, or from the date on which he is relieved.

The 19th February 1892.—Babu Jogendra Chandra Moulik, Munsif, under orders of deputation to Lakshmipur, in the district of Noakhali, is allowed leave for thirty days, under article 306(*b*) of the Civil Service Regulations, with effect from the date on which he is relieved.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 19th February 1892.—Under section 3, Act I (B.C.) of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces), the Lieutenant-Governor has been pleased to grant a license to Moulvi Maqbool Ahmed authorizing him to register Mahomedan marriages and divorces, and to exercise the other functions of a Mahomedan Registrar within the outpost of Pingna, thana Gopalpur, in the district of Maimensingh.

Under section 2, Act XII of 1880 (an Act for the appointment of persons as Qazis), the Lieutenant-Governor has also been pleased to grant a sanad (license) to Moulvi Maqbool Ahmed, appointing him Qazi of the said outpost for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 22nd February 1892.—The Lieutenant-Governor is pleased to direct the substitution, from the 1st April 1892, of the following revised rule for Rule XVII of the Rules made by him under section 4, Act III (B.C.) of 1879 :—

Fees for the delivery of certificates shall be charged according to the following scale :—

							Rs.
Boilers up to	10	HP			...	...	...	12
Boilers above	10	HP	and up to	20	HP	...	...	...	15
„	„	20	„	„	40	„	...	...	...	18
„	„	40	„	„	60	„	...	...	...	21
„	„	60	„	„	80	„	...	...	...	25
„	„	80	„	„	100	„	...	...	...	30
„	„	100	„				...	...	...	35

Formula for calculating horse-power.

For tubular and internally fired boilers, area of grate multiplied by 2 = HP.
For egg-ended and externally fired boilers, area of grate multiplied by $1\frac{1}{2}$ = HP.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 23rd February 1892.—The Lieutenant-Governor sanctions the permanent retention of the sub-registry office at Chatmohar, in the district of Pabna, which was opened as an experimental measure for one year under orders dated the 24th November 1890.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

DECLARATION.

The 23rd February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a cart road to the Pauper Burial-ground at Sonadingee, in the village of Mominpore, pargana Magoora, zila 24-Parganas, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 bigha 12 cottas and 14 chittacks of standard measurement, bounded on the north by the Mominpore Lane; south by the Pauper Burial-ground; east by land belonging to Sadhu Miah, Meherali Mondal, Osman Mistry, the Ghosal family of Bhookailash and the Kidderpur Dock; and on the west by the land of the Ghosal family of Bhookailash, Meherali Mondal, Osman Mistry, and the Kidderpur Dock, is required within the aforesaid village of Mominpore.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

IRRIGATION.

The 23rd February 1892.

No. 68.—*Notification.*—It is hereby notified that declaration No. 459, dated 24th November 1885, published at page 1197, Part I of the *Calcutta Gazette* of the 25th idem, for the acquisition of the land required for the construction of an embankment in connection with the Howrah Drainage Works on the right bank of the Bally khall from Pakeerbagan to the railway embankment in the district of Hooghly, is cancelled.

No. 69.—*Declaration.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a retired line of embankment in the villages of Shimulberia and Akalmegh (miles 31-32, embankment schedule D, No. 64), pergunnahs Moorogatcha and Panchcody respectively, in the district of the 24-Parganas, it is hereby declared that for the above purpose a piece of land measuring 19 bighas 4 cottas and 6 chittacks, more or less, of standard measurement, is required in the villages named below —

In village Shimulberia, 3 bighas 15 cottas and 3 chittacks of land bounded on the north by the Government embankment; east by the ryoti lands of Maharaja Norendro Krishna Deb Bahadoor of Shovabazar; south by the southern bank of Shimulberia khal and ryoti lands of Babu Thacoor Dass Roy Chowdhry and others of Baripore; and west by the Shimulberia khal and ryoti lands of Maharaja Norendro Krishna Deb Bahadoor of Shovabazar.

In village Akalmegh, 15 bighas 9 cottas and 3 chittacks of land bounded on the north by the Shimulberia khal; east by the ryoti lands of Babu Thacoor Dass Roy Chowdhry and others of Baripore; south by the ryoti lands of Babus Thacoor Dass Roy Chowdhry and others of Baripore; and west by the Government embankment.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

[Second Publication.]

IRRIGATION.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

Notification No. 62, *dated the* 16*th February* 1892.

In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of a ryot in whose favour a provisional requisition has been issued, as provided for in Rule 21 below. Such application may be made verbally or in writing to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition shall be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The canal officers of the Public Works Department, in consultation with the Deputy Revenue Superintendent, shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determined that the whole block shall be irrigable from one outlet, or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Public Works officers and by the Deputy Revenue Superintendent. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 14, for definite parts of a block, under the following conditions:—

I.—The lease may be for the lands of one or more villages, but ordinarily the whole irrigable area of any village, so far as situated within the block must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Public Works officers in consultation with the Deputy Revenue Superintendent, so that one-fifth of the total area usually irrigated may fall out of lease in each year.

Explanation.

A	blocks	commence	1892	...	...	Expire 1897.
B	,,	,,	1893	...	...	,, 1898.
C	,,	,,	1894	...	...	,, 1899.
D	,,	,,	1895	...	...	,, 1900.
E	,,	,,	1896	...	...	,, 1901.

Then, should a lease in a B block expire in 1892, a lease for one year must be given. Similarly, a lease in a B block expiring in 1894 must be renewed for four years only. It may, however, be possible in cases like the latter to arrange by mutual consent to cancel the existing and unexpired leases in B blocks in 1893, and then to renew for the full term of five years.

8. The rates to be charged for water supplied between June and November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Rs. 1-8 per acre for each season.

Provided that the leases, whether new or renewals, required for shorter terms in order to develop the system of blocks as explained above shall, on the first occasion, be offered at the above rate.

Subject to the above provision, the rates shall be—

	Rs.	A.	P.	
For a term of four years	1	12	0	per acre per season.
,, ,, of three ,, ...	2	0	0	,, ,,
,, ,, of two ,, ...	2	4	0	,, ,,
For one season	2	8	0	,, ,,

Explanation.

An existing lease in a D block expires in 1892. The lessees will be offered a renewal for three years at Rs. 1-8 per acre per season. They decline this, and do not renew till 1893. They can then only get a lease for two years at Rs. 2-4 per acre per season. Similarly, an application for a new lease in a C block is received in 1892. A lease for two years at Rs. 1-8 per acre may be given; but should an application for a new lease in a C block be received in 1895, a lease for four years at Rs. 1-12 per acre will be granted.

9. For the supply of water, when available, for winter crops, a rate of Rs. 1-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be fixed by the Collector, shall be charged.

11. Applications for water-leases under section 74 of the Act should be presented to the silladar of the division in which the applicant's land lies, and, subject to Rules 12, 13, 14, 15, and 16 below, silladars are authorized to grant such leases.

12. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts including several villages.

13. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

14. No application for a water-lease shall be entertained when the supply of water must of necessity be delivered across an unleased area, unless a village-channel exists, which, in the opinion of the Executive Engineer, will deliver water without waste across the unleased area.

15. Without the permission of the Collector, no application shall include lands belonging to more than one village, but *tehsilalaids* or other lands lying within the village boundary at the time of survey may be included.

16. Without special orders in writing from the Deputy Revenue Superintendent, no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

17. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act.

18. On the issue of a "permit" as above, of which the zilladar shall keep a duplicate, he shall forward a copy of the *kabuliyat* to the Deputy Revenue Superintendent for recordr and at the same time he shall forward to the Executive Engineer or Sub-divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the officers of the Public Works Department till January 1st next following, and shall then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st, each year, till the lease expires.

19. When application for a lease is received from a village not previously leased, the zilladar, before granting a lease, shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record, the application should be sent through the Deputy Superintendent to the Collector. The zilladar should also satisfy himself that the Executive Engineer's consent, as required by Rule 12, has been obtained.

20. When application is made for the renewal of an expired lease, the zilladar, before granting a new lease, shall satisfy himself by comparison with his register of *kabuliyats* that the particulars given in the application are correct.

21. Pending the result of the enquiries provided for in the last rules, the zilladar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

22. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.

2.—Number of distributary from which water has been illicitly obtained.

3.—Manner in which water has been taken.

4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

23. On receipt of such a notice, the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

24. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Deputy Revenue Superintendent, on the application of the Executive Engineer, and with the approval of the Collector, to cancel the lease.

25. The rates for water supplied from June to November shall, in each season, fall due on the 1st February following. The rates for water supplied for winter crops shall fall due on the 1st April following.

26. Water-rates imposed under Rule 10, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

27. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Collector for—

1.—Injury to the crop on a leased area caused by deficient supply of water.

2.—Errors in the assessment of rates.

28. The Collector may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

29. The Collector may commute rates charged under Rule 10 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

30. Remissions on other grounds than the above require the sanction of Government.

31. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector.

32. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

33. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed 6 pies in the rupee on the total water-rates collected during the year. If the payments thus made to *mookhyas* do not amount to 6 pies in the rupee on the total water-rates of any year, the Collector may expend the balance in paying extra collecting establishment.

34. Registers shall be kept in the Deputy Superintendent's and zilladar's offices in forms sanctioned by Government.

35. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Govt. of Bengal.

IRRIGATION.

REVISED WATER-RATE RULES FOR THE ORISSA CANALS.

Notification No. 56, *dated the* 9*th February* 1892.

IN exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Orissa Canals. These rules and rates will supersede those now in force.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

General conditions.

Compensation under section 76 (c).

(1) The Collector, before awarding compensation under section 16 or section 76 (*c*), or making a reference under section 17 of the Irrigation Act [Act III (B.C.) of 1876] shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

No appeal from order of Canal Officer.

(2) Except as provided in the Irrigation Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Sub divisional and Divisional Canal Officers shall modify any order passed by them on the receipt of definite instruction to that effect from the Divisional or Superintending Canal Officers respectively.

Appeals to Collector.

(3) Appeals to the Collector under section 91 of the Irrigation Act, other than those specially provided for in Rule 49, will ordinarily be against an order passed by the Divisional Canal Officer. When the order passed has reference to the alignment of a village channel, or, to the refusal of the Divisional Canal Officer to grant a lease under schedule I, II or III, the Collector may require the Superintending Canal Officer to state his opinion in writing, and this opinion shall form part of the record of the proceedings in the case.

On village channels.

Canal Officer to assist.

(4) Canal Officers shall give every assistance to applicant in aligning and laying out any village channels which they may desire to construct.

Register of village channels.

(5) A register of all village channels shall be maintained by the Divisional Canal Officer in such form as the Superintending Canal Officer may direct.

On the free irrigation of chaukidars' jaghirs.

Chaukidars' jaghirs.

(6) The chaukidar of any village in which lands are leased under schedule I, II, III or IV shall be entitled to a remission of the water-rates chargeable on account of lands included in his jaghir and in any leased area on the condition that he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

(*a*) In the preparation of applications for leases.
(*b*) In the measurements of irrigated lands.
(*c*) In giving the names of the occupiers of the various fields.
(*d*) By receiving the demand statement, making it over to one of the principal raiyats in the village, and informing the cultivators that he has done so.
(*e*) By receiving "tippas" from the Canal Officers and distributing them.
(*f*) By reporting cases of unauthorized irrigation which may come to his notice.
(*g*) By being present when any local inquiry is made by a Canal Officer and by giving information concerning the matter under investigation.
(*h*) By reporting to the Collector any mutations in the holdings of persons who have signed a lease under schedule I or II that may come to his knowledge.

On the "lease unit" system.

(7) The area commanded by each distributary which is not fully provided with village channels shall be portioned out by the Divisional Canal Officer into any convenient number of tracts, or group of villages to be called "lease units." The boundary of each of these "lease units" shall be so determined that the land lying within it can be conveniently irrigated from the same outlet or from any convenient group of outlets. The "lease units" shall be approved by the Superintending Canal Officer.

Distributary lease units.

(8) The area in each "lease unit" shall be divided by the Canal Officer into three classes.

Classification of villages in "lease units."

(*a*) Lands which, being situated in immediate contact with a canal or distributary, can be irrigated by direct flow from outlets in it.

(*b*) Lands which are provided with village channels properly constructed and maintained in good order by the owners of the channels.

(*c*) Lands which, not being provided with proper village channels, and being remote from the canal or distributary, can only be irrigated by flow through fields intervening between them and the distributary.

(9) The Canal Officer shall keep in his office a plan showing the "lease units" of each distributary. Each "lease unit" shall be separately numbered and registered in a book which shall show:—

Record of "lease units."

Its area;
The number and size of outlets provided for it;
The names of the villages in it;
The class (*a*, *b*, or *c*,) of each area;
The date when the leases in it terminate

(10) The boundaries of, or the classification of the tracts in any "lease unit" may at any time be amended by the Divisional Canal Officer with the previous sanction of the Superintending Canal Officer. On receipt of such sanction the Divisional Canal Officer shall amend his plans and registers.

Amendment of "lease units."

(11) The lease first granted in any "lease unit" must be for five years.

(12) No lease shall be granted to any class (*c*) village until all the class (*a*) villages in the "lease unit" have been leased, and until the villages lying between it and the class (*a*) villages of that "lease unit" (if any) have also been leased.

Leases of class (*c*) villages.

(13) Leases granted for a term of years to any or all of the villages situated in the same "lease unit" shall terminate at the same time as the lease first granted in that "lease unit."

Leases to terminate simultaneously.

(14) Provided that, for four years after the date of these rules, the lessees of lands in any "lease unit" in which the class (*a*) villages have been leased for five years, shall, when their leases expire, be offered the opportunity of extending them for such a term of years as will cause them to expire simultaneously with those of the class (*a*) villages of that "lease unit" and they may be extended at the rate of Re. 1-8 per acre. If, however, the lessees decline to renew them on these conditions, within one month of their expiry, they shall not be permitted to renew them subsequently except at the rates given in schedule II.

Exceptions with reference to present leases

(15) Class (*a*) and class (*b*) villages shall be eligible to obtain leases under all the five schedules attached to these rules. Class (*c*) villages shall only be eligible for leases under schedules II and III.

Schedule of Rates.

On applications for the supply of water during the kharif season.

(16) Applications for the supply of water in the kharif season will be granted:—

Kharif applications of three kinds.

(1) For a term of years (schedules I and II).
(2) For one season only (schedule III).
(3) After the 1st of September from an outlet of a defined size (schedule VI).

(17) Applications for the supply of water for a term of years shall be subject to the following conditions:—

I. Notice in the attached form (Appendix I) must ordinarily be given to the Subdivisional Canal Officer by the cultivators of a village not later than the 1st April if they require water for irrigation for a term of years to have effect from the 15th of June following. Applications presented after the 1st April will be accepted so far as may be possible, having regard to the measurements, &c., which are necessary before the grant of permits. Those presented between 1st April and 1st May will, if accepted, be liable, at the discretion of the Divisional Canal Officer, to an additional rate of 4 annas per acre for the first year of the lease, and those presented between the 1st May and 1st June will be similarly liable to an additional rate of 8 annas per acre. In either case the additional rate shall be payable at the same time as the first instalment of the ordinary rates due on the lease. On presentation of this notice the Canal Officer shall inspect the block which it is proposed to lease, and, if he approves of it, shall proceed to prepare the final application (Appendix III).

Notice that lease is required.

II. The application shall not be entertained unless it refers to a distinct block of land of which the boundaries are defined. The block must (in all but very exceptional cases) include all the irrigable lands of a village which are, or have been, cultivated with rice. If the block of land offered for lease has included within its boundaries:—

Applications to include all rice lands in village.

(*a*) High lands not irrigable by flow, or—

(*b*) "Beali" lands for which canal water is not ordinarily required, or—.

(*c*) "Low lands" which cannot ordinarily benefit by canal water,

these lands may be excluded from the final application. But water cannot in that case be supplied to such lands during the currency of the lease except on an application for an annual lease (schedule III).

III. The application must be in the form attached to these rules (Appendix III), which states that water-rates will be paid on all lands contained in the block for which the application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields of the block to be leased, and give due notice to the Canal Officer of any changes in their holdings.

Payment to be made for area leased.

IV. The lands contained within the defined boundaries must be measured (or the area ascertained from the cadastral survey map) by the Canal Officer or his subordinates, and the application must be completely signed by all the cultivators holding lands in the block, or the applicants must bind themselves to be jointly responsible for the water-rates due on such block before a permit for the supply of water shall ordinarily be granted. Provided that if water is required to be supplied before this can be done, a preliminary application in the form Appendix II must be submitted before the 1st of September instead of the notice referred to in Rule I. This form binds the applicants to pay at the rate of Rs. 3 for each acre of their holdings if they fail to complete the lease for a term of years before the 30th of November of the year in which water is required. The Superintending Canal Officer may, if special circumstances appear to him to justify it, alter this date to the 1st of February next following. A permit which has been granted on this preliminary application will be cancelled as soon as the final application (Appendix III) has been completely signed by all the cultivators holding lands in the block. A permit for a term of years will then be issued.

Lease must be complete before water is supplied.

If not, annual lease must be executed.

No leases granted after 1st of September.

V. When under the "lease unit" system described in Rules 7 to 15 inclusive, a portion of a village falls in one "lease unit" and the remainder in another "unit" a separate application must be signed for each portion of the village.

VI. No additions to the area covered by a lease duly executed for a term of years shall, as a rule, be permitted. But when the irrigable area which is under rice cultivation in a village is increased (owing to improvements in distribution or to the actual extension of cultivation or to any other cause), an application may be made for a separate lease for a term of years for such increased area. If the application is approved by the Canal Officer, a permit shall be granted for a term of years such that the lease will terminate at the same time as the one previously granted in the same village. The water-rates chargeable on such a lease shall be those defined in schedule II.

No extension of lease during its currency.

(18) Applications for water for one kharif season only shall be subject to the following conditions:—

I. The application must be for a block of land having well-defined boundaries, and so situated that adjoining or intervening lands will not ordinarily or probably be irrigated by water supplied for the land included in the application. The block must be situated either—

Annual leases.

(1) In immediate contact with a canal or distributary, so that it can be irrigated without a village channel by direct flow therefrom, or

(2) it must be provided with a proper village channel, or

(3) it must be situated in immediate contact with a village leased under schedules I and II, so that it can obtain a supply through the fields of that village.

II. The application must be in the form (Appendix IV) attached to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields in the block which they desire to irrigate.

No leases granted after 1st September.

III. Applications for leases under schedule III must be submitted before the 1st of September.

Water supplied after 1st September.

(19) Applications for the supply of water after the 1st of September from an outlet of a defined size shall be subject to the following conditions:—

I. Outlets in a canal or distributary bank may, at the discretion of the Subdivisional Canal Officer, be leased from the 1st September until the 15th November at the rates enumerated in schedule VI, care being taken not to lease any outlet unless a head of not less than six inches on the outlet is available.

Outlets leased

II. Persons occupying lands not under lease may apply for water to be delivered to them after the 1st of September for the current kharif season in the form (Appendix V)

attached to these rules. The application shall not be entertained unless it is accompanied by a sum in cash equal to half the amount chargeable for the size of the outlet at the rates defined in schedule VI, and by an agreement executed by substantial persons in the form attached to Appendix V binding themselves to pay the remainder.

Lessee of outlet allowed free use of water.

III. The person to whom a permit for the use of an outlet is granted shall be allowed the free use of all the water he can obtain from that outlet without reference to the area irrigated.

On applications for the supply of water during the rabi and hot-weather seasons.

(20) Applications for the supply of water in the rabi season (15th November to 30th April) and in the hot-weather season (1st May to 15th June) will be subject to the following conditions:—

Water-rates paid in area watered.

I. The approximate area of land for which water is required must be stated in the application, which must be signed by all the occupiers of the land. The application must be in the form (Appendix VI) attached, which states that water-rates will be paid on the area actually irrigated.

Canal closures.

II. That water cannot be supplied during the hot-weather season when the canals are closed. Notice of the duration of such closures will be given before the commencement of the season.

(21) It shall be the duty of the patrol to enter in his shudkar every field which is irrigated in the rabi and hot-weather seasons.

Water of tanks.

(22) Water for filling tanks may be supplied at the discretion of the Canal Officer at the rates given in schedule VII. The charge for the water shall be paid in advance for such a quantity of water as the Canal Officer may consider necessary to fill the tank. The Canal Officer shall see that the outlet is opened for a sufficient time to give the quantity which is paid for.

On permits.

Grounds for refusing permit.

(23) A permit shall not be issued when, in the opinion of the Canal Officer—

(i) waste is likely to occur.

(In the order refusing a permit on this ground the Canal Officer shall state in writing the manner in which he apprehends that waste will occur)

(ii) The area for which water is required cannot be irrigated without passing canal water through, over or into, unleased areas.

(24) All permits for the use of water shall be subject to the following conditions:—

Lessees to arrange for distribution.

I. That where there are no village channels the applicants will make their own arrangements for the transit of the water from the canal or distributary to the leased area.

No bunds allowed.

II. That the water will be supplied at the level at which it is ordinarily maintained in the distributary, and that no earthen bunds or other works will be used to raise the level of the water in the distributary.

Canal Officer to regulate.

III. That the regulation of the discharge of the outlets will be entirely in the hands of the Canal Officer and his subordinates.

Regular payment.

IV. That water-rates are paid when due.

Waste to be prevented.

V. That the applicants will not permit waste of water.

Water restricted to leased area.

VI. That water supplied for the irrigation of a leased block of land in a village shall not be applied to any other lands in that village.

Leased block to be distinct.

VII. That land to be irrigated on kharif leases (schedules I, II and III) must form a compact block defined by well-marked boundaries of such a nature as clearly to separate the leased lands from the neighbouring unleased ones. The boundaries must be mentioned in the application.

Excluded lands.

VIII. That when high lands, "beali" lands, or low lands, which cannot ordinarily benefit by canal water, are, under Rule 17, II, excluded from a lease for a term of years, a schedule of such lands shall be attached to the application, the numbers of the fields on the cadastral map being stated in the schedule; or if there is not a cadastral survey map of the village, the Canal Officer shall attach a rough map to the lease showing the excluded area.

Power to cancel lease.

(25) If all the persons who have signed a lease under schedule I or II submit an application for the lease to be cancelled, the superintending Canal Officer may cancel it if he considers the reasons given are sufficient.

Annual permits.

(26) Permits for irrigation for a single kharif season under schedule III (annual leases) shall be subject to the same general conditions; the essential difference being in the duration of the lease and in the fact that a permit may be issued for any well-defined block and not necessarily for the whole irrigable land in the village which is cultivated with rice. "Beali" lands and low-lying lands cannot be excluded from annual leases if they are situated within the boundaries defined in the application.

Rabi permits.

(27) Permits for irrigation in the rabi or in the hot weather under schedules IV and V shall be issued on the following conditions:—

I.—That the applicants will give notice to the Canal Officer, or his subordinates, as soon as the area requiring irrigation has received a sufficient supply of water.

II.—That the applicants will undertake, as far as is practicable, to prevent water being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated and not on those specified in the application.

On penalties and the cancelling of leases.

(28) At the request of the Collector of the district, the Superintending Canal Officer shall direct the Divisional Canal Officer to—

Irrigation to be stopped where water-rates are not paid.

I. Decline to renew leases (*i.e.*, to issue permits) for the irrigation of land in villages where there have been constant difficulties in realising water-rates. In such cases permits shall not be again issued until all the arrears of water-rates due are paid up; and also, if specially required, by the Collector not unless half the amount due for the first ensuing season is paid up in advance. An order under this rule (unless the Collector in the meantime apply for its being rescinded or modified) shall be in force for the time stated therein, which shall not exceed three years.

Lease may be cancelled where water-rates are not paid.

II. Cancel any lease under schedule I or II, if, on the 1st of June of any year, the water-rates due on such lease are in arrear by more than half a year's demand.

(29) The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease under schedule I or II if water is habitually misused or wasted. Such an order shall have effect from the 15th June next ensuing, and at least two months' notice must be given to the cultivators.

Lease to be cancelled when water misused.

(30) The Superintending Canal Officer in issuing orders under Rules 28 and 29 shall bear in mind the circumstances affecting "lease units" as described in Rules 7 to 15, and shall not cancel a lease if it is necessary that it should remain in force in order that water may be supplied to other leased areas.

Interests of others to be considered in cancelling leases.

On Unauthorised Irrigation and Waste of Water.

(31) Water-rates for unauthorised irrigation shall be assessed by the Canal Officer under section 78 of the Irrigation Act at rates not exceeding Rs. 5 an acre.

Rate for unauthorised irrigation.

(32) Unauthorised irrigation during the kharif season consists of two classes—

Two classes of unauthorised irrigation.

(i) Unauthorised irrigation within the boundaries of a leased area.

(ii) Unauthorised irrigation effected with water taken either from a leased area or from a canal, distributary or village channel.

(33) Unauthorised irrigation of the first class shall, during the kharif season, only be assessed when the land irrigated has been entered in the schedule of lands excluded from the lease; and then only when:—

(i) Within a leased block.

(*a*) The irrigation has been recorded in the patrol's shudkar.

(*b*) The patrol and sectional officer report that there are signs that the water has been deliberately taken and that the crops have benefited.

(*c*) The reports of the patrol and sectional officer have been received by the Sub-divisional Canal Officer within 10 days after the date on which the illicit irrigation was detected.

(34) Unauthorised irrigation in the kharif season of the second class shall only be assessed when the same three conditions (*a*), (*b*) and (*c*) have been complied with, and further—

(ii) Beyond a leased block.

(*d*) When the assessment of the area irrigated has been authorised by the Divisional Canal Officer.

(35) It shall be the duty of the Subdivisional Canal Officer to deal promptly with cases of unauthorised irrigation. He shall personally inspect as many cases as he can, and shall not make any assessment himself, nor ask the Divisional Canal Officer to sanction any assessment, unless the evidence has been recorded and he considers it quite satisfactory.

Notice of assessment to be sent.

(36) When in the first case, the Subdivisional Canal Officer has determined that an assessment of unauthorised irrigation in the kharif season shall be made; or when the Divisional Canal Officer has authorised such an assessment, the Canal Officer shall *at once* send, by post or otherwise, a slip *(a tippa) to each cultivator, informing him of the fact and quoting the approximate area, as detailed in the patrol's shudkar, which has been recorded as irrigated. At the same time he shall send an amin to measure the fields which have been irrigated and to prepare the demand statement therefor.

Demand statements to be promptly issued.

(37) Demand statements of unauthorised irrigation during the kharif season should be served in the village immediately they are prepared, and in no case later than the 30th November.

Unauthorised irrigation in rabi season.

(38) Unauthorised irrigation in the rabi season or in the hot-weather season shall be assessed by the Canal Officer on the evidence of the patrol and sectional officer. The Canal Officer should personally inspect as many cases as he can. A notice that an assessment will be made should be served on the cultivators as soon as an assessment is ordered, as provided in Rule 33, the procedure of which should be generally followed (*mutatis mutandis*).

Waste of water.

(39) Charges for waste of water under section 80 of the Irrigation Act shall be at the rates fixed in Rule 31, and be subject to the same conditions as the assessments of unauthorised irrigation which are stated in the foregoing rules. When a tank or piece of low ground has been deliberately filled, a charge of Rs. 5 per thousand cubic yards may, at the discretion of the Canal Officer, be imposed instead of an acreage rate.

On demand statements.

Demand statements

(40) Statements showing the amounts due on account of water-rates shall be prepared in such form as may be sanctioned from time to time by the Lieutenant-Governor, under the supervision of the Subdivisional Canal Officer, and shall be signed by him and by the Divisional Canal Officer. They shall then be forwarded to the Collector for the realisation of the demands.

For long leases prepared once for all. A copy sent to chaukidar.

(41) The demand statement showing the water-rates due on any lease given under schedules I and II shall be prepared at the same time as the application. A copy of it shall be given to the patwari or to the chaukidar of the village for the general information of the villagers. A separate statement or tippa signed and sealed by the zilladar may also, if the Collector so direct, be prepared in the name of each person who has signed the lease, showing the annual sum which is due from him. These tippas may be given to the patwari or chaukidar to distribute or may be sent by post. No further notice of demand shall be given during the currency of the lease.

And tippas to each ryot.

Similar procedure for annual kharif leases.

(42) A demand statement showing the water-rates under a lease for a single kharif season (schedule III) shall be prepared as soon as possible after the lease is granted and not later than two months after the issue of the permit. The statement shall show the amount due from each person who has signed the lease, whether irrigation has been effected or not. A copy of it shall be given to the patwari or to the chaukidar of the village for public information, and separate tippas showing the demands against each individual may also be sent as in the previous rule. No further notice of demand shall be given.

Demand statements for rabi and hot weather shall be for

(43) The assessments and issue of demands on account of lands irrigated in the rabi season or in the hot-weather season shall be made under the following procedure:—

The area actually irrigated.

I. The area which is actually irrigated in any village shall be measured, or ascertained by means of the cadastral map, by an amin with the assistance of the patrol. The khasrah, which shall be in a printed form, shall be signed by the amin and by at least two respectable cultivators. If any of the lessees desire to have a copy of the khasrah, he shall be allowed to copy it.

Demand statement sent to chaukidar. Tippas to cultivators.

II. When the measurement is completed, the khasrah shall be forwarded to the Subdivisional Canal Officer, who shall prepare a demand statement with all reasonable despatch. A copy of this statement shall be sent to the patwari or to the chaukidar for public information in the village, and a tippa may be sent as in rules 41 and 42 above to each person whose fields have been irrigated.

Demand for unauthorised irrigation. Payable at sight.

(44) Demand statements on account of unauthorised irrigation shall be dealt with generally in the same manner as those of the rabi season, but with greater promptness. The demand statement in such cases shall be printed on red paper to draw attention to the fact that the demand is payable at sight. The demand statements sent to the patwari or to the chaukidar and the tippas sent to the cultivators shall also be on red paper.

* A "tippa" is the same thing as the "percha" of the Sone Canal Rules.

Objections to demands to be made to Canal Officer.

(45) Persons who may wish to raise any objections to the demands made against them must present a written statement of their case to the Subdivisional Canal Officer, who, after such local or other enquiry as he may think necessary, shall pass orders on the matter. A copy of the order if not passed in his presence and hearing shall be delivered by post or otherwise to the person who raised the objection.

Objections made to Collector to be referred to Canal Officer.

(46) All objections to demands on account of water-rates which relate to the supply of water and the assessment of water-rates and are addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

Objections to be made within thirty days.

(47) Objections to the demand statements must be presented within thirty days of the date on which the demand statement was given to the patwari or to the chaukidar of the village, or of the date on which the tippa was delivered to the person objecting. This period may be extended when reasonable cause for delay can be established.

Prescribed form for objections.

(48) The objection should ordinarily be stated in a form which will be sold for one pice at all Canal Offices, giving instructions as to the particulars required to admit of the objection being readily investigated; but any form may be accepted at the discretion of the Collector or canal officer provided it clearly states the name or names of the persons objecting, the crop and the year for which the charge is made, the demand from each cultivator to which objection is taken, and the name of the village in which the land is situated. *Provided* that no objection shall be received which refers to more than one "lease-unit," and that all or any of the raiyats in one "lease-unit" may join in one objection.

Appeals to lie to the Collector.

(49) Any person who is not satisfied with the order passed by the Subdivisional Canal Officer under Rule 45 may file an application of appeal to the Collector under section 91 of the Irrigation Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and may meanwhile suspend collections by a written order if he thinks proper to do so.

Appeal against order of Deputy Collector.

(50) The Collector may, by a special order passed in each case, refer applications under rule 49 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred, within thirty days, by either the applicant or the Divisional Canal Officer.

Procedure when an appeal is made to the Collector.

(51) When any person appeals to the Collector against an order passed by a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained by him for the purpose of making further enquiries, but the Collector may, on the suggestion of the Divisional Canal Officer, or of his own motion, direct that such enquiries shall be made.

Mutations of names.

(52) Reports of, and applications for mutations of names in leases under schedules I and II shall be made to the Collector or to any officer authorised by him to receive and dispose of them. If addressed to any Canal Officer, they shall be referred to the Collector for disposal.

on the payment of water-rates.

(53) Water-rates assessed under sections 78, 79, and 80 of the Irrigation Act shall be due on the following dates:—

I. Leases for the kharif season for a term of years (schedules I and II)—

In one instalment on the ... ... 1st March.

Note.—The demand statements will be sent to the Collector as soon as the lease is complete as provided in Rule 41. Annual demand statements are not necessary.

II. Annual leases.

(*a*) Leases for a single kharif season (schedule III)—

In one instalment on the ... ... 1st March.

Note.—The demand statements for the water-rates due on these leases shall be submitted to the Collector as soon as the application is complete (see Rule 42).

(*b*) Leases during the rabi season (schedule IV)—In one instalment on the 1st August (except for sugarcane).

(*c*) Leases during the hot-weather season (schedule V) for sugarcane. The demand for the irrigation of sugarcane for both the rabi and hot-weather seasons shall be paid in one instalment on the 1st of April after the crop is cut.

Note.—The demand statements for these two classes of leases shall be submitted to the Collector fifteen days, if possible, before the water-rates are due, but accuracy in the charges is of more importance than a rigid adherence to dates.

III. For water supplied for kharif crops after the 1st of September to lands which are not under lease (schedule VI)—

First moiety	...	... Before the outlet is opened.
Second ,,	...	... 1st March.

Note.—The first moiety shall be paid to the Subdivisional Canal Officer, the second to the Collector A demand statement shall be forwarded to the Collector as soon as the lease has been granted.

IV. Water supplied for filling tanks (schedule VII)—Shall be paid to the Subdivisional Canal Officer in one instalment—before the outlet is opened.

V. Unauthorised irrigation and waste.

Assessments under sections 79 and 80 of the Irrigation Act. } On receipt of the demand statement by the Collector.

(54) The water-rates shall be paid on or before the dates when they fall due as detailed in the previous paragraph.

Contractor for water-rates.

(55) At the joint written request of all the cultivators signing the application and of a person who shall be termed the contractor, a lease for a term of years may be granted under which the said contractor shall collect and pay to Government the entire sum due annually on the said application. In such a case the form of application shall be altered as prescribed in the footnote of Appendix III. A contractor shall be entitled to receive a commission of 15 per cent. on the amount paid to the Collector.

To be approved by Collector.

(56) No person shall be accepted as contractor under rule 54 except with the written consent of the Collector to his nomination. The Collector may require the contractor to give security for the execution of the agreement. The contractor must be either the zamindar or the farmer of the *entire* village. No person who is the zemindar or farmer of only a portion of the village, less than sixteen annas, shall be accepted as contractor.

Powers of contractors to collect.

(57) Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included therein, at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every sum due from a cultivator to a contractor on account of water-rates under rule 54 shall be deemed to be a sum due to Government under sections 82 and 85 of the Irrigation Act.

Contractor's payments when due.

(58) The sum due from the contractor shall be paid to the Collector, either by instalments or in one sum, before the 31st of March.

Resignation of contractor.

(59) A contractor may resign his interest in a lease on giving to the Collector, before the 1st of October, a written notice of his intention to do so.

Canal Officer may appoint approved contractor.

(60) If, after the completion of a lease under schedule I or II a contractor, as described in rule 55, comes forward, and is willing to undertake to collect the entire sum due from any village on account of water-rates, the Canal Officer, subject to the approval of the Collector, may appoint him to the office under a proper agreement under section 82 of the Act.

Any person paying entire demand may claim 15 per cent.

(61) If, at any time, the cultivators of a village under lease pay to the Collector through any one person nominated by themselves, the entire sum due on their lease, on or before the date on which the water-rates are due, a refund of 15 per cent. of the amount so paid shall be made at the time of payment to such person.

On Remission.

Gauge of discharges.

(62) The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

Remission for failure of supply.

(63) Claims to remission of water-rates under section 76 (*b*) shall be made to the Subdivisional Canal Officer. Such claims shall only be admitted on proof of actual loss caused by failure or stoppage of supply. On proof of such loss, due to such failure or stoppage as described in section 76 (*b*), the Divisional Canal Officer shall remit the whole or any part of the rates. All Applications for remission of water-rates shall be made in the manner provided in rule 45 within 15 days after the occurrence of such failure or stoppage.

Compensation.

(64) Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

Remissions by Superintending Canal Officer.

(65) The Collector or the Superintending Canal Officer, acting under the general instructions which he may from time to time receive from Government, may, in special cases, remit the whole or part of the water-rates due to Government. Such remissions shall be classed as "extraordinary" and shall be a matter of grace only. Remissions under this head

will ordinarily be made on the representation of Collectors or of Divisional Canal Officers only No person shall be entitled to receive an order on an application for remissions contemplated by this rule.

(66) A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

Authority for remission.

On collections and alteration of Demand Statements.

(67) Collections of all water-rates shall be made by the Collector in accordance with the demand statements furnished to him by the Divisional Canal Officer.

Collections.

(68) The Collector may make any alterations in a demand statement provided that the total sum due is not altered or provided that an error in account only is corrected. When such alterations are made in a demand statement referring to a lease under schedule I or II, a memorandum of the alteration shall be sent to the Divisional Canal Officer.

Alterations in demand.

(69) In cases when water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which cannot be recovered may be written off as irrecoverable on the authority of the Collector. A detailed list of sums written off under this rule shall be sent to the Divisional Canal Officer.

Power of Collector to write off.

(70) In all cases other than those stated, the sanction of the Commissioner of the Division must be obtained before any sum can be written off as irrecoverable.

Power of Commissioner.

On the supply of water.

(71) The Subdivisional Canal Officer shall, as a rule, sign all permits himself. He may, however, authorise any fit person to sign them if he considers it necessary. No water shall be supplied until a permit has been signed and issued.

Permits.

(72) The Canal Officer shall be responsible that the supply given through any outlet or group of outlets is in accordance with the permits and suitable to the area and nature of the soil which is under lease.

Outlets suitable to leased area.

(73) It shall be the duty of the patrol to :—

Patrol's duties.

(i) Report immediately all cases in which he finds that canal water is flowing beyond the limits of a block leased for irrigation in the kharif season, unless the water is passing into another leased block.

(ii) Inspect the lands (entered in schedule B,) which have been excluded from a lease under schedule I or II, and to shudkar the fields if they have been irrigated without authority.

Shudkar of unauthorised irrigation.

Note.—The patrol shall not shudkar ordinary irrigation in the kharif season. He has only to do with "Beali" or "Low-lying" fields or unauthorised irrigation beyond the leased area.

(iii) Shudkar unauthorised irrigation and make an immediate report to the Sectional Officer and zilladar.

Report to zilladar.

(iv) Shudkar all fields irrigated in the rabi or in the hot-weather seasons.

Shudkar of rabi and hot-weather.

(74) The Divisional Canal Officer may close outlets in rotation as he may consider necessary. But if the lessees require water, such closure shall not, in the kharif season, exceed five days after ten days of consecutive supply.

Tatsel of outlets.

(75) The Subdivisional Canal Officer shall have authority to :—

(i) Stop the supply of water to any canal or distributary in a case of pressing emergency.

Stoppage of supply.

Note.—But, if the supply is stopped, the fact shall be at once reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, the report shall be forwarded to the Superintending Canal Officer.

(ii) Stop the supply to any village channel under section 76 (*a*) of the Irrigation Act, when he is satisfied that the channel is not maintained in proper repair. A record shall be kept of all orders passed under this rule.

Stoppage of supply to village channel.

(76) No person shall be entitled to be supplied with water through a village channel, unless the channel has been put into a proper state of repair in accordance with the directions of the Subdivisional Canal Officer.

Repair of channel.

(77) A Canal Officer or any of his subordinates may temporarily close any outlet supplying a village channel or any leased area when unauthorised irrigation is, at the time, being carried on from the village channel or from the area under lease which is supplied from the outlet.

Outlet to be closed when unauthorised irrigation is in progress.

Miscellaneous.

(78) No officer employed on the canals, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold or leased in connection with them, either in his own name or in the name of another, or jointly, or in shares with others.

Interest in canal water.

(79) Tanks may, at the discretion of the Canal Officer, be filled with canal water without charge, and without reference to the area irrigated in any village wherever water can be made available without injury to the cultivation dependent on any canal, provided that no irrigation is practised from the tank, and that the water is required for domestic purposes or for watering cattle only.

Filling tanks.

(80) Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by rules 28, 52, 56, 58, 59, 60, 61, 67 and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

Powers of Deputy Collector.

SCHEDULE No. I.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages where proper village channels exist or which can be irrigated direct from a distributary without a village channel.	Flow or lift. Rate per acre for each season.
For leases for five years for all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0

SCHEDULE No. II.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages irrigated without village channels which lie in "lease-units" as defined in rules 7 to 15.		Flow or lift. Rate per acre for each season.
For leases for five years ...	For all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0
„ four „ ...		1 12 0
„ three „ ...		2 0 0
„ two „ ..		2 4 0
„ one year ...		2 8 0

SCHEDULE No. III.

Leases for a single Kharif season for suitable blocks of any area.

For water supplied between the 15th of June and the 15th of November for defined blocks of land.	Flow or lift. Rate per acre for each season.
For all description of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 3 0 0

SCHEDULE No. IV.

Leases for cold-weather crops.

For water supplied between the 15th of November and the 30th April.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.

SCHEDULE No. VI.

For water supplied for kharif crops after the 1st September to lands which are not under lease.

Size of pipe.	Rate for the use of the outlet.
	Rs.
4″ circular	60
5″ ,,	90
6″ ,,	130
7″ ,,	170
8″ ,,	200
9″ ,,	230
	330
9″ × 12″ rectangular	380
12″ × 12″ ,,	600

The person to whom the outlet is leased will be permitted to use the water in any way he pleases. He will only be entitled to the use of the outlet for ten days out of every fifteen days. No definite quantity of water is guaranteed, but the Canal Officer will endeavour o keep a minimum head of six inches on the outlet.

SCHEDULE No. VII.

Water will be supplied for filling tanks at the rate of Re. 1 per 10,000 cubic feet of water used calculated at the outlet.

APPENDIX I.

This form of notice will not ordinarily be accepted later than the 1st April for any lease which it proposed to make in the year then current.

Form of notice that a permit for a term of years is required.

Mouzah , pergunnah , distributary

We, whose names are attached, give notice that we wish to apply for a lease for a term of years for a block of land containing all the irrigable rice lands in our village. We request that the block may be inspected; that the necessary measurements may be made; and that the form of application, which has to be signed by all the cultivators of the block, may be prepared. We have ascertained that all the cultivators in the block are willing to enter into the lease.

Signatures of five or six principal cultivators ...

Note.—No permit will be granted on this notice.

APPENDIX II.

Note.—No application in this form will be received after the 1st of September for any lease which it is proposed to make in the year then current.

Preliminary application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, hereby apply for water to be supplied from the above-mentioned distributary for the irrigation of our rice-fields from the 15th of June until the 15th of November in each of the following years: —

*189	corresponding to 129
189	129
189	129
189	129
189	129

We are aware that the rate applicable to this term of years is Rs.———for each acre leased.

2. The area to be irrigated by each of us is approximately stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries: —

North.—
South.—
East.—
West.—

All the cultivators of this block desire to conclude a lease for the period named above.

3. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of a suitable channel or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

4. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

5. We request that the areas of our holdings may be checked and the lease for the term of years specified above may be prepared. We agree to sign the lease for the entire block defined above as soon as it is presented to us.

6. We make this application under section 74 of Act III (B.C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the Act.

7. Should the lease for which we now apply not be completely signed by all the cultivators in the block before the 30th of November next, or should the lease not be accepted by the Canal Officer, we agree to pay at the rate of Rs. 3 for each acre of our holdings within the block as found by actual measurement. *Provided* that if the delay in the completion of the lease be due to any cause beyond our control, the rate to be charged shall be that specified in clause 1 of this application. We agree to pay the sum due from each of us whether we require water during the season or not.

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

8. We agree to pay the water-rates due on this application in one instalment on or before the 1st of February.

Name of cultivator.	Area to be irrigated.	Signature of cultivator.	REMARKS.

Note.—A permit may be granted on this application by the Subdivisional Officer only

APPENDIX III.

Form of final application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the distributary for the irrigation of our block of rice-fields from the 15th June until the 15th November in each of the following years :—

* 189 corresponding to 129
189 129
189 129
189 129
189 129

The area to be irrigated has the following boundaries :—

North.—
South.—
East.—
West.—

2. The area to be irrigated by each of us is stated in the schedule following, marked A Each of us agrees to pay water-rates on the area recorded against his name at the rate of Rs.— per acre. We will pay the sums due from us independently of our requiring water in any particular year or not.

3. We desire that the lands entered in the schedule marked B, lying within the boundaries of the block (which are either unirrigable lands, "Beali" lands, or low-lying lands, which will not ordinarily benefit by canal water) may be excluded from irrigation and assessment. Should we require irrigation for such lands, we agree to make a separate application for the particular season when we require the water.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of suitable channels or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the above Act.

7. We agree to pay the water-rates due from us in one instalment on or before the 1st of February, and to give due notice to the Canal Officer of any changes in the holdings included in this application.

8. We are aware that if a permit is granted to us it is liable to be cancelled under rules 28 and 29—

(i) If on the 1st of June of any year, more than one-half of the aggregate water-rates ue on this application are unpaid.

(ii) If water supplied for irrigating the block of land included in the application is habitually wasted or misused.

9. (If all the applicants have not signed.) We who have signed this application further bind ourselves to be jointly responsible for the payment of the water-rates due on the block from those who have not yet signed this application, should they fail to do so in due time, as required by the rules.

SCHEDULE A.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

SCHEDULE B.

Name of cultivator.	Number of fields.	Class of land.	Area of land to be excluded from irrigation and assessment.	Signature.

Note.—A permit will not be granted for any lease for a term of years until an application in this form has been signed by all the occupiers of the land included in the block. If this application is not complete by the 15th June, an application either in Form Appendix II or Form Appendix IV must be submitted if water is required during the year then current.

Note.—When a contractor undertakes the collection of all the water-rates due on this application the following shall be inserted above schedule A :—

"9. We desire under rule — that —— —— —— —— shall be appointed contractor. We agree to pay water-rates to him as they become due so long as he is authorised by proper authority to collect them. Should the contractor resign or be removed, we engage to pay water-rates to the Collector or to any person authorised by him to receive the amounts due from us."

The contractor shall sign the following agreement which shall be added to the lease :—

"I agree to become contractor under rules —— —— for the collection of the entire sum due under this application in consideration of being permitted to deduct Rs. 15 per centum from the total amount due on the lease. I undertake to pay to the Collector the whole amount due to Government on or before the 15th of March following the dates when the water-rates are due from the cultivators; should I default the Collector shall be at liberty to realise from me the said amount in terms of Section 85 of Act III (B.C.) of 1876. I will myself take the risk of any default in payment by the cultivators."

Note.—The agreement with a contractor needs an eight-anna court-fee stamp.

APPENDIX IV.

Note.—No application in this form will be received after the 1st September for water to be supplied during the season then current.

Application for a lease during a single khárif season.

Mouzah pergunnah distributary

1. We, whose names are attached, apply for water to be supplied from the * 15th June to the 15th of November for the irrigation of the block of land formed by our holdings.

2. The area to be irrigated by each of us is stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North:—
South:—
East:—
West:—

3. Each of us agrees to pay water-rates at the rate of Rs. 3 an acre on the area in his occupation as found by actual measurement. We will pay the sums due from us independently of our requiring water during the season or not.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 18, 26, 61, 62, 70, 73, 74. We agree to abide by them and by all rules passed under the Act.

7. We agree to pay the water-rates due from us in one instalment on the 1st of February.

SCHEDULE.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* If this application is submitted after the 15th June, this date should be altered.

Note.—The block leased on this application may be of any area, but all the irrigable lands included in it must be assessed and paid for. "Boali" lands cannot (if lying within the block) be excluded from assessment.

APPENDIX V.

Application for the lease of a Distributary outlet from the 1st September to the end of the Kharif Season.

I, , of mouzah pergunnah , apply for water to be supplied to me through outlet' No. of the distributary of inches in diameter for use in the irrigation of rice crops. I herewith tender Rs. , being half the sum of Rs. which is the rent of a inch outlet for the remainder of the season. I agree to pay the remaining sum of Rs. by the 31st of December next.

I am aware that the Canal Officer does not guarantee that any definite quantity of water will be delivered by the outlet. I am also aware that I shall only be entitled to the discharge of the outlet for ten days out of every fifteen days.

Witness:— Signature.

We, the undersigned residents of mouzah , pergunnah , agree to be jointly and severally liable for any portion of the above-mentioned sum of Rs. which may be left unpaid by on the 31st of December next.

Witness:— Signature of two substantial persons.

APPENDIX VI.

Form of application for a lease during the rabi season or hot-weather season.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the * to the for the irrigation of the areas mentioned below.

2. The approximate area to be irrigated by each applicant is stated in the schedule following, but each of us agrees to pay water-rates at Rs. per acre on the actual area in our occupation as found by measurement, with the proviso that only areas actually irrigated will be assessed.

3. We agree, as far as is possible, to prevent water supplied being wasted or used in an unauthorised manner.

4. This application is made under the rules passed under Act III (B.C.) of 1876, more especially rules 20, 27, 70, 71, 73, 74. We agree to abide by these and by all the rules passed under the Act.

5. We agree to pay the water-rates due on this application on the*

Name of cultivator.	Description of crop.	Areas more or less to be irrigated in bigahs and cottas.	Signature of cultivator.	REMARKS.

ESTABLISHMENT.

The 19th February 1892.

BANKIPORE, *the 17th February* 1892.

NOTIFICATIONS OF THE BOARD OF REVENUE.

NOTIFICATION No. 205B.

CUSTOMS.
C. C. STEVENS, ESQ.

IT is hereby notified, to all whom it may concern, under the provisions of the Sea Customs Act, 1878, that no goods shall be discharged from any vessel, or be shipped or waterborne to be shipped, within the limits of the Port of Calcutta on any Sunday between the hours of sunrise and sunset except on the payment of the following fees :—

To the Customs Department a fee of Rs. 10, and an additional fee equal to one day's demurrage at the rate of 6¼ annas a ton on the registered net tonnage of the ship, subject to a minimum of Rs. 50 and a maximum of Rs. 300.

This rule will come into force on the first day of April 1892.

By order of the Board of Revenue, L.P.,
T. INGLIS, *Offg. Secretary.*

CALCUTTA, *the 9th February* 1892.

NOTICE No. 259B.

OPIUM.
C. C. STEVENS, ESQ

AN examination of the Provision Opium of 1890-91, received from the Patna and Ghazeepore Factories, will be held at the new Opium Range No. 14, Strand, on Monday, the 29th February 1892, at 11 A.M. Merchants, dealers, and others interested in opium are invited to attend.

By order of the Board of Revenue, L. P.,
T. INGLIS, *Offg. Secretary.*

CALCUTTA, *the 16th February* 1892.

No. 112B.

NOTICE is hereby given that the Third Sale of Opium, the Provision of 1889-90, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 2nd March 1892, at 11 A.M., and will comprise 4,500 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory consisting of	...	2,150
Ditto ditto at the Ghazeepore Factory consisting of	...	2,350
Total	...	4,500

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 24th November 1891, and published in the *Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 7th and 17th March 1892 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 7th March 1892, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Thursday, the 17th March 1892.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazeepore Factories will be brought to sale up to December next about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so :—

PART IB.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATION.

The 18th February 1892.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following rules under clauses (*g*), (*l*) and (*m*), section 138 of the Bengal Local Self-Government Act, III (B.C.) of 1885, in supersession of all rules now in force under the aforesaid provisions of the law :—

PART IX.

Qualifications of Candidates for employment as District Engineers, Overseers, Sub-Overseers and Accountants.

1. A candidate for first employment as District Engineer must be qualified in one of the manners following, that is to say, he must—

(*a*) be at the time of seeking the employment, or have previously been, a member of the Public Works Department in the grade of Executive or Assistant Engineer or Sub-Engineer or Supervisor ;

(*b*) hold the degree of Bachelor of Engineering or be a Licentiate of Engineering of the Calcutta University, or have passed the final examination of the Civil Engineering College at Sibpur, and in any case have been employed on engineering works in a grade corresponding to the grade in the Public Works Department mentioned above for not less than five years, and holds satisfactory certificates of good conduct and efficiency during such employment ; and in either case

(*c*) hold a certificate from the Chief Engineer of the Public Works Department of the Government of Bengal that his experience, professional attainments, and knowledge of the native language are such as to qualify him for employment as a District Engineer, such certificate having been granted within five years from the time when he seeks such employment.

2. A candidate for employment on the Subordinate Engineering Staff of the District Engineer must be qualified in one of the manners following, that is to say—

(1) if the pay of the appointment is Rs. 60 per mensem, or more, he must hold—

(*a*) a certificate from the Principal of the Government Engineering College at Sibpur that he has served his apprenticeship there, and passed the final examination, qualifying him for employment in the Public Works Department as a foreman-mechanic or an upper subordinate ; and

(*b*) a certificate from the Chief Engineer, given within five years from the time of making his application, that he has been examined and found to possess the knowledge prescribed in the Public Works Department Code, Volume I, Chapter II, Section 27 (*fifth edition*), and is qualified to be an upper subordinate of the Public Works Department ;

(2) if the pay of the appointment is less than Rs. 60 per mensem, he must hold—

(*a*) a certificate from the Principal of the Government Engineering College at Sibpur that he has passed the annual examination hold at the end of the second year of the course for mechanical apprentices, and that he possesses the qualifications required of a Sub-Overseer in the Public Works Department ; and

(*b*) a certificate of fitness from the Inspector of Local Works or Superintending Engineer : provided that an employé thus engaged cannot rise to an appointment, the pay of which is Rs. 60 or more, unless he obtains the certificates mentioned under 2 (1)*a* and 2 (1)*b*.

3. Candidates for employment as Accountants in the office of the District Board or of the District Engineer must hold a certificate that they have passed the examination prescribed in the Public Works Department Code, Volume I, Appendix C, paragraph 18 (*fifth edition*).

4. All candidates for employment as District Engineer or as subordinates on the staff of a District Engineer must produce a certificate from a Civil Surgeon that they are physically fit for their out-door duties, and from the Magistrate of the district that they are able to ride.

5. Candidates for employment as District Engineer or as subordinates on the staff of a District Engineer who already hold similar appointments in other districts need not bring evidence of the qualifications specified in Rules 1 and 2, but should produce a certificate of approved service—

in the case of a District Engineer—

from the Chairman of the District Board and the Commissioner of the Division under whom he is employed;

in the case of a subordinate—

from the Chairman of the District Board under whom he is employed.

Procedure to be adopted in the appointment of District Engineers.

6. When a District Engineer intends to resign his appointment, he shall give the District Board three months' notice of his intention, and similarly when it is intended in accordance with the provisions of section 32 (*g*) of the Act to discharge a District Engineer, the District Board shall give him three months' notice of such intention.

7. When notice is thus given or received that the appointment of District Engineer is about to become vacant, a meeting of the District Board shall be held for the purpose of fixing the salary of the new incumbent of the office, and a copy of the Resolution of the Board shall be submitted to the Commissioner for confirmation.

8. On receipt of the confirmation of the Commissioner, the Chairman of the District Board shall forthwith publish an advertisement in the *Calcutta Gazette* and in such other newspapers as the District Board shall decide, inviting candidates to submit applications for the vacant appointment. This advertisement should be published for at least six weeks and should notify the salary attached to the appointment, the rules prescribing the qualifications required of candidates, and the date on which the applications are to be submitted.

9. All applications from intending candidates shall be submitted in sealed and registered covers addressed to the Chairman of the District Board, and superscribed "Application for appointment of District Engineer." Each application must be accompanied by all the necessary certificates and testimonials required by the preceding rules, together with a suitable envelope addressed and sufficiently stamped for registration in which they can be returned in the event of the application being unsuccessful.

10. As soon as possible after the date fixed for the submission of the applications, a meeting of the District Board shall be held for their consideration. The Chairman shall open the applications in the presence of the District Board, who shall thereupon proceed to make their selection.

11. On the selection being made, a resolution to that effect shall be recorded, and a copy thereof forwarded, together with the original application, certificates, and testimonials of the selected candidate, to the Commissioner for confirmation.

12. If the nomination be confirmed by the Commissioner, the Chairman of the District Board shall notify to the successful candidate that he is appointed District Engineer, and instruct him as to the date on which he is to take up his appointment and begin his duties.

13. If the nomination be not confirmed by the Commissioner, the Chairman shall call a meeting of the District Board to reconsider it and make another selection from among the remaining candidates. The procedure laid down in Rule 13 shall then be repeated.

14. When the appointment has been finally settled, and the successful candidate has joined and entered upon his duties, the Chairman shall return the certificates and testimonials of the several candidates.

15. In the event of the appointment of District Engineer becoming vacant suddenly, by death or otherwise, without the notice prescribed in Rule 8, the Chairman of the District Board may make arrangements for the temporary performance of the duties of the office till the new District Engineer shall be appointed in accordance with the preceding rules.

16. The procedure prescribed in the above rules [7 to 15] need not be adopted in the event of a District Board determining, with the approval of the Lieutenant-Governor, to appoint an officer of the Public Works Department of the Government of Bengal to be its District Engineer. In such cases a meeting of the District Board shall be held for the purpose of making the appointment, and on the appointment being made, a resolution to that effect shall be recorded, and a copy thereof forwarded to the Commissioner for confirmation.

Duties and powers of District Engineers.

17. The District Engineer will be the officer in immediate charge of all the roads and buildings and other public works, the control of which is vested in a District or Local Board. He will arrange the details of their construction and be responsible for their custody and maintenance in efficient repair so far as the funds placed at his disposal permit. He will keep accurate plans of the land appertaining to all roads and buildings in his charge, and take prompt steps to prevent encroachments.

18. The District Engineer will receive positive orders only from the Chairman of the District Board. The duty of yielding implicit obedience to any orders so received must be clearly understood; but in the interpretation of general instructions he will act upon his own judgment.

19. The subordinate engineering staff of a District or a Local Board will be under the immediate orders and control of the District Engineer, and all orders to them with reference to work should emanate from, or be issued through, the District Engineer. But in cases where the District Board consider it desirable, and subject to the Commissioner's sanction, a subordinate may be placed temporarily or permanently under the orders of the Chairman, Local Board, his work being subject to inspection, check, and report by the District Engineer.

20. The District Engineer will be responsible for the accuracy of all reports, plans, designs, specifications, and estimates prepared by him, and must attest them by his signature.

21. The District Engineer will pay strict attention to the economical application of all labour and materials used on works in his charge, and will be responsible for preventing the expenditure on any work exceeding the amount of the sanctioned estimate. He should also strive to bring economically into use, on all occasions, the articles procurable in the local markets and the natural products of the district.

22. The District Engineer must exact from his subordinates a correct performance of their duties and give them all proper instructions. He will furnish them with proper working drawings and written instructions as to the execution of any works they may be entrusted with, using additional precautions to prevent errors or accidents at a distance from the head-quarters of the district.

23. The District Engineer will frequently inspect outlying roads and works in progress, and see that the work carried on by his subordinates or contractors is sound and economical. When on tour he will keep a journal in which the distances travelled will be noted. A copy of the journal will be forwarded monthly to the Inspector of Local Works, whose duty it will be to bring any shortcomings or defective arrangements to the notice of the Chairman of the District Board. The District Engineer will also keep note-books in which will be entered daily any particulars with reference to works in progress which may call for remarks, the dates of all inspections, the orders issued to subordinates, the check measurements taken, the accounts inspected, and generally any details concerning his duties which may be worthy of remark. These note-books will be considered official records.

24. The District Engineer will be responsible that his accounts are regularly posted from day to day, and are kept in strict accordance with the rules made from time to time under section 138(i) of the Act.

25. On the completion of any work, a completion report in the Form A, B or C (herewith attached), as the case may be, shall be submitted by the District Engineer to the Chairman, and a copy of the same to the Inspector of Local Works. The Form A is to be used in the case of original works, or of repairs costing more than Rs. 5,000 each; the Form B, for repairs of metalled roads not exceeding Rs. 5,000 each; and the Form C, for annual repairs of buildings and unmetalled roads not exceeding Rs. 5,000 each. Any deviation from the design and estimate that may have been made during the construction of the work must be fully explained in the completion report.

Duties and powers of Inspector of Local Works.

26. The Inspector of Local Works will make frequent tours of inspection in the districts of the Commissioner's division to which he is appointed. He will not only minutely survey and report upon the state of the various works, whether completed or in progress in each district, but will carefully enquire into the system of management prevailing in respect to the preparation and cost of materials, the style of execution, the price of labour, and the rates of work. He will satisfy himself that building or road materials and other resources available in each district are brought into use in the most efficient and economical manner, and that the means of communication, projected or completed, are adapted to the requirements of the traffic.

27. The Inspector of Local Works will also, during his inspections, enquire into and report on the efficiency of the engineering establishments employed under District or Local Boards.

28. The Inspector of Local Works will also carefully inspect the books of District Engineers and their subordinates and the arrangements and procedure for the primary accounts, and see that they are kept in the manner prescribed.

29. Besides his regular tours of inspection, the Inspector of Local Works will proceed to any place in his division whenever it may be necessary for him to report on any important design or work, or on any serious accident or threatened danger to any works, or on any calamity, actual or anticipated, the remedy for which may appear to be within the range of engineering skill.

30. Detailed reports of all his inspections shall be drawn up by the Inspector of Local Works for the information of the Commissioner, and a copy thereof, so far as may relate to a particular district, shall be forwarded by him to the District or Local Board concerned through the Magistrate of the district.

31. Although the detailed designs and estimates for works will commonly be prepared by District Engineers, the arrangement and general plan of all important works should be concerted with the Inspector of Local Works, who will be responsible for the engineering

character of every project that he passes on with his approval. The Inspector of Local Works may, if he see fit, himself prepare the designs for any work in his division. He will communicate freely and personally on all professional matters with District Engineers, and afford them the benefit of his advice in the performance of their duties.

32. The Inspector of Local Works will, in submitting to the Commissioner any reports, plans, estimates, or other documents relating to the works of District Boards, invariably state his own opinion as to the suitability of the designs and reasonableness of the rates. He must also check the calculations in detail of all estimates and compare the quantities in the estimates with those shown on the drawings. If projects are sent up by District Boards without proper information, he will return them for such further information as the case may need.

33. The office of the Inspector of Local Works will be located at such place as the Local Government may from time to time determine, and he will correspond direct with District Boards regarding all matters in which he exercises powers assigned to him by these rules.

Mode of preparation and submission of plans, designs, specifications, and estimates for works for approval and sanction.

34. All estimates and projects for the construction or repair of buildings, roads bridges, and other public works undertaken by District and Local Boards shall be classed under one or other of the two heads *Repairs* or *Original Works*, and shall be prepared in the forms prescribed in the Public Works Department Code, Volume I, Chapter VII (*fifth edition*) and submitted for the sanction of the District or Local Board in meeting. Estimates for *Repairs* shall include all operations required to maintain works in proper condition, and estimates for *Original Works* all those which do not come under the classification of repairs.

35. The cost of every survey or preliminary operation other than those which can be carried out by the paid district establishment shall be considered to be an "Original work," and shall be covered by a sanctioned estimate and a specific assignment of funds.

36. A revised estimate shall be prepared immediately there is reason to anticipate that an estimate will be exceeded by more than 10 per cent. of its total amount, or where considerable alterations of the original estimate are desired, and it shall be submitted for the approval of the authorities whose sanction would be necessary if it were an original estimate.

37. In the case of all works of importance, the District Engineer shall submit a rough design for the approval of the Inspector of Local Works before preparing the detailed drawings and estimates.

38. All sanctions given by the District or Local Boards shall be formally recorded in their proceedings.

39. Except in case of emergency, or to prevent damage or loss, no work shall be put in hand until an estimate for carrying it out has been sanctioned; and no proposal for the execution of any work shall be sanctioned by a District or Local Board unless it be accompanied by a properly detailed estimate, and, when necessary, by properly prepared drawings showing fully the work proposed.

40. In the case of the following classes of estimates or projects, the sanction of the District or Local Board shall be provisional only, and subject to the confirmation and approval of the authority indicated :—

(*a*).	All projects for new works, the estimated cost of which amounts to Rs. 25,000 or more ..	Sanction of the Local Government in the Public Works Department to be obtained through the Inspector of Local Works and Commissioner of the Division.
(*b*).	All projects for works which may affect or alter the course of any river which is navigable at any time of the year or on either bank of which there is any public embankment	
(*c*).	All projects for embanked roads passing through country subject to floods or irrigated from canals	
(*d*).	All estimates for new works or repairs, the amount of which is Rs. 5,000 or more	Sanction of the Commissioner of the Division to be obtained through the Inspector of Local Works.
(*e*).	All estimates for expenditure under the provisions of section 79 of the Act, except the planting of trees on the sides of roads	

The sanction of the District or Local Board to an estimate for an original work which forms part of a contemplated scheme, although such estimate may in itself be within the limit up to which the Board can sanction, shall be subject to the confirmation and approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and approximate cost of the entire scheme is fully set forth in the report of the estimate.

When the sanction of the authority indicated is received, the provisional sanction of the District or Local Board shall be confirmed by a resolution to be formally recorded in their proceedings, and the execution of the work may thereafter be proceeded with in accordance with any provision that may be made for it in the budget of the year.

DECLARATION.

The 18th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of a dead-house in the village of Ghope, pergunnah Isaffpur, thana Jessore, zilla Jessore, it is hereby declared that for the above purpose a piece of land measuring 14 cottahs and 14½ chittacks of standard measurement, is required. The land is bounded on the North by the garden of Moulvi Ahmadulla; on the East by the homestead lands of Parasulla Sheik; on the South by the cultivation under Nazer Naskar and dispensary compound; and on the West by the land to be acquired by the Jessore Municipality for infectious diseases hospital and the cultivation under Nazer Naskar.

2. This declaration is made, under section 6 of Act X of 1870, to all whom it may concern.

3. A plan of the land may be seen at the Office of the Collector of Jessore.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 20th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the English Bazar Municipality for a public purpose, viz., for the construction of a public latrine within the said Municipality in Kutitola, mouzah Saidamia, pergunnah Amirabad, estates Rokanpur and Taraf Khane Alampur, towzi Nos. 510 and 146, respectively, zillah Malda, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 bigha 2 cottas and 3 chittacks of standard measurement, is required. The land is bounded on the North by Nahal Shaikh's garden; on the East by the garden of Jumman Shaikh and Araf Khan; on the South by the garden of Aghori Shaikh and Marsoda Khan; and on the West by Jumman Shaikh's garden.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 20th February 1892.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the English Bazar Municipality for a public purpose, viz., for the construction of a public latrine within the said Municipality in Bansbarhi, pergunnah Amirabad, estate Rokanpur, towzi No. 510, zillah Malda, it is hereby declared that for the above purpose a piece of land measuring, more or less, 11 cottas and 7½ chittacks of standard measurement, is required. The land is bounded on the North by Padarth *alias* Parmeswar Gir's garden; on the East by Durga Gir's tenanted house and garden; on the south by the Foolbari road; and on the West by Srijeb Chandra Dass' garden.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

The 10th February 1892.

G. STEVENSON, Collector.

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated along the Patna and Gya State Railway, in the district of Patna, will be put up to sale at 12 noon on Thursday, the 7th April 1892, corresponding with the 25th Chaitra 1299 Fasli, and the two following days, at the Collector's office, Bankipur.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sales.

Midnapur Collectorate, the 18th February 1892. J. G. CUMMING, for Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on 28th March 1892, corresponding with 16th Chaitra 1298 B.S.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale—

Number on the district roll.	Name of estate and pergunnah.	Approximate area in acres.	Government revenue assessed.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill, and Statement of Objects and Reasons accompanying it, are published for general information, by order of His Excellency the Governor General, under the 22nd of the Rules for the Conduct of the Legislative Business of the Council of the Governor General :—

No. 4 OF 1892.

A Bill to amend the Court of Wards Act, 1879 (B. C.).

WHEREAS it is expedient to amend the Court of Wards Act, 1879 (B. C.) ; It is hereby enacted as follows :— [(B. C.) of 79.

1. This Act shall be read with, and taken as part of, the Court of Wards Act, 1879 (B.C.); and it shall come into force from the date on which it may be published in the Calcutta Gazette with the assent of the Governor General. [(B. C.) of 79.

Construction and commencement.

2. In section 3, at the end of the clause defining "estate" shall be added the following words, namely :—"and includes a share in or of an estate."

Addition to section 3.

3. To section 6 the following clause shall be added :—

Addition to section 6.

"(*e*) persons as to whom the Local Government has declared, on their own application, that they are disqualified, and that it is expedient, in the public interest, that their estates should be managed by the Court of Wards."

4. The following proviso shall be added to section 7 :—

Addition to section 7.

"Provided that the Court shall not be empowered to take charge of the person of a proprietor disqualified on his own application under clause (*e*) of section 6."

5. At the end of section 9 the following shall be added :—

Addition to section 9.

"And in any case in which the Court has taken charge of the property of a person disqualified from managing his own estates under the provisions of section 6, clause (*e*), it may in its discretion—

(*e*) at any time withdraw from such charge, or

(*f*) retain such charge, notwithstanding any application made for the release of the estate, or the death of the proprietor, until all debts and liabilities incurred by, or due from, the said proprietor, or which are a charge upon the property or any part thereof, together with all interest due thereon, have been discharged ;

Provided that, after the death of the proprietor, the Court shall not retain charge on account of any debt or liability not binding on the representative of such deceased proprietor."

6. In section 10, in the place of the first two clauses shall be inserted the following words, namely :—

Amendment of section 10.

"whenever a Civil Court is satisfied that an order should be made under section 7 of Act VIII of 1890, appointing a guardian of the person or property of a minor, or both ;

"whenever a Civil Court removes a guardian under section 39 of Act VIII of 1890."

Insertion of new sections after section 10.

7. After section 10 shall be inserted the following three sections :—

"10A. The Court of Wards may, at the request and with the consent of any executor or administrator, take charge of so much of the property lately belonging to the deceased person as it may think fit, if any person entitled to an estate included in such property is a person disqualified to manage his own property under section 6."

Court of Wards may take over charge of property from executors.

"10B. The Court of Wards may be appointed the executor or administrator to the estate of a deceased person, if any person entitled to an 'estate' included in such estate of a deceased person is a person disqualified to manage his own property under section 6; and any probate or letters of administration granted to the Court shall be deemed to be granted to the person or persons constituting the Court for the time being."

Court of Wards may be executors.

"10C. Where a ward is sole executor or sole universal or residuary legatee, or would be solely entitled under an intestacy, the Court shall be deemed to be his legal guardian for the purposes of sections 215 to 218 of the Succession Act, X of 1865, and sections 31 to 33 of the Probate and Administration Act, V of 1881."

Court of Wards to be the guardian within sections 215 to 218 of Act X of 1865, and sections 31 to 33 of Act V of 1881.

8. In section 11, for the words "the Civil Court which would have jurisdiction under Act XL of 1858 may, on the application of the Court of Wards, direct the Court of Wards to retain" there shall be substituted the following words, namely :—"the Court of Wards may retain," and the words "during the continuance of their disqualification, or, subject to the provisions of section 12, for so long as such Civil Court may order," shall be omitted.

Amendment of section 11.

9. In section 12, for the words "which before the commencement of this Act was placed," shall be substituted the following, namely :—"which either before or after the commencement of this Act was or is placed," and at the end of the first clause, after the figures 1858, shall be added the following words, namely :—"or under any other enactment for the time being in force."

Amendment of section 12.

10. To the end of section 13 shall be added the following words, namely :—"or until all debts and liabilities, together with any interest due thereon, have, under the provisions of section 9, been discharged."

Addition to section 13.

Insertion of new sections after section 13.

11. After section 13 shall be inserted the following two sections :—

"13A. The Court of Wards shall not be required to verify, otherwise than by the signature of the Court, any petition presented by the Court; and if the facts stated in any such petition are not within the personal knowledge of the person, or one or more of the persons constituting the Court for the time being, the petition may be subscribed and verified by any person competent to make the verification."

"13B. The Court of Wards shall not be liable to give security or render accounts to any Civil Court as an executor or administrator, but all such accounts and inventories as may be by law required from an executor or administrator shall be kept in the office of the Court of Wards, and shall be open to inspection by persons interested in such accounts at such times as the Court of Wards may think fit."

12. To clause 1 of section 23, after the word "Court" the following words shall be added, namely :—

Addition to clause 1 of section 23.

"and all estates in respect of which the Court is the executor or administrator shall be exempt from sale for any arrear of revenue."

13. In section 48 the proviso in class III shall be omitted.

Repeal of proviso in section 48.

14. In section 49, for the words "remains under the charge of the Court with his consent under section 11" shall be substituted the following words, namely :—"is under the charge of the Court under clause (*e*) of section 6, or under the second clause of section 11."

Amendment of section 49.

15. In section 56, instead of the words "who has consented to leave his property under the charge of the Court of Wards, as provided in the second clause of section 11" shall be substituted the following words, namely :—"whose property is under the charge of the Court under clause (*e*) of section 6, or under the second clause of section 11."

Amendment of section 56.

16. To section 60 the following words and paragraph shall be added, namely :—"or to assign over or charge any allowance to be received by him from the Court.

"No property which is or has been under the charge of the Court of Wards shall be liable, either during such period or in the hands of any person other than the ward, for the satisfaction of any debt or decree incurred by or obtained against the ward."

STATEMENT OF OBJECTS AND REASONS.

UNDER the law at present in force, Bengal Act IX of 1879, the Court of Wards can assume the management of the estates of adult male proprietors only in certain specified cases, namely, when they have been adjudged by the ordinary tribunals to be incapable of managing their own affairs, by reason of physical or mental infirmity. But cases have occurred in which proprietors not disqualified in this manner have themselves applied for the protection of the Court, and in which it appeared that their requests should not be refused. The Bill provides a procedure under which the Court of Wards may comply with such applications when Government has decided that the proprietors are disqualified, and that the public interest requires that their property should be placed under State management.

It also extends the definition of estate in section 3 of the Act so as to include a share in an estate. This appears to be in accordance with the law in Madras, the North-Western Provinces and the Punjab, and is intended to remove the inconvenience arising from the interpretation put upon it as excluding from the jurisdiction of the Court of Wards proprietors of shares of estates, however large their property might be.

Some slight formal alterations in the Wards Act have become necessary owing to the repeal of Act XL of 1858, and these are provided in the Bill.

Finally, provision has been made to allow the Court of Wards to take out probate and letters of administration, and to act in certain cases under the Succession Act, X of 1865, and the Probate and Administration Act, V of 1881.

JOHN EDGAR.

S. HARVEY JAMES,

Secretary to the Government of India.

The 19th February, 1892.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill and Statement of Objects and Reasons accompanying it are published for general information, by order of His Excellency the Governor General, under the 22nd of the Rules for the conduct of the Legislative Business of the Council of the Governor General :—

No. 5 OF 1892.

A Bill for the Regulation of the Bengal Military Police.

WHEREAS it is expedient to make provision for the better regulation of the Bengal Reserve Police; It is hereby enacted as follows :—

[Act XV of 1887, s. 1.]

Title, extent and commencement.

1. (*1*) This Act may be called the Bengal Military Police Act, 1892.

(*2*) It extends to the whole of the territories subject to the Lieutenant-Governor of Bengal: and

(*3*) It shall come into force on such day as the Local Government may, by notification in the Calcutta Gazette, appoint in this behalf.

[Ditto, s. 3.]

Definitions.

2. In this Act, unless there is something repugnant in the subject or context,—

(*1*) "Military Police-officer" means a person appointed to the Bengal Police Force under section 7 of Act V of 1861, who has signed the statement in the schedule to this Act, in accordance with the provisions of this Act:

(*2*) "active service" means service against hostile tribes or other persons in the field:

(*3*) "District Magistrate" includes a Deputy Commissioner, an Assistant Commissioner in charge of a sub-division, and the Superintendent of the South Lushai Hills:

(*4*) "Commandant" means a person appointed by the Local Government to be a Commandant of Military Police and includes a District Superintendent of Police and an Assistant District Superintendent of Police in charge of the civil police of a district or of a sub-division:

(*5*) "Second-in-Command" means a person appointed by the Local Government to be a Second-in-Command of Military Police, and includes an Assistant District Superintendent of Police not in charge of the civil police of a district or of a sub-division: and

(6) the expressions "reason to believe," "criminal force," "assault," "fraudulently" and "voluntarily causing hurt" have the meanings assigned to them respectively in the Indian Penal Code.

XLV of 1860.

[Act XV of 1887, s. 4.]

Enrolment and discharge of Military Police-officers.

3. (*1*) Before an officer appointed to the Bengal Police Force under section 7 of Act V of 1861 is appointed to be a Military Police-officer, the statement in the schedule shall be read to him in the presence of a Magistrate, Commandant or Second-in-Command, and shall be signed by him in acknowledgment of its having been so read to him.

(*2*) Notwithstanding any notice given under section 9 of Act V of 1861, a Military Police-officer shall not be entitled to be discharged from the Bengal Police Force except in accordance with the terms of the statement which he has signed under this Act.

[Act XV of 1887, s. 5.]

Classes and grades of Military Police-officers.

4. (*1*) There shall be eight classes of Military Police-officers, namely :—

(i) subadars-major,
(ii) subadars,
(iii) jamadars,
(iv) havildars-major,
(v) havildars,
(vi) naiks,
(vii) buglers, and
(viii) sepoys,

and such grades in each class as the Local Government may direct.

(*2*) The expression "superior officer" in this Act includes—

(*a*) in relation to a sepoy, any sepoy of a higher grade, and any bugler, naik, havildar, havildar-major, jamadar, subadar or subadar-major;

(*b*) in relation to a bugler, any bugler of a higher grade, and any naik, havildar, havildar-major, jamadar, subadar or subadar-major;

(*c*) in relation to a naik, any naik of a higher grade and any havildar, havildar-major, jamadar, subadar or subadar-major;

(*d*) in relation to a havildar, any havildar of a higher grade and any havildar-major, jamadar, subadar or subadar-major;

(*e*) in relation to a havildar-major, any havildar-major of a higher grade, and any jamadar, subadar or subadar-major;

(*f*) in relation to a jamadar, any jamadar of a higher grade and any subadar or subadar-major;

(*g*) in relation to a subadar, any subadar of a higher grade and any subadar-major;

(*h*) in relation to a subadar-major, any subadar-major of a higher grade; and

(*i*) in relation to any Military Police-officer, any Second-in-Command, Commandant or District Magistrate.

[Ditto, s. 6.]

More heinous offences.

5. A Military Police-officer who—

(*a*) begins, excites, causes or joins in any mutiny or sedition or, being present at any mutiny or sedition, does not use his utmost endeavours to suppress it, or, knowing or having reason to believe in the existence of any mutiny, or of any intention to

mutiny, does not without delay give information thereof to his commanding or other superior officer; or

(*b*) uses, or attempts to use, criminal force to, or commits an assault on, his superior officer, whether on or off duty; or

(*c*) shamefully abandons or delivers up any garrison, fortress, post or guard which is committed to his charge or which it is his duty to defend; or

(*d*) directly or indirectly holds correspondence with, or assists or relieves, any person in arms against the State, or omits to discover immediately to his commanding or other superior officer any such correspondence coming to his knowledge: or

who, while on active service,—

(*e*) disobeys the lawful command of his superior officer; or

(*f*) deserts the service; or

(*g*) being a sentry, sleeps upon his post, or quits it without being regularly relieved or without leave; or

(*h*) without authority leaves his commanding officer, or his post or party, to go in search of plunder; or

(*i*) quits his guard, picquet, party or patrol without being regularly relieved or without leave; or

(*j*) uses criminal force to, or commits an assault on, any person bringing provisions or other necessaries to camp or quarters, or forces a safeguard or without authority breaks into any house or any other place for plunder, or plunders, destroys or damages any property of any kind; or

(*k*) intentionally causes or spreads a false alarm in action, camp, garrison or quarters,

shall be punished with transportation for life or for a term of not less than seven years, or with imprisonment for a term which may extend to fourteen years, or with fine which may extend to three months' pay, or with fine to that extent in addition to such sentence of transportation or imprisonment, as the case may be, as may be passed upon him under this section.

[Act XV of 1887, s. 7.]

Less heinous offences.

6. A Military Police-officer who—

(*a*) is in a state of intoxication when on or for any duty or on parade or on the line of march; or

(*b*) strikes or attempts to force any sentry; or

(*c*) being in command of a guard, picquet or patrol, refuses to receive any prisoner duly committed to his charge, or without proper authority releases any prisoner, or negligently suffers any prisoner to escape; or

(*d*) being under arrest or in confinement, leaves his arrest or confinement before he is set at liberty by proper authority; or

(*e*) is grossly insubordinate or insolent to his superior officer in the execution of his office; or

(*f*) refuses to superintend or assist in the making of any field-work or other work of any description ordered to be made either in quarters or n the field; or

(*g*) strikes or otherwise ill-uses any Military Police-officer subordinate to him in rank or position; or

(*h*) being in command at any post or on the march, and receiving a complaint that any one under his command has beaten or otherwise maltreated or oppressed any person, or has committed any riot or trespass, fails, on proof of the truth of the complaint, to have due reparation made to the injured person and to report the case to the proper authority; or

(*i*) designedly or through neglect injures or loses, or fraudulently disposes of, his arms, clothes, tools, equipments, ammunition, accoutrements or Military Police necessaries, or any such articles entrusted to him or belonging to any other person; or

(*j*) malingers, or feigns or produces disease or infirmity in himself, or intentionally delays his cure, or aggravates his disease or infirmity; or

(*k*) with intent to render himself or any other person unfit for service, voluntarily causes hurt to himself or any other person; or

who while not on active service,—

(*l*) disobeys the lawful command of his superior officer; or

(*m*) plunders, destroys or damages any property of any kind; or

(*n*) being a sentry, sleeps upon his post or quits it without being regularly relieved or without leave; or

(*o*) deserts the service;

shall be punished with imprisonment for a term which may extend to one year, or with fine which may extend to three months' pay, or with both.

[Act XV of 1887, s. 9.]

Minor punishments.

7. (*1*) A District Magistrate, Commandant or Second-in-Command, or an officer not being below the rank of subadar commanding a separate detachment or an outpost or in temporary

command at the head-quarters of a district during the absence of the District Magistrate, Commandant and Second-in-Command, may, without a formal trial, award to any Military Police-officer who is subject to his authority any of the following punishments for the commission of any petty offence against discipline which is not otherwise provided for in this Act, or which is not of a sufficiently serious nature to call for a prosecution before a Criminal Court, that is to say—

(*a*) imprisonment to the extent of seven days in the quarter-guard or such other place as may be considered suitable, with forfeiture of all pay and allowances during its continuance;

(*b*) punishment drill, extra guard, fatigue, or other duty, not exceeding thirty days in duration, with or without confinement to quarters.

(*2*) Any one of these punishments may be awarded separately or in combination with any one or more of the others.

[Act XV of 1887, s. 10.]

Place of imprisonment.

8. A person sentenced under this Act to imprisonment for a period not exceeding three months shall, when he is also dismissed from the Bengal Police Force, be imprisoned in the nearest or such other jail as the Local Government may, by general or special order, direct; but, when he is not also dismissed from that force, he may, if the convicting officer or District Magistrate so directs, be confined in the quarter guard or such other place as the convicting officer or District Magistrate may consider suitable.

[Regulation I of 1887, s.]

Saving of prosecutions under other laws.

9. (*1*) Nothing in this Act shall prevent any person from being prosecuted under Act V of 1861, or under any order or rule made under that Act or under any other enactment for the time being in force for any act or omission punishable hereunder, or from being liable if so prosecuted to any other or higher penalty than is provided for that act or omission by this Act:

(*2*) Provided that no person shall be punished twice for the same offence.

[Act XV of 1887, s. 11.]

Conferment of magisterial powers on Police-officers.

10. Notwithstanding anything in Act V of 1861 or in any other enactment for the time being in force, the Local Government may invest any Police-officer not below the rank of Commandant with the powers of a Magistrate of any class for the purpose of enquiring into or trying any offence committed by a Military Police-officer and punishable under Act V of 1861 or this Act.

[Ditto, s. 12.]

Disciplinary and other powers of Commandants and Seconds-in-Command of Military Police otherwise than in respect of Military Police.

11. (*1*) Subject to such rules as the Local Government may make in this behalf, a Commandant or Second-in-Command of Military Police shall have, with respect to Police-officers appointed to the Bengal Police Force under section 7 of Act V of 1861, who are not Military Police-officers, the same disciplinary powers as a District Superintendent of Police has with respect to them under that section.

(*2*) The Local Government may confer on a Commandant or Second-in-Command of Military Police, by name or by virtue of his office, any other power of a District Superintendent of Police under Act V of 1861, or any other enactment for the time being in force, or under any rule under any such enactment, and may define the circumstances in which any power so conferred may be exercised by such Commandant or Second-in-Command.

[Act XV of 1887, s. 13.]

Privileges of Commandants and Seconds-in-Command of Military Police as Police-officers.

12. A Commandant or Second-in-Command of Military Police shall be entitled to all the privileges which a Police-officer has under sections 42 and 43 of Act V of 1861, section 125 of the Indian Evidence Act, 1872, and any other enactment for the time being in force.

[Ditto, s. 14]

Power to make rules.

13. The Local Government may, as regards the Military Police, make such orders and rules consistent with this Act as it thinks expedient relative to the several matters respecting which the Inspector-General of Police, with the approval of the Local Government, may, as regards the rest of the Bengal Police Force, frame orders and rules under section 12 of Act V of 1861.

THE SCHEDULE.

STATEMENT.

(*See sections 2 and 3.*)

[Ditto, Sch.]

AFTER you have served for three years in the Bengal Military Police, you may, at any time when not on active service, apply for your discharge, through the officer to whom you may be subordinate, to a Commandant of Military Police or to the District Magistrate of the district in which you may be serving, and you will be granted your discharge after two months from the date of your application, unless your discharge would cause the vacancies in the Bengal Military Police to exceed one-tenth of the sanctioned strength; in that case you must remain until this objection is waived by competent authority or removed. But when on active service you have no claim to a discharge, and you must remain and do your duty until the necessity for retaining you in the Bengal Military Police ceases, when you may make your application in the manner hereinbefore prescribed. In the event of your re-enlistment, after you have been discharged, you will have no claim to reckon for pension or any other purpose your service previous to your discharge.

(Signature of Police-officer in acknowledgment of the above having been read to him.) } *A.B.*

Signed in my presence after I had ascertained that *A. B.* understood the purport of what he signed. } *C. D.,*
Magistrate, Commandant or Second-in-Command.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill, which has been prepared at the request of the Government of Bengal, is to constitute a body of Military Police for service in the South Lushai Hills and in such other frontier districts as they may be required. The Bill follows the Burma Military Police Act, 1887, so closely that no explanation of the proposed measure appears necessary.

JOHN EDGAR.

The 19th February, 1892.

S. HARVEY JAMES,
Secy. to the Govt. of India.

„ 22nd	26	12mo dy	1st...	1,000	ditto ...	0 2 0	.....	A drama describing the death of Vidyáságar and the consecration of his soul in the world of Vishnu, where the Rishis and gods vie in doing him honour. The book opens with a conversation of the spirit of the Bengali language with the goddess of learning, both of whom express their sorrow at the loss of so much merit and worth to the world.	466
June, 13th	200	12mo dy.	1st...	1,000	ditto ..	1 0 0	Durgádás Láhiri, 8, Tamer's Lane, Calcutta.	This is a work in which have been narrated a series of crimes committed at Calcutta by a nephew to get possession of the property of his uncle. The activity of the Detective Department of the Calcutta Police succeeded at last in finding a clue to the detection of these crimes. The criminals are all punished according to their deserts, and the good old uncle celebrates a great *pújá festival* on regaining his estate. The book ends with the description of the feast.	467
„ 26th	48	12mo dy.	1st ...	1,000	ditto...	0 4 0	Priya Náth Mukharji, 288, Bowbazar Street, Calcutta.	Banamálí Dás was a jeweller at Radha Bazar. He was murdered by three Musalmans of bad character who came from Lucknow. The writer is a well known detective officer and he gives a faithful description of how he got a clue to the murder.	468
July 5th	109	24mo dy.	1st...	1,000	ditto .	0 4 0	Púrna Chandra Gupta, Amherst Street, Calcutta.	The real name of the book should be Senjo Didi. But as people from East Bengal cannot pronounce the *s*, it is given without it. It is a work designed to ridicule Anglicism and the female emancipation movement, and to bring these movements into contempt. A low caste girl, the cook of an emancipated lady, who always stays away after dusk, receives a bit of book education and at once becomes emancipated, learns to despise her old mother, and becomes a votary of free love.	469
June, 10th	72	12mo dy.	1st...	500	ditto...	0 2 0	Ashutosh Mitra, 78, Amherst Street, Calcutta.	The story of the heroic wife of a detective officer, who saved her husband's life from the hands of a gang of *budmashes* who succeeded in confining him in an unknown dungeon in the back slums of Calcutta.	470
„ 4th	181	12mo dy.	1st...	1,000	ditto ...	0 8 0	H. S. De and Brothers, 125-126, Old China Bazar, Calcutta.	Exposes the evils of licentiousness. Jagat Kumár wastes his immense property owing to his infatuation for a woman of ill-fame, who at last kicks him out. After much trouble he leaves his country, always taken care of, unknown to himself, by the agents of his virtuous wife, whom, in his infatuation, he had driven from his house. After a long series of adventures which are not of much interest, he finds his wife, with whom he is reconciled.	471
May, 30th	140	12mo dy.	1st...	1,000	ditto...	0 4 0	B. L. Dás, 3, Beadon Square, Calcutta.	The story of a poor young girl falling in love with a rich man's son and getting a child by him before marriage. ces of great indignity. She roams over the wide world wretched and forlorn, and at last drowns herself in a belonging to her lover's father, which has been put up for sale for arrears of revenue. She returns to her place in	472

1891.	Pages.					Rs. A. P.			
June, 10th	146	12mo dy	1st...	1,000	Printed	0 10 0	Svarúp Chandra Ráy, Dibrugarh, Assam.	A very interesting work. It gives the modern and ancient geography of Sonargaon, its produce, manufactures, animals, &c. The history has been traced from the legendary period when the Aryans were roaming in the Punjab down to very recent times. The history of the last Hindu Kings of Bengal who retained possession of Eastern Bengal is given in some detail. But the most interesting history is that of Isha Khan, one of the 12 Bhumiyas who were tributaries to the Emperor Akbar.	485

BOOKS—contd.									
1891.	Pages.					Rs. A. P.			
June, 15th	12	8vo ...	1st ...	500	Printed	0 0 6	Bhagabati Charan Dev Mahalánabish, Faridpur.	Supports the Consent Act ...	547
July, 27th	194	12mo dy	2nd...	1,000	ditto ...	1 8 0	Bankim Chandra Chatterji, Calcutta.	Contains one article more than the previous edition, namely *dhenki*, the machine used for husking rice.	548
„ 20th	90	12mo dy	1st...	500	ditto ...	.....	.....	Two hundred and twelve songs, mostly expressive of the feeling of devotion, by the late Navakishor Gupta, a gentleman who had a very large following in Calcutta. Born at Hálishahar, he early imbibed the doctrines of a sort of Protestant *Kartábhajás*, who did not regard the Pál family of Ghoshpárá as the head of the sect. The publisher of these songs is the writer's grandson, and he promises to bring out a life of the writer.	549
„ 25th	73	8vo dy	1st...	500	ditto ...	.....	Binaya Krishna Dev, Sobhabazár, Calcutta.	In the first piece the writer extols the value of moral courage under difficulties, and in the second gives a history of the spread of Vaishnavism in India.	550
„ 1st	140	8vo dy	1st...	1,000	ditto ...	1 4 0	Súryya Kumár Chatterji, No. 8, Suryya Kumár Chatterji's Street, Bhawanipore.	Contains the history, topography, and antiquities of Kálighát and the system of worship of Kali.	551
Aug., 4th	24	12mo dy	1st...	1,000	ditto ...	0 1 6	Ashutosh Mukharji, Kátghará Lane, Hughli.	A collection of love songs by the late Babu Ashutosh Mukharji, a pleader of the High Court. The songs express the feeling of love both in men and women, and are well suited to the tastes of the higher class of Hindu society.	552
July, 30th	36	12mo dy	1st...	2,000	ditto ...	.....	.....	Gives a Bengali translation of the Act and information on a variety of subjects connected with it. The work is written in the interest of the Consent Bill agitation.	553
Aug., 19th	12	12mo dy	New	1,000	ditto ...	0 0 6	.....	Contains a number of pithy agricultural sayings of great practical value supposed to have been written by Khaná, the great female astronomer of India.	554
„ 17th	195	12mo dy	New	1,000	ditto ...	1 0 0	.....	Of the value of love, its development, its stages of growth, &c.	555
„ 25th	36	12mo dy	1st...	250	ditto ...	0 3 0	.....	A Vaishnab who goes on a pilgrimage to Brindában is bound to perambulate the *Brajakshetra* which has a perimeter estimated at 84 *crosses*, and to visit all the places made sacred by some one or other incident of Krishna's life. The present work treats of the process of the perambulation.	556
„ 28th	28	12mo dy	1st...	1,000	ditto ...	0 1 0	Kumud Vihárí Mallik, Serampore.	Gives good advice to Hindu widows, tells them that they are the ideals of all that is good in human nature, warns them against the allurements held out to them by the ladies of the Zenana Mission who enter the zenana on the pretext of teaching, and at last lead native women astray.	557
„ 24th	82	12mo dy	1st ...	1,000	ditto ...	0 4 0	Dvijendra Náth Tagore, Jorasánko, Calcutta.	The writer points out the good points of Hindu medical science, and explains the principles which underlie that society, the various parties which compose it, also the good and bad characteristics of each. to the altered state of society and come to friendly terms, the good qualities of the one will supplement	558

1891.	Pages.					Rs. A. P.			
May, 30th	460	8vo ...	2nd Revised.	1,000	Printed	2 0 0	Rám Chandra Datta, Kánkurgáchi, Calcutta.	Portions of this work were published some time ago in the form of a serial publication entitled the Tattva Manjari. The lessons given are simple,	587
to go near Him, and how to be united with Him. Whether he has a form: if so, what is it, &c. The writer He illustrates this by an example. Just when a bell is struck, it sounds *dhung*. The sound has a form. The has neither a form nor no form.									
July, 10th	200	12mo dy	1st...	1,000	ditto ...	1 0 0	Dhírendra Náth Pál, 26 Scott's Lane, Calcutta.	A history of the Hindu religious writings, the Veda, the Smriti, the Purans, and the Tantras. The writer derives his knowledge of the first two from the	588
transliterates Aitareya as Átáriyá, Shatapatha as Shatapátha. He says the highest reach of conception attained in the of knowledge; the one is human, the other an ideal man.									
„ 15th	12	12mo dy	1st...	1,000	ditto ...	0 1 0	Vishnu Charan Bhattácháryya, Calcutta.	When a man attains spiritual excellence he obtains salvation. No other animal can attain this except man. The writer fol-	589
lows the Vedanta system of philosophy in explaining the facts of creation and the relation between the human soul and the Great Soul.									
Aug., 1st	142	8vo dy	1st...	1,000	ditto ...	1 0 0	Jnánendra Mohan Set, Dewan's Lane, Calcutta.	Gives the story of the Rámáyan, and says, by way of preface, that Shiva, after austere penance for several thousands of years, became successful in	590
attaining the divine presence of Ráma, and obtained from him the permission to erect a city of salvation, named Káshi, where he would save human souls by sounding the name of Ráma in their ears at the the time of death.									
„ 10th	240	8vo rl	1st ..	2,000	ditto ...	0 8 0	Aghor Náth Barát, 92, Bowbazar Street, Calcutta.	Goes on with the *Dronaparba* ...	591
„ 1st	16	8vo dy	1st	1,000	ditto ...	.....	Sharat Chandra Chatterji, Bhawanipore.	The lessons given are that those Brahmans, who have accepted service, and who practise medicine, should be made out-	592
castes. There is no reason, because Brahmans have lowered themselves by vice, that other castes should not try to remain pure. The followers of Chaitanya too should see that the Mahants and Gosains lead pure lives and observe all the rules made for their guidance.									
June, 22nd	24	8vo dy	1st...	500	ditto ...	0 2 0	.....	The real object of the worship of God is the advancement of the human soul. There is no	593
harm in worshipping an image of God. Devoted worship in any form is acceptable to the Great Being. The Hindus worship their Gods by proxy; the system is very bad. It should be changed, and each man should perform worship direct.									
Aug., 26th	58	8vo dy	1st...	300	ditto ...	0 6 0	.....	The sixth *Skandha* ...	594
July, 27th	28	12mo dy	1st...	1,000	ditto ...	.....	.....	Written by a Muhammadan fakir, who spells the word Hindu with a long í and derives it as Hína + Du = Short	595
soon forgot the true derivation of their name, and began to take to wrong courses of worship. The Hindus their town to the cruel butcher, while the Hindus do not do that. They should learn to respect the doctrine									
„ 28th	56	12mo dy	1st...	1,000	ditto ...	0 4 0	Brajendra Nandan Datta, 15-4, Niogipukur, East Lane, Calcutta.	This is a new work cast in the old fashion. Rájá Parikshit is cursed by a Brahman, and he is anxious to get free from its effects. In comes Shuka-	596
deva and narrates to him the story of the sports of Krishna with the milkmaids at Brindában, and forthwith the curse leaves him.									
June, 16th	22	21mo dy	1st...	2,000	ditto ...	0 0 3	J. P. Meik, 19, Lál Bazar Street, Calcutta.	That man has received salvation who has been saved from the punishment of sins committed by him. According to the	597
Bible sin has no power over him; all sinful propensities leave him. He is accepted by God, and he has got all his sins pardoned.									
July, 3rd	10	8vo dy	1st...	5,000	ditto ...	0 0 1½	Revd. Bishop J. M. Thoburn, Calcutta.	Without a second birth one cannot reach heaven.	598

Mar 14th	64	8vo rl	1st...	6,000	ditto ...	0 1 6	ditto ...	In an article on English civilisation, the writer says that the	2641
English people will never be able to approach the Hindus in sexual morality. The relation of husband and wife in England is not satisfactory. There is an interesting account of the rise and progress of the modern Benares Raj.									
Apl. 13th	64	8vo rl	1st...	6,000	ditto ...	0 1 6	ditto ...	In an article the writer compares the English, sarcasti-	2642
cally of course, with Shiva. In another article the writer, quoting a passage from the Fortnightly Review, shows that the English do not value chastity in the same way as the Indians do. It gives also an account of the great Kumbha-melá at Hardwar.									
May 14th	64	8vo rl	1st...	6,000	ditto ...	0 1 6	ditto ...	Articles of literary, social, historical, and antiquarian interest.	2643
June 14th	64	8vo rl	1st...	6,000	ditto ...	0 1 6	ditto ...	There is a humorous article on a *tol* for teaching Hindu law	2644
and rituals in an English fashion. It contains also an account of the ancient Sátgaon or Saptagrám during the Musalman period of Indian history, and an account of the temples of Vaidyanáth.

WEDNESDAY, FEBRUARY 24, 1892.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 87.

[First Publication.]

AUSTRALIA, NORTH-WEST COAST—EASTERN ARCHIPELAGO.

NOTICE to Mariners No. 18 of 1892, issued by the British Admiralty, is republished below.

The following information has been received from Commander W. H. Moore, H.M. Surveying Vessel *Penguin*, dated November 1891,—the result of recent examination of the several localities off the north-west coast of Australia:—

1. *Parry shoal*, composed of coral, extends within the 10 fathoms line 4 miles in an E. by N. and W. by S. direction, with a breadth of half a mile. The shoalest spot, with 5 fathoms water over it, lies one mile from its western end, in lat. 11° 9½′ S., long. 129° 39½′ E.
2. *Flinders shoal* is circular in shape, and 1½ miles in diameter, with a general depth of 6 to 8 fathoms over coral. The shoalest spot, with 5 fathoms water on it, is situated in lat. 9° 52½′ S., long. 129° 17′ E.
3. *Franklin shoal* is circular in shape, and one mile in diameter, with a general depth of 6 to 8 fathoms over coral. The shoalest spot, with 5 fathoms water on it, is situated in lat. 9° 52¾′ S., long. 129° 19′ E.
4. *Blackwood shoal* is about 6 cables in diameter, with a general depth of 8 to 14 fathoms, coral bottom. The shoalest spot, with 7 fathoms water over it, lies in lat. 9° 53′ S., long. 129° 25′ E.
5. *Evans shoal* extends 4¾ miles in a N.N.W. and S.S.E. direction, with a breadth of 3 miles, and has a general depth of 8 to 16 fathoms. The shoalest spot, with 5 fathoms water on it over coral, lies 4 cables from the north extreme, in lat. 9° 53 S., long. 129° 32¾′ E.

There are quantities of snakes and sea perch on these banks.

CAUTION.—It is probable that many other shoals exist on or near the same parallel of latitude, both eastward of Evans shoal and westward of Flinders shoal. The four shoals above mentioned are probably part of a submerged barrier, lying along the edge of the bank. Northward of them the character of the bottom changes to globigerina ooze.

NOTE.—The hill on the south coast of Bathurst island, eastward of cape Fourcroy, situated in lat. 11° 47′ 50″ S., long. 130° 8′ E., is conical and conspicuous, 420 feet in height, and forms a good landmark in approaching the coast.

EASTERN ARCHIPELAGO.

NOTE.—The existing plan of Kulewatte harbour, Damma island, on sheet of harbours and anchorages between Bali and Timor, No. 935, is misleading, the anchorage being much smaller than represented. The anchorage is in 20 fathoms water, fine black sand and coral, with the large hut on the point, close to the ruin of Watch house (now scarcely visible) bearing N.E. by N., distant 1½ cables. The space admits of one vessel (about 1,000 tons burden) lying at single anchor, or two of that size moored.

Variation 3° Easterly in 1892.

EATON W PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B BESTIC,
Under-Secretary, Marine Department.

CALCUTTA, *the 15th February* 1892.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 88.

[First Publication.]

ARABIAN SEA—SIND COAST.

Revised Directions for the guidance of vessels—Karachi harbour.

NOTICE to Mariners No. 53, dated 12th January 1892, issued by the Port Officer, Karachi, is republished :—

In supersession of former Directions for Karachi harbour, dated 1st October 1886, the following with reference to draught of vessels is notified for general information :—

Tides.

	H.	M.
High-water full and change	10	30
	Ft.	In.
Average rise and fall *Spring-Tides*	9	6
Do. do. *Neap-Tides*	5 to 6 feet.	

Depth of water in Entrance Channel.

Spring-Tides	31 feet.
Neap-Tides	26 to 27 feet.

Draught of Vessels entering or leaving the Port, Spring-Tides.

South-west monsoon.

The maximum draught allowed	25 feet.

Fair season.

The maximum draught allowed	27 feet.

Neap-Tides.

South-west monsoon.

Must be regulated by the state of the weather.

Fair season.

There should be at least two feet of water under the ship to insure her steering.

State of tide for entering port.

Sailing vessels should enter port on the ebb-tide. Steamers can enter either on the flood or ebb at the Pilot's discretion.

Masters of vessels should not on any account attempt to enter the harbour without a Pilot.

Time-Ball, "Merewether" Pier.

The Time-Ball is dropped daily (Sundays excepted) at one o'clock, Karachi mean time.
Position of Ball Tower, Latitude 24° 49′ 11″ N., Longitude 66° 58′ 00″ E.

	H.	M.	S.	
Ball is hoisted close up at	0	55	00	P.M.
And dropped at Karachi mean time	1	00	00	„
Longitude (66° 58′ 00″ E) in time	4	27	52	„
Equivalent to Greenwich mean time	20	32	8	

Should the ball fail at 1-0-0 P.M, it is again dropped at 2-0-0 P.M. Karachi mean time, equivalent to 21H. 32M. 8S. Greenwich mean time.

Harbour improvements.

Among the extensive works executed, a *Breakwater* has been built, running out from Manora point in a S. by E. direction to a distance of 1,500 feet into 5 fathoms of water. This affords complete shelter to the *Entrance Channel* during the south-west monsoon ; also a channel has been opened through the entrance with a depth of 21½ feet at low water spring-tides, 500 feet in breadth. The channel is marked by buoys, black on starboard hand, red on port.

The *Merewether pier*, 312 feet in length, has 26 feet at low water alongside.

The *Erskine wharf*, 2,008 feet in length, has accommodation for 5 vessels of the largest class.

An improved *Red Light* of the all-round-anchor pattern of ship's light is exhibited at the extreme end of the breakwater, brightly visible in clear weather 5 nautical miles, and at least half that distance during the south-west monsoon.

The height of this light is 54½ feet above mean sea-level, and it is maintained throughout the year.

Caution.—An *Electric Light* is used for working steamers alongside the "Merewether" pier and "Erskine" wharf. The height above mean sea-level is 67½ feet, and would be visible from the westward about 15 miles. The position of this light being north 1½ miles from the lighthouse on Manora, Commanders of vessels are warned not to mistake it for the Fixed light.

Note.—Mail Steamers arriving off the Port at night should burn two blue lights in quick succession; other vessels one, or two at intervals of two minutes. During the fair season, Pilots will board, but during the monsoon they must keep off the Port until daylight.

EATON W. PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B. BESTIC,
CALCUTTA, *the 15th February* 1892. *Under-Secretary, Marine Department.*

GOVERNMENT OF BENGAL.—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 28.

[Second Publication.]

BAY OF BENGAL—BURMA COAST.

F. L. V. "Krishna" in position.

IN continuation of Notice to Mariners No. 192, dated 20th October, and No. 226 of the 19th December 1891, the Officiating Port Officer, Rangoon, has given notice that the floating light-vessel "*Krishna*" has resumed her station off the Krishna shoal in latitude 15° 36′ 15″ N., longitude 94° 34′ 30″ E. in 5½ fathoms reduced.

Owing to the non-arrival of the new lantern, there has been no alteration in the character of this light.

EATON W. PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B. BESTIC,
CALCUTTA, *the 9th February* 1892. *Under-Secretary, Marine Department.*

[Second Publication.]

BAY OF BENGAL—ORISSA COAST.

Balasore anchoring buoy adrift.

THE Collector of Customs, Balasore, has given notice that the anchoring buoy at that station has gone adrift since the morning of the 7th instant.

EATON W. PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B. BESTIC,
CALCUTTA, *the 13th February* 1892. *Under-Secretary, Marine Department.*

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 30.

[Second Publication.]

AUSTRALIA—POLLARD CHANNEL—CAPE BOWLING GREEN.

What the channel approach and shoal off the cape are composed of.

THE Port Master, Brisbane, has given notice (No. 1 of 1892) that the "Erlangen Patch" in the Pollard Channel consists of coral and is about 550 yards in diameter. It rises abruptly from deep water and can be seen a short distance off when the sun is in a favourable position.

The least water found on it is 9 feet at low-water springs.

It lies in following position :—

Summit N E. Cockburn Island	N. 28° W.
Summit North Home Island	S. 64° W.
Summit N. Sir Charles Hardy Island	N. 78° E.
Latitude	11° 55½′ S.
Longitude	143° 19′ E.

The same officer reports that the shoal off Cape Bowling Green is 1½ miles long, lying in a N. W. and S. E. direction, and about 1½ cables wide. The shoal is composed of sand

and is steep to. The depth over it at low-water springs is 3 fathoms with from 9 to 11 fathoms close to.

Vessels should not approach Cape Bowling Green within a distance of 5 miles.

From its N.W. end Cape Bowling Green Light-house bears S. 69° W., distant $3\frac{4}{10}$ miles.

From its S. E. end Cape Bowling Green Light-house bears S. 89° W., distant $4\frac{3}{10}$ miles.

All bearings are magnetic.

EATON W. PETLEY,
Port Officer of Calcutta.

Published for general information.

W. B. BESTIC,
Under-Secretary, Marine Department.

CHINA SEA—BORNEO NORTH-WEST COAST.

Foul ground in channel between Labuan and Kuraman.

WITH reference to Notice to Mariners No. 64, dated 6th April 1891, issued by this office, the British Admiralty has given further notice (No. 1 of 1892) that an examination of the channel between Labuan and Kuraman has recently been made by Commander A. M. Field H.M. Surveying vessel *Egeria*, with the result that the rocks and foul ground southward of Kiamsan point have been found to extend about a quarter of a mile further into the channel than previously charted; also, that shoal water was found upwards of 3 cables from the north-eastern point of Kuraman.

Mariners are therefore warned that the channel between Labuan and Kuraman should not be used, pending a thorough survey of the locality.

JAPAN—YEZO ISLAND—WEST COAST.

Flashing light on Gomiga saki Okusiri.

THE British Admiralty has given notice (No. 4 of 1892) that on 1st December 1891 a light would be exhibited from a light-house recently erected on Gomiga saki, the northern point of Okusiri:—

Gomiga saki light is a *flashing white* light, showing a flash *every fifteen seconds*, visible through an arc of 266°, or between the bearings of N. 88° E. through south, and N. 6° W. It is elevated 150 feet above the sea, and should be seen in clear weather from a distance of 18 miles.

The illuminating apparatus is of the third order.

The light-house, 60 feet in height, is an iron framework structure, with a circular shaft in the middle, painted black and white in horizontal bands.

Approximate position: lat. 42° 14′ 40″ N., long. 139° 33′ 10″ E.

AUSTRALIA—NORTH COAST.

TORRES STRAIT—PRINCE OF WALES CHANNEL.

Reported sunken reef in western approach.

THE British Admiralty has given notice (No. 5 of 1892) that Mr. F. Jardine reports having passed over a reef of small extent, with apparently a depth of not more than 6 feet on it, at low water, lying in a position estimated to be about 5 miles W. by N. from Quoin point, Goode island, Prince of Wales channel.

Approximate position to be considered doubtful, lat. 10° 33′ S., long. 142 4½′ E.

NOTE.—Soon after passing the reef, the course steered being southerly, the Government Residency on Thursday island was seen to open southward of Quoin point. Mariners are therefore warned that, when in the vicinity of this danger, the Residency on Thursday island should be kept well open southward of Quoin point, and that great caution should be exercised.

AUSTRALIA—TERN ISLET.

Reef extending north-east of the islet.

THE British Admiralty has given notice (No. 13 of 1892) that a reef, which dries 3 feet in places at low water spring tides, extends about three quarters of a mile N.E. by N. from Tern islet. The outer extreme of the reef lies with Shadwell peak bearing S. 65° W., distant 2 miles, and X reef beacon N. 10° W.

Approximate position: lat. 10° 59′ S.; long. 142° 46½′ E.

NOTE.—By keeping Remarkable Red cliffs point (near Deft hill) just open of No. II point, bearing S. by E., a vessel will pass about half a mile seaward of Tern islet reef.

BAY OF BENGAL—Orissa coast.

The wreck off False Point.

The wreck reported in the Notice to Mariners, No. 22 of the 30th January, issued by this office, now appears to be a sunken vessel in 10 fathoms reduced, with two masts standing up between 12 to 18 feet above the water, in Lat. 20° 30′ 30″ N: Long. 87° 07′ 30″ E. As this wreck lies directly in the track of vessels going between Calcutta and False Point, and *vice versâ*, navigators are warned to be cautious.

Arrangements are now being made to remove the wreckage with the least possible delay.

CHINA—EAST COAST—Yang tse kiang entrance.

Temporary alteration in light vessel—Tungsha banks.

The British Admiralty has given notice (No. 643 of 1892) that on or about 7th January 1892, Tungsha light vessel (*Tungsha*) will be withdrawn from her station at Yang tse kiang entrance, for repairs; and will be temporarily replaced by the light vessel *Newchwang*:—

The *Newchwang* will show a *fixed white* light, visible in clear weather from a distance of 11 miles; a riding light will also be exhibited from the forestay, 6 feet above the rail. The vessel is painted red, has there masts (black ball at the main), with *Newchwang* in white letters on her sides.

During thick or foggy weather a steam fog-horn on board this light vessel will be sounded at intervals of *ten seconds*.

Approximate position: lat. 31° 8′ N., long. 122° 0′ E.

The *Tungsha* will be replaced in position as soon as the repairs have been completed.

REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF 1891-92.

No. 111B, dated Calcutta, the 10th February 1892.

From—T. INGLIS, Esq., Offg. Secretary to the Board of Revenue, L.P.,
To—The Secretary to the Government of Bengal, Financial Department.

SALT.

C. C. STEVENS, ESQ.

I AM directed by the Board of Revenue to submit the following report on the state of the salt market for the third quarter of 1891-92, comprising the months of October, November and December 1891.

2. The quantity of salt of every description cleared during the quarter under report amounted to 24,29,085 maunds 23 seers 12 chittacks, against 27,39,377 maunds 10 seers 14 chittacks in the previous quarter, and 24,74,138 maunds 11 seers 1 chittack in the corresponding quarter of the previous year; and the net amount of duty levied thereon was Rs. 56,68,108-12, against Rs. 63,81,532-8 in the previous quarter and Rs. 58,03,364-1 in the corresponding quarter of the previous year.

3. The quantity of excise salt sold in Orissa during the quarter under review, and the quantity which remained in store at the close of the quarter, are shown in table I :—

TABLE I.

	Cuttack.	Pooree.	Balasore.

Sales during the quarter	.....	3,412 0	27 0
Wastage	.....	8,198 20	.....
Total ...	.....	11,610 20	27 0
Balance at close of the quarter	.....	41,887 0	905 0

4. The total sale of excise salt during the quarter under review amounted to 3,439 maunds, against 3,349 maunds in the previous quarter and 24,941 maunds in the corresponding quarter of the previous year. The total amount of excise salt cleared, *i.e.*, on which duty was paid during the quarter, was 3,589 maunds. The figures in the table shown in the last paragraph are for the salt removed from the golahs.

5. The subjoined table shows in comparison the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter under review and the corresponding quarters of the previous two years :—

		Meherpur ...	0·18	
		Chuadanga ...	Nil	
		Ranaghat ...	0·08	
	9	Khulna ,, 20, '92	Nil	Weather—seasonable. *Aman* harvest nearly completed; outturn 10 to 14 annas. Rain much wanted for *boro*. Mustard and tobacco promise well. Land is being ploughed for *til*. Supply of fodder and water sufficient for cattle, except in a few villages in Mollahat, where water is said to be scarce. Coarse rice is selling at 13 to 15 seers per rupee.
		Bágerhat ...	Nil	
		Satkhira ...	0·11	
	10	Jessore ,, 20, '92	Nil	Mornings foggy, days rather hot. Rain badly wanted for *rabi* crops. Harvesting of linseed and rye going on. Supply of fodder and water sufficient. Price of rice stationary.
		Jhenida ...	0·02	
		Magura ...	Nil	
		Narail ...	Nil	
		Bangaon ...	Nil	
	11	Murshidabad ,, 20, '92	0·54	Weather—seasonable. Prospects of *rabi* crops are not favourable in all parts of the district, though fair in Kandi subdivision. The recent shower of rain will improve the state to some extent. No want of fodder or water for cattle. Condition of cattle generally good.
Chittagong Div.	12	Chittagong ,, 23, '92	Nil	Weather—seasonable. Vegetable crops withering for want of rain. Prices stationary. Condition of cattle generally good. Fodder sufficient.
	13	Noakhali ,, 20, '92	Nil	Weather—seasonable. No change in the state of *rabi* crops; they are still in bad condition for want of rain. Condition of cattle good. Fodder and water sufficient in Sadar subdivision, but insufficient in some parts of Feuny subdivision. Price of rice stationary.
	14	Tippera ,, 20, '92	Nil	Weather—seasonable; occasionally cloudy. *Boro* paddy thriving. Winter crops being gathered, harvest almost completed. Prospect fair.
	15	Chittagong Hill Tracts. ,, 16, '92	Nil	Weather—cloudy and little cool in the first part of the week, and fairly cool in the latter part. Chillies, garlics, onions, and *dals* commence to ripen in some places. Vegetables not doing well for want of rain. Mustard, sesamum (*til*) and cotton being sold in the bazars. Clearing of *jum* land being commenced in some places. Preparation of the plough land and the land for sugarcane plantations continues. Cattle-disease gradually increasing. Common rice being sold at 11 seers 14½ chitaks per rupee.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL—*concld.*			
DACCA DIVN. 16	Dacca Feb. 20, '92	Nil	Weather—seasonable. *Boro* paddy thriving. Prospects of *khesari, masuri, kcora, china,* and *kaon* fair. Ploughing for early rice going on. Fodder available. Common rice selling at from 12 to 16 seers per rupee. Condition of cattle generally good.
17	Faridpur „ 20, '92	Nil	Weather—cool and bright. This morning (20th) was foggy. *Rabi* crops fair but more rain wanted. Jute and *aus* paddy are being sown. Coarse rice selling at 14½ seers, 12 to 14 seers, and 15 seers per rupee in Sadar, Goalundo, and Madaripur subdivisions respectively. Supply of fodder and water sufficient. Cattle in good condition.
18	Backergunge ...	...	Report not received.
19	Mymensingh „ 20, '92	0·23	Weather—very cold. Prospects of standing crops fair on the whole. Common rice sells at from 12 to 17 seers per rupee. Condition of cattle good. Supply of water and fodder sufficient.
RAJSHAHYE DIVN. 20	Dinajpur „ 20, '92	0·28	Weather—cool. Pressing of sugarcane still continues. Recent rain has facilitated the cultivation of lands for *bhadoi* and jute. Price of rice both at Sadar and Thakurgaon stationary. Condition of cattle good. Supply of fodder fair. Drinking water sufficient.
	Thakurgaon ...	0·18	
21	Rajshahi „ 20, '92	0·63	Weather—seasonable. The rain that has fallen during the week has given facility to the cultivation and done much good to the standing crops. Ploughing for *aman, aus,* and jute in progress; but more rain wanted. Common rice sells at from 11 to 15 seers per rupee. Condition of cattle generally good. Supply of fodder and water sufficient.
	Nator ..	0·83	
	Nowgong ...	0·40	
22	Rangpur „ 20, '92	0·28	Weather—clear and cold. The little rain which has fallen throughout the district did some good, but more rain is required. Early rice sowings going on, and lands being everywhere prepared. Sugarcane and tobacco promising. Other crops suffering from drought. Price of rice falling in places; the average is 12 seers. Fodder is sufficient.
	Gaibanda ...	0·30	
	Kurigaon ...	0·45	
	Nilphamari ...	0·34	
23	Bogra „ 20, '92	0·31	Rain fell on the 15th instant. It has since been fine and dry, with rather high westerly winds. Mustard has been cut, with an average outturn of 12 annas. State and prospects of other *rabi* crops are good, and sugarcane has been generally very productive. The rain has done much good to the grass, and in helping ploughing for *aus* rice, jute, &c.; and fodder and water are sufficient. Common rice selling on the average at 13 seers a rupee.
	Sherpur ...	0·33	
	Naukhilla ...	0·20	
24	Pabna „ 20, 92	0·06	Weather—cool and at first cloudy. The rain did some good, but was not heavy enough. *Rabi* prospects accordingly poor. Sugarcane yielding 12 annas. Common rice sells at 13 seers per rupee. Fodder and water sufficient.
25	Darjeeling „ 20, 92	1·02	Weather—very cold. In the hills wheat and barley are ripening. *Tori* and *joshur* are being cut. In the Terai harvesting of mustard finished. Recent rain has done good to *rabi* crops and has helped ploughing operations. Fodder improved by rain. Water-supply sufficient. No disease among cattle.
26	Jalpaiguri „ 20, '92	0·50	Weather—seasonable. Ploughing still continues for *bhadoi* crop. The recent rain has improved prospects of tobacco. More rain wanted. Common rice sells at from 8 to 10 seers per rupee. No cattle disease. Fodder and water-supply sufficient.
BEHAR.			
BHAGULPORE DIVN. 27	Monghyr „ 20, '92	0·17	Weather—drizzling at the commencement of the week; now fair. Prospects of *rabi* crops continue unsatisfactory. Prices are— Srs. Rice ... ... 12½ Wheat ... ... 12 Janera ... ... 18 Gram ... ... 19 } per rupee. Lack of fodder in Newadi (Jamui). No report received from Begumarai.
	Jamui ..	0·40	
28	Bhágalpur „ 20, '92	0·19	A little rain fell everywhere on the 15th. It has been cooler since, but west winds are now beginning. The rain has done a little good to the backward *rabi*, otherwise prospects are unchanged. Mangoes promise well. Common rice—old 10 seers 11 chittaks, new 12 seers 10 chittaks.
29	Purnea .. 20, '92	0·08	Weather—cloudy with slight rain at the beginning of the week, gradually becoming warm accompanied by west wind since. Harvesting of mustard almost finished. Harvesting of tobacco and cutting of sugarcane going on. In Sadar subdivision *rabi* crops are drying up for want of rain. In Kishanganj they are also suffering for the same reason. In Araria they are reported to have benefited slightly by the recent rainfall, but more rain is still wanted there. In Araria prices show a slight tendency to fall. At Sadar and at Kishenganj coarse rice sells at 11 to 13 seers and 11 seers per rupee respectively. Fodder and water for cattle plentiful. No cattle-disease.
	Kishanganj ...	0·10	
	Araria ...	0·11	
30	Malda „ 20, '92	0·70	Weather—cloudy in the beginning of the week; bright and fine latterly. Transplantation of *boro* paddy continues. Recent rain has benefited the *rabi* crops. Prospects favourable. Condition of cattle good. Fodder and water-supply sufficient. Common rice selling at an average of 12½ seers per rupee.
	Chanchal ...	0·18	
	Shibganj ...	0·64	
	Gajol ...	0·50	
31	Santhal Parganas „ 20, 92	1·04	Weather—clear and cool. Rainy at the beginning of week, but drier now. State of *rabi* crop not good. About 6 or 8 annas outturn may be expected. The little *rabi* that is still standing, especially wheat and barley, has been improved by the rain. Linseed is being gathered. Sugarcane has been cut. Supply of fodder is still good, and that of water sufficient. Price of common rice varies from 11 seers per rupee in Rajmahal to 15 seers per rupee in Pakour.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BEHAR—*concld.*			
PATNA DIVISION. 32	Patna Feb. 20, '92	1·21	Weather—getting warm. *Rabi* is being harvested in places. The weather has settled fine after the last rainfall, consequently no damage has been done to the crop. Poppy is doing well. Prices of food-grains showing a tendency to fall.
	Barh ...	0·25	
	Dinapur ...	0·68	
	Bihar ...	0·30	
33	Gaya ,, 20, '92	0·23	Weather—cloudy and rainy in the beginning of the week, fair in the end. Harvesting of grain, peas and mustard going on. Rain in some places has done some damage, while in others it has done good to green crops sown late. Prices stationary. Supply of fodder and water sufficient.
	Jahanabad ...	0·11	
	Nawáda ...	0·44	
	Aurungabad ...	0·44	
34	Shahabad ,, 20, '92	1·17	Heat increasing daily. Sky clear. Westerly wind blowing. Harvesting of peas and *masur* in progress. *Rabi* crops favourable. Opium continues to be collected. In one part of Buxar subdivision *rabi* reported to have been damaged to a certain extent by hail. Sugarcane pressing still in progress. Prices still rising slowly in some places. Fodder and water sufficient.
	Buxar ...	1·19	
	Bhabhua ...	1·43	
	Sasarám ..	0·67	
35	Darbhanga ,, 20, '92	0·86	Weather—seasonable. Rain on Monday (15th) beneficial to wheat, barley and gram. It would permit of *china* and *mung* being sown and will benefit indigo lands greatly. Sugarcane pressing still going on. Prices almost stationary. Fodder and water for cattle sufficient, although many tanks are dry.
	Madhubani ...	0·81	
	Somastipur ...	0·47	
36	Muzaffarpur ,, 20, '92	0·14	Weather—cold and cloudy, but latterly sunny and seasonable. The rain was pretty generally distributed almost all over the district. It will benefit the indigo sowings and the latest sown *rabi* crops. *Rahar* has fortunately not suffered from it being well in pod by the time. It has, however, done some injury to the mango blossoms and also to more advanced wheat and tobacco. Condition of poppy has improved slightly after the rainfall in unirrigated tracts. Prices show a tendency still to a slight rise. No unusual sign of distress and none as yet reported. Fodder and water for cattle sufficient. Cattle in good condition.
	Hajipur ...	1·08	
	Sitamarhi ...	0·23	
37	Saran ,, 20, '92	0·92	Heavy rain on Sunday (14th), fine and clear weather with west wind since that date. Rain is rather late, but may do good. It has not damaged anything. Poppy and indigo prospects excellent. Prices of common rice:— Srs. Ch. Chapra ... ... 13 0; Siwán ... ... 13 4; Gopalganj ... ... 13 13 per rupee.
	Siwán ...	0·86	
	Gopalganj ...	0·13	
38	Champaran ,, 20, '92	Nil	Weather—nights fairly cool, days getting hot. *Rabi* crops ripening. Poppy doing fairly well in the Bettiah subdivision, but the reports from the Opium staff and khatadars of the Sadar subdivision are not altogether satisfactory. Fields are being prepared for *bhadoi* and *aghani*. Fodder and water sufficient.
ORISSA.			
ORISSA DIVS. 39	Cuttack ...	...	Report not received.
40	Puri ,, 18, '92	Nil	Weather—seasonable. Harvesting of *sarad* paddy crop over. Land being ploughed in places for next *sarad* crop. *Dalua* paddy growing well. Miscellaneous crops thriving. Common rice sells at from 13 to 19 seers per rupee.
	Khurda ...	Nil	
	Banpur ...	0·45	
41	Balasore ,, 20, '92	0·37	Weather—seasonable. Sugarcane is being pressed. *Dalua* rice doing well. Rice sells at 17 seers per rupee at Balasore and 18 seers at Bhadrak.
CHOTA NAGPORE.			
South-West Frontier Agency.			
CHOTA NAGPORE DIVS. 42	Hazaribagh Feb. 20, '92	0·96	Weather—getting less cold, and cloudy at intervals. Rain has done good to *rabi*. Poppy doing well. Common rice sells at from 11 to 14 seers per rupee. Cattle-disease reported from certain stations. Water and fodder supply sufficient, except at Chatra, where fodder is reported to be scanty.
	Giridih ...	1·45	
43	Lohardaga ,, 20, '92	1·31	Weather—cloudy. Ploughing of land commenced. Reaping of oil-seeds completed. Mango prospects good. Common rice selling at 13 seers per rupee. Fodder and water sufficient.
44	Palámau ,, 20, '92	0·24	Weather—cloudy and cold mornings. The little rain that has fallen has done much good to the *rabi* crops. Mango and sugarcane doing well. Fodder and water-supply yet sufficient. Rice selling at 14½ seers per rupee.
45	Singhbhum ,, 20, '92	1·18	Weather—seasonable. The rainfall has been general throughout the district, and has not only benefited the standing crops, but has also enabled lands to be ploughed for the *gora* paddy crop. Mustard, gram, *til*, *rabar*, cotton and wheat are being harvested; 10 to 14 annas outturn expected. Price of common rice from 14 to 24 seers per rupee at Chaibassa; it sold at 17 seers per rupee at the last hát. No deficiency of water or fodder.
46	Manbhum ,, 20, '92	0·93	Weather—seasonable. Sugarcane is being pressed; outturn 12 annas expected. Rice selling at 15 seers per rupee. There was some rain of late, but more is wanted. Fodder and water-supply still not insufficient.
	Gobindpur ...	0·95

The total fall from 1st January to 20th February 1892	0·04
The average fall of the corresponding period for 24 years, S.-G.'s Office ...	1·29

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; g, gloomy; d, drizzling rain; t, thunder, ⌓, dew; ≡, fog.

C. LITTLE,
For Meteorological Reporter to the Govt. of India.

METEOROLOGICAL OFFICE, GOVT. OF INDIA;
Calcutta, the 22nd February 1892.

* Mean of 6 days. | † Means of 5 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last. The *humidity* of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted 1 y 0 and an overcast sky by 10. The numbers are the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional station for the period in question during the past stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 20th of February 1892.

Average humidity at 9 A.M.	Average cloud amount at 9 A.M. for week.	Rainfall of week at observing station.	DISTRICT OBSERVATIONS. RAINFALL. Of week.		Since 1st of month.			Since 16th October 1891.			Of week.		Representative station.	District.	Meteorological Division
			Mean for district.	Normal mean.	Mean for district.	Normal mean.	Variation.	Mean for district.	Normal mean.	Variation.	Average number of rainy days.	Normal number of rainy days.

Explanation.—.....indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 23rd February* 1892.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 20TH OF FEBRUARY 1892.

On Saturday, the 13th of February, or at the close of the previous week, the meteorological conditions over Northern India were decidedly disturbed owing to the existence of a large but shallow barometric depression the centre of which was between Agra and Jhansi. The disturbance was an extensive one, and was even on this date affecting the weather conditions in Behar and Bengal. On the morning of Sunday, the 14th, the depression was between Cawnpore and Sutna, having moved slowly in an easterly direction. Pressure was hence falling moderately to rapidly in Bengal, while temperature was as usual rising rapidly in front of the advancing depression. Conditions generally on this day became decidedly disturbed; a few rain showers were reported in Behar, and at Darjeeling a gale of wind was reported, pointing to the fact that the depression was largely influencing the upper layers of the atmosphere. On the morning of the 15th the depression had to a great extent filled up and disappeared, and pressure was rising in Bengal, while on the other hand temperature had fallen rapidly. The depression had given very disturbed weather from the 14th to the 15th, and at Darjeeling a severe storm accompanied by a large amount of hail occurred, and 1·67 inches of rain (due to the melting of the hail) was registered. At most of the stations in the province of Bengal, except those in East Bengal and Orissa, rain was also recorded on the morning of the 15th. A brisk to rapid increase of pressure had taken place on the 16th, and the effects of the depression had quite disappeared, winds became again generally northerly and north-westerly, and a fall of temperature varying from about 3° to nearly 9° occurred, and for the time ordinary cold weather conditions again became established in Bengal. From the 15th to the 16th practically no rain was reported except from a few stations in Orissa and South-West Bengal. On the 17th pressure again increased and temperature fell, but there were no important changes of conditions, while on the 18th pressure was almost steady, though it showed a tendency to fall, while temperature, on the other hand, had commenced to increase. The northerly element in the wind direction had decreased on the 18th, and at most stations westerly winds were blowing. On the 19th conditions again commenced to change in Bengal, for pressure began to fall briskly owing to the existence of another barometric depression which had appeared in North-Western India and which was advancing slowly down the Gangetic plain. On the morning of the 19th the centre of the depression was near Lucknow, but it was decidedly feeble and was giving little rain. Temperature in Bengal in front of the advancing depression as usual again became high, and became above the normal by 2° or 3°. Winds also became generally southerly and humidity rose rapidly, and conditions became a little abnormal and unsettled, though no stations reported rain. On the 20th, pressure fell briskly in Bengal and became about a tenth of an inch below the normal, and a depression apparently existed in a feeble form over Bengal. Winds were, however, very irregular and did not show any distinct circulation, while temperature had again risen moderately to rapidly and had become from 3° to 8° above the normal of the day. Again on this day the disturbed conditions were not sufficiently developed to produce rain, and though the sky became partially clouded, no station reported rain. Conditions were, therefore, again rather disturbed at the close of the week in the same way as they had been at its commencement.

The meteorology of the week has, however, been important from the fact that in all divisions of the province, except East Bengal, rain fell generally in moderate amounts on one or two days of the week.

Pressure.—The mean pressure for the week has again been in defect of the normal by small amounts. The usual defect has equalled about 0·02″ to 0·03,″ and it is fairly equally distributed throughout the province.

Temperature—Has varied very considerably during the week. It was high at its commencement, comparatively low in the middle of the week, and again rather largely above the normal at its close. The mean temperature of the whole province for the week has been almost exactly one degree above the normal, but the excess has been largest in North Behar, where it equals 2·4°, and in East and North Bengal and South Behar, where it has been between one and two degrees. On the other hand, temperature has been in slight defect in Chutia Nagpur.

The variation of temperature is, however, most clearly seen in the table below, where the average maximum, minimum, and mean temperatures for the week at nine typical stations in different districts of the province are compared with the normal values for the same period. The night or minimum temperatures have generally shown a larger variation than the day or maximum temperatures:—

Table showing the excess or defect of the actual mean temperature from the normal for the week ending 20th February 1892.

	Normal mean maximum temperature for the week ending 20th February.	Actual mean maximum temperature for the week ending 20th February 1892.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 20th February.	Actual mean minimum temperature for the week ending 20th February 1892.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 20th February.	Actual mean daily temperature for the week ending 20th February 1892.	Variation of actual mean from the normal.
Cuttack	89·2	90·4	+0·2	65·9	63·6	—2·3	77·9	76·8	—1·1

Hazaribagh	77·6	78·7	+1·1	54·1	55·1	+1·0	65·6	65·4	—0·2
Darjeeling	46·3	42·3	—4·0	33·9	33·3	—0·6	40·1	37·8	—2·3

Rainfall—Fairly general, but only light to moderate rain was reported in all districts except East Bengal on one or two days of the week, the falls being generally reported on the 14th, 15th or 16th. Chutia Nagpur has received an average fall of 0·82 inch, and South Behar one of 0·60; in North Behar and North Bengal the falls have been between a quarter and half an inch, and in South-West Bengal and Orissa they have averaged a fifth of an inch. In the case of the smaller districts a fall of nearly two inches is reported in the Darjeeling district, and one of 1·18 inches in the Singbhoom district. Falls of half to one inch are reported from Manbhoom, Lohardugga, Hazaribagh, Sonthal Pergunnahs, Patna, Shahabad, Sarun, Durbhanga, Mozufferpore, Rajshahye, Moorshedabad, West Burdwan, and Beerbhoom, and falls of a quarter to half an inch in Gya, Julpigooree and Cooch Behar, Rungpore, Dinagepore, Maldah, Bogra, Bankoora, and Cuttack. On the other hand, the following districts have been either rainless or nearly so:—All in East Bengal except Noakhally and Mymensingh; Khoolna, Jessore, South-West Midnapore, and South 24-Pergunnahs, and lastly Chumparun, which is surrounded on all sides by districts which have received moderate rain.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 20th of February 1892:—

Meteorological Divisions.	Temperature.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th Oct. 1891.

Meteorological Office, India,
The 22nd February 1892.

MEMORANDUM.

Review of the Monthly Statistics of Deaths registered in forty-five districts of Bengal for the month of November 1891.

The total number of deaths registered in forty-five districts of Bengal during the month of November 1891 amounted to 216,770, against 154,891 in November 1890, and an average of 152,821 in the corresponding month of the previous five years, 1886—90. These figures represent annual death-rates of 39·48, 28·20 and 27·84 per 1,000, respectively, of the aggregate population of those districts, which is 65,859,534. The death rate of November 1891 is 11·64 higher than the average rate of the corresponding month of the past five years, 1886—90, and is also higher than the rate of the corresponding month of any of the past five years, *vide* figures below :—

	November 1886.	November 1887.	November 1888.	November 1889.	November 1890.	Monthly average of five years, 1886—90.	November 1891.
Number of deaths	175,656	146 775	138,969	147,795	154,891	152,821	216,770
Ratio per *mille* per annum	31 93	26 64	25·23	26 86	28 10	27 84	39 48

It will also be seen from the figures below that the mortality of November 1891 is considerably higher than that of any of the previous months of the year :—

Months.	*Number of deaths.*	*Ratio per mille per annum.*
January	143,492	26·04
February	137,553	24·96
March	168,185	30·60
April	161,980	29·52
May	125,975	22 92
June	140,594	25·56
July	121,977	22 20
August	142,154	25 80
September	149,431	27·12
October	149,140	27·12
November	216,770	39·48

The increase in November is due to a larger number of deaths from cholera and fever.

Distributed according to sex and class, the mortality was as follows :—

	Sex.			Class.				
	Male.	Female.	Ratio of male deaths to every 100 female deaths, calculated on the proportion such mortality bears to the total male and female population.	Christians.	Hindus.	Mahomedans.	Buddhists.	Other classes.
Number of deaths ...	111,866	104,904	...	270	126,275	90,881	153	3,389
Ratio per *mille* per annum ..	41·04	37·93	108	23·26	35·40	48·96	20·28	25·04

Considered collectively, the mortality among males was greater than among females. Taking the districts individually, this was also the case except in nine districts of Khulna, Dinajpur, Rajshahi, Rungpur, Darjiling, Julpaiguri, Bakerganj, Noakhali and Purnea, where the death-rate was higher among females. The death-rate was highest among Mahomedans than among Hindus, and least among Buddhists.

The following table shows, in order of sequence, the highest district death-rates during November 1891. The rates of the corresponding month in the previous year are also given for purposes of comparison :—

Districts.	Ratio per *mille* during— Nov. 1891.	Nov. 1890.	*Districts.*	Ratio per *mille* during— Nov. 1891.	Nov. 1890.
Maldah	107·76	30·00	Faridpur	41·40	46·80
Nadiya	94·08	26·28	Bakerganj	41·16	39 84
Jessore	82 20	44·04	Monghyr	39·00	28 80
Rajshahi	79·56	35·04	Balasore	38 84	31·44
Murshidabad	66 84	28·68	Midnapur	36 36	30 96
Dinajpur	60·12	31·56	24-Parganas	36·24	24 24
Pubna	50 88	40·44	Howrah	35·88	28·44
Serampur	50 76	31 68	Dacca	35 52	31 56
Julpaiguri	49·80	34 32	Burdwan	34·44	22 92
Purnea	49 08	23 80	Bogra	33·96	28·68
Rungpur	45·24	28 92	Cuttack	33 60	20 28
Khulna	44 52	45 48	Bhagalpur	33·36	32·04
Champaran	42 48	22 92	Noakhali	31·08	29 52
Hughli	42 36	27 96	Patna	30 00	23·64
Birbhum	41·64	27·12			

It will be seen that the highest death-rate occurred in Maldah (107·76 per *mille*), where fever was accountable for 5,496 out of the total number of 6,385 deaths which occurred in the district.

The total mortality during November, from the several death-causes, is compared in the following table with the mortality from the same causes in the corresponding month of 1890, and the average of the previous five years, 1886—90:—

	Ratio per *mille* during—		
	November 1891.	November 1890.	Monthly average of five years, 1886—90.
Cholera	2·40	1·56	1·44
Small-pox	·12	·04	·02
Fever	31·20	21·36	21·48
Dysentery and diarrhœa	·72	·60	·72
Injury	·24	·24	·24
Other causes	4·44	4·08	3·72

It will be seen that the death-rate of November 1891, under the heads cholera and fever, particularly fever, is considerably higher than that of the two past periods with which it is compared. The highest fever death-rate in the province was 92·76 returned from Maldah; Nadiya comes next with (75·48), then Jessore (74·52), Rajshahi (66·36), Dinajpur (55·44), Murshidabad (53·64), Julpaiguri (48·60), Purnea (47·76), Rungpur (43·68). The death-rates from fever were also very high in Pubna, (36·72), Khulna (36·60), Faridpur (36·48), Champaran (33·96), Birbhum (33·84), Hughli (33·72), Serampur (33·72) and Monghyr (33·24). Cholera also accounted for an unusually large number of deaths in November 1891. The mortality from this cause was highest in Nadiya (14·16 per *mille*); Pubna and Maldah come next with 12·12 each, followed by Rajshahi (9·48), Murshidabad (9·24), Mymensing (5·88), Cuttack (5·52), Serampur (5·28), Balasore (5·28), Bogra (5·16), Howrah (4·80), Jessore (4·32), Khulna (3·60), Puri (3·12) and 24-Parganas 2·52. In two districts—Hazaribagh and Singbhum—the disease was entirely absent.

According to *age*, infants under one year of age, as usual, perished in the largest numbers, the death-rate being 264·24 per *mille* per annum. Persons over 60 years of age furnish the next highest record with a death-rate of 97·32 per *mille*. The lowest death-rate occurred among persons between 10 and 15 years of age, viz., 18·48 per 1,000 per annum.

Detailed information under all heads will be found in the statement appended.

W. H. Gregg, *Dip. Publ. Health, Camb.*,

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.—No. 752 O.

The 29*th February*, 1892.—It is hereby notified that at the Examination of European and Eurasian candidates for appointments in the Opium Department, held at Calcutta on the 15th, 16th, and 17th instants, in accordance with this Department's Notification, No. 312T.—R., dated the 14th September, 1891, the following candidates obtained the highest aggregate of marks :—

(1) Mr. James Hogan Hill.
(2) ,, Julian Evelyn Vaughan.
(3) ,, Lionel John Woods Worgan.

These gentlemen will be appointed to fill vacancies in the Opium Department as they occur according to the order in which their names appear. The last named candidate will be appointed after the native gentleman to be admitted to the Department, as stated in paragraph 7 of the notification above mentioned.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 27*th February*, 1892.—Under section 3, Act V (B.C.) of 1875, the Lieutenant-Governor directs that a survey shall be made of the lands on the banks of rivers and the seashore in the Sadar sub-division of the district of Chittagong for the purposes described in Act IX of 1847.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 28th February, 1892.—Babu Ras Mohan Chandra, late Assistant Settlement Officer in the Western Duars, was on privilege leave without pay from the 20th September to the 19th October, 1891, under article 273(*a*) of the Civil Service Regulations.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 24th February, 1892.—Babus Sarat Chandra Das, Jogendra Nath Chakravarti, Kanti Charan Mukerjee, and Hari Pado Ghose are hereby appointed to be Assistant Settlement Officers in Chittagong from the date on which they took charge of their respective duties, and are vested with the powers of a Revenue Officer under Rule 1, Chapter VI of the Rules under the Bengal Tenancy Act, and of an Assistant Superintendent of Survey under section 4, Act V (B.C.) of 1875.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 27th February, 1892.—Under the powers conferred upon him by section 101, sub-section 2, of the Bengal Tenancy Act VIII of 1885, the Lieutenant-Governor is pleased to order that a survey shall be made and a record of rights prepared in respect of all the lands included in the resumed estate Nanijad Bakirchar, No. 1725, in pargana Islampur in the district of Pabna.

The particulars to be recorded shall be the following :—

(*a*) Name of each tenant.

(*b*) The class to which he belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, occupancy raiyat, non-occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure.

(*c*) The situation, quantity and boundaries of the land held by him.

(*d*) The name of his landlord.

(*e*) The rent payable.

(*f*) The mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise.

(*g*) If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*h*) The special conditions and incidents, if any, of the tenancy.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 29th February, 1892.—Under the powers conferred upon him by section 101, sub-section 2 of the Bengal Tenancy Act VIII of 1885, the Lieutenant-Governor is pleased to order that a survey shall be made and a record of rights prepared in respect of all lands included within the boundaries of the Government estate, hissa 15*a*. 17*c*. 2*k*., dihi North, pargana Gunanandi, in the district of Tippera.

The particulars to be recorded in the survey and record of rights shall be the following :—

The name of each tenant.

The class to which he belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, occupancy raiyat, non occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, or whether his rent is liable to enhancement during the continuance of his tenure.

The situation, quantity and boundaries of the land held by him.

The name of his landlord.

The rent payable.

The mode in which the rent has been fixed, whether by contract, by order of a Court, or otherwise.

If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases

The special conditions and incidents, if any, of the tenancy.

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 29th February, 1892.—Under the powers conferred upon him by section 101 of the Bengal Tenancy Act VIII of 1885, the Lieutenant-Governor is pleased to order that a survey shall be made and a record of rights prepared in respect of patni taluks, &c., mentioned below, situated within the zemindari and patni taluk of Babu Kali Krishna Tagore, in pargana Idilpur and station Mudigunge, in the district of Backergunge.

No. $\frac{293}{350-4}$P., dated Calcutta, the 9th February, 1892.

NOTIFICATION—By the Government of India, Revenue and Agricultural Dept.

IN exercise of the powers conferred by section 11, sub-sections (1) and (2), and section 49 of the Inventions and Designs Act (V of 1888), the Governor-General in Council is pleased to declare that every applicant for leave to file a specification of an invention shall cause to be delivered, or sent, with the specification, to the Secretary not fewer than five copies thereof, and to direct that the fifth of these copies shall be sent by the Secretary to the Director of Land Records and Agriculture, North-Western Provinces and Oudh.

E C. BUCK,
Secretary to the Govt. of India.

NOTIFICATION.

The 27th February, 1892.—In the exercise of the powers conferred upon him by section 3, Regulation III of 1872 (entitled a Regulation for the peace and good government of the territory known as the Sonthal Parganas), the Lieutenant-Governor of Bengal is pleased to direct that the provisions of sections 1, 6, 7, and 8 of the Excise (Malt Liquors) Act XIII of 1890 shall have force and effect in the Sonthal Parganas from the 1st March, 1892.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

MEDICAL DEPARTMENT.

The 24th February 1892.—Surgeon D. G. Crawford, Officiating Civil Surgeon of Purnea, is appointed to be Civil Surgeon of Saran.

The 1st March 1892.—Assistant Surgeon Badrika Nath Mookerjea is appointed temporarily to the medical charge of the civil station of Tippera, with effect from the afternoon of the 15th February 1892.

H. H. RISLEY,
Offg. Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 119A.

The 25th February 1892.—Mr. Pran Nath Bannerji, Munsif of Comilla, in the district of Tippera, is appointed to act as Subordinate Judge of Backergunge, during the absence, on leave, of Babu Radha Krishna Sen, or until further orders.

Babu Rakhal Chandra Bose, Subordinate Judge of Backergunge, is temporarily vested with the powers of a Judge of a Court of Small Causes for the trial of suits cognizable by such a Court up to the value of Rs. 500 within the local limits of the Barisál Munsifi, during the absence, on leave, of Babu Radha Krishna Sen, or until further orders.

The 26th February 1892.—Babu Binod Behary Mitter, B.L., is appointed to act as a Munsif in the district of Mymensingh, to be ordinarily stationed at the Sadar station, during the absence, on leave, of Babu Nilmoney Nag, or until further orders.

The undermentioned gentlemen are appointed to be Honorary Magistrates of the Bench at the Sadar station of the district of Chittagong, and are vested with the powers of Magistrate of the third class :—

Babu Khirod Chandra Das.	Babu Nagendra Kumar Rai, B.L.
„ Gour Chandra Kunda.	„ Mohim Chandra Guha, B.L.
„ Satish Chandra Sen, B.L.	„ Pran Krishna Das.

The 27th February 1892.—Babu Thakur Prosad Singh is appointed to be an Honorary Magistrate of the Bench at Sonbursa, in the district of Bhagalpur, and is vested with the powers of a Magistrate of the third class.

The 29th February 1892.—Babu Saroda Prosad Baksi, B.L., is appointed to act as a Munsif in the district of Noakhali, to be ordinarily stationed at Lakhmipur, during the absence, on leave, of Babu Jogendra Chandra Moulik, or until further orders.

The Lieutenant-Governor accepts the resignation tendered by Babu Govind Chunder Dutt of his appointment as an Honorary Magistrate of the Bench at Diamond Harbour, in the district of the 24-Parganas.

The Lieutenant-Governor accepts the resignation tendered by the Revd. Wm. Marshman Spencer of his appointment as an Honorary Magistrate of the Independent Bench at the sadar station of the district of Bankura.

The Revd. George William Olver is appointed to be an Honorary Magistrate of the Independent Bench at the Sadar station of the district of Bankura, and is vested with the powers of a Magistrate of the third class.

Raja Srinath Rai, an Honorary Magistrate at Bhagyakul, in the Munshiganj subdivision of the district of Dacca, is vested with the powers of a Magistrate of the second class.

Mr. Alan McGavin, Deputy Magistrate and Deputy Collector, Darjeeling, is vested with the power to try summarily the offences mentioned in section 260 of the Code of Criminal Procedure.

Babu Ganendra Nath Pal, Deputy Magistrate and Deputy Collector, in charge of the Nowgong sub-division of the district of Rajshahi, is vested with power to try summarily the offences mentioned in section 260 of the Code of Criminal Procedure.

The Lieutenant-Governor accepts the resignation tendered by Mr. J. S. Court of his appointment as an Honorary Magistrate of the Independent Bench at Kurseong, in the district of Darjeeling.

Syud Mohamud Ibrahim Hossain Khan is appointed to be an Honorary Magistrate of the Bench at Jhamoogunge, in the district of Patna, and is vested with the powers of a Magistrate of the third class.

Under the authority vested in him by the final clause of section 357 of the Code of Criminal Procedure, Act X of 1882, the Lieutenant-Governor empowers Babu Khudiram Poddar, Sub-Deputy Magistrate, Raniganj, in the district of Burdwan, to take down evidence in criminal cases in the English language.

The 1st March 1892.—Babu Aghor Nath Sil, B.L., is appointed to act, until further orders, as a Munsif in the district of Hooghly, to be ordinarily stationed at Jehanabad, *vice* Babu Chandra Mohan Mookerjee.

Babu Lal Behari De, Munsif of Jehanabad, in the district of Hooghly, is vested with the powers of a Judge of a Court of Small Causes for the trial of suits cognizable by such a Court up to the value of Rs. 50 within the local limits of the Jehanabad Munsifi.

Babu Radha Krishna Sen, Subordinate Judge, Backergunge, is allowed leave for three months, under article 306 (*b*) of the Civil Service Regulations, with effect from the date on which he may be relieved.

Babu Trailokya Nath Mittra, Subordinate Judge of Gaya, is allowed leave for six months, under articles 264 and 371 of the Civil Service Regulations, in extension of the leave granted to him under the order of the 8th January 1892.

Babu Rajendra Lal Lahiry, B.L., is appointed to act as a Munsif in the district of Dinajpur, to be ordinarily stationed at the Sadar station, during the absence, on leave, of Babu Akshoy Kumar Chatterjee, or until further orders.

GRANT OF LEAVE TO MUNSIFS.—*The 15th February* 1892.—Babu Brojo Behary Shome, Additional Munsif of Jhenidah, in the district of Jessore, is allowed leave for eighteen days, under article 306(*b*) of the Civil Service Regulations, with effect from the 3rd to the 20th February 1892, both days inclusive.

The 22nd February 1892.—Babu Bepin Behary De, substantive *pro tempore* Munsif of Kurigram, in the district of Rangpur, is allowed leave for six weeks, under article 372, rule 1 of the Civil Service Regulations, in extension of the leave granted to him on the 13th January 1892.

The 26th February 1892.—Babu Dinesh Chandra Roy, Munsif of Barisál, in the district of Backergunge, is allowed leave for twenty-six days, viz., fifteen days under article 309 of the Civil Service Regulations, and the remaining period under article 306(*b*) of the same Regulations, with effect from the 5th December 1890, in supersession of the leave granted to him on the 1st December 1890.

H. J. S. COTTON,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

ESTABLISHMENT.

The 1st March 1892.

No. 75.—The following notification, issued by the Government of India in the Public Works Department, is republished for information :—

No. 56, *dated the 26th February* 1892.—The services of Colonel J. M McNeile, R.E, Chief Engineer Bengal, are replaced at the disposal of the Military Department, with effect from the forenoon of the 5th March 1892.

IRRIGATION.

The 1st March 1892.

No. 76.—*Declaration.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of the undermentioned refuge mounds on the Sankarisahi Island, in the district of Cuttack, it is hereby declared that for the above purpose the following strips of land, measuring in the aggregate, more or less, 9*a.* 1*r.* 23*p.* of standard measurement, are required in the aforesaid district of Cuttack, viz.—

Plot A.—Refuge at mauzas Sankarisahi and Gobindpur, parganas Saibeer and Sailo, respectively measuring 1*a.* 8*p.*, more or less, bounded on the north by lakhraj land of Dibya Singh Deb; on the south by thani and pahi lands of Sadhoo Churn Buyan; on the east by ryoti land of mauzas Gobindpur and Sankarisahi; and on the west by lakhraj land of Dibya Singh Deb and Satyabadi Raoot.

Plot B.—Refuge at mauza Ukundrapur, pargana Saibeer, measuring 1*a.* 1*r.* 2½*p.*, more or less, bounded on the north, south, and east by ryoti land of Hurry Moharona and others; and on the west by thani and pahi lands of Hurry Moharona and Ram Moharona.

Plot C.—Refuge at mauza Chasikhond, pargana Saibeer, measuring 1*a.* 30*p.*, more or less, bounded on the north, south, and east by waste land of the mauza; and on the west by a mango tope of Damodur Putnaik.

Plot D.—Refuge at mauza Baradia, pargana Saibeer, measuring 16*p.*, more or less, bounded on the north by waste land of the mauza; on the south and west by ryoti land of the mauza; and on the east by lakhraj land of Chandro Adhikaree.

Plot E.—Refuge at mauza Bagulpur, pargana Saibeer, measuring 2*r.* 29*p.*, more or less, bounded on the north, south, east, and west by lakhraj land of Choudhry Krutibas Das.

Plot F—Refuge at mauza Ukoondra, pargana Saibeer, measuring 1*r.* 34*p.*, more or less, bounded on the north by ryoti land of Choudhry Krutibas Das; and on the south, east, and west by waste land.

Plot G.—Refuge at mauza Compara, pargana Saibeer, measuring 25*p.*, more or less, bounded on the north by waste land; on the south and east by lakhraj land of Bhicaree Nund and ryoti land of Nidhi Nund; and on the west by waste land of the mehal.

Plot H.—Refuge at mauza Gelpur, pargana Saibeer, measuring 1*r.* 37*p*, more or less, bounded on the north, south, east, and west by waste land of the mehal.

Plot I.—Refuge at mauza Soodhasailo, pargana Sailo, measuring 1*r* 28*p.*, more or less, bounded on the north, south, east, and west by ryoti land of Sanai Bhoie and others.

Plot J.—Refuge at mauza Poorun, pargana Saibeer, measuring 1*r.* 32*p.*, more or less, bounded on the north, south, east, and west by ryoti land of the mehal.

Plot K.—Refuge at mauza Nilamahal, pargana Saibeer, measuring 1*r.* 31*p.*, more or less, bounded on the north, south, east, and west by ryoti land of the mehal.

Plot L.—Refuge at mauza Bamilo, pargana Saibeer, measuring 1*r.* 38*p*, more or less, bounded on the north, south, and west by ryoti land of the mehal; and on the east by lakhraj land of Bhagbut Das.

Plot M.—Refuge at mauza Sankarisahi, pargana Saibeer, measuring 1*r.* 18½*p.*, more or less, bounded on the south, east, and west by ryoti land of the mehal; and on the north by lakraj land of Gadeyee Padhi.

Plot O.—Refuge at mauza Chasikhond, pargana Saibeer, measuring 1*r.* 30*p.*, more or less, bounded on the north, south, east, and west by waste land.

Plot P—Refuge at mauza Jahanpur, pargana Saibeer, measuring 1*r.* 24*p.*, more or less, bounded on the north, south, east, and west by lakhraj land of Benaik Das and others.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

IRRIGATION.

The 1st March 1892.

No. 77.—*Notification*—In supersession of Notification No. 59 of 17th February 1885, published at page 123, Part I of the *Calcutta Gazette* of 18th February 1885, it is hereby published for general information that the Lieutenant-Governor, in exercise of the powers vested in him by sections 2 and 18 of the Canals Act V (B.C.) of 1864, is pleased to appoint

the Toll Collectors of the Nadia Rivers for the time being Joint Supervisors within their respective jurisdiction as specified below—

JUNGIPORE TOLL COLLECTOR.

JUNGIPORE STATION.

BHAGIRUTHEE RIVER.

East of River Bhagiruthee.

On the north a line joining the mouth of Kanoopur or Bansloe nullah to the junction of the Jungipore and Khamra roads, Kalitola Indigo Factory.

On the south a line joining the mouth of the Chotakhalsi Dairar and the above factory buildings.

West of the River Bhagiruthee.

On the north a line joining the mouth of the Kanoopur or Bansloe nullah and the village of Bungoobatty.

On the south a line running due east from the mouth of the Chotakhalsi Dairar to the district road.

On the west high land above high-flood level between the villages of Bungoobatty and Gorshala, the district road mentioned in last item.

SARUPGUNGE TOLL COLLECTOR.

SARUPGUNGE STATION.

Bhagiruthee River.

On the north a line drawn across the river from the point at which the boundary of the Nadia Municipality meets the river; on the south a line drawn across the river from the southernmost point of the village of Nutunbazar.

Jellinghee River.

On the north-east a line drawn across the river Jellinghee from the eastern boundary of the Toll Office compound; on the south the same as the southern limit of the Bhagiruthee.

HANSKHALLY TOLL COLLECTORS.

Kissengunge Station.

On the north a line drawn across the river Matabhanga from the Methurapore point; on the west a line drawn across the river from Jungiparah ghât near the village of Shoneghatta; on the south-east a line drawn across the entrance of the river Ichamutty.

Hanskhally Station.

On the east a line drawn across the Matabhanga at the Baktapore khal, about half a mile from the Toll Office.

On the west a line drawn across the Matabhanga at a place called Goisha about two miles from the Toll Office.

J. M. MCNEILE, *Col.*, R. E.,
Secretary to the Government of Bengal.

[Third Publication.]

IRRIGATION.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

Notification No. 62, dated the 16th February 1892.

In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of a ryot in whose favour a provisional requisition has been issued, as provided for in Rule 21 below. Such application may be made verbally or in writing to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition shall be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The canal officers of the Public Works Department, in consultation with the Deputy Revenue Superintendent, shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determined that the whole block shall be irrigable from one outlet, or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Public Works officers and by the Deputy Revenue Superintendent. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 14, for definite parts of a block, under the following conditions:—

I.—The lease may be for the lands of one or more villages, but ordinarily the whole irrigable area of any village, so far as situated within the block must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Public Works officers in consultation with the Deputy Revenue Superintendent, so that one-fifth of the total area usually irrigated may fall out of lease in each year.

Explanation.

A	blocks	commence	1892	...	...	Expire	1897.
B	,,	,,	1893	...	...	,,	1898.
C	,,	,,	1894	...	...	,,	1899.
D	,,	,,	1895	...	...	,,	1900.
E	,,	,,	1896	...	...	,,	1901.

Then, should a lease in a B block expire in 1892, a lease for one year must be given. Similarly, a lease in a B block expiring in 1894 must be renewed for four years only. It may, however, be possible in cases like the latter to arrange by mutual consent to cancel the existing and unexpired leases in B blocks in 1893, and then to renew for the full term of five years.

8. The rates to be charged for water supplied between June and November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Rs. 1-8 per acre for each season.

Provided that the leases, whether new or renewals, required for shorter terms in order to develop the system of blocks as explained above shall, on the first occasion, be offered at the above rate.

Subject to the above provision, the rates shall be—

	Rs.	A.	P.	
For a term of four years	1	12	0	per acre per season.
,, ,, of three ,, ...	2	0	0	,, ,,
,, ,, of two ,, ...	2	4	0	,, ,,
For one season	2	8	0	,, ,,

Explanation.

An existing lease in a D block expires in 1892. The lessees will be offered a renewal for three years at Rs. 1-8 per acre per season. They decline this, and do not renew till 1893. They can then only get a lease for two years at Rs. 2-4 per acre per season. Similarly, an application for a new lease in a C block is received in 1892. A lease for two years at Rs. 1-8 per acre may be given; but should an application for a new lease in a C block be received in 1895, a lease for four years at Rs. 1-12 per acre will be granted.

9. For the supply of water, when available, for winter crops, a rate of Rs. 1-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be fixed by the Collector, shall be charged.

11. Applications for water-leases under section 74 of the Act should be presented to the zilladar of the division in which the applicant's land lies, and, subject to Rules 12, 13, 14, 15, and 16 below, zilladars are authorized to grant such leases.

12. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts including several villages.

13. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

14. No application for a water-lease shall be entertained when the supply of water must of necessity be delivered across an unleased area, unless a village-channel exists, which, in the opinion of the Executive Engineer, will deliver water without waste across the unleased area.

15. Without the permission of the Collector, no application shall include lands belonging to more than one village, but *tehsilalaids* or other lands lying within the village boundary at the time of survey may be included.

16. Without special orders in writing from the Deputy Revenue Superintendent, no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

17. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act.

18. On the issue of a "permit" as above, of which the zilladar shall keep a duplicate, he shall forward a copy of the *kabuliyat* to the Deputy Revenue Superintendent for record and at the same time he shall forward to the Executive Engineer or Sub-divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the officers of the Public Works Department till January 1st next following, and shall then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st, each year, till the lease expires.

19. When application for a lease is received from a village not previously leased, the zilladar, before granting a lease, shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record, the application should be sent through the Deputy Superintendent to the Collector. The zilladar should also satisfy himself that the Executive Engineer's consent, as required by Rule 12, has been obtained.

20. When application is made for the renewal of an expired lease, the zilladar, before granting a new lease, shall satisfy himself by comparison with his register of *kabuliyats* that the particulars given in the application are correct.

21. Pending the result of the enquiries provided for in the last rules, the zilladar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

22. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.

2.—Number of distributary from which water has been illicitly obtained.

3.—Manner in which water has been taken.

4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

23. On receipt of such a notice, the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

24. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Deputy Revenue Superintendent, on the application of the Executive Engineer, and with the approval of the Collector, to cancel the lease.

25. The rates for water supplied from June to November shall, in each season, fall due on the 1st February following. The rates for water supplied for winter crops shall fall due on the 1st April following.

26. Water-rates imposed under Rule 10, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

27. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Collector for—

1.—Injury to the crop on a leased area caused by deficient supply of water.

2.—Errors in the assessment of rates.

28. The Collector may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

29. The Collector may commute rates charged under Rule 10 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

30. Remissions on other grounds than the above require the sanction of Government.

31. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector.

32. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

33. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed 6 pies in the rupee on the total water-rates collected during the year. If the payments thus made to *mookhyas* do not amount to 6 pies in the rupee on the total water-rates of any year, the Collector may expend the balance in paying extra collecting establishment.

34. Registers shall be kept in the Deputy Superintendent's and zilladar's offices in forms sanctioned by Government.

35. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Govt. of Bengal.

IRRIGATION.

REVISED WATER-RATE RULES FOR THE ORISSA CANALS.

Notification No. 56, *dated the 9th February* 1892.

IN exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to make the following rules and to fix the undermentioned rates to be charged for water supplied from the Orissa Canals. These rules and rates will supersede those now in force.

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

General conditions.

Compensation under section 76 (c).

(1) The Collector, before awarding compensation under section 16 or section 76 (*c*), or making a reference under section 17 of the Irrigation Act [Act III (B.C.) of 1876] shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

No appeal from order of Canal Officer.

(2) Except as provided in the Irrigation Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Sub divisional and Divisional Canal Officers shall modify any order passed by them on the receipt of definite instruction to that effect from the Divisional or Superintending Canal Officers respectively.

Appeals to Collector.

(3) Appeals to the Collector under section 91 of the Irrigation Act, other than those specially provided for in Rule 49, will ordinarily be against an order passed by the Divisional Canal Officer. When the order passed has reference to the alignment of a village channel, or, to the refusal of the Divisional Canal Officer to grant a lease under schedule I, II or III, the Collector may require the Superintending Canal Officer to state his opinion in writing, and this opinion shall form part of the record of the proceedings in the case.

On village channels.

Canal Officer to assist.

(4) Canal Officers shall give every assistance to applicant in aligning and laying out any village channels which they may desire to construct.

Register of village channels.

(5) A register of all village channels shall be maintained by the Divisional Canal Officer in such form as the Superintending Canal Officer may direct.

On the free irrigation of chaukidars' jaghirs.

Chaukidars' jaghirs.

(6) The chaukidar of any village in which lands are leased under schedule I, II, III or IV shall be entitled to a remission of the water-rates chargeable on account of lands included in his jaghir and in any leased area on the condition that he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

(*a*) In the preparation of applications for leases.
(*b*) In the measurements of irrigated lands.
(*c*) In giving the names of the occupiers of the various fields.
(*d*) By receiving the demand statement, making it over to one of the principal raiyats in the village, and informing the cultivators that he has done so.
(*e*) By receiving "tippas" from the Canal Officers and distributing them.
(*f*) By reporting cases of unauthorized irrigation which may come to his notice.
(*g*) By being present when any local inquiry is made by a Canal Officer and by giving information concerning the matter under investigation.
(*h*) By reporting to the Collector any mutations in the holdings of persons who have signed a lease under schedule I or II that may come to his knowledge.

On the "lease unit" system.

(7) The area commanded by each distributary which is not fully provided with village channels shall be portioned out by the Divisional Canal Officer into any convenient number of tracts, or group of villages to be called "lease units." The boundary of each of these "lease units" shall be so determined that the land lying within it can be conveniently irrigated from the same outlet or from any convenient group of outlets. The "lease units" shall be approved by the Superintending Canal Officer.

Distributary lease units.

(8) The area in each "lease unit" shall be divided by the Canal Officer into three classes.

Classification of villages in "lease units."

(*a*) Lands which, being situated in immediate contact with a canal or distributary, can be irrigated by direct flow from outlets in it.

(*b*) Lands which are provided with village channels properly constructed and maintained in good order by the owners of the channels.

(*c*) Lands which, not being provided with proper village channels, and being remote from the canal or distributary, can only be irrigated by flow through fields intervening between them and the distributary.

(9) The Canal Officer shall keep in his office a plan showing the "lease units" of each distributary. Each "lease unit" shall be separately numbered and registered in a book which shall show:—

Record of "lease units."

Its area;
The number and size of outlets provided for it;
The names of the villages in it;
The class (*a*, *b*, or *c*,) of each area;
The date when the leases in it terminate

(10) The boundaries of, or the classification of the tracts in any "lease unit" may at any time be amended by the Divisional Canal Officer with the previous sanction of the Superintending Canal Officer. On receipt of such sanction the Divisional Canal Officer shall amend his plans and registers.

Amendment of "lease units."

(11) The lease first granted in any "lease unit" must be for five years.

(12) No lease shall be granted to any class (*c*) village until all the class (*a*) villages in the "lease unit" have been leased, and until the villages lying between it and the class (*a*) villages of that "lease unit" (if any) have also been leased.

Leases of class (*c*) villages.

(13) Leases granted for a term of years to any or all of the villages situated in the same "lease unit" shall terminate at the same time as the lease first granted in that "lease unit."

Leases to terminate simultaneously.

(14) Provided that, for four years after the date of these rules, the lessees of lands in any "lease unit" in which the class (*a*) villages have been leased for five years, shall, when their leases expire, be offered the opportunity of extending them for such a term of years as will cause them to expire simultaneously with those of the class (*a*) villages of that "lease unit" and they may be extended at the rate of Re. 1-8 per acre. If, however, the lessees decline to renew them on these conditions, within one month of their expiry, they shall not be permitted to renew them subsequently except at the rates given in schedule II.

Exceptions with reference to present leases.

(15) Class (*a*) and class (*b*) villages shall be eligible to obtain leases under all the five schedules attached to these rules. Class (*c*) villages shall only be eligible for leases under schedules II and III.

Schedule of Rates.

On applications for the supply of water during the kharif season.

(16) Applications for the supply of water in the kharif season will be granted:—

Kharif applications of three kinds.

(1) For a term of years (schedules I and II).
(2) For one season only (schedule III).
(3) After the 1st of September from an outlet of a defined size (schedule VI).

(17) Applications for the supply of water for a term of years shall be subject to the following conditions:—

I. Notice in the attached form (Appendix I) must ordinarily be given to the Subdivisional Canal Officer by the cultivators of a village not later than the 1st April if they require water for irrigation for a term of years to have effect from the 15th of June following. Applications presented after the 1st April will be accepted so far as may be possible, having regard to the measurements, &c., which are necessary before the grant of permits. Those presented between 1st April and 1st May will, if accepted, be liable, at the discretion of the Divisional Canal Officer, to an additional rate of 4 annas per acre for the first year of the lease, and those presented between the 1st May and 1st June will be similarly liable to an additional rate of 8 annas per acre. In either case the additional rate shall be payable at the same time as the first instalment of the ordinary rates due on the lease. On presentation of this notice the Canal Officer shall inspect the block which it is proposed to lease, and, if he approves of it, shall proceed to prepare the final application (Appendix III)

Notice that lease is required.

II. The application shall not be entertained unless it refers to a distinct block of land of which the boundaries are defined. The block must (in all but very exceptional cases) include all the irrigable lands of a village which are, or have been, cultivated with rice. If the block of land offered for lease has included within its boundaries:—

Applications to include all rice lands in village.

(*a*) High lands not irrigable by flow, or—

(*b*) "Beali" lands for which canal water is not ordinarily required, or—

(*c*) "Low lands" which cannot ordinarily benefit by canal water,

these lands may be excluded from the final application. But water cannot in that case be supplied to such lands during the currency of the lease except on an application for an annual lease (schedule III).

III. The application must be in the form attached to these rules (Appendix III), which states that water-rates will be paid on all lands contained in the block for which the application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields of the block to be leased, and give due notice to the Canal Officer of any changes in their holdings.

Payment to be made for area leased.

IV. The lands contained within the defined boundaries must be measured (or the area ascertained from the cadastral survey map) by the Canal Officer or his subordinates, and the application must be completely signed by all the cultivators holding lands in the block, or the applicants must bind themselves to be jointly responsible for the water-rates due on such block before a permit for the supply of water shall ordinarily be granted. Provided that if water is required to be supplied before this can be done, a preliminary application in the form Appendix II must be submitted before the 1st of September instead of the notice referred to in Rule I. This form binds the applicants to pay at the rate of Rs. 3 for each acre of their holdings if they fail to complete the lease for a term of years before the 30th of November of the year in which water is required. The Superintending Canal Officer may, if special circumstances appear to him to justify it, alter this date to the 1st of February next following. A permit which has been granted on this preliminary application will be cancelled as soon as the final application (Appendix III) has been completely signed by all the cultivators holding lands in the block. A permit for a term of years will then be issued.

Lease must be complete before water is supplied.

If not, annual lease must be executed.

No leases granted after 1st of September.

V. When under the "lease unit" system described in Rules 7 to 15 inclusive, a portion of a village falls in one "lease unit" and the remainder in another "unit" a separate application must be signed for each portion of the village.

VI. No additions to the area covered by a lease duly executed for a term of years shall, as a rule, be permitted. But when the irrigable area which is under rice cultivation in a village is increased (owing to improvements in distribution or to the actual extension of cultivation or to any other cause), an application may be made for a separate lease for a term of years for such increased area. If the application is approved by the Canal Officer, a permit shall be granted for a term of years such that the lease will terminate at the same time as the one previously granted in the same village. The water-rates chargeable on such a lease shall be those defined in schedule II.

No extension of lease during its currency.

(18) Applications for water for one kharif season only shall be subject to the following conditions:—

I. The application must be for a block of land having well-defined boundaries, and so situated that adjoining or intervening lands will not ordinarily or probably be irrigated by water supplied for the land included in the application. The block must be situated either—

Annual leases.

(1) In immediate contact with a canal or distributary, so that it can be irrigated without a village channel by direct flow therefrom, or

(2) it must be provided with a proper village channel, or

(3) it must be situated in immediate contact with a village leased under schedules I and II, so that it can obtain a supply through the fields of that village.

II. The application must be in the form (Appendix IV) attached to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented whether water is required or not, and that the applicants will arrange for the transit of the water from the distributary to all the fields in the block which they desire to irrigate.

No leases granted after 1st September.

III. Applications for leases under schedule III must be submitted before the 1st of September.

Water supplied after 1st September.

(19) Applications for the supply of water after the 1st of September from an outlet of a defined size shall be subject to the following conditions:—

I. Outlets in a canal or distributary bank may, at the discretion of the Subdivisional Canal Officer, be leased from the 1st September until the 15th November at the rates enumerated in schedule VI, care being taken not to lease any outlet unless a head of not less than six inches on the outlet is available.

Outlets leased.

II. Persons occupying lands not under lease may apply for water to be delivered to them after the 1st of September for the current kharif season in the form (Appendix V)

attached to these rules. The application shall not be entertained unless it is accompanied by a sum in cash equal to half the amount chargeable for the size of the outlet at the rates defined in schedule VI, and by an agreement executed by substantial persons in the form attached to Appendix V binding themselves to pay the remainder.

Lessee of outlet allowed free use of water.

III. The person to whom a permit for the use of an outlet is granted shall be allowed the free use of all the water he can obtain from that outlet without reference to the area irrigated.

On applications for the supply of water during the rabi and hot-weather seasons.

(20) Applications for the supply of water in the rabi season (15th November to 30th April) and in the hot-weather season (1st May to 15th June) will be subject to the following conditions:—

Water-rates paid in area watered.

I. The approximate area of land for which water is required must be stated in the application, which must be signed by all the occupiers of the land. The application must be in the form (Appendix VI) attached, which states that water-rates will be paid on the area actually irrigated.

Canal closures.

II. That water cannot be supplied during the hot-weather season when the canals are closed. Notice of the duration of such closures will be given before the commencement of the season.

(21) It shall be the duty of the patrol to enter in his shudkar every field which is irrigated in the rabi and hot-weather seasons.

Water of tanks.

(22) Water for filling tanks may be supplied at the discretion of the Canal Officer at the rates given in schedule VII. The charge for the water shall be paid in advance for such a quantity of water as the Canal Officer may consider necessary to fill the tank. The Canal Officer shall see that the outlet is opened for a sufficient time to give the quantity which is paid for.

On permits.

Grounds for refusing permit.

(23) A permit shall not be issued when, in the opinion of the Canal Officer—

(i) waste is likely to occur.

(In the order refusing a permit on this ground the Canal Officer shall state in writing the manner in which he apprehends that waste will occur.)

(ii) The area for which water is required cannot be irrigated without passing canal water through, over or into, unleased areas.

(24) All permits for the use of water shall be subject to the following conditions:—

Lessees to arrange for distribution.

I. That where there are no village channels the applicants will make their own arrangements for the transit of the water from the canal or distributary to the leased area.

No bunds allowed.

II. That the water will be supplied at the level at which it is ordinarily maintained in the distributary, and that no earthen bunds or other works will be used to raise the level of the water in the distributary.

Canal Officer to regulate.

III. That the regulation of the discharge of the outlets will be entirely in the hands of the Canal Officer and his subordinates.

Regular payment.

IV. That water-rates are paid when due.

Waste to be prevented.

V. That the applicants will not permit waste of water.

Water restricted to leased area.

VI. That water supplied for the irrigation of a leased block of land in a village shall not be applied to any other lands in that village.

Leased block to be distinct.

VII. That land to be irrigated on kharif leases (schedules I, II and III) must form a compact block defined by well-marked boundaries of such a nature as clearly to separate the leased lands from the neighbouring unleased ones. The boundaries must be mentioned in the application.

Excluded lands.

VIII. That when high lands, "beali" lands, or low lands, which cannot ordinarily benefit by canal water, are, under Rule 17, II, excluded from a lease for a term of years, a schedule of such lands shall be attached to the application, the numbers of the fields on the cadastral map being stated in the schedule; or if there is not a cadastral survey map of the village, the Canal Officer shall attach a rough map to the lease showing the excluded area.

Power to cancel lease.

(25) If all the persons who have signed a lease under schedule I or II submit an application for the lease to be cancelled, the superintending Canal Officer may cancel it if he considers the reasons given are sufficient.

Annual permits.

(26) Permits for irrigation for a single kharif season under schedule III (annual leases) shall be subject to the same general conditions; the essential difference being in the duration of the lease and in the fact that a permit may be issued for any well-defined block and not necessarily for the whole irrigable land in the village which is cultivated with rice. "Beali" lands and low-lying lands cannot be excluded from annual leases if they are situated within the boundaries defined in the application.

Rabi permits.

(27) Permits for irrigation in the rabi or in the hot weather under schedules IV and V shall be issued on the following conditions:—

I.—That the applicants will give notice to the Canal Officer, or his subordinates as soon as the area requiring irrigation has received a sufficient supply of water

II.—That the applicants will undertake, as far as is practicable, to prevent water being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated and not on those specified in the application.

On penalties and the cancelling of leases.

(28) At the request of the Collector of the district, the Superintending Canal Officer shall direct the Divisional Canal Officer to—

Irrigation to be stopped where water-rates are not paid.

I. Decline to renew leases (*i.e.*, to issue permits) for the irrigation of land in villages where there have been constant difficulties in realising water-rates. In such cases permits shall not be again issued until all the arrears of water-rates due are paid up; and also, if specially required, by the Collector not unless half the amount due for the first ensuing season is paid up in advance. An order under this rule (unless the Collector in the meantime apply for its being rescinded or modified) shall be in force for the time stated therein, which shall not exceed three years.

Lease may be cancelled where water-rates are not paid.

II. Cancel any lease under schedule I or II, if, on the 1st of June of any year, the water-rates due on such lease are in arrear by more than half a year's demand.

(29) The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease under schedule I or II if water is habitually misused or wasted. Such an order shall have effect from the 15th June next ensuing, and at least two months' notice must be given to the cultivators.

Lease to be cancelled when water misused.

(30) The Superintending Canal Officer in issuing orders under Rules 28 and 29 shall bear in mind the circumstances affecting "lease units" as described in Rules 7 to 15, and shall not cancel a lease if it is necessary that it should remain in force in order that water may be supplied to other leased areas.

Interests of others to be considered in cancelling leases.

On Unauthorised Irrigation and Waste of Water.

(31) Water-rates for unauthorised irrigation shall be assessed by the Canal Officer under section 78 of the Irrigation Act at rates not exceeding Rs. 5 an acre.

Rate for unauthorised irrigation.

(32) Unauthorised irrigation during the kharif season consists of two classes—

Two classes of unauthorised irrigation.

(i) Unauthorised irrigation within the boundaries of a leased area.

(ii) Unauthorised irrigation effected with water taken either from a leased area or from a canal, distributary or village channel.

(33) Unauthorised irrigation of the first class shall, during the kharif season, only be assessed when the land irrigated has been entered in the schedule of lands excluded from the lease; and then only when:—

(i) Within a leased block.

(*a*) The irrigation has been recorded in the patrol's shudkar.

(*b*) The patrol and sectional officer report that there are signs that the water has been deliberately taken and that the crops have benefited.

(*c*) The reports of the patrol and sectional officer have been received by the Sub-divisional Canal Officer within 10 days after the date on which the illicit irrigation was detected.

(34) Unauthorised irrigation in the kharif season of the second class shall only be assessed when the same three conditions (*a*), (*b*) and (*c*) have been complied with, and further—

(ii) Beyond a leased block.

(*d*) When the assessment of the area irrigated has been authorised by the Divisional Canal Officer.

(35) It shall be the duty of the Subdivisional Canal Officer to deal promptly with cases of unauthorised irrigation. He shall personally inspect as many cases as he can, and shall not make any assessment himself, nor ask the Divisional Canal Officer to sanction any assessment, unless the evidence has been recorded and he considers it quite satisfactory.

(36) When in the first case, the Subdivisional Canal Officer has determined that an assessment of unauthorised irrigation in the kharif season shall be made; or when the Divisional Canal Officer has authorised such an assessment, the Canal Officer shall *at once* send, by post or otherwise, a slip *(a tippa) to each cultivator, informing him of the fact and quoting the approximate area, as detailed in the patrol's shudkar, which has been recorded as irrigated. At the same time he shall send an amin to measure the fields which have been irrigated and to prepare the demand statement therefor.

Notice of assessment to be sent.

(37) Demand statements of unauthorised irrigation during the kharif season should be served in the village immediately they are prepared, and in no case later than the 30th November.

Demand statements to be promptly issued.

(38) Unauthorised irrigation in the rabi season or in the hot-weather season shall be assessed by the Canal Officer on the evidence of the patrol and sectional officer. The Canal Officer should personally inspect as many cases as he can. A notice that an assessment will be made should be served on the cultivators as soon as an assessment is ordered, as provided in Rule 36, the procedure of which should be generally followed (*mutatis mutandis*).

Unauthorised irrigation in rabi season.

(39) Charges for waste of water under section 80 of the Irrigation Act shall be at the rates fixed in Rule 31, and be subject to the same conditions as the assessments of unauthorised irrigation which are stated in the foregoing rules. When a tank or piece of low ground has been deliberately filled, a charge of Rs. 5 per thousand cubic yards may, at the discretion of the Canal Officer, be imposed instead of an acreage rate.

Waste of water.

On demand statements.

(40) Statements showing the amounts due on account of water-rates shall be prepared in such form as may be sanctioned from time to time by the Lieutenant-Governor, under the supervision of the Subdivisional Canal Officer, and shall be signed by him and by the Divisional Canal Officer. They shall then be forwarded to the Collector for the realisation of the demands.

Demand statements.

(41) The demand statement showing the water-rates due on any lease given under schedules I and II shall be prepared at the same time as the application. A copy of it shall be given to the patwari or to the chaukidar of the village for the general information of the villagers. A separate statement or tippa signed and sealed by the zilladar may also, if the Collector so direct, be prepared in the name of each person who has signed the lease, showing the annual sum which is due from him. These tippas may be given to the patwari or chaukidar to distribute or may be sent by post. No further notice of demand shall be given during the currency of the lease.

For long leases prepared once for all. A copy sent to chaukidar.

And tippas to each ryot.

(42) A demand statement showing the water-rates under a lease for a single kharif season (schedule III) shall be prepared as soon as possible after the lease is granted and not later than two months after the issue of the permit. The statement shall show the amount due from each person who has signed the lease, whether irrigation has been effected or not. A copy of it shall be given to the patwari or to the chaukidar of the village for public information, and separate tippas showing the demands against each individual may also be sent as in the previous rule. No further notice of demand shall be given.

Similar procedure for annual kharif leases.

(43) The assessments and issue of demands on account of lands irrigated in the rabi season or in the hot-weather season shall be made under the following procedure:—

Demand statements for rabi and hot weather shall be for

I. The area which is actually irrigated in any village shall be measured, or ascertained by means of the cadastral map, by an amin with the assistance of the patrol. The khasrah, which shall be in a printed form, shall be signed by the amin and by at least two respectable cultivators. If any of the lessees desire to have a copy of the khasrah, he shall be allowed to copy it.

The area actually irrigated.

II. When the measurement is completed, the khasrah shall be forwarded to the Subdivisional Canal Officer, who shall prepare a demand statement with all reasonable despatch. A copy of this statement shall be sent to the patwari or to the chaukidar for public information in the village, and a tippa may be sent as in rules 41 and 42 above to each person whose fields have been irrigated.

Demand statement sent to chaukidar. Tippas to cultivators.

(44) Demand statements on account of unauthorised irrigation shall be dealt with generally in the same manner as those of the rabi season, but with greater promptness. The demand statement in such cases shall be printed on red paper to draw attention to the fact that the demand is payable at sight. The demand statements sent to the patwari or to the chaukidar and the tippas sent to the cultivators shall also be on red paper.

Demand for unauthorised irrigation. Payable at sight.

* A "tippa" is the same thing as the "percha" of the Sone Canal Rules.

(45) Persons who may wish to raise any objections to the demands made against them must present a written statement of their case to the Subdivisional Canal Officer, who, after such local or other enquiry as he may think necessary, shall pass orders on the matter. A copy of the order if not passed in his presence and hearing shall be delivered by post or otherwise to the person who raised the objection.

Objections to demands to be made to Canal Officer.

(46) All objections to demands on account of water-rates which relate to the supply of water and the assessment of water-rates and are addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

Objections made to Collector to be referred to Canal Officer.

(47) Objections to the demand statements must be presented within thirty days of the date on which the demand statement was given to the patwari or to the chaukidar of the village, or of the date on which the tippa was delivered to the person objecting. This period may be extended when reasonable cause for delay can be established.

Objections to be made within thirty days.

(48) The objection should ordinarily be stated in a form which will be sold for one pice at all Canal Offices, giving instructions as to the particulars required to admit of the objection being readily investigated; but any form may be accepted at the discretion of the Collector or canal officer provided it clearly states the name or names of the persons objecting, the crop and the year for which the charge is made, the demand from each cultivator to which objection is taken, and the name of the village in which the land is situated. *Provided* that no objection shall be received which refers to more than one "lease-unit," and that all or any of the raiyats in one "lease-unit" may join in one objection.

Prescribed form for objections.

(49) Any person who is not satisfied with the order passed by the Subdivisional Canal Officer under Rule 45 may file an application of appeal to the Collector under section 91 of the Irrigation Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and may meanwhile suspend collections by a written order if he thinks proper to do so.

Appeals to lie to the Collector.

(50) The Collector may, by a special order passed in each case, refer applications under rule 49 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred, within thirty days, by either the applicant or the Divisional Canal Officer.

Appeal against order of Deputy Collector.

(51) When any person appeals to the Collector against an order passed by a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained by him for the purpose of making further enquiries, but the Collector may, on the suggestion of the Divisional Canal Officer, or of his own motion, direct that such enquiries shall be made.

Procedure when an appeal is made to the Collector.

(52) Reports of, and applications for mutations of names in leases under schedules I and II shall be made to the Collector or to any officer authorized by him to receive and dispose of them. If addressed to any Canal Officer, they shall be referred to the Collector for disposal.

Mutations of names.

on the payment of water-rates.

(53) Water-rates assessed under sections 78, 79, and 80 of the Irrigation Act shall be due on the following dates:—

I. Leases for the kharif season for a term of years (schedules I and II)—
In one instalment on the ... ... 1st March.

Note.—The demand statements will be sent to the Collector as soon as the lease is complete as provided in Rule 41. Annual demand statements are not necessary.

II. Annual leases.

(*a*) Leases for a single kharif season (schedule III)—

In one instalment on the ... ... 1st March.

Note.—The demand statements for the water-rates due on these leases shall be submitted to the Collector as soon as the application is complete (see Rule 42).

(*b*) Leases during the rabi season (schedule IV)—In one instalment on the 1st August (except for sugarcane).

(*c*) Leases during the hot-weather season (schedule V) for sugarcane. The demand for the irrigation of sugarcane for both the rabi and hot-weather seasons shall be paid in one instalment on the 1st of April after the crop is cut.

Note.—The demand statements for these two classes of leases shall be submitted to the Collector fifteen days, if possible, before the water-rates are due, but accuracy in the charges is of more importance than a rigid adherence to dates.

III. For water supplied for kharif crops after the 1st of September to lands which are not under lease (schedule VI)—

First moiety	...	... Before the outlet is opened.
Second ,,	...	... 1st March.

Note.—The first moiety shall be paid to the Subdivisional Canal Officer, the second to the Collector A demand statement shall be forwarded to the Collector as soon as the lease has been granted.

IV. Water supplied for filling tanks (schedule VII)—Shall be paid to the Subdivisional Canal Officer in one instalment—before the outlet is opened.

V. Unauthorised irrigation and waste.

Assessments under sections 79 and 80 of the Irrigation Act.	On receipt of the demand statement by the Collector.

(54) The water-rates shall be paid on or before the dates when they fall due as detailed in the previous paragraph.

Contractor for water-rates.

(55) At the joint written request of all the cultivators signing the application and of a person who shall be termed the contractor, a lease for a term of years may be granted under which the said contractor shall collect and pay to Government the entire sum due annually on the said application. In such a case the form of application shall be altered as prescribed in the footnote of Appendix III. A contractor shall be entitled to receive a commission of 15 per cent. on the amount paid to the Collector.

To be approved by Collector.

(56) No person shall be accepted as contractor under rule 54 except with the written consent of the Collector to his nomination. The Collector may require the contractor to give security for the execution of the agreement. The contractor must be either the zamindar or the farmer of the *entire* village. No person who is the zemindar or farmer of only a portion of the village, less than sixteen annas, shall be accepted as contractor.

Powers of contractors to collect.

(57) Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included therein, at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every sum due from a cultivator to a contractor on account of water-rates under rule 54 shall be deemed to be a sum due to Government under sections 82 and 85 of the Irrigation Act.

Contractor's payments when due.

(58) The sum due from the contractor shall be paid to the Collector, either by instalments or in one sum, before the 31st of March.

Resignation of contractor.

(59) A contractor may resign his interest in a lease on giving to the Collector, before the 1st of October, a written notice of his intention to do so.

Canal Officer may appoint approved contractor.

(60) If, after the completion of a lease under schedule I or II a contractor, as described in rule 55, comes forward, and is willing to undertake to collect the entire sum due from any village on account of water-rates, the Canal Officer, subject to the approval of the Collector, may appoint him to the office under a proper agreement under section 82 of the Act.

Any person paying entire demand may claim 15 per cent.

(61) If, at any time, the cultivators of a village under lease pay to the Collector through any one person nominated by themselves, the entire sum due on their lease, on or before the date on which the water-rates are due, a refund of 15 per cent. of the amount so paid shall be made at the time of payment to such person.

On Remission.

Gauge of discharges.

(62) The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

Remission for failure of supply.

(63) Claims to remission of water-rates under section 76 (*b*) shall be made to the Subdivisional Canal Officer. Such claims shall only be admitted on proof of actual loss caused by failure or stoppage of supply. On proof of such loss, due to such failure or stoppage as described in section 76 (*b*), the Divisional Canal Officer shall remit the whole or any part of the rates. All Applications for remission of water-rates shall be made in the manner provided in rule 45 within 15 days after the occurrence of such failure or stoppage.

Compensation.

(64) Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

Remissions by Superintending Canal Officer.

(65) The Collector or the Superintending Canal Officer, acting under the general instructions which he may from time to time receive from Government, may, in special cases, remit the whole or part of the water-rates due to Government. Such remissions shall be classed as "extraordinary" and shall be a matter of grace only. Remissions under this head

will ordinarily be made on the representation of Collectors or of Divisional Canal Officers only No person shall be entitled to receive an order on an application for remissions contemplated by this rule.

(66) A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

Authority for remission.

On collections and alteration of Demand Statements.

(67) Collections of all water-rates shall be made by the Collector in accordance with the demand statements furnished to him by the Divisional Canal Officer.

Collections.

(68) The Collector may make any alterations in a demand statement provided that the total sum due is not altered or provided that an error in account only is corrected. When such alterations are made in a demand statement referring to a lease under schedule I or II, a memorandum of the alteration shall be sent to the Divisional Canal Officer.

Alterations in demand.

(69) In cases when water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which cannot be recovered may be written off as irrecoverable on the authority of the Collector. A detailed list of sums written off under this rule shall be sent to the Divisional Canal Officer.

Power of Collector to write off.

(70) In all cases other than those stated, the sanction of the Commissioner of the Division must be obtained before any sum can be written off as irrecoverable.

Power of Commissioner.

On the supply of water.

(71) The Subdivisional Canal Officer shall, as a rule, sign all permits himself. He may, however, authorise any fit person to sign them if he considers it necessary. No water shall be supplied until a permit has been signed and issued.

Permits.

(72) The Canal Officer shall be responsible that the supply given through any outlet or group of outlets is in accordance with the permits and suitable to the area and nature of the soil which is under lease.

Outlets suitable to leased area.

(73) It shall be the duty of the patrol to:—

Patrol's duties.

(i) Report immediately all cases in which he finds that canal water is flowing beyond the limits of a block leased for irrigation in the kharif season, unless the water is passing into another leased block.

(ii) Inspect the lands (entered in schedule B,) which have been excluded from a lease under schedule I or II, and to shudkar the fields if they have been irrigated without authority.

Shudkar of unauthorised irrigation.

Note.—The patrol shall not shudkar ordinary irrigation in the kharif season. He has only to do with "Beali" or "Low-lying" fields or unauthorised irrigation beyond the leased area.

(iii) Shudkar unauthorised irrigation and make an immediate report to the Sectional Officer and zilladar.

Report to zilladar.

(iv) Shudkar all fields irrigated in the rabi or in the hot-weather seasons.

Shudkar of rabi and hot-weather.

(74) The Divisional Canal Officer may close outlets in rotation as he may consider necessary. But if the lessees require water, such closure shall not, in the kharif season, exceed five days after ten days of consecutive supply.

Tatsel of outlets

(75) The Subdivisional Canal Officer shall have authority to:—

Stoppage of supply.

(i) Stop the supply of water to any canal or distributary in a case of pressing emergency.

Note.—But, if the supply is stopped, the fact shall be at once reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, the report shall be forwarded to the Superintending Canal Officer.

(ii) Stop the supply to any village channel under section 76 (*a*) of the Irrigation Act, when he is satisfied that the channel is not maintained in proper repair. A record shall be kept of all orders passed under this rule.

Stoppage of supply to village channel.

(76) No person shall be entitled to be supplied with water through a village channel, unless the channel has been put into a proper state of repair in accordance with the directions of the Subdivisional Canal Officer.

Repair of channel.

(77) A Canal Officer or any of his subordinates may temporarily close any outlet supplying a village channel or any leased area when unauthorised irrigation is, at the time, being carried on from the village channel or from the area under lease which is supplied from the outlet.

Outlet to be closed when unauthorised irrigation is in progress.

Miscellaneous.

(78) No officer employed on the canals, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold or leased in connection with them, either in his own name or in the name of another, or jointly, or in shares with others.

Interest in canal water.

(79) Tanks may, at the discretion of the Canal Officer, be filled with canal water without charge, and without reference to the area irrigated in any village wherever water can be made available without injury to the cultivation dependent on any canal, provided that no irrigation is practised from the tank, and that the water is required for domestic purposes or for watering cattle only.

Filling tanks.

(80) Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by rules 28, 52, 56, 58, 59, 60, 61, 67 and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

Powers of Deputy Collector.

SCHEDULE No. I.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages where proper village channels exist or which can be irrigated direct from a distributary without a village channel.	Flow or lift. Rate per acre for each season.
For leases for five years for all descriptions of crops (including sugarcane) irrigated between the dates stated above.	Rs. A. P. 1 8 0

SCHEDULE No. II.

Leases for a term of years for the whole irrigable rice-cultivated area of a village.

For water supplied between the 15th of June and the 15th of November for the irrigation of defined blocks of land in villages irrigated without village channels which lie in "lease units" as defined in rules 7 to 15.		Flow or lift. Rate per acre for each season.
		Rs. A. P.
For leases for five years ...	For all descriptions of crops (including sugarcane) irrigated between the dates stated above.	1 8 0
,, four ,, ...		1 12 0
,, three ,, ...		2 0 0
,, two ,, ...		2 4 0
,, one year ...		2 8 0

SCHEDULE No. III.

Leases for a single Kharif season for suitable blocks of any area.

For water supplied between the 15th of June and the 15th of November for defined blocks of land.	Flow or lift. Rate per acre for each season.
	Rs. A. P.
For all description of crops (including sugarcane) irrigated between the dates stated above.	3 0 0

SCHEDULE No. IV.

Leases for cold-weather crops.

For water supplied between the 15th of November and the 30th April.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For all descriptions of crops including (sugarcane) included in blocks of land leased under schedules I, II and III.	1 0 0	0 10 0
For all descriptions of crops (including sugarcane) not included in blocks leased under schedules I, II and III.	2 0 0	1 8 0

SCHEDULE No. V.

Leases for hot-weather crops.

For water supplied between the 1st May and 15th of June.	Rate per acre for each season.	
	Flow.	Lift.
	Rs. A. P.	Rs. A. P.
For sugarcane	3 8 0	2 0 0

SCHEDULE No. VI.

For water supplied for kharif crops after the 1st September to lands which are not under lease.

Size of pipe.	Rate for the use of the outlet.

12″ × 12″ ,,	600

The person to whom the outlet is leased will be permitted to use the water in any way he pleases. He will only be entitled to the use of the outlet for ten days out of every fifteen days. No definite quantity of water is guaranteed, but the Canal Officer will endeavour to keep a minimum head of six inches on the outlet.

SCHEDULE No. VII.

Water will be supplied for filling tanks at the rate of Re. 1 per 10,000 cubic feet of water used calculated at the outlet.

APPENDIX I.

This form of notice will not ordinarily be accepted later than the 1st April for any lease which it proposed to make in the year then current.

Form of notice that a permit for a term of years is required.

Mouzah , pergunnah , distributary

We, whose names are attached, give notice that we wish to apply for a lease for a term of years for a block of land containing all the irrigable rice lands in our village. We request that the block may be inspected; that the necessary measurements may be made; and that the form of application, which has to be signed by all the cultivators of the block, may be prepared We have ascertained that all the cultivators in the block are willing to enter into the lease.

Signatures of five or six principal cultivators ...

Note.—No permit will be granted on this notice.

APPENDIX II.

Note.—No application in this form will be received after the 1st of September for any lease which it is proposed to make in the year then current.

Preliminary application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, hereby apply for water to be supplied from the above-mentioned distributary for the irrigation of our rice-fields from the 15th of June until the 15th of November in each of the following years: —

*189	corresponding to 129
189	129
189	129
189	129
189	129

We are aware that the rate applicable to this term of years is Rs.———for each acre leased.

2. The area to be irrigated by each of us is approximately stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North.—
South.—
East.—
West.—

All the cultivators of this block desire to conclude a lease for the period named above.

3. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of a suitable channel or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

4. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

5. We request that the areas of our holdings may be checked and the lease for the term of years specified above may be prepared. We agree to sign the lease for the entire block defined above as soon as it is presented to us.

6. We make this application under section 74 of Act III (B.C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the Act.

7. Should the lease for which we now apply not be completely signed by all the cultivators in the block before the 30th of November next, or should the lease not be accepted by the Canal Officer, we agree to pay at the rate of Rs. 3 for each acre of our holdings within the block as found by actual measurement. *Provided* that if the delay in the completion of the lease be due to any cause beyond our control, the rate to be charged shall be that specified in clause 1 of this application. We agree to pay the sum due from each of us whether we require water during the season or not.

* Under the "lease unit" system (rules 7 to 15) a lease may be, under certain circumstances, for less than five years.

8. We agree to pay the water-rates due on this application in one instalment on or before the 1st of February.

Name of cultivator.	Area to be irrigated.	Signature of cultivator.	REMARKS.

Note.—A permit may be granted on this application by the Subdivisional Officer only

APPENDIX III.

Form of final application for a lease for a term of years.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the distributary for the irrigation of our block of rice-fields from the 15th June until the 15th November in each of the following years:—

* 189 corresponding to 129
189 129
189 129
189 129
189 129

The area to be irrigated has the following boundaries:—

North.—
South.—
East.—
West.—

2. The area to be irrigated by each of us is stated in the schedule following, marked A Each of us agrees to pay water-rates on the area recorded against his name at the rate of Rs.— per acre. We will pay the sums due from us independently of our requiring water in any particular year or not.

3. We desire that the lands entered in the schedule marked B, lying within the boundaries of the block (which are either unirrigable lands, "Beali" lands, or low-lying lands, which will not ordinarily benefit by canal water) may be excluded from irrigation and assessment. Should we require irrigation for such lands, we agree to make a separate application for the particular season when we require the water.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease either by the construction of suitable channels or by arrangement with the occupiers of intervening leased fields. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 17, 24, 28, 29, 41, 61, 62, 70, 73, 74. We agree to abide by these and by all rules passed under the above Act.

7. We agree to pay the water-rates due from us in one instalment on or before the 1st of February, and to give due notice to the Canal Officer of any changes in the holdings included in this application.

8. We are aware that if a permit is granted to us it is liable to be cancelled under rules 28 and 29—

(i) If on the 1st of June of any year, more than one-half of the aggregate water-rates on this application are unpaid.

(ii) If water supplied for irrigating the block of land included in the application is habitually wasted or misused.

9. (If all the applicants have not signed.) We who have signed this application further bind ourselves to be jointly responsible for the payment of the water-rates due on the block from those who have not yet signed this application, should they fail to do so in due time, as required by the rules.

SCHEDULE A.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* Under the "lease unit" system (rules 7 to 15) a lease may be under certain circumstances, for less than five years.

SCHEDULE B.

Name of cultivator.	Number of fields.	Class of land.	Area of land to be excluded from irrigation and assessment.	Signature.

Note.—A permit will not be granted for any lease for a term of years until an application in this form has been signed by all the occupiers of the land included in the block. If this application is not complete by the 15th June, an application either in Form Appendix II or Form Appendix IV must be submitted if water is required during the year then current.

Note.—When a contractor undertakes the collection of all the water-rates due on this application the following shall be inserted above schedule A :—

"9. We desire under rule — —— that —— —————— shall be appointed contractor. We agree to pay water-rates to him as they become due so long as he is authorised by proper authority to collect them. Should the contractor resign or be removed, we engage to pay water-rates to the Collector or to any person authorised by him to receive the amounts due from us."

The contractor shall sign the following agreement which shall be added to the lease :—

"I agree to become contractor under rules —— ——— for the collection of the entire sum due under this application in consideration of being permitted to deduct Rs. 15 per centum from the total amount due on the lease. I undertake to pay to the Collector the whole amount due to Government on or before the 15th of March following the dates when the water-rates are due from the cultivators; should I default the Collector shall be at liberty to realise from me the said amount in terms of Section 85 of Act III (B.C.) of 1876. I will myself take the risk of any default in payment by the cultivators."

Note.—The agreement with a contractor needs an eight-anna court-fee stamp.

APPENDIX IV.

Note.—No application in this form will be received after the 1st September for water to be supplied during the season then current.

Application for a lease during a single kharif season.

Mouzah pergunnah distributary

1. We, whose names are attached, apply for water to be supplied from the * 15th June to the 15th of November for the irrigation of the block of land formed by our holdings.

2. The area to be irrigated by each of us is stated in the schedule below. The area which we desire to irrigate forms a compact block, having the following boundaries:—

North:—
South:—
East:—
West:—

3. Each of us agrees to pay water-rates at the rate of Rs. 3 an acre on the area in his occupation as found by actual measurement. We will pay the sums due from us independently of our requiring water during the season or not.

4. We undertake to arrange for the transit of the water from the distributary to all the fields in the block which we desire to lease. Failure on our part to get the water to any field or fields will not entitle us as a matter of right to claim exemption from payment of water-rate due on such field or fields.

5. We will prevent, as far as possible, the waste of the water supplied to us and its use in an unauthorised manner by other cultivators.

6. We make this application under section 74 of Act III (B. C.) of 1876 and the rules issued under it, more especially rules 18, 26, 61, 62, 70, 73, 74. We agree to abide by them and by all rules passed under the Act.

7. We agree to pay the water-rates due from us in one instalment on the 1st of February.

SCHEDULE.

Name of cultivator.	Area to be irrigated.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

* If this application is submitted after the 15th June, this date should be altered.

Note.—The block leased on this application may be of any area, but all the irrigable lands included in it must be assessed and paid for. "Beali" lands cannot (if lying within the block) be excluded from assessment.

APPENDIX V.

Application for the lease of a Distributary outlet from the 1st September to the end of the Kharif Season.

I, , of mouzah pergunnah , apply for water to be supplied to me through outlet No. of the distributary of inches in diameter for use in the irrigation of rice crops. I herewith tender Rs. , being half the sum of Rs. which is the rent of a inch outlet for the remainder of the season. I agree to pay the remaining sum of Rs. by the 31st of December next.

I am aware that the Canal Officer does not guarantee that any definite quantity of water will be delivered by the outlet. I am also aware that I shall only be entitled to the discharge of the outlet for ten days out of every fifteen days.

Witness:— Signature.

We, the undersigned residents of mouzah , pergunnah , agree to be jointly and severally liable for any portion of the above-mentioned sum of Rs. which may be left unpaid by on the 31st of December next.

Witness:— Signature of two substantial persons.

APPENDIX VI.

Form of application for a lease during the rabi season or hot-weather season.

Mouzah , pergunnah , distributary

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the * to the for the irrigation of the areas mentioned below.

2. The approximate area to be irrigated by each applicant is stated in the schedule following, but each of us agrees to pay water-rates at Rs. per acre on the actual area in our occupation as found by measurement, with the proviso that only areas actually irrigated will be assessed.

3. We agree, as far as is possible, to prevent water supplied being wasted or used in an unauthorised manner.

4. This application is made under the rules passed under Act III (B.C.) of 1876, more especially rules 20, 27, 70, 71, 73, 74. We agree to abide by these and by all the rules passed under the Act.

5. We agree to pay the water-rates due on this application on the*

Name of cultivator.	Description of crop.	Areas more or less to be irrigated in bigahs and cottas.	Signature of cultivator.	REMARKS.

LOCAL COMMUNICATIONS.

The 1st March 1892.

No. 73.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for opening out a drain by the side of the Begumgunge-Lakhipur road, in the village of Charchitta, pargana Joynagar, zilla Noakhali, it is hereby declared that for the above purpose a piece of land measuring, more or less, 3 cottahs and 1 chittack of standard measurement, bounded on the north by the Begumgunge-Lakhipur road and a paddy field, on the east by Jitu Meah's taluki land, on the west by Jitu Meah's tank, and on the south by Jitu Meah's taluki land, house and garden, is required within the aforesaid village of Charchitta.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

* Date to be filled in according to the season from the dates fixed in rule 53.

BUILDINGS.

The 1st March 1892.

No. 74.—Notification.—The declaration No. 373, dated the 15th October 1889, relative to the acquisition of the land required for the construction of a magisterial court and residence, and for an approach road from the said Court to the Madhumati river, in the village of Haridaspur, in the district of Faridpur, which was published at page 862 of Part I of the *Calcutta Gazette* of the 16th October 1889, is hereby cancelled.

F. J. JOHNSTONE,
Joint-Secy to the Govt. of Bengal.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

The 29th February 1892.

No. 20Marine.—The following communication, No. 592, dated the 23rd February 1892, from the Government of Bombay, relative to the withdrawal of quarantine at Aden, Perim and the Somali Coast against arrivals from the Coast of Yemen, is published for general information.

J. M. MCNEILE, *Col.*, R. E.,
Secretary to the Government of Bengal.

No. 592 of 1892, dated Bombay Castle, the 23rd February 1892.

From—The Under-Secretary to the Government of Bombay, General Department,
To—The Secretary to the Government of Bengal.

IN continuation of my letter No. 4352, dated 16th December 1891, I am directed to state that under instructions from the Government of India quarantine restrictions at Aden, Perim, and the Somali, Coast against arrivals from the Coast of Yemen have been withdrawn.

NOTIFICATION—No. 21Marine.

The 1st March 1892.—In exercise of the powers conferred upon him by section 7 of the Inland Steam-Vessels Act, 1884, and in supersession of all existing orders on the subject, the Lieutenant-Governor is pleased to appoint Mr. R. Bushby and Mr. G. Robertson, Engineer and Shipwright-Surveyors at the Port of Calcutta, to be Surveyors of Inland Steam-Vessels at Goalundo, Kushtea, Naraiuganj, and Khulna.

HIGH COURT NOTICES.

NOTIFICATION.

THE following Rule, amending the Rules for the receipt and payment of money by Judicial Officers, having been framed by the High Court of Judicature at Fort William in Bengal, in the exercise of the power vested in it by section 15 of the Statute 24 and 25 Victoria, Chapter 104, and sanctioned by the Governor-General in Council, is published for general information.

By order of the High Court,

The 24th February 1892. H. W. C. CARNDUFF, *Registrar.*

CIVIL AND CRIMINAL.

Rule No. , *dated the* *February* 1892.

1. In Rule 37, page 148, Chapter V (Civil) / page 81, Chapter III (Criminal), of the General Rules and Orders, for the words "the Courts mentioned in Rule 18" *substitute* "the Court by which the money is held in deposit."

2. In Rule 38, page 149 / page 82, *ibid*, in the second line, after the words "record of the case" *insert* "if it be in the Court:" and at the end of the rule *add*—"If the record be in some other Court, the application shall be dealt with in the manner prescribed by Rule 44 *post*."

3. In Rule 39, page 150 / page 83, *ibid*, strike out the words from "the application" in the second line to the words "in the latter event" in the fourth line. Also strike out the whole of the last two sentences of the rule commencing with the words "If the application" and *substitute*—"The fact of the issue of the payment-order shall in every case be communicated to the District Judge, in order that the necessary entry may be made in the record itself under his signature."

4. *Cancel* the Note at the foot of this rule.

5. For Rule 44, page 152 / page 85, *ibid*, *substitute* the following:—

"44. When the application is for the withdrawal of money tendered to another Court, as for instance where two or more Courts at one station are combined for the purposes of accounts, in every such case the duty of the Court receiving the application shall be to forward it to the Court to which the money was tendered, and that Court shall, after examining the record, furnish the necessary certificate that the applicant is the proper party to receive payment of the amount claimed. In any case in which the amount has been transferred from the credit of the original payee to that of the claimant, the fact should also be stated, and the application returned to the Court from which it was issued. The certificate shall then be compared with the Deposit Register in the office of the Judge in charge. Such Register, if the sum is shown therein to be in deposit, will inform the Judge whether there is any bar to payment. If there be no such bar, the payment-order may be issued by the Judge in charge, and the fact of its issue shall be communicated to the Court to which money was tendered, in order to enable it to enter satisfaction for the amount upon the record of the case. Should, however, the record of the case be despatched to the District Record-room, the Court receiving the application shall, on receipt from the Court to which the money was tendered, of the certificate as to the identity of the claimant, deal with it in the manner prescribed by Rule 39."

NOTIFICATION.

THE following Rule, having been framed by the High Court of Judicature at Fort William in Bengal, in the exercise of the power vested in it by section 652 of the Code of Civil Procedure (Act XIV of 1882), is published for general information.

By order of the High Court,

The 24th February 1892. H. W. C. CARNDUFF, *Registrar.*

[CIVIL.]

Rule No. , *dated the* *February* 1892.

Rule 15, Chapter I, page 17, of the High Court's General Rules and Circular Orders (Civil), under which officers and soldiers of the active army can claim priority of hearing in Civil suits, is hereby extended to the Native Infantry Reserves.

EXISTING FORM.

Daily Register of Court-fees realized in the Court of the
at
